December 2019
Dear Judges and Stakeholders,

As gatekeepers for families and individuals in crisis, courts must make life-altering decisions that require knowledge of multiple complex issues. However, too often, courts lack the training and resources needed to make well-informed decisions. Recognizing that improving the lives of Texans who are affected by mental health issues and are involved in the justice system requires judicial leadership at the highest level, the Supreme Court of Texas and the Texas Court of Criminal Appeals sat as one court for a historic hearing on January 11, 2018. Together, they heard from people with lived experience with the mental health and criminal justice systems, judges, psychiatrists, psychologists, attorneys, and law enforcement. Following the historic joint hearing, the two highest courts in Texas established the Judicial Commission on Mental Health (JCMH) and appointed 33 commissioners from across the state in April 2018.

The mission of the JCMH is to engage and empower court systems through collaboration, education, and leadership, thereby improving the lives of individuals with mental health needs, substance use disorders, or intellectual and developmental disabilities (IDD). This book is intended to fulfill that mission in part by providing to judges and stakeholders a compendium of selected statutes and rules related to mental health and IDD from all relevant Texas codes in one publication.

The JCMH would like to recognize the leadership and support of Supreme Court of Texas Chief Justice Nathan Hecht; Texas Court of Criminal Appeals Presiding Judge Sharon Keller; Supreme Court Justice Jane Bland and Court of Criminal Appeals Judge Barbara Hervey, Co-Chairs of the JCMH; Supreme Court Justice Eva Guzman; Supreme Court Justice Jeff Brown; Justice Bill Boyce, Vice-Chair of the JCMH; Judge John Specia, JCMH Jurist in Residence; Tina Amberboy, Executive Director of the Supreme Court Children’s Commission; the Supreme Court of Texas; and the Texas Court of Criminal Appeals.

The JCMH is indebted to Chris Lopez with the Texas Health and Human Services Commission, who faithfully compiled his publication, Texas Laws Relating to Mental Health, and continually updates it with legislative changes. Mental health practitioners and professionals across the state rely on his publication, which is currently in its 22nd edition. The laws reflected in Texas Laws Relating to Mental Health formed the starting point for developing this publication. Gratitude is also due to Hon. Nelda Cacciotti from Tarrant County and Hon. Dave Jahn from Denton County for their assistance with this project. Finally, special thanks to JCMH Staff Attorney Regan Metteauer for her meticulous review and compilation of the many codes to create this publication.

Thank you for your dedication to the fair administration of justice for all, especially individuals with mental illness and IDD.

Sincerely,

Kristi Taylor, Executive Director

CONSTITUTION OF THE STATE OF TEXAS 1876

Preamble
That the general, great and essential principles of liberty and free government may be recognized and established, we declare:

Sec. 15. Right of Trial by Jury.

The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury.

Sec. 15-a. Commitment of Persons of Unsound Mind.

No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

ARTICLE III

Legislative Department

Sec. 49-h. Bond Issuance for Correctional and Statewide Law Enforcement Facilities and for Institutions for Persons with Intellectual and Developmental Disabilities.

(a) In amounts authorized by constitutional amendment or by a debt proposition under Section 49 of this article, the legislature may provide for the issuance of general obligation bonds and the use of the bond proceeds for acquiring, constructing, or equipping new facilities or for major repair or renovation of existing facilities of corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions. The legislature may require the review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds. Notwithstanding any other provision of this constitution, the issuer of the bonds or any entity created or directed to review and approve projects may include members or appointees of members of the executive, legislative, and judicial departments of state government.

(b) Bonds issued under this section constitute a general obligation of the state. While any of the bonds or interest on the bonds is outstanding and unpaid, there is appropriated out of the first money coming into the treasury in each fiscal year, not otherwise appropriated by this constitution, the amount sufficient to pay the principal of and interest on the bonds that mature or become due during the fiscal year, less any amount in any sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

(c) In addition to the purposes authorized under Subsection (a), the legislature may authorize the issuance of the general obligation bonds for acquiring, constructing, or equipping:

(1) new statewide law enforcement facilities and for major repair or renovation of existing facilities; and

(2) new prisons and substance abuse felony punishment facilities to confine criminals and major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or substance abuse felony punishment facilities.

Amendment proposed by 1999 76th Leg., H.J.R. No. 82, approved by electorate (Prop. 3) at the November 2, 1999 election.

Sec. 50-f. General Obligation Bonds for Construction and Repair Projects and for Purchase of Equipment.

(a) The legislature by general law may authorize the Texas Public Finance Authority to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed $850 million and to enter into related credit agreements. The bonds shall be executed in the form, on the terms, and in the denominations, bear interest, and be issued in installments as prescribed by the Texas Public Finance Authority.
Art. III, § 51-a  TEXAS MENTAL HEALTH AND IDD LAWS

(b) Proceeds from the sale of the bonds shall be deposited in a separate fund or account within the state treasury created by the comptroller for this purpose. Money in the separate fund or account may be used only to pay for:

(1) construction and repair projects authorized by the legislature by general law or the General Appropriations Act and administered by or on behalf of the General Services Commission, the Texas Youth Commission, the Texas Department of Criminal Justice, the Texas Department of Mental Health and Mental Retardation, the Parks and Wildlife Department, the adjutant general’s department, the Texas School for the Deaf, the Department of Agriculture, the Department of Public Safety of the State of Texas, the State Preservation Board, the Texas Department of Health, the Texas Historical Commission, or the Texas School for the Blind and Visually Impaired; or

(2) the purchase, as authorized by the legislature by general law or the General Appropriations Act, of needed equipment by or on behalf of a state agency listed in Subdivision (1) of this subsection.

(c) The maximum net effective interest rate to be borne by bonds issued under this section may be set by general law.

(d) While any of the bonds or interest on the bonds authorized by this section is outstanding and unpaid, from the first money coming into the state treasury in each fiscal year not otherwise appropriated by this constitution, an amount sufficient to pay the principal and interest on bonds that mature or become due during the fiscal year and to make payments that become due under a related credit agreement during the fiscal year is appropriated, less the amount in the sinking fund at the close of the previous fiscal year.

(e) Bonds issued under this section, after approval by the attorney general, registration by the comptroller of public accounts, and delivery to the purchasers, are incontestable and are general obligations of the State of Texas under this constitution.

Amendment proposed by 2001, 77th Leg., H.J.R. No. 97, approved by the electorate at the November 6, 2001 election.

Sec. 51-a. Assistance Grants, Medical Care and Certain Other Services for Needy Persons, Federal Matching Funds.

(a) The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to needy dependent children and the caretakers of such children, needy persons who are totally and permanently disabled because of a mental or physical handicap, needy aged persons and needy blind persons.

(b) The Legislature may provide by General Law for medical care, rehabilitation and other similar services for needy persons. The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate and may make appropriations out of state funds for such purposes. The maximum amount paid out of state funds for assistance grants to or on behalf of needy dependent children and their caretakers shall not exceed one percent of the state budget. The Legislature by general statute shall provide for the means for determining the state budget amounts, including state and other funds appropriated by the Legislature, to be used in establishing the biennial limit.

(c) Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

(d) Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state.

Amendment proposed by 1999 76th Leg., H.J.R. No. 62, approved by electorate (Prop. 3) at the November 2, 1999 election.

ARTICLE XI
Municipal Corporations

Section 9. County or Municipal Property Held for Public Purpose Exempt from Forced Sale and Taxation.

13. Classification of Municipal Functions.

Sec. 9. County or Municipal Property Held for Public Purpose Exempt from Forced Sale and Taxation.

The property of counties, cities and towns, owned and held only for public purposes, such as public buildings and the sites therefor, fire engines and the furniture thereof, and all property used, or intended for extinguishing fires, public grounds and all other property devoted exclusively to the use and benefit of the public shall be exempt from forced sale and from taxation, provided, nothing herein shall prevent the enforcement of the vendors lien, the mechanics or builders lien, or other liens now existing.

Sec. 13. Classification of Municipal Functions.

(a) Notwithstanding any other provision of this constitution, the legislature may by law define for all purposes those functions of a municipality that are to be considered governmental and those that are proprietary, including reclassifying a function’s classification assigned under prior statute or common law.
(b) This section applies to laws enacted by the 70th Legislature, Regular Session, 1987, and to all subsequent regular or special sessions of the legislature.

ARTICLE XVI

General Provisions

Sec. 6. Appropriations for Private Purposes; Annual Accounting of Public Money; Acceptance and Expenditure of Certain Money for Persons with Disabilities.

(a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law.

The total amount of a penalty assessed under this subsection for each day a violation occurs or continues may not exceed:
(1) $5,000 for a facility with fewer than 60 beds; and
(2) $25,000 for a facility with 60 beds or more.

(1) represents a pattern of violation that results in actual harm;
(2) is widespread in scope and results in actual harm;
(3) is widespread in scope, constitutes a potential for actual harm, and relates to:
(A) staff treatment of a resident;

(h) All proceedings for the assessment of an administrative penalty under this chapter are subject to Chapter 2001, Government Code.

(i) The commission may not assess an administrative penalty against a state agency.

(j) Notwithstanding any other provision of this section, an administrative penalty ceases to be incurred on the date a violation is corrected. The administrative penalty ceases to be incurred only if the facility:

(1) notifies the commission in writing of the correction of the violation and of the date the violation was corrected; and

(2) shows later that the violation was corrected.

(k) Rules adopted under this section shall include specific, appropriate, and objective criteria that describe the scope and severity of a violation that results in a recommendation for each specific penalty.

(l) The commission shall develop and use a system to record and track the scope and severity of each violation of this chapter or a rule, standard, or order adopted under this chapter for the purpose of assessing an administrative penalty for the violation or taking some other enforcement action against the appropriate facility to deter future violations. The system:

(1) must be comparable to the system used by the Centers for Medicare and Medicaid Services to categorize the scope and severity of violations for nursing homes; and

(2) may be modified, as appropriate, to reflect changes in industry practice or changes made to the system used by the Centers for Medicare and Medicaid Services.

(m) In this section:

(1) “Actual harm” means a negative outcome that compromises a resident’s physical, mental, or emotional well-being.

(2) “Immediate threat to the health or safety of a resident” means a situation that causes, or is likely to cause, serious injury, harm, or impairment to or the death of a resident.

(3) “Pattern of violation” means repeated, but not pervasive, failures of a facility to comply with this chapter or a rule, standard, or order adopted under this chapter that:

(A) result in a violation; and

(B) are found throughout the services provided by the facility or that affect or involve the same residents or facility employees.

(4) “Widespread in scope” means a violation of this chapter or a rule, standard, or order adopted under this chapter that:

Sec. 252.066. Notice; Request for Hearing.

(a) If, after investigation of a possible violation and the facts surrounding that possible violation, the department determines that a violation has occurred, the department shall give written notice of the violation to the person designated by the facility to receive notice. The notice shall include:

(1) a brief summary of the alleged violation;

(2) a statement of the amount of the proposed penalty based on the factors listed in Section 252.065(d); and

(3) a statement of the person’s right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(b) Not later than the 20th day after the date on which the notice is received, the person notified may accept the determination of the department made under this section, including the proposed penalty, or may make a written request for a hearing on that determination.

(c) If the person notified under this section of the violation accepts the determination of the department or if the person fails to respond in a timely manner to the notice, the department shall issue an order approving the determination and ordering that the person pay the proposed penalty.

History: Enacted by Acts 1997, 75th Leg., ch. 693 (S.B. 1248), § 1, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 534 (S.B. 196), § 5, effective September 1, 1999; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.0788, effective April 2, 2015.

Sec. 252.067. Hearing; Order.

(a) If the person notified under Section 252.066 requests a hearing, an administrative law judge shall set a hearing and the department shall give written notice of the hearing to the person.

(b) The administrative law judge shall make findings of fact and conclusions of law and shall promptly issue to the department a proposal for decision as to the occurrence of the violation and a recommendation as to the amount of the proposed penalty if a penalty is determined to be warranted.

(c) Based on the findings of fact and conclusions of law and the recommendations of the administrative law judge, the department by order may find that a violation has occurred and may assess a penalty or may find that no violation has occurred.
Sec. 252.065. Penalties. (a) An administrative penalty imposed under this subchapter for a charged violation is imposed to achieve the following purposes:

(1) deter violations of this subchapter;

(2) provide an incentive for program participants to secure compliance and foster a culture of responsible behavior;

(3) offset the costs of investigations and enforcement;

(4) recover costs of investigations and enforcement.

(b) The methods by which an administrative penalty is imposed under this subchapter are as follows:

(1) a penalty for a charged violation that is a specified amount imposed for a violation of a provision of this subchapter;

(2) a range of penalties for a charged violation that are a specified amount or a specified percentage of the revenue or profit of the for-profit person charged.

Sec. 252.066. Notice and Payment of Administrative Penalty. (a) The department shall give notice of the order under Section 252.067(c) to the person alleged to have committed the violation and the person designated by the facility to receive notice under Section 252.066. The notice must include:

(1) separate statements of the findings of fact and conclusions of law;

(2) the amount of any penalty assessed; and

(3) a statement of the right of the person to judicial review of the order.

(b) Not later than the 30th day after the date on which the decision becomes final as provided by Chapter 2001, Government Code, the person shall:

(1) pay the penalty; or

(2) file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) Within the 30-day period, a person who acts under Subsection (b)(2) may:

(1) stay enforcement of the penalty by:

(A) paying the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the order becomes final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(d) If the department receives a copy of an affidavit under Subsection (c)(2), the department may file with the court, within 10 days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty and to give a supersedeas bond.

(e) If the person does not pay the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the penalty.

(f) Judicial review of the order:

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(g) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(h) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty under Subsection (c)(1)(A) and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the penalty is not upheld by the court, the court shall order the release of the escrow account or bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

Sec. 252.069. Use of Administrative Penalty. An administrative penalty collected under this subchapter may be appropriated for the purpose of funding the grant program established under Section 161.074, Human Resources Code.

Sec. 252.070. Expenses and Costs for Collection of Civil or Administrative Penalty. (a) If the attorney general brings an action against a person under Section 252.062 or 252.064 or to enforce an administrative penalty assessed under Section 252.065 and an injunction is granted against the person or the person is found liable for a civil or administrative penalty, the attorney general may recover, on behalf of the attorney general and the department, reasonable expenses and costs.

(b) For purposes of this section, reasonable expenses and costs include expenses incurred by the department and the attorney general in the investigation, initiation, and prosecution of an action, including reasonable investigative costs, attorney's fees, witness fees, and deposition expenses.

Sec. 252.071. Amelioration of Violation. (a) In lieu of demanding payment of an administrative penalty authorized by this subchapter, the department may allow a person subject to the penalty to use, under the supervision of the department, all or part of the amount of the penalty to ameliorate the violation or to improve services, other than administrative services, in the facility affected by the violation.

(b) The department shall offer amelioration to a person for a charged violation if the department determines that the violation does not constitute immediate jeopardy to the health and safety of a facility resident.

(c) The department may not offer amelioration to a person if the department determines that the charged
violation constitutes immediate jeopardy to the health and safety of a facility resident.

d) The department shall offer amelioration to a person under this section not later than the 10th day after the date the person receives from the department a final notification of assessment of administrative penalty that is sent to the person after an informal dispute resolution process but before an administrative hearing under Section 252.067.

e) A person to whom amelioration has been offered must file a plan for amelioration not later than the 45th day after the date the person receives the offer of amelioration from the department. In submitting the plan, the person must agree to waive the person’s right to an administrative hearing under Section 252.067 if the department approves the plan.

f) At a minimum, a plan for amelioration must:

(1) propose changes to the management or operation of the facility that will improve services to or quality of care of residents of the facility;

(2) identify, through measurable outcomes, the ways in which and the extent to which the proposed changes will improve services to or quality of care of residents of the facility;

(3) establish clear goals to be achieved through the proposed changes;

(4) establish a timeline for implementing the proposed changes; and

(5) identify specific actions necessary to implement the proposed changes.

g) The department may require that an amelioration plan propose changes that would result in conditions that exceed the requirements of this chapter or the rules adopted under this chapter.

h) The department shall approve or deny an amelioration plan not later than the 45th day after the date the department receives the plan. On approval of a person’s plan, the commission or the State Office of Administrative Hearings, as appropriate, shall deny a pending request for a hearing submitted by the person under Section 252.066(b).

i) The department may not offer amelioration to a person:

(1) more than three times in a two-year period; or

(2) more than one time in a two-year period for the same or similar violation.

j) In this section, “immediate jeopardy to health and safety” means a situation in which immediate corrective action is necessary because the facility’s noncompliance with one or more requirements has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident receiving care in the facility.

 Sec. 252.091. Findings and Purpose.

(a) The legislature finds that, under some circumstances, closing a facility for a violation of a law or rule may:

(1) have an adverse effect on the facility’s residents and their families; and

(2) result in a lack of readily available financial resources to meet the basic needs of the residents for food, shelter, medication, and personal services.

(b) The purpose of this subchapter is to provide for:

(2) the department has suspended or revoked the facility’s license;

(3) license suspension or revocation procedures against the facility are pending and the department determines that an imminent threat to the health and safety of the residents exists;

(4) the department determines that an emergency exists that presents an immediate threat to the health and safety of the residents; or

(5) the facility is closing and arrangements for relocation of the residents to other licensed facilities have not been made before closure.

(b) A trustee appointed under Subsection (a)(5) may only ensure an orderly and safe relocation of the facility's residents as quickly as possible.

(c) After a hearing, a court shall appoint a trustee to take charge of a facility if the court finds that involuntary appointment of a trustee is necessary.

(d) If possible, the court shall appoint as trustee an individual whose background includes intellectual disability service administration.

(c) The owner of the facility when the trustee is appointed is responsible for the reimbursement.

(d) The amount that remains unreimbursed on the first anniversary of the date on which the money is received is delinquent and the commission may determine that the facility is ineligible for a Medicaid provider contract.

TITLE 7
MENTAL HEALTH AND INTELLECTUAL DISABILITY

SUBTITLE A
SERVICES FOR PERSONS WITH MENTAL ILLNESS OR AN INTELLECTUAL DISABILITY

Chapter
531. Provisions Generally Applicable To Mental Health and Intellectual Disability Services

Section
531.001. Purpose; Policy.
531.002. Definitions.
531.0021. Reference to State School, Superintendent, or Local Mental Retardation Authority.

Sec. 531.001. Purpose; Policy.
(a) It is the purpose of this subtitle to provide for the effective administration and coordination of mental health and intellectual disability services at the state and local levels.
(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:
(1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or
(2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.
(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care, treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other governmen-
ternal entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds appropriated by the legislature for mental health and intellectual disability services may be spent only to provide services to the priority populations identified in the applicable department's long-range plan.

(g) It is the goal of this state to establish at least one special officer for mental health assignment in each county. To achieve this goal, the Department of State Health Services shall assist a local law enforcement agency that desires to have an officer certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State Health Services serves as the state's mental health authority and the Department of Aging and Disability Services serves as the state's intellectual disability authority. The executive commissioner is responsible for the planning, policy development, and resource development and allocation for and oversight of mental health and intellectual disability services in this state. It is the policy of this state that, when appropriate and feasible, the executive commissioner may delegate the executive commissioner's authority to a single entity in each region of the state that may function as the local mental health or intellectual and developmental disability authority for one or more service areas in the region.

Sec. 534.0001. Definitions.
In this subchapter:
(1) “Commissioner” means:

Sec. 534.001. Establishment.
(a) A county, municipality, hospital district, or school district, or an organizational combination of two or more of those local agencies, may establish and operate a community center.
(b) In accordance with this subtitle, a community center may be:
(1) a community mental health center that provides mental health services;
(2) a community intellectual disability center that provides intellectual disability services; or
(3) a community mental health and intellectual disability center that provides mental health and intellectual disability services.
(c) A community center is:
(1) an agency of the state, a governmental unit, and a unit of local government, as defined and specified by Chapters 101 and 102, Civil Practice and Remedies Code;
(2) a local government, as defined by Section 7.003, Government Code;
(3) a local government for the purposes of Chapter 2259, Government Code; and
(4) a political subdivision for the purposes of Chapter 172, Local Government Code.
(d) A community center may be established only if:
(1) the proposed center submits a copy of the contract between the participating local agencies, if applicable, to:
(A) the Department of State Health Services for a proposed center that will provide mental health services;
(B) the Department of Aging and Disability Services for a proposed center that will provide intellectual disability services; or
(C) both departments if the proposed center will provide mental health and intellectual disability services;
(2) each appropriate department approves the proposed center’s plan to develop and make available to the region’s residents an effective mental health or intellectual disability program, or both, through a community center that is appropriately structured to include the financial, physical, and personnel resources necessary to meet the region’s needs; and
(3) each department from which the proposed center seeks approval determines that the center can appropriately, effectively, and efficiently provide those services in the region.
(e) Except as provided by this section, a community center operating under this subchapter may operate only for the purposes and perform only the functions defined in the center’s plan. The executive commissioner by rule...
shall specify the elements that must be included in a plan and shall prescribe the procedure for submitting, approving, and modifying a center's plan. In addition to the services described in a center's plan, the center may provide other health and human services and supports as provided by a contract with or a grant received from a local, state, or federal agency.

(f) Each function performed by a community center under this title is a governmental function if the function is required or affirmatively approved by any statute of this state or of the United States or by a regulatory agency of this state or of the United States duly acting under any constitutional or statutory authority vesting the agency with such power. Notwithstanding any other law, a community center is subject to Chapter 554, Government Code.

If a person detained under this subtitle would otherwise be released because the original signed copy of a paper is not filed within the 72-hour period but for the extension of the filing period under this section, the person may be detained until the expiration of the extended filing period. This subsection does not affect another provision of this subtitle requiring the release or discharge of a person.

(c) In a habeas corpus proceeding in which a department inpatient mental health facility or a physician employed by a department inpatient mental health facility is a party as a result of enforcing a commitment order, the appropriate attorney prescribed by Section 571.016 shall represent the facility or physician, or both the facility and physician if both are parties, unless the attorney determines that representation violates the Texas Disciplinary Rules of Professional Conduct.

Sec. 571.017. Compensation of Court-Appointed Personnel.
(a) The court shall order the payment of reasonable compensation to attorneys, physicians, language interpreters, sign interpreters, and associate judges appointed under this subtitle.

Sec. 571.024. Notice of Suit.

Not later than the seventh day before the date on which the attorney general intends to bring suit on his own initiative, the attorney general shall provide to the department notice of the suit. The attorney general is not required to provide notice of a suit if the attorney general determines that waiting to bring suit until the notice is provided will create an immediate threat to the health and safety of a patient. This section does not create a requirement that the attorney general obtain the permission of or a referral from the department before filing suit.

(a) The department may impose an administrative penalty against a person licensed or regulated under this subtitle who violates this subtitle or a rule or order adopted under this subtitle.

(b) The penalty for a violation may be in an amount not to exceed $25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) The amount of the penalty shall be based on:

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of any prohibited acts, and the hazard or potential hazard created to the health, safety, or economic welfare of the public;

(e) Within 14 days after the date the report is issued, the department shall give written notice of the report to the person. The notice may be given by certified mail. The notice must include a brief summary of the alleged violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(f) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and recommended penalty of the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) If the person accepts the determination and recommended penalty of the department, the department by order shall impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely to the notice, the department shall set a hearing and give notice of the hearing to the person. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the department a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the department by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the department's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) may:
(1) stay enforcement of the penalty by:
   (A) paying the amount of the penalty to the court for placement in an escrow account; or

The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.
(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.
(n) Judicial review of the order of the department:
   (1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
   (2) is under the substantial evidence rule.
(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.
(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.
(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.
(r) All proceedings under this section are subject to Chapter 2001, Government Code.

Sec. 574.001. Application for Court-Ordered Mental Health Services.

(a) A county or district attorney or other adult may file a sworn written application for court-ordered mental health services. Only the district or county attorney may file an application that is not accompanied by a certificate of medical examination.

(b) Except as provided by Subsection (f), the application must be filed with the county clerk in the county in which the proposed patient:

(1) resides;
(2) is found; or
(3) is receiving mental health services by court order or under Subchapter A, Chapter 573.

(c) If the application is not filed in the county in which the proposed patient resides, the court may, on request of the proposed patient or the proposed patient’s attorney and if good cause is shown, transfer the application to that county.
Sec. 574.002. TEXAS MENTAL HEALTH AND IDD LAWS

(d) An application may be transferred to the county in which the person is being detained under Subchapter B if the county to which the application is to be transferred approves such transfer. A transfer under this subsection does not preclude the proposed patient from filing a motion to transfer under Subsection (c).

(e) An order transferring a criminal defendant against whom all charges have been dismissed to the appropriate court for a hearing on court-ordered mental health services in accordance with Subchapter F, Chapter 46B, Code of Criminal Procedure, serves as an application under this section. The order must state that all charges have been dismissed.

(f) An application in which the proposed patient is a child in the custody of the Texas Juvenile Justice Department may be filed in the county in which the child’s commitment to the Texas Juvenile Justice Department was ordered.

Sec. 574.002. Form of Application.

(a) An application for court-ordered mental health services must be styled using the proposed patient’s initials and not the proposed patient’s full name.

(b) The application must state whether the application is for temporary or extended mental health services. An application for extended inpatient mental health services must state that the person has received court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for at least 60 consecutive days during the preceding 12 months. An application for extended outpatient mental health services must state that the person has received:

1. court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for a total of at least 60 days during the preceding 12 months; or
2. court-ordered outpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, during the preceding 60 days.

(c) Any application must contain the following information according to the applicant’s information and belief:

1. the proposed patient’s name and address;
2. the proposed patient’s county of residence in this state;
3. a statement that the proposed patient is a person with mental illness and meets the criteria in Section 574.034, 574.0345, 574.035, or 574.0355 for court-ordered mental health services; and
4. whether the proposed patient is charged with a criminal offense.

Sec. 574.003. Appointment of Attorney.

(a) The judge shall appoint an attorney to represent a proposed patient within 24 hours after the time an application for court-ordered mental health services is filed if the proposed patient does not have an attorney. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient’s primary language.

(b) The court shall inform the attorney in writing of the attorney’s duties under Section 574.004.

(c) The proposed patient’s attorney shall be furnished with all records and papers in the case and is entitled to have access to all hospital and physicians’ records.

Sec. 574.004. Duties of Attorney.

(a) An attorney representing a proposed patient shall interview the proposed patient within a reasonable time before the date of the hearing on the application.

(b) The attorney shall thoroughly discuss with the proposed patient the law and facts of the case, the proposed patient’s options, and the grounds on which the court-ordered mental health services are being sought. A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient’s expense instead of accepting the court-appointed counsel.

(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney’s personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient’s right to avoid court-ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

1. review the application, the certificates of medical examination for mental illness, and the proposed patient’s relevant medical records;
2. interview supporting witnesses and other witnesses who will testify at the hearing; and
3. explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(e) The attorney shall advise the proposed patient of the proposed patient’s right to attend a hearing or to waive the right to attend a hearing and shall inform the court why a proposed patient is absent from a hearing.

(f) The attorney shall discuss with the proposed patient:

1. the procedures for appeal, release, and discharge if the court orders participation in mental health services; and
(2) other rights the proposed patient may have during the period of the court's order.

(g) To withdraw from a case after interviewing a proposed patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.

(h) The attorney is responsible for a person's legal representation until:
   (1) the application is dismissed;
   (2) an appeal from an order directing treatment is taken;
   (3) the time for giving notice of appeal expires by operation of law; or
   (4) another attorney assumes responsibility for the case.

Sec. 574.005. Setting on Application.

(a) The judge or a magistrate designated under Section 574.021(e) shall set a date for a hearing to be held within 14 days after the date on which the application is filed.

(b) The hearing may not be held during the first three days after the application is filed if the proposed patient or the proposed patient's attorney objects.

(c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.006. Notice.

(a) The proposed patient and his attorney are entitled to receive a copy of the application and written notice of the time and place of the hearing immediately after the date for the hearing is set.

(b) A copy of the application and the written notice shall be delivered in person or sent by certified mail to the proposed patient's:
   (1) parent, if the proposed patient is a minor;
   (2) appointed guardian, if the proposed patient is the subject of a guardianship; or
   (3) each managing and possessory conservator that has been appointed for the proposed patient.

(c) Notice may be given to the proposed patient's next of kin if the relative is the applicant and the parent cannot be located or a guardian or conservator has not been appointed.

(d) Notice of the time and place of any hearing and of the name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that person has evidence to present upon any material issue, without regard to whether such evidence is on behalf of the state or of the proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

(d) Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

Sec. 574.007. Disclosure of Information.

(a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.

(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:
   (1) the provisions of this subtitle that will be relied on at the hearing to establish that the proposed patient requires court-ordered temporary or extended inpatient mental health services;
   (2) the reasons voluntary outpatient services are not considered appropriate for the proposed patient;
   (3) the name, address, and telephone number of each witness who may testify at the hearing;
   (4) a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and
   (5) a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The proposed patient, the proposed patient's attorney, and the county or district attorney may agree to waive the requirement of
this subsection. The waiver must be made by the proposed patient:
   (1) orally and in the presence of the court; or
   (2) in writing and signed and sworn to under oath by the proposed patient and the proposed patient’s attorney.

Sec. 574.008. Court Jurisdiction and Transfer.
   (a) A proceeding under Subchapter C or E must be held in the statutory or constitutional county court that has the jurisdiction of a probate court in mental illness matters.
   (b) If the hearing is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient’s attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.
   (c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended inpatient mental health services before the original order expires.
   (d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

Sec. 574.0085. Associate Judges.
   (a) The county judge may appoint a full-time or a part-time associate judge to preside over the proceedings for court-ordered mental health services if the commissioners court of a county in which the court has jurisdiction authorizes the employment of an associate judge.
   (b) To be eligible for appointment as an associate judge, a person must be a resident of this state and have been licensed to practice law in this state for at least four years or be a retired county judge, statutory or constitutional, with at least 10 years of service.
   (c) An associate judge shall be paid as determined by the commissioners court of the county in which the associate judge serves. If an associate judge serves in more than one county, the associate judge shall be paid as determined by agreement of the commissioners courts of the counties in which the associate judge serves. The associate judge may be paid from county funds available for payment of officers’ salaries.
   (d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.
   (e) To refer cases to an associate judge, the referring court must issue an order of referral. The order of referral may limit the power or duties of an associate judge.
   (f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.
   (g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.
   (h) A witness appearing before an associate judge is subject to the penalties for perjury provided by law. A referring court may issue attachment against and may fine or imprison a witness whose failure to appear before an associate judge after being summoned or whose refusal to answer questions has been certified to the court.
   (i) At the conclusion of any hearing conducted by an associate judge and on the preparation of an associate judge’s report, the associate judge shall transmit to the referring court all papers relating to the case, with the associate judge’s signed and dated report. After the associate judge’s report has been signed, the associate judge shall give to the parties participating in the hearing notice of the substance of the report. The associate judge’s report may contain the associate judge’s findings, conclusions, or recommendations. The associate judge’s report must be in writing in a form as the referring court may direct. The form may be a notation on the referring court’s docket sheet. After the associate judge’s report is filed, the referring court may adopt, approve, or reject the associate judge’s report, hear further evidence, or recommit the matter for further proceedings as the referring court considers proper and necessary in the particular circumstances of the case.
   (j) If a jury trial is demanded or required, the associate judge shall refer the entire matter back to the referring court for trial.
   (k) An associate judge appointed under this section has the judicial immunity of a county judge.
   (l) An associate judge appointed in accordance with this section shall comply with the Code of Judicial Conduct in the same manner as the county judge.

Sec. 574.009. Requirement of Medical Examination.
   (a) A hearing on an application for court-ordered mental health services may not be held unless there are on file with the court at least two certificates of medical exami-
nation for mental illness completed by different physicians each of whom has examined the proposed patient during the preceding 30 days. At least one of the physicians must be a psychiatrist if a psychiatrist is available in the county.

(b) If the certificates are not filed with the application, the judge or magistrate designated under Section 574.021(e) may appoint the necessary physicians to examine the proposed patient and file the certificates.

c) The judge or designated magistrate may order the proposed patient to submit to the examination and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examination.

(d) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for mental illness may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.010. Independent Psychiatric Evaluation and Expert Testimony.

(a) The court may order an independent evaluation of the proposed patient by a psychiatrist chosen by the proposed patient if the court determines that the evaluation will assist the finder of fact. The psychiatrist may testify on behalf of the proposed patient.

(b) If the court determines that the proposed patient is indigent, the court may authorize reimbursement to the attorney ad litem for court-approved expenses incurred in obtaining expert testimony and may order the proposed patient’s county of residence to pay the expenses.

(b) The examining physician must specify in the certificate which criterion listed in Subsection (a)(7)(B) forms the basis for the physician’s opinion.

(c) If the certificate is offered in support of an application for extended mental health services, the certificate must also include the examining physician’s opinion that the examined person's condition is expected to continue for more than 90 days.

(d) If the certificate is offered in support of a motion for a protective custody order, the certificate must also include the examining physician’s opinion that the examined person presents a substantial risk of serious harm to himself or others if not immediately restrained. The harm may be demonstrated by the examined person’s behavior or by evidence of severe emotional distress and deterioration in the examined person’s mental condition to the extent that the examined person cannot remain at liberty.

(e) The certificate must include the detailed reason for each of the examining physician’s opinions under this section.

Sec. 574.012. Recommendation for Treatment.

(f) This section does not apply to a person for whom treatment in a private mental health facility is proposed.

Sec. 574.0125. Identification of Person Responsible for Court-Ordered Outpatient Mental Health Services.

(B) the proposed patient's conduct; or

(C) the circumstances under which the proposed patient is found.

(d) The motion must be accompanied by a certificate of medical examination for mental illness prepared by a physician who has examined the proposed patient not earlier than the third day before the day the motion is filed.

(e) The judge of the court in which the application is pending may designate a magistrate to issue protective custody orders, including a magistrate appointed by the judge of another court if the magistrate has at least the qualifications required for a magistrate of the court in which the application is pending. A magistrate's duty under this section is in addition to the magistrate's duties prescribed by other law.

Sec. 574.022. Issuance of Order.

(a) The judge or designated magistrate may issue a protective custody order if the judge or magistrate determines:

(1) that a physician has stated the physician's opinion and the detailed reasons for the physician's opinion that the proposed patient is a person with mental illness; and

(2) the proposed patient presents a substantial risk of serious harm to the proposed patient or others if not immediately restrained pending the hearing.

(b) The determination that the proposed patient presents a substantial risk of serious harm may be demonstrated by the proposed patient’s behavior or by evidence of severe emotional distress and deterioration in the proposed patient’s mental condition to the extent that the proposed patient cannot remain at liberty.

(c) The judge or magistrate may make a determination that the proposed patient meets the criteria prescribed by Subsection (a) from the application and certificate alone if the judge or magistrate determines that the conclusions of the applicant and certifying physician are adequately supported by the information provided.

(d) The judge or magistrate may take additional evidence if a fair determination of the matter cannot be made from consideration of the application and certificate only.

(e) The judge or magistrate may issue a protective custody order for a proposed patient who is charged with a criminal offense if the proposed patient meets the requirements of this section and the facility administrator designated to detain the proposed patient agrees to the detention.

Sec. 574.023. Apprehension Under Order.

(a) A protective custody order shall direct a person authorized to transport patients under Section 574.045 to take the proposed patient into protective custody and transport the person immediately to a mental health facility deemed suitable by the local mental health author-
ity for the area. On request of the local mental health authority, the judge may order that the proposed patient be detained in an inpatient mental health facility operated by the department.

(b) The proposed patient shall be detained in the facility until a hearing is held under Section 574.025.

(c) A facility must comply with this section only to the extent that the commissioner determines that the facility has sufficient resources to perform the necessary services.

(d) A person may not be detained in a private mental health facility without the consent of the facility administrator.

Sec. 574.024. Appointment of Attorney.

(a) When a protective custody order is signed, the judge or designated magistrate shall appoint an attorney to represent a proposed patient who does not have an attorney.

(b) Within a reasonable time before a hearing is held under Section 574.025, the court that ordered the protective custody shall provide to the proposed patient and the proposed patient’s attorney a written notice that states:

3. the time and place of the hearing to determine probable cause.

Sec. 574.025. Probable Cause Hearing.

(a) A hearing must be held to determine if:

2. a physician has stated the physician’s opinion and the detailed reasons for the physician’s opinion that the proposed patient is a person with mental illness.

(b) The hearing must be held not later than 72 hours after the time that the proposed patient was detained under a protective custody order. If the period ends on a Saturday, Sunday, or legal holiday, the hearing must be held on the next day that is not a Saturday, Sunday, or legal holiday. The judge or magistrate may postpone the hearing each day for an additional 24 hours if the judge or magistrate declares that an extreme emergency exists because of extremely hazardous weather conditions or the occurrence of a disaster that threatens the safety of the proposed patient or another essential party to the hearing.

(c) The hearing shall be held before a magistrate or, at the discretion of the presiding judge, before an associate judge appointed by the presiding judge. Notwithstanding any other law or requirement, an associate judge appointed to conduct a hearing under this section may practice law in the court the associate judge serves. The associate judge is entitled to reasonable compensation.

(d) The proposed patient and the proposed patient’s attorney shall have an opportunity at the hearing to appear and present evidence to challenge the allegation that the proposed patient presents a substantial risk of serious harm to himself or others.

(e) The magistrate or associate judge may consider evidence, including letters, affidavits, and other material, that may not be admissible or sufficient in a subsequent commitment hearing.

(f) The state may prove its case on the physician’s certificate of medical examination filed in support of the initial motion.

Sec. 574.026. Order for Continued Detention.

(a) The magistrate or associate judge shall order that a proposed patient remain in protective custody if the magistrate or associate judge determines after the hearing that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others to the extent that he cannot remain at liberty pending the hearing on court-ordered mental health services.

(b) The magistrate or associate judge shall arrange for the proposed patient to be returned to the mental health facility or other suitable place, along with copies of the certificate of medical examination, any affidavits or other material submitted as evidence in the hearing, and the notification prepared as prescribed by Subsection (d).

(b) On the request of the proposed patient or the proposed patient’s attorney the hearing on the application shall be held in the county courthouse.

(c) The proposed patient is entitled to be present at the hearing. The proposed patient or the proposed patient’s attorney may waive this right.

(d) The hearing must be open to the public unless the proposed patient or the proposed patient’s attorney requests that the hearing be closed and the judge determines that there is good cause to close the hearing.

(d-1) In a hearing for temporary inpatient or outpatient mental health services under Section 574.034 or 574.0345, the proposed patient or the proposed patient’s attorney, by a written document filed with the court, may waive the right to cross-examine witnesses, and, if that right is waived, the court may admit, as evidence, the certificates of medical examination for mental illness. The certificates admitted under this subsection constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificates. If the proposed patient or the proposed patient’s attorney does not waive in writing the right to cross-examine witnesses, the court shall proceed to hear testimony. The testimony must include competent medical or psychiatric testimony.

(d-2) In a hearing for extended inpatient or outpatient mental health services under Section 574.035 or 574.0355, the court may not make its findings solely from the certificates of medical examination for mental illness but shall hear testimony. The court may not enter an order for extended mental health services unless appropriate findings are made and are supported by testimony taken at the hearing. The testimony must include competent medical or psychiatric testimony.

(e) The Texas Rules of Evidence apply to the hearing unless the rules are inconsistent with this subtitle.

(f) The court may consider the testimony of a nonphysician mental health professional in addition to medical or psychiatric testimony.

(g) The hearing is on the record, and the state must prove each element of the applicable criteria by clear and convincing evidence.

(c) A waiver of the right to a jury must be in writing, under oath, and signed and sworn to by the proposed patient and the proposed patient's attorney unless the proposed patient or the attorney orally waives the right to a jury in the court's presence.

(d) The court may permit an oral or written waiver of the right to a jury to be withdrawn for good cause shown. The withdrawal must be made not later than the eighth day before the date on which the hearing is scheduled.

(e) A court may not require a jury fee.

(f) In a hearing before a jury, the jury shall determine if the proposed patient is a person with mental illness and meets the criteria for court-ordered mental health services. The jury may not make a finding about the type of services to be provided to the proposed patient.

Sec. 574.033. Release After Hearing.

(iii) unable to make a rational and informed decision as to whether or not to submit to treatment.

(b) [Repealed.]

(c) If the judge or jury finds that the proposed patient meets the commitment criteria prescribed by Subsection (a), the judge or jury must specify which criterion listed in Subsection (a)(2) forms the basis for the decision.

(d) To be clear and convincing under Subsection (a), the evidence must include expert testimony and, unless waived, evidence of a recent overt act or a continuing pattern of behavior that tends to confirm:

(2) the need for outpatient mental health services to prevent a relapse that would likely result in serious harm to the proposed patient or others; and
(3) the proposed patient’s inability to participate in outpatient treatment services effectively and voluntarily.

(a) The court that entered an order directing a patient to participate in outpatient mental health services may set a hearing to determine if the order should be modified in a way that is a substantial deviation from the original program of treatment incorporated in the court’s order. The court may set the hearing on its own motion, at the request of the person responsible for the treatment, or at the request of any other interested person.

(b) The court shall appoint an attorney to represent the patient if a hearing is scheduled. The patient shall be given notice of the matters to be considered at the hearing. The notice must comply with the requirements of Section 574.006 for notice before a hearing on court-ordered mental health services.

(c) The hearing shall be held before the court, without a jury, and as prescribed by Section 574.031. The patient shall be represented by an attorney and receive proper notice.

(d) The court shall set a date for a hearing on the motion to be held not later than the seventh day after the date the motion is filed. The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. Except as provided by Subsection (e), the court shall hold the hearing not later than the 14th day after the date the motion is filed.

(e) If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the court, by written order made each day, may postpone the hearing for not more than 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.063. Order for Temporary Detention.

(a) The person responsible for a patient’s court-ordered outpatient treatment or the facility administrator of the outpatient facility in which a patient receives treatment may file a sworn application for the patient’s temporary detention pending the modification hearing under Section 574.062.

(b) The application must state the applicant’s opinion and detail the reasons for the applicant’s opinion that:

1. the patient meets the criteria described by Section 574.064(a-1); and
2. detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) The court may issue an order for temporary detention if a modification hearing is set and the court finds from the information in the application that there is probable cause to believe that the opinions stated in the application are valid.

(d) At the time the temporary detention order is signed, the judge shall appoint an attorney to represent a patient who does not have an attorney.

(e) Within 24 hours after the time detention begins, the court that issued the temporary detention order shall provide to the patient and the patient’s attorney a written notice that states:

1. that the patient has been placed under a temporary detention order;
2. the grounds for the order; and
3. the time and place of the modification hearing.

Sec. 574.064. Apprehension and Release Under Temporary Detention Order.

(a) A temporary detention order shall direct a peace officer or other designated person to take the patient into custody and transport the patient immediately to:

1. the nearest appropriate inpatient mental health facility; or
2. a mental health facility deemed suitable by the local mental health authority for the area, if an appropriate inpatient mental health facility is not available.

(a-1) A physician shall evaluate the patient as soon as possible within 24 hours after the time detention begins to determine whether the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others so that the patient cannot be at liberty pending the probable cause hearing under Subsection (b). The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

1. the patient’s behavior; or
2. evidence of severe emotional distress and deterioration in the patient’s mental condition to the extent that the patient cannot live safely in the community.

(a-2) If the physician who conducted the evaluation determines that the patient does not present a substantial risk of serious harm to the patient or others, the facility shall:

1. notify:
Sec. 574.065. ORDER OF MODIFICATION OF ORDER FOR OUTPATIENT SERVICES.

(a) The court may modify an order for outpatient services at the modification hearing if the court determines that the patient meets the applicable criteria for court-ordered inpatient mental health services prescribed by Section 574.034(a) or 574.035(a).

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original order even if the criteria prescribed by Subsection (a) have been met.

(c) The court’s decision to modify an order must be supported by at least one certificate of medical examination for mental illness signed by a physician who examined the patient not earlier than the seventh day before the date on which the hearing is held.

(d) A modification may include:

(1) incorporating in the order a revised treatment program and providing for continued outpatient mental health services under the modified order, if a revised general program of treatment was submitted to and accepted by the court; or

(2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.

Sec. 574.066. RENEWAL OF ORDER FOR EXTENDED MENTAL HEALTH SERVICES.

(a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient’s attorney, or other individual may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a),(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

Sec. 574.0665. Status Conference.

A court on its own motion may set a status conference with the patient, the patient’s attorney, and the person designated to be responsible for the patient’s court-ordered outpatient services under Section 574.037.

HISTORY: Enacted by Acts 2019, 86th Leg., ch. 582 (S.B. 362), § 19, effective September 1, 2019.

Sec. 574.067. Motion for Rehearing.

(a) The court may set aside an order requiring court-ordered mental health services and grant a motion for rehearing for good cause shown.

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

Sec. 574.068. Request for Reexamination.

(a) A patient receiving court-ordered extended mental health services, or any interested person on the patient’s behalf and with the patient’s consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:

(1) require that the patient be reexamined;

(2) schedule a hearing on the request; and

(3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court’s notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator’s qualified designatedee shall immediately discharge the patient if the facility administrator or designee determines that the patient no longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator’s designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

Sec. 574.069. Hearing on Request for Reexamination.

(a) A court that required a patient’s reexamination under Section 574.068 may set a date and place for a hearing on the request if, not later than the 10th day after the date on which the request is filed:

(1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or

(2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

(1) appoint an attorney to represent a patient who does not have an attorney; and

(2) give notice of the hearing to the patient, the patient’s attorney, and the facility administrator.

(c) The court shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient’s choice and at the patient’s own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

Sec. 574.070. Appeal.

(a) An appeal from an order requiring court-ordered mental health services, or from a renewal or modification of an order, must be filed in the court of appeals for the county in which the order is entered.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.

(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may:

(1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

**TEXAS MENTAL HEALTH AND IDD LAWS**

**Subchapter F**

**Furlough, Discharge, and Termination of Court-ordered Mental Health Services**

**Sec. 574.081. Continuing Care Plan Before Furlough or Discharge.**

(a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.

(a-1) Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:

1. a state hospital; or
2. any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.

(c) The plan must address the patient's mental health and physical needs, including, if appropriate:

1. the need for outpatient mental health services following furlough or discharge; and
2. the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoactive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:

1. the services are provided by:
   
   (A) a community center or other provider that serves the county in which the patient will reside and that has been designated by the commissioner to perform continuing care services; or
   
   (B) any other provider that agrees to accept the referral; and

2. the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the reasons for that belief.

(b) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

**Sec. 574.082. Pass or Furlough from Inpatient Care.**

(a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator shall notify the court that issued the commitment order.

**HISTORY:** Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

**Sec. 574.083. Return to Facility Under Certificate of Facility Administrator or Court Order.**

(a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection (c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the
patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate issued or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

1. the patient is absent without authority from the facility;
2. the patient has violated the conditions of a pass or furlough;
3. the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. The patient may not be detained in a nonmedical facility that is used to detain persons who are charged with or convicted of a crime unless detention in the facility is warranted by an extreme emergency. If the patient is detained at a nonmedical facility:

1. the patient:
   A) may not be detained in the facility for more than 24 hours; and
   B) must be isolated from all persons charged with or convicted of a crime; and
2. the facility must notify the county health authority of the detention.

(g) The local mental health authority shall ensure that a patient detained in a nonmedical facility under Subsection (f) receives proper care and medical attention.

(h) Notwithstanding other law regarding confidentiality of patient information, the facility administrator may release to a law enforcement official information about the patient if the administrator determines the information is needed to facilitate the return of the patient to the facility.

Sec. 574.084. Revocation of Furlough.

(a) A furlough may be revoked only after an administrative hearing held in accordance with department rules. The hearing must be held within 72 hours after the patient is returned to the facility.

(b) A hearing officer shall conduct the hearing. The hearing officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:

1. a written notation of the decision; and
2. a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

Sec. 574.085. Discharge on Expiration of Court Order.

The facility administrator of a facility to which a patient was committed or from which a patient was required to receive temporary or extended inpatient or outpatient mental health services shall discharge the patient when the court order expires.

Sec. 574.086. Discharge Before Expiration of Court Order.

(a) The facility administrator of a facility to which a patient was committed for inpatient mental health services or the person responsible for providing outpatient mental health services may discharge the patient at any time before the court order expires if the facility administrator or person determines that the patient no longer meets the criteria for court-ordered mental health services.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:

1. a furlough under Section 574.082; or
2. a modified order under Section 574.061 that directs the patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

Sec. 574.087. Certificate of Discharge.

The facility administrator or the person responsible for outpatient care who discharges a patient under Section 574.085 or 574.086 shall prepare a discharge certificate and file it with the court that entered the order requiring mental health services.
Sec. 574.088. Relief from Disabilities in Mental Health Cases.

(a) A person who is furloughed or discharged from court-ordered mental health services may petition the court that entered the commitment order for an order stating that the person qualifies for relief from a firearms disability.

(b) In determining whether to grant relief, the court must hear and consider evidence about:

1. the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);
2. the person's mental history;
3. the person's criminal history; and
4. the person's reputation.

(c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:

1. the person is no longer likely to act in a manner dangerous to public safety; and
2. removing the person's disability to purchase a firearm is in the public interest.

Sec. 574.089. Transportation Plan for Furlough or Discharge.

(a) The facility administrator of a mental health facility, in conjunction with the local mental health authority, shall create a transportation plan for a person scheduled to be furloughed or discharged from the facility.

(b) The transportation plan must account for the capacity of the person, must be in writing, and must specify:

1. who is responsible for transporting the person;
2. when the person will be transported; and
3. where the person will arrive.

(c) If the person consents, the facility administrator shall forward the transportation plan to a family member of the person before the person is transported.

   (B) make a decision whether to undergo the proposed treatment.

2. “Medication-related emergency” means a situation in which it is immediately necessary to administer medication to a patient to prevent:
   (A) imminent probable death or substantial bodily harm to the patient because the patient:
      (i) overtly or continually is threatening or attempting to commit suicide or serious bodily harm; or
      (ii) is behaving in a manner that indicates that the patient is unable to satisfy the patient's need for nourishment, essential medical care, or self-protection; or

3. “Psychoactive medication” means a medication prescribed for the treatment of symptoms of psychosis or other severe mental or emotional disorders and that is used to exercise an effect on the central nervous system to influence and modify behavior, cognition, or affective state when treating the symptoms of mental illness. “Psychoactive medication” includes the following categories when used as described in this subdivision:

   (A) antipsychotics or neuroleptics;
   (B) antidepressants;
   (C) agents for control of mania or depression;

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.08, effective August 30, 1993.

Sec. 574.102. Application of Subchapter.

This subchapter applies to the application of medication to a patient subject to a court order for mental health services under this chapter or other law.

Sec. 574.103. Administration of Medication to Patient Under Court-Ordered Mental Health Services.

(a) In this section, “ward” has the meaning assigned by Section 1002.030, Estates Code.

(b) A person may not administer a psychoactive medication to a patient under court-ordered inpatient mental health services who refuses to take the medication voluntarily unless:

1. the patient is having a medication-related emergency;
2. the patient is under an order issued under Section 574.106 authorizing the administration of the medication regardless of the patient’s refusal; or
3. the patient is a ward who is 18 years of age or older and the guardian of the person of the ward consents to the administration of psychoactive medication regardless of the ward’s expressed preferences regarding treatment with psychoactive medication.
Sec. 574.104. Physician’s Application for Order to Authorize Psychoactive Medication; Date of Hearing.

(a) A physician who is treating a patient may, on behalf of the state, file an application in a probate court or a court with probate jurisdiction for an order to authorize the administration of a psychoactive medication regardless of the patient’s refusal if:

1. the physician believes that the patient lacks the capacity to make a decision regarding the administration of the psychoactive medication;
2. the physician determines that the medication is the proper course of treatment for the patient;
3. the patient is under an order for inpatient mental health services under this chapter or other law or an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed for the patient; and
4. the patient, verbally or by other indication, refuses to take the medication voluntarily.

(b) An application filed under this section must state:

1. that the physician believes that the patient lacks the capacity to make a decision regarding administration of the psychoactive medication and the reasons for that belief;
2. each medication the physician wants the court to compel the patient to take;
3. whether an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed;
4. whether a court order for inpatient mental health services for the patient has been issued and, if so, under what authority it was issued;
5. the physician’s diagnosis of the patient; and
6. the proposed method for administering the medication and, if the method is not customary, an explanation justifying the departure from the customary methods.

(c) An application filed under this section is separate from an application for court-ordered mental health services.

(d) The hearing on the application may be held on the date of a hearing on an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 but shall be held not later than 30 days after the filing of the application for the order to authorize psychoactive medication. If the hearing is not held on the same day as the application for court-ordered mental health services under those sections and the patient is transferred to a mental health facility in another county, the court may transfer the application for an order to authorize psychoactive medication to the county where the patient has been transferred.

(e) Subject to the requirement in Subsection (d) that the hearing shall be held not later than 30 days after the filing of the application, the court may grant one continuance on a party’s motion and for good cause shown. The court may grant more than one continuance only with the agreement of the parties.

Sec. 574.105. Rights of Patient.

A patient for whom an application for an order to authorize the administration of a psychoactive medication is filed is entitled to:

1. representation by a court-appointed attorney who is knowledgeable about issues to be adjudicated at the hearing;
2. meet with that attorney as soon as is practicable to prepare for the hearing and to discuss any of the patient’s questions or concerns;
3. receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;
4. be told, at the time personal notice of the hearing is given, of the patient’s right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;
5. be present at the hearing;
6. request from the court an independent expert; and
7. oral notification, at the conclusion of the hearing, of the court’s determinations of the patient’s capacity and best interests.

Histories:

Sec. 574.106. Hearing and Order Authorizing Psychoactive Medication.

(a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a patient who:

1. is under a court order to receive inpatient mental health services; or
2. is in custody awaiting trial in a criminal proceeding and was ordered to receive inpatient mental health services in the six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

1. that the patient lacks the capacity to make a decision regarding the administration of the proposed medication and treatment with the proposed medication is in the best interest of the patient; or
2. if the patient was ordered to receive inpatient mental health services by a criminal court with jurisdiction over the patient, that treatment with the proposed medication is in the best interest of the patient and either:
   A. the patient presents a danger to the patient or others in the inpatient mental health facility in which
the patient is being treated as a result of a mental disorder or mental defect as determined under Section 574.1065; or

(B) the patient:

(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

(ii) presents a danger to the patient or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

(1) the patient’s expressed preferences regarding treatment with psychoactive medication;

(2) the patient’s religious beliefs;

(3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;

(4) the consequences to the patient if the psychoactive medication is not administered;

(5) the prognosis for the patient if the patient is treated with psychoactive medication;

(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and

(7) less intrusive treatments likely to secure the patient’s agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (d).

(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate’s or associate judge’s report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge’s or magistrate’s report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient’s attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient’s attorney written notification of the court’s determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court’s determinations.

(l) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

Sec. 574.1065. Finding That Patient Presents a Danger.

In making a finding under Section 574.106(a-1)(2) that, as a result of a mental disorder or mental defect, the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated or in the correctional facility, as applicable, the court shall consider:

(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient’s self or to another while in the facility; and

(3) whether the patient, in the six months preceding the date the patient was placed in the facility, has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to another that resulted in the patient being placed in the facility.

(b) An order authorizing the administration of medication regardless of the refusal of the patient is effective pending the appeal of the order.

Sec. 574.109. Effect of Order.

(a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 574.106.

(b) The issuance of an order under Section 574.106 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

Sec. 574.110. Expiration of Order.

(a) Except as provided by Subsection (b), an order issued under Section 574.106 expires on the expiration or termination date of the order for temporary or extended mental health services in effect when the order for psychoactive medication is issued.

CHAPTER 578
Electroconvulsive and Other Therapies

Section

578.001. Application.
578.002. Use of Electroconvulsive Therapy.
578.003. Consent to Therapy.
578.004. Withdrawal of Consent.
578.005. Physician Requirement.
578.006. Registration of Equipment.
578.007. Reports.
578.008. Use of Information; Report.

Sec. 578.001. Application.
This chapter applies to the use of electroconvulsive therapy by any person, including a private physician who uses the therapy on an outpatient basis.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective August 30, 1993.

Sec. 578.002. Use of Electroconvulsive Therapy.
(a) Electroconvulsive therapy may not be used on a person who is younger than 16 years of age.
(b) Unless the person consents to the use of the therapy in accordance with Section 578.003, electroconvulsive therapy may not be used on:
   (1) a person who is 16 years of age or older and who is voluntarily receiving mental health services; or
   (2) an involuntary patient who is 16 years of age or older and who has not been adjudicated by an appropriate court of law as incompetent to manage the patient’s personal affairs.
(c) Electroconvulsive therapy may not be used on an involuntary patient who is 16 years of age or older and who has been adjudicated incompetent to manage the patient’s personal affairs unless the patient’s guardian of the person consents to the treatment in accordance with Section 578.003. The decision of the guardian must be based on knowledge of what the patient would desire, if known.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective August 30, 1993.

Sec. 578.003. Consent to Therapy.
(a) The executive commissioner by rule shall adopt a standard written consent form to be used when electroconvulsive therapy is considered. The executive commissioner by rule shall also prescribe the information that must be contained in the written supplement required under Subsection (c). In addition to the information required under this section, the form must include the information required by the Texas Medical Disclosure Panel for electroconvulsive therapy. In developing the form, the executive commissioner shall consider recommendations of the panel. Use of the consent form prescribed by the executive commissioner in the manner prescribed by this section creates a rebuttable presumption that the disclosure requirements of Sections 74.104 and 74.105, Civil Practice and Remedies Code, have been met.
(b) The written consent form must clearly and explicitly state:
   (1) the nature and purpose of the procedure;
   (2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;
   (3) that there is a division of opinion as to the efficacy of the procedure; and
   (4) the probable degree and duration of improvement or remission expected with or without the procedure.
(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:
(1) the patient and the patient’s guardian of the person, if any, receives a written copy of the consent form that is in the person’s primary language, if possible;

(2) the patient and the patient’s guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;

(3) the contents of the consent form and the written supplement are explained to the patient and the patient’s guardian of the person, if any:
   (A) orally, in simple, nontechnical terms in the person’s primary language, if possible; or
   (B) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable;

(4) the patient or the patient’s guardian of the person, as appropriate, signs a copy of the consent form stating that the person has read the consent form and the written supplement and understands the information included in the documents; and

(5) the signed copy of the consent form is made a part of the patient’s clinical record.

(d) Consent given under this section is not valid unless the person giving the consent understands the information presented and consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each treatment series begins, the hospital, facility, or physician administering the procedure shall:

(1) ensure that two physicians have signed an appropriate form that states the procedure is medically necessary;

(2) make the form described by Subdivision (1) available to the patient or the patient’s guardian of the person; and

(3) inform the patient or the patient’s guardian of the person of any known current medical condition that may increase the possibility of injury or death as a result of the treatment.

Sec. 578.004. Withdrawal of Consent.

(a) A patient or guardian who consents to the administration of electroconvulsive therapy may revoke the consent for any reason and at any time.

(b) Revocation of consent is effective immediately.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993.

Sec. 578.005. Physician Requirement.

(a) Only a physician may administer electroconvulsive therapy.

(b) A physician may not delegate the act of administering the therapy. A nonphysician who administers electroconvulsive therapy is considered to be practicing medicine in violation of Subtitle B, Title 3, Occupations Code.

Sec. 578.006. Registration of Equipment.

(a) A person may not administer electroconvulsive therapy unless the equipment used to administer the therapy is registered with the department.

(b) A mental hospital or facility administering electroconvulsive therapy or a private physician administering the therapy on an outpatient basis must file an application for registration under this section. The applicant must submit the application to the department on a form prescribed by department rule.

(c) The application must be accompanied by a nonrefundable application fee. The executive commissioner by rule shall set the fee in a reasonable amount not to exceed the cost to the department to administer this section.

(d) The application must contain:

(1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and

(2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the executive commissioner determines is dangerous.

(g) The department may deny, suspend, or revoke a registration if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under Chapter 2001, Government Code.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993; am. Acts 1995, 74th Leg., ch. 76 (S.B. 959), § 5.95(49), effective September 1, 1995; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1398, effective April 2, 2015.

Sec. 578.007. Reports.

(a) A mental hospital or facility administering electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness or a physician administering the therapy on an outpatient basis shall submit to the department quarterly reports relating to the administration of the therapy in the hospital or facility or by the physician.

(b) A report must state for each quarter:

(1) the number of patients who received the therapy, including:
   (A) the number of persons voluntarily receiving mental health services who consented to the therapy;
   (B) the number of involuntary patients who consented to the therapy; and
   (C) the number of involuntary patients for whom a guardian of the person consented to the therapy;

(2) the age, sex, and race of the persons receiving the therapy;

(3) the source of the treatment payment;

(4) the average number of nonelectroconvulsive treatments;
(5) the average number of electroconvulsive treatments administered for each complete series of treatments, but not including maintenance treatments;
(6) the average number of maintenance electroconvulsive treatments administered per month;
(7) the number of fractures, reported memory losses, incidents of apnea, and cardiac arrests without death;
(8) autopsy findings if death followed within 14 days after the date of the administration of the therapy; and
(9) any other information required by department rule.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1399, effective April 2, 2015.

Sec. 578.008. Use of Information; Report.
(a) The department shall use the information received under Sections 578.006 and 578.007 to analyze, audit, and monitor the use of electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness.
(b) The department shall file annually with the governor and the presiding officer of each house of the legislature a written report summarizing by facility the information received under Sections 578.006 and 578.007. If the therapy is administered by a private physician on an outpatient basis, the report must include that information but may not identify the physician. The department may not directly or indirectly identify a report issued under this section a patient who received the therapy.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993.

Subchapter A
General Provisions

Sec. 591.001. Short Title.
This subtitle may be cited as the Persons with an Intellectual Disability Act.

Sec. 591.002. Purpose.
(a) It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.
(b) It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.
(c) The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.
(d) It is desirable to preserve and promote living at home if feasible. If living at home is not possible and placement in a residential care facility is necessary, a person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible. The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the person, and that enhances the person's ability to cope with the environment.
(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

(1) that the client lacks the capacity to make a decision regarding the administration of the proposed medication and that treatment with the proposed medication is in the best interest of the client; or
(2) if the client was committed to a residential care facility by a criminal court with jurisdiction over the client, that treatment with the proposed medication is in the best interest of the client, and either:
(A) the client presents a danger to the client or others in the residential care facility in which the client is being treated as a result of a mental disorder or mental defect as determined under Section 592.157; or
(B) the client:
(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and
(ii) presents a danger to the client or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 592.157.
(c) In making the finding that treatment with the proposed medication is in the best interest of the client, the court shall consider:
(1) the client's expressed preferences regarding treatment with psychoactive medication;
(2) the client's religious beliefs;
(3) the risks and benefits, from the perspective of the client, of taking psychoactive medication;
(4) the consequences to the client if the psychoactive medication is not administered;
(5) the prognosis for the client if the client is treated with psychoactive medication;
(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and
(7) less intrusive treatments likely to secure the client's consent to take the psychoactive medication.
(d) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (e).
(e) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required by this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.
(f) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court before the fourth day after the date the report is issued. The hearing de novo shall be held not later than the 30th day after the date the application for an order to authorize psychoactive medication was filed.
(g) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed client or the proposed client's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.
(h) As soon as practicable after the conclusion of the hearing, the client is entitled to have provided to the client and the client's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.
(i) An order entered under this section shall authorize the administration to a client, regardless of the client's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the client's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.
(j) The classes of psychoactive medications in the order must conform to classes determined by the department.
(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, “modification” means a change of a class of medication authorized in the order.
(l) For a client described by Subsection (b)(2)(B), an order issued under this section:
(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and
(2) does not constitute authorization to retain the client in a correctional facility for competency restoration treatment.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

Sec. 592.157. Finding That Client Presents a Danger.
In making a finding under Section 592.156(b)(2) that, as a result of a mental disorder or mental defect, the client presents a danger to the client or others in the residential care facility in which the client is being treated or in the correctional facility, as applicable, the court shall consider:
(1) an assessment of the client's present mental condition; and
(2) whether the client has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the client's self or to another while in the facility.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

(a) A client may appeal an order under this subchapter in the manner provided by Section 593.056 for an appeal
of an order committing the client to a residential care facility.

(b) An order authorizing the administration of medication regardless of the refusal of the client is effective pending an appeal of the order.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

Sec. 592.159. Effect of Order.

(a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 592.156.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

disability services to a client without the client’s legally adequate consent.

(b) The department or community center may provide nonresidential intellectual disability services, including a determination of an intellectual disability, to a client without the client’s legally adequate consent if the department or community center has made all reasonable efforts to obtain consent.

(c) The executive commissioner by rule shall prescribe the efforts to obtain consent that are reasonable and the documentation for those efforts.

Sec. 593.003. Requirement of Determination of an Intellectual Disability.

Except as provided by Sections 593.027, 593.0275, and 593.028, a person is not eligible to receive intellectual disability services unless the person first is determined to be a person with an intellectual disability.

Sec. 593.004. Application for Determination of an Intellectual Disability.

(a) In this section, “authorized provider” means:

(1) a physician licensed to practice in this state;

Sec. 593.005. Determination of an Intellectual Disability.

(a) In this section, “authorized provider” has the meaning assigned by Section 593.004.

(a-1) An authorized provider shall perform the determination of an intellectual disability. The department may charge a reasonable fee for certifying an authorized provider.

(b) The authorized provider shall base the determination on an interview with the person and on a professional assessment that, at a minimum, includes:

(1) a measure of the person’s intellectual functioning;
(2) a determination of the person’s adaptive behavior level; and
(3) evidence of origination during the person’s developmental period.

(c) The authorized provider may use a previous assessment, social history, or relevant record from a school district, a public or private agency, or a physician or psychologist if the authorized provider determines that the assessment, social history, or record is valid.

(a) The hearing must be open to the public unless the proposed resident or the resident’s representative requests that the hearing be closed and the judge determines that there is good cause to close the hearing.

(b) The proposed resident is entitled to be present throughout the hearing. If the court determines that the presence of the proposed resident would result in harm to the proposed resident, the court may waive the requirement in writing clearly stating the reason for the decision.

(d) The Texas Rules of Evidence apply. The results of the determination of an intellectual disability and the current interdisciplinary team report and recommendations shall be presented in evidence.

Sec. 593.052. Order for Commitment.

(a) A proposed resident may not be committed to a residential care facility unless:

1. the proposed resident is a person with an intellectual disability;

3. the proposed resident cannot be adequately and appropriately habilitated in an available, less restrictive setting; and
4. the residential care facility provides habilitative services, care, training, and treatment appropriate to the proposed resident’s needs.

(b) If it is determined that the requirements of Subsection (a) have been met and that long-term placement in a residential care facility is appropriate, the court shall commit the proposed resident for care, treatment, and training to a community center or the department when space is available in a residential care facility.

(c) The court shall immediately send a copy of the commitment order to the department or community center.

Sec. 593.053. Decision.

(a) Except as provided by this section, the department may not charge for a resident total fees from all sources
that exceed the cost to the state to support, maintain, and treat the resident.

(b) The executive commissioner may use the projected cost of providing residential services to establish by rule the maximum fee that may be charged to a payer.

(c) The executive commissioner by rule may establish maximum fees on one or a combination of the following:

1. a statewide per capita;
2. an individual facility per capita; or
3. the type of service provided.

(b) The executive commissioner by rule shall set the fee according to the parents’ net taxable income and ability to pay.

(c) The parents may elect to have their net taxable income determined by their most current financial statement or federal income tax return.

(d) In determining the portion of the costs of the resident’s support, maintenance, and treatment that the parents are required to pay, the department, in accordance with rules adopted by the executive commissioner, shall adjust, when appropriate, the payment required under the fee schedule to allow for consideration of other factors affecting the ability of the parents to pay.

(e) The executive commissioner shall evaluate and, if necessary, revise the fee schedule at least once every five years.

Sec. 593.076. Fee Schedule for Divorced Parents.

(a) If the parents of a resident younger than 18 years of age are divorced, the fee charged each parent for the cost of the resident’s support, maintenance, and treatment is determined by that parent’s own income.

(b) If the divorced parents’ combined fees exceed the maximum fee authorized under the fee schedule, the department shall equitably allocate the maximum fee between the parents in accordance with department rules, but a parent’s fee may not exceed the individual fee determined for that parent under Subsection (a).

Sec. 593.077. Child Support Payments for Benefit of Resident.

(a) Child support payments for the benefit of a resident paid or owed by a parent under court order are considered the property and estate of the resident and the:

2. executive commissioner by rule may establish a fee based on the child support obligation in addition to other fees authorized by this subchapter.

(b) The department shall credit the amount of child support a parent actually pays for a resident against monthly charges for which the parent is liable, based on ability to pay.

(c) A parent who receives child support payments for a resident is liable for the monthly charges based on the amount of child support payments actually received in addition to the liability of that parent based on ability to pay.

1. the resident’s parent fails to pay child support as required by the order; or
2. the resident’s parent who receives child support fails to pay charges based on the amount of child support payments received.

(e) In addition to modification of an order under Subsection (d), the court may order all past due child support for the benefit of a resident paid directly to the resident’s residential care facility to the extent that the department is entitled to reimbursement of the resident’s charges from the child support obligation.

(c) On a sufficient showing, the court may enter judgment against the person responsible for the resident for the costs of the resident’s support and maintenance.

(d) Sufficient evidence to authorize the court to enter judgment is a verified account, sworn to by the director of the residential care facility in which the person with an intellectual disability resided or has resided, as to the amount due.

(e) The judgment may be enforced as in other cases.

(f) The county or district attorney representing the state is entitled to a commission of 10 percent of the amount collected.

HISTORY: Enacted by Acts 2019, 86th Leg., ch. 1088 (H.B. 1901), § 1, effective September 1, 2019.

Sec. 611.0045. Right to Mental Health Record.

(a) Except as otherwise provided by this section, a patient is entitled to have access to the content of a confidential record made about the patient.

(b) The professional may deny access to any portion of a record if the professional determines that release of that portion would be harmful to the patient's physical, mental, or emotional health.

(c) If the professional denies access to any portion of a record, the professional shall give the patient a signed and dated written statement that having access to the record would be harmful to the patient's physical, mental, or emotional health and shall include a copy of the written statement in the patient's records. The statement must
specify the portion of the record to which access is denied, the reason for denial, and the duration of the denial.

(d) The professional who denies access to a portion of a record under this section shall redetermine the necessity for the denial at each time a request for the denied portion is made. If the professional again denies access, the professional shall notify the patient of the denial and document the denial as prescribed by Subsection (c).

(k) The denial of a patient’s access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

(6) a judicial proceeding affecting the parent-child relationship;

patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

CHAPTER 612
Interstate Compact On Mental Health

Sec. 612.001. Execution of Interstate Compact.
This state enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE COMPACT ON MENTAL HEALTH"

"The contracting states solemnly agree that:

"ARTICLE I"

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

"ARTICLE II"

"As used in this compact:

(a) 'Sending state' shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(e) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(f) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) 'After-care' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) 'State' shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

"ARTICLE III"

"(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated..."
or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

“(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

“(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

“(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

“ARTICLE IV

“(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

“(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

“(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

“ARTICLE V

“Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

“ARTICLE VI

“The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

“ARTICLE VII

“(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

“(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

“(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

“(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

“(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which agreements may be made.

“ARTICLE VIII

“(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of
power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

“(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

“(a) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

“(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

“The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

“ARTICLE XII

“This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

“ARTICLE XIII

“(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

“(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

“ARTICLE XIV

“This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.”

Sec. 612.005. Supplementary Agreements.

(1) under whose jurisdiction the institution or facility is operated; or

(2) that will perform the service.

CHAPTER 15

Arrest Under Warrant

Article 15.17.

Duties of Arresting Officer and Magistrate.

(a) In each case enumerated in this Code, the person making the arrest or the person having custody of the person arrested shall without unnecessary delay, but not later than 48 hours after the person is arrested, take the person arrested or have him taken before some magistrate of the county where the accused was arrested or, to provide more expeditiously to the person arrested the warnings described by this article, before a magistrate in any other county of this state. The arrested person may be taken before the magistrate in person or the image of the arrested person may be presented to the magistrate by means of a videoconference. The magistrate shall inform in clear language the person arrested, either in person or through a videoconference, of the accusation against him and of any affidavit filed therewith, of his right to retain counsel, of his right to remain silent, of his right to have an attorney present during any interview with peace officers or attorneys representing the state, of his right to...
terminate the interview at any time, and of his right to have an examining trial. The magistrate shall also inform the person arrested of the person’s right to request the appointment of counsel if the person cannot afford counsel. The magistrate shall inform the person arrested of the procedures for requesting appointment of counsel. If the person does not speak and understand the English language or is deaf, the magistrate shall inform the person in a manner consistent with Articles 38.30 and 38.31, as appropriate. The magistrate shall ensure that reasonable assistance in completing the necessary forms for requesting appointment of counsel is provided to the person at the same time. If the person arrested is indigent and requests appointment of counsel and if the magistrate is authorized under Article 26.04 to appoint counsel for indigent defendants in the county, the magistrate shall appoint counsel in accordance with Article 1.051. If the magistrate is not authorized to appoint counsel, the magistrate shall without unnecessary delay, but not later than 24 hours after the person arrested requests appointment of counsel, transmit, or cause to be transmitted to the court or to the courts’ designee authorized under Article 26.04 to appoint counsel in the county, the forms requesting the appointment of counsel. The magistrate shall also inform the person arrested that he is not required to make a statement and that any statement made by him may be used against him. The magistrate shall allow the person arrested reasonable time and opportunity to consult counsel and shall, after determining whether the person is currently on bail for a separate criminal offense, admit the person arrested to bail if allowed by law. A record of the communication between the arrested person and the magistrate shall be made. The record shall be preserved until the earlier of the following dates: (1) the date on which the pretrial hearing ends; or (2) the earlier of the following dates: (1) the date on which the record is made if the person is charged with a misdemeanor or the 120th day after the date on which the record is made if the person is charged with a felony. For purposes of this subsection, “videoconference” means a two-way electronic communication of image and sound between the arrested person and the magistrate and includes secure Internet videoconferencing.

(a-1) If a magistrate is provided written or electronic notice of credible information that may establish reasonable cause to believe that a person brought before the magistrate has a mental illness or is a person with an intellectual disability, the magistrate shall conduct the proceedings described by Article 16.22 or 17.032, as appropriate.

(b) After an accused charged with a misdemeanor punishable by fine only is taken before a magistrate under Subsection (a) and the magistrate has identified the accused with certainty, the magistrate may release the accused without bond and order the accused to appear at a later date for arraignment in the applicable justice court or municipal court. The order must state in writing the time, date, and place of the arraignment, and the magistrate must sign the order. The accused shall receive a copy of the order on release. If an accused fails to appear as required by the order, the judge of the court in which the accused is required to appear shall issue a warrant for the arrest of the accused. If the accused is arrested and brought before the judge, the judge may admit the accused to bail, and in admitting the accused to bail, the judge should set as the amount of bail an amount double that generally set for the offense for which the accused was arrested. This subsection does not apply to an accused who has previously been convicted of a felony or a misdemeanor other than a misdemeanor punishable by fine only.

(c) When a deaf accused is taken before a magistrate under this article or Article 14.06 of this Code, an interpreter appointed by the magistrate qualified and sworn as provided in Article 38.31 of this Code shall interpret the warning required by those articles in a language that the accused can understand, including but not limited to sign language.

(d) If a magistrate determines that a person brought before the magistrate after an arrest authorized by Article 14.051 of this code was arrested unlawfully, the magistrate shall release the person from custody. If the magistrate determines that the arrest was lawful, the person arrested is considered a fugitive from justice for the purposes of Article 51.13 of this code, and the disposition of the person is controlled by that article.

(e) In each case in which a person is taken before a magistrate as required by Subsection (a) or Article 15.18(a), a record shall be made of:

(1) the magistrate informing the person of the person’s right to request appointment of counsel;

(2) the magistrate asking the person whether the person wants to request appointment of counsel; and

(3) whether the person requested appointment of counsel.

(f) A record required under Subsection (a) or (e) may consist of written forms, electronic recordings, or other documentation as authorized by procedures adopted in the county under Article 26.04(a). The counsel for the defendant may obtain a copy of the record on payment of a reasonable amount to cover the costs of reproduction or, if the defendant is indigent, the court shall provide a copy to the defendant without charging a cost for the copy.

(g) If a person charged with an offense punishable as a misdemeanor appears before a magistrate in compliance with a citation issued under Article 14.06(b) or (c), the magistrate shall perform the duties imposed by this article in the same manner as if the person had been arrested and brought before the magistrate by a peace officer. After the magistrate performs the duties imposed by this article, the magistrate except for good cause shown may release the person on personal bond. If a person who was issued a citation under Article 14.06(c) fails to appear as required by that citation, the magistrate before which the person is required to appear shall issue a warrant for the arrest of the accused.

Sec. 16.22 TEXAS MENTAL HEALTH AND IDD LAWS

The Commitment or Discharge of the Accused

Article 16.22. Early Identification of Defendant Suspected of Having Mental Illness or Intellectual Disability.

(a) (1) Not later than 12 hours after the sheriff or municipal jailer having custody of a defendant for an offense punishable as a Class B misdemeanor or any higher category of offense receives credible information that may establish reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the sheriff or municipal jailer shall provide written or electronic notice to the magistrate. The notice must include any information related to the sheriff's or municipal jailer’s determination, such as information regarding the defendant’s behavior immediately before, during, and after the defendant’s arrest and, if applicable, the results of any previous assessment of the defendant. On a determination that there is reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the magistrate may order the defendant to submit to an examination in a jail, or in another place determined to be appropriate by the local mental health authority or local intellectual and developmental disability authority, for a reasonable period not to exceed 72 hours. If applicable, the county in which the committing court is located shall reimburse the local mental health authority or local intellectual and developmental disability authority for the mileage and per diem expenses of the personnel required to transport the defendant, calculated in accordance with the state travel regulations in effect at the time.

(a-1) If a magistrate orders a local mental health authority, a local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to conduct an interview or collect information under Subsection (a)(1), the commissioners court for the county in which the magistrate is located shall reimburse the local mental health authority, local intellectual and developmental disability authority, or qualified mental health or intellectual and developmental disability expert for the cost of performing those duties in the amount provided by the fee schedule adopted under Subsection (a-2) or in the amount determined by the judge under Subsection (a-3), as applicable.

(a-2) The commissioners court for a county may adopt a fee schedule to pay for the costs to conduct an interview and collect information under Subsection (a)(1). In developing the fee schedule, the commissioners court shall consider the generally accepted reasonable cost in that county of performing the duties described by Subsection (a)(1). A fee schedule described by this subsection must be adopted in a public hearing and must be periodically reviewed by the commissioners court.

(a-3) If the cost of performing the duties described by Subsection (a)(1) exceeds the amount provided by the applicable fee schedule or if the commissioners court for the applicable county has not adopted a fee schedule, the authority or expert who performed the duties may request that the judge who has jurisdiction over the underlying
offense determine the reasonable amount for which the authority or expert is entitled to be reimbursed under Subsection (a-1). The amount determined under this subsection may not be less than the amount provided by the fee schedule, if applicable. The judge shall determine the amount not later than the 45th day after the date the request is made. The judge is not required to hold a hearing before making a determination under this subsection.

(a-4) An interview under Subsection (a)(1) may be conducted in person in the jail, by telephone, or through a telemedicine medical service or telehealth service.

(b) Except as otherwise permitted by the magistrate for good cause shown, a written report of an interview described by Subsection (a)(1)(A) and the other information collected under that paragraph shall be provided to the magistrate:

(1) for a defendant held in custody, not later than 96 hours after the time an order was issued under Subsection (a); or
(2) for a defendant released from custody, not later than the 30th day after the date an order was issued under Subsection (a).

(b-1) The magistrate shall provide copies of the written report to the defense counsel, the attorney representing the state, and the trial court. The written report must include a description of the procedures used in the interview and collection of other information under Subsection (a)(1)(A) and the applicable expert's observations and findings pertaining to:

(1) whether the defendant is a person who has a mental illness or is a person with an intellectual disability;
(2) whether there is clinical evidence to support a belief that the defendant may be incompetent to stand trial and should undergo a complete competency examination under Subchapter B, Chapter 46B; and
(3) any appropriate or recommended treatment or service.

(c) [2 Versions: As amended by Acts 2019, 86th Leg., ch. 1276 (H.B. 601)] After the trial court receives the applicable expert’s written report relating to the defendant under Subsection (b-1) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032 if the defendant is being held in custody;
(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B;
(3) consider the written assessment during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community supervision, including deferred adjudication community supervision;
(4) refer the defendant to an appropriate specialty court established or operated under Subtitle K, Title 2, Government Code; or
(5) if the offense charged does not involve an act, attempt, or threat of serious bodily injury to another person, release the defendant on bail while charges against the defendant remain pending and enter an order transferring the defendant to the appropriate court for court-ordered outpatient mental health services under Chapter 574, Health and Safety Code.

(c-1) If an order is entered under Subsection (c)(3), an attorney representing the state shall file the application for court-ordered outpatient services under Chapter 574, Health and Safety Code.

(c-2) On the motion of an attorney representing the state, if the court determines the defendant has complied with appropriate court-ordered outpatient treatment, the court may dismiss the charges pending against the defendant and discharge the defendant.

(c-3) On the motion of an attorney representing the state, if the court determines the defendant has failed to comply with appropriate court-ordered outpatient treatment, the court shall proceed under this chapter or with the trial of the offense.

(d) This article does not prevent the applicable court from, before, during, or after the interview and collection of other information regarding the defendant as described by this article:

(1) releasing a defendant who has a mental illness or is a person with an intellectual disability from custody on personal or surety bond, including imposing as a condition of release that the defendant submit to an examination or other assessment; or
(2) ordering an examination regarding the defendant's competency to stand trial.

(e) The Texas Judicial Council shall adopt rules to require the reporting of the number of written reports provided to a court under Subsection (a)(1)(B). The rules
must require submission of the reports to the Office of Court Administration of the Texas Judicial System on a monthly basis.

(f) A written report submitted to a magistrate under Subsection (a)(1)(B) is confidential and not subject to disclosure under Chapter 552, Government Code, but may be used or disclosed as provided by this article.

The personal bond may not be revoked by the judge of the court issuing the warrant for arrest except for good cause shown.

(b) If there is a personal bond office in the county from which the warrant for arrest was issued, the court releasing a defendant on his personal bond will forward a copy of the personal bond to the personal bond office in that county.

(c) The magistrate, unless good cause is shown for not requiring treatment or services, shall require as a condition of release on personal bond under this article that the defendant submit to outpatient or inpatient mental health treatment or intellectual and developmental disability services as recommended by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority; or another qualified mental health or intellectual and developmental disability expert if the defendant’s:

2. ability to function independently will continue to deteriorate if the defendant does not receive the recommended treatment or services.

(d) In addition to a condition of release imposed under Subsection (c), the magistrate may require the defendant to comply with other conditions that are reasonably necessary to ensure the defendant’s appearance in court as required and the safety of the community and the victim of the alleged offense.

(e) In this article, a person is considered to have been convicted of an offense if:

1. a sentence is imposed;
2. the person is placed on community supervision or receives deferred adjudication; or
3. the court defers final disposition of the case.

**Art. 26.04. Procedures for Appointing Counsel.**

(a) The judges of the county courts, statutory county courts, and district courts trying criminal cases in each county, by local rule, shall adopt and publish written countywide procedures for timely and fairly appointing counsel for an indigent defendant in the county arrested for, charged with, or taking an appeal from a conviction of a misdemeanor punishable by confinement or a felony. The procedures must be consistent with this article and Articles 1.051, 15.17, 15.18, 26.05, and 26.052 and must provide for the priority appointment of a public defender’s office as described by Subsection (f). A court shall appoint an attorney from a public appointment list using a system of rotation, unless the court appoints an attorney under Subsection (f), (f-1), (h), or (i). The court shall appoint attorneys from among the next five names on the appointment list in the order in which the attorneys’ names appear on the list, unless the court makes a finding of good cause on the record for appointing an attorney out of order. An attorney who is not appointed in the order in which the attorney’s name appears on the list shall remain next in order on the list.

(b) Procedures adopted under Subsection (a) shall:
   (1) authorize only the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county, or the judges’ designee, to appoint counsel for indigent defendants in the county;
   (2) apply to each appointment of counsel made by a judge or the judges’ designee in the county;
   (3) ensure that each indigent defendant in the county who is charged with a misdemeanor punishable by confinement or with a felony and who appears in court without counsel has an opportunity to confer with appointed counsel before the commencement of judicial proceedings;
   (4) require appointments for defendants in capital cases in which the death penalty is sought to comply with any applicable requirements under Articles 11.071 and 26.052;
   (5) ensure that each attorney appointed from a public appointment list to represent an indigent defendant perform the attorney’s duty owed to the defendant in accordance with the adopted procedures, the requirements of this code, and applicable rules of ethics; and
   (6) ensure that appointments are allocated among qualified attorneys in a manner that is fair, neutral, and nondiscriminatory.

(c) Whenever a court or the courts’ designee authorized under Subsection (b) to appoint counsel for indigent defendants in the county determines for purposes of a criminal proceeding that a defendant charged with or appealing a conviction of a felony or a misdemeanor punishable by confinement is indigent or that the interests of justice require representation of a defendant in the proceeding, the court or the courts’ designee shall appoint
one or more practicing attorneys to represent the defendant in accordance with this subsection and the procedures adopted under Subsection (a). If the court or the courts’ designee determines that the defendant does not speak and understand the English language or that the defendant is deaf, the court or the courts’ designee shall make an effort to appoint an attorney who is capable of communicating in a language understood by the defendant.

(d) A public appointment list from which an attorney is appointed as required by Subsection (a) shall contain the names of qualified attorneys, each of whom:

(1) applies to be included on the list;
(2) meets the objective qualifications specified by the judges under Subsection (e);
(3) meets any applicable qualifications specified by the Texas Indigent Defense Commission; and
(4) is approved by a majority of the judges who established the appointment list under Subsection (e).

(e) In a county in which a court is required under Subsection (a) to appoint an attorney from a public appointment list:

(1) the judges of the county courts and statutory county courts trying misdemeanor cases in the county, by formal action:
   (A) shall:
      (i) establish a public appointment list of attorneys qualified to provide representation in the county in misdemeanor cases punishable by confinement; and
      (ii) specify the objective qualifications necessary for an attorney to be included on the list; and
   (B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys’ qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and
(2) the judges of the district courts trying felony cases in the county, by formal action:
   (A) shall:
      (i) establish a public appointment list of attorneys qualified to provide representation in felony cases in the county; and
      (ii) specify the objective qualifications necessary for an attorney to be included on the list; and
   (B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys’ qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both.

(f) In a county with a public defender’s office, the court or the courts’ designee shall give priority in appointing that office to represent the defendant in the criminal proceeding, including a proceeding in a capital murder case. However, the court is not required to appoint the public defender’s office if:

(1) the court makes a finding of good cause for appointing other counsel, provided that in a capital murder case, the court makes a finding of good cause on the record for appointing that counsel;
(2) the appointment would be contrary to the office’s written plan under Article 26.044;
(3) the office is prohibited from accepting the appointment under Article 26.044(j); or
(4) a managed assigned counsel program also exists in the county and an attorney will be appointed under that program.

(f-1) In a county in which a managed assigned counsel program is operated in accordance with Article 26.047, the managed assigned counsel program may appoint counsel to represent the defendant in accordance with the guidelines established for the program.

(g) A countywide alternative program for appointing counsel for indigent defendants in criminal cases is established by a formal action in which two-thirds of the judges of the courts designated under this subsection vote to establish the alternative program. An alternative program for appointing counsel in misdemeanor and felony cases may be established in the manner provided by this subsection by the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county. An alternative program for appointing counsel in misdemeanor cases may be established in the manner provided by this subsection by the judges of the county courts and statutory county courts trying criminal cases in the county. An alternative program for appointing counsel in felony cases may be established in the manner provided by this subsection by the judges of the district courts trying criminal cases in the county. In a county in which an alternative program is established:

(1) the alternative program may:
   (A) use a single method for appointing counsel or a combination of methods; and
   (B) use a multicounty appointment list using a system of rotation; and
(2) the procedures adopted under Subsection (a) must ensure that:
   (A) attorneys appointed using the alternative program to represent defendants in misdemeanor cases punishable by confinement:
      (i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and
      (ii) are approved by a majority of the judges of the county courts and statutory county courts trying misdemeanor cases in the county;
   (B) attorneys appointed using the alternative program to represent defendants in felony cases:
      (i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and
      (ii) are approved by a majority of the judges of the district courts trying felony cases in the county; (C) appointments for defendants in capital cases in which the death penalty is sought comply with the requirements of Article 26.052; and
(D) appointments are reasonably and impartially allocated among qualified attorneys.

(h) Subject to Subsection (f), in a county in which an alternative program for appointing counsel is established as provided by Subsection (g) and is approved by the presiding judge of the administrative judicial region, a court or the courts’ designee may appoint an attorney to represent an indigent defendant by using the alternative program. In establishing an alternative program under Subsection (g), the judges of the courts establishing the program may not, without the approval of the commissioners court, obligate the county by contract or by the creation of new positions that cause an increase in expenditure of county funds.

(i) Subject to Subsection (f), a court or the courts’ designee required under Subsection (c) to appoint an attorney to represent a defendant accused or convicted of a felony may appoint an attorney from any county located in the court’s administrative judicial region.

(j) An attorney appointed under this article shall:

1. make every reasonable effort to contact the defendant not later than the end of the first working day after the date on which the attorney is appointed and to interview the defendant as soon as practicable after the attorney is appointed;

2. represent the defendant until charges are dismissed, the defendant is acquitted, appeals are exhausted, or the attorney is permitted or ordered by the court to withdraw as counsel for the defendant after a finding of good cause is entered on the record;

3. with respect to a defendant not represented by other counsel, before withdrawing as counsel for the defendant after a trial or the entry of a plea of guilty:

   A. advise the defendant of the defendant’s right to file a motion for new trial and a notice of appeal;

   B. if the defendant wishes to pursue either or both remedies described by Paragraph (A), assist the defendant in requesting the prompt appointment of replacement counsel; and

   C. if replacement counsel is not appointed promptly and the defendant wishes to pursue an appeal, file a timely notice of appeal; and

4. not later than October 15 of each year and on a form prescribed by the Texas Indigent Defense Commission, submit to the county information, for the preceding fiscal year, that describes the percentage of the attorney’s practice time that was dedicated to work based on appointments accepted in the county under this article and Title 3, Family Code.

(k) A court may replace an attorney who violates Subsection (j)(1) with other counsel. A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove from consideration for appointment an attorney who intentionally or repeatedly violates Subsection (j)(1).

(l) Procedures adopted under Subsection (a) must include procedures and financial standards for determining whether a defendant is indigent. The procedures and standards shall apply to each defendant in the county equally, regardless of whether the defendant is in custody or has been released on bail.

(m) In determining whether a defendant is indigent, the court or the courts’ designee may consider the defendant’s income, source of income, assets, property owned, outstanding obligations, necessary expenses, the number and ages of dependents, and spousal income that is available to the defendant. The court or the courts’ designee may not consider whether the defendant has posted or is capable of posting bail, except to the extent that it reflects the defendant’s financial circumstances as measured by the considerations listed in this subsection.

(n) A defendant who requests a determination of indigency and appointment of counsel shall:

1. complete under oath a questionnaire concerning his financial resources;

2. respond under oath to an examination regarding his financial resources by the judge or magistrate responsible for determining whether the defendant is indigent; or

3. complete the questionnaire and respond to examination by the judge or magistrate.

(o) Before making a determination of whether a defendant is indigent, the court shall request the defendant to sign under oath a statement substantially in the following form: “On this _____ day of ______, 20 _____, I have been advised by the (name of the court) Court of my right to representation by counsel in connection with the charge pending against me. I am without means to employ counsel of my own choosing and I hereby request the court to appoint counsel for me. (signature of the defendant)”

(p) A defendant who is determined by the court to be indigent is presumed to remain indigent for the remainder of the proceedings in the case unless a material change in the defendant’s financial circumstances occurs. If there is a material change in financial circumstances after a determination of indigency or nonindigency is made, the defendant, the defendant’s counsel, or the attorney representing the state may move for reconsideration of the determination.

(q) A written or oral statement elicited under this article or evidence derived from the statement may not be used for any purpose, except to determine the defendant’s indigency or to impeach the direct testimony of the defendant. This subsection does not prohibit prosecution of the defendant under Chapter 37, Penal Code.

(r) A court may not threaten to arrest or incarcerate a person solely because the person requests the assistance of counsel.

Art. 26.047. Managed Assigned Counsel Program.
(a) In this article:

1. “Governmental entity” has the meaning assigned by Article 26.044.
(2) “Managed assigned counsel program” or “program” means a program operated with public funds:

The commissioners courts of two or more counties may enter into a written agreement to jointly appoint and fund a governmental entity, nonprofit corporation, or bar association to operate a managed assigned counsel program. In appointing an entity to operate a managed assigned counsel program under this subsection, the commissioners court shall specify or the commissioners courts shall jointly specify:

(1) the types of cases in which the program may appoint counsel under Article 26.04 of this code or Section 51.10, Family Code, and the courts in which the counsel appointed by the program may be required to appear; and

(d) A program under this article must have a director. Unless the program uses a review committee appointed under Subsection (e), a program under this article must be directed by a person who:

(1) is a member of the State Bar of Texas;
(2) has practiced law for at least three years; and
(3) has substantial experience in the practice of criminal law.

Art. 26.05. Compensation of Counsel Appointed to Defend. [Effective until January 1, 2020]

(a) A counsel, other than an attorney with a public defender’s office or an attorney employed by the office of capital and forensic writs, appointed to represent a defendant in a criminal proceeding, including a habeas corpus hearing, shall be paid a reasonable attorney’s fee for performing the following services, based on the time and labor required, the complexity of the case, and the experience and ability of the appointed counsel:

(1) time spent in court making an appearance on behalf of the defendant as evidenced by a docket entry, time spent in trial, and time spent in a proceeding in which sworn oral testimony is elicited;
(2) reasonable and necessary time spent out of court on the case, supported by any documentation that the court requires;
(3) preparation of an appellate brief and preparation and presentation of oral argument to a court of appeals or the Court of Criminal Appeals; and
(4) preparation of a motion for rehearing.

(b) All payments made under this article shall be paid in accordance with a schedule of fees adopted by formal action of the judges of the county courts, statutory county courts, and district courts trying criminal cases in each county. On adoption of a schedule of fees as provided by
this subsection, a copy of the schedule shall be sent to the commissioners court of the county.

(c) Each fee schedule adopted shall state reasonable fixed rates or minimum and maximum hourly rates, taking into consideration reasonable and necessary overhead costs and the availability of qualified attorneys willing to accept the stated rates, and shall provide a form for the appointed counsel to itemize the types of services performed. No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable, approves the payment. If the judge or director disapproves the requested amount of payment, the judge or director shall make written findings stating the amount of payment that the judge or director approves and each reason for approving an amount different from the requested amount. An attorney whose request for payment is disapproved or is not otherwise acted on by the 60th day after the date the request for payment is submitted may appeal the disapproval or failure to act by filing a motion with the presiding judge of the administrative judicial region. On the filing of a motion, the presiding judge of the administrative judicial region shall review the disapproval of payment or failure to act and determine the appropriate amount of payment. In reviewing the disapproval or failure to act, the presiding judge of the administrative judicial region may conduct a hearing. Not later than the 45th day after the date an application for payment of a fee is submitted under this article, the commissioners court shall pay to the appointed counsel the amount that is approved by the presiding judge of the administrative judicial region and that is in accordance with the fee schedule for that county.

(d) A counsel in a noncapital case, other than an attorney with a public defender’s office, appointed to represent a defendant under this code shall be reimbursed for reasonable and necessary expenses, including expenses for investigation and for mental health and other experts. Expenses incurred with prior court approval shall be reimbursed in the same manner provided for capital cases by Articles 26.052(f) and (g), and expenses incurred without prior court approval shall be reimbursed in the manner provided for capital cases by Article 26.052(h).

(e) A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove an attorney from consideration for appointment if, after a hearing, it is shown that the attorney submitted a claim for legal services not performed by the attorney.

(f) All payments made under this article shall be paid from the general fund of the county in which the prosecution was instituted or habeas corpus hearing held and may be included as costs of court.

(g) If the judge determines that a defendant has financial resources that enable the defendant to offset in part or in whole the costs of the legal services provided to the defendant in accordance with Article 1.051(c) or (d), including any expenses and costs, the judge shall order the defendant to pay during the pendency of the charges or, if convicted, as court costs the amount that the judge finds the defendant is able to pay. The defendant may not be ordered to pay an amount that exceeds:

(1) the actual costs, including any expenses and costs, paid by the county for the legal services provided by an appointed attorney; or

(2) if the defendant was represented by a public defender’s office, the actual amount, including any expenses and costs, that would have otherwise been paid to an appointed attorney had the county not had a public defender’s office.

(g-1) (1) This subsection applies only to a defendant who at the time of sentencing to confinement or placement on community supervision, including deferred adjudication community supervision, did not have the financial resources to pay the maximum amount described by Subsection (g)(1) or (2), as applicable, for legal services provided to the defendant.

(2) At any time during a defendant’s sentence of confinement or period of community supervision, the judge, after providing written notice to the defendant and an opportunity for the defendant to present information relevant to the defendant’s ability to pay, may order a defendant to whom this subsection applies to pay any unpaid portion of the amount described by Subsection (g)(1) or (2), as applicable, if the judge determines that the defendant has the financial resources to pay the additional portion.

(3) The judge may amend an order entered under Subdivision (2) if, subsequent to the judge’s determination under that subdivision, the judge determines that the defendant is indigent or demonstrates an inability to pay the amount ordered.

(4) In making a determination under this subsection, the judge may only consider the information a court or courts’ designee is authorized to consider in making an indigency determination under Article 26.04(m).

(5) Notwithstanding any other law, the judge may not revoke or extend the defendant’s period of community supervision solely to collect the amount the defendant has been ordered to pay under this subsection.

(h) Reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

(i) [Repealed by Acts 2011, 82nd Leg., ch. 984 (H.B. 1754), § 15(1), effective September 1, 2011.]

If the judge or director disapproves the requested amount of payment, the judge or director shall make written findings stating the amount of payment that the judge or director approves and each reason for approving an amount different from the requested amount. (e) A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove an attorney from consideration for appointment if, after a hearing, it is shown that the attorney submitted a claim for legal services not performed by the attorney.

(f) All payments made under this article shall be paid from the general fund of the county in which the prosecution was instituted or habeas corpus hearing held and may be included as reimbursement fees.

(g) If the judge determines that a defendant has financial resources that enable the defendant to offset in part or in whole the costs of the legal services provided to the defendant in accordance with Article 1.051(c) or (d), including any expenses and costs, the judge shall order the defendant to pay during the pendency of the charges or, if convicted, as a reimbursement fee the amount that the judge finds the defendant is able to pay. The defendant may not be ordered to pay an amount that exceeds:

(1) the actual costs, including any expenses and costs, paid by the county for the legal services provided by an appointed attorney;

(2) if the defendant was represented by a public defender's office, the actual amount, including any expenses and costs, that would have otherwise been paid to an appointed attorney had the county not had a public defender's office.

(g-1) (1) This subsection applies only to a defendant who at the time of sentencing to confinement or placement on community supervision, including deferred adjudication community supervision, did not have the financial resources to pay the maximum amount described by Subsection (g)(1) or (2), as applicable, for legal services provided to the defendant.

(2) At any time during a defendant's sentence of confinement or period of community supervision, the judge, after providing written notice to the defendant and an opportunity for the defendant to present information relevant to the defendant’s ability to pay, may order a defendant to whom this subsection applies to pay any unpaid portion of the amount described by Subsection (g)(1) or (2), as applicable, if the judge determines that the defendant has the financial resources to pay the additional portion.

(3) The judge may amend an order entered under Subdivision (2) if, subsequent to the judge’s determination under that subdivision, the judge determines that the defendant is indigent or demonstrates an inability to pay the amount ordered.

(d) A court shall:

(1) notify the board if it determines that a defendant before the court is indigent and is an inmate charged with an offense committed while in the custody of the correctional institutions division or a correctional facility authorized by Section 495.001, Government Code; and

(2) request that the board provide legal representation for the inmate.

(e) The board shall provide legal representation for inmates described by Subsection (d) of this section. The board may employ attorneys, support staff, and any other personnel required to provide legal representation for those inmates. All personnel employed under this article are directly responsible to the board in the performance of their duties. The board shall pay all fees and costs associated with providing legal representation for those inmates.

(f) [Repealed by Acts 1993, 73rd Leg., ch. 988 (S.B. 532), § 7.02, effective September 1, 1993.]

(g) The court shall appoint an attorney other than an attorney provided by the board if the court determines for any of the following reasons that a conflict of interest could arise from the use of an attorney provided by the board under Subsection (e) of this article:

(1) the case involves more than one inmate and the representation of more than one inmate could impair the attorney’s effectiveness;

(2) the case is appealed and the court is satisfied that conflict of interest would prevent the presentation of a good faith allegation of ineffective assistance of counsel by a trial attorney provided by the board; or

(3) any conflict of interest exists under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas that precludes representation by an attorney appointed by the board.

(h) When the court appoints an attorney other than an attorney provided by the board:

(1) except as otherwise provided by this article, the inmate’s legal defense is subject to Articles 1.051, 26.04, 26.05, and 26.052, as applicable; and

(2) the county in which a facility of the correctional institutions division or a correctional facility authorized by Section 495.001, Government Code, is located shall pay from its general fund the total costs of the aggregate amount allowed and awarded by the court for attorney compensation and expenses under Article 26.05 or 26.052, as applicable.

(i) The state shall reimburse a county for attorney compensation and expenses awarded under Subsection (h). A court seeking reimbursement for a county shall certify to the comptroller of public accounts the amount of compensation and expenses for which the county is entitled to be reimbursed under this article. Not later than the 60th day after the date the comptroller receives from the court the request for reimbursement, the comptroller shall issue a warrant to the county in the amount certified by the court.

Art. 26.052. Appointment of Counsel in Death Penalty Case; Reimbursement of Investigative Expenses.

(a) Notwithstanding any other provision of this chapter, this article establishes procedures in death penalty cases for appointment and payment of counsel to represent indigent defendants at trial and on direct appeal and to apply for writ of certiorari in the United States Supreme Court.

(b) If a county is served by a public defender’s office, trial counsel and counsel for direct appeal or to apply for a writ of certiorari may be appointed as provided by the guidelines established by the public defender’s office. In all other cases in which the death penalty is sought, counsel shall be appointed as provided by this article.

(c) A local selection committee is created in each administrative judicial region created under Section 74.042, Government Code. The administrative judge of the judicial region shall appoint the members of the committee. A committee shall have not less than four members, including:

(1) the administrative judge of the judicial region;
(2) at least one district judge;
(3) a representative from the local bar association; and
(4) at least one practitioner who is board certified by the State Bar of Texas in criminal law.

(d) (1) The committee shall adopt standards for the qualification of attorneys to be appointed to represent indigent defendants in capital cases in which the death penalty is sought.

(2) The standards must require that a trial attorney appointed as lead counsel to a capital case:

(A) be a member of the State Bar of Texas;
(B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;
(C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney’s ability to provide effective representation;
(D) have at least five years of criminal law experience;
(E) have tried to a verdict as lead defense counsel a significant number of felony cases, including homicide trials and other trials for offenses punishable as second or first degree felonies or capital felonies;
(F) have trial experience in:

(i) the use of and challenges to mental health or forensic expert witnesses; and
(ii) investigating and presenting mitigating evidence at the penalty phase of a death penalty trial; and
(G) have participated in continuing legal education courses or other training relating to criminal defense in death penalty cases.

(3) The standards must require that an attorney appointed as lead appellate counsel in the direct appeal of a capital case:

(A) be a member of the State Bar of Texas;
(B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;
(C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney’s ability to provide effective representation;
(D) have at least five years of criminal law experience;
(E) have authored a significant number of appellate briefs, including appellate briefs for homicide cases and other cases involving an offense punishable as a capital felony or a felony of the first degree or an offense described by Article 42A.054(a);
(F) have trial or appellate experience in:

(i) the use of and challenges to mental health or forensic expert witnesses; and
(ii) the use of mitigating evidence at the penalty phase of a death penalty trial; and
(G) have participated in continuing legal education courses or other training relating to criminal defense in appealing death penalty cases.

(4) The committee shall prominently post the standards in each district clerk’s office in the region with a list of attorneys qualified for appointment.

(5) Not later than the second anniversary of the date an attorney is placed on the list of attorneys qualified for appointment in death penalty cases and each year following the second anniversary, the attorney must present proof to the committee that the attorney has successfully completed the minimum continuing legal education requirements of the State Bar of Texas, including a course or other form of training relating to criminal defense in death penalty cases or in appealing death penalty cases, as applicable. The committee shall remove the attorney’s name from the list of qualified attorneys if the attorney fails to provide the committee with proof of completion of the continuing legal education requirements.

(e) The presiding judge of the district court in which a capital felony case is filed shall appoint two attorneys, at least one of whom must be qualified under this chapter, to represent an indigent defendant as soon as practicable after charges are filed, unless the state gives notice in writing that the state will not seek the death penalty.

(f) Appointed counsel may file with the trial court a pretrial ex parte confidential request for advance payment of expenses to investigate potential defenses. The request for expenses must state:

(1) the type of investigation to be conducted;
(2) specific facts that suggest the investigation will result in admissible evidence; and
(3) an itemized list of anticipated expenses for each investigation.

(g) The court shall grant the request for advance payment of expenses in whole or in part if the request is reasonable. If the court denies in whole or in part the request for expenses, the court shall:

(1) state the reasons for the denial in writing;
(2) attach the denial to the confidential request; and
(3) submit the request and denial as a sealed exhibit to the record.

(h) Counsel may incur expenses without prior approval of the court. On presentation of a claim for reimbursement, the court shall order reimbursement of counsel for the expenses, if the expenses are reasonably necessary and reasonably incurred.

(i) If the indigent defendant is convicted of a capital felony and sentenced to death, the defendant is entitled to be represented by competent counsel on appeal and to apply for a writ of certiorari to the United States Supreme Court.

(j) As soon as practicable after a death sentence is imposed in a capital felony case, the presiding judge of the
convicting court shall appoint counsel to represent an indigent defendant on appeal and to apply for a writ of certiorari, if appropriate.

(k) The court may not appoint an attorney as counsel on appeal if the attorney represented the defendant at trial, unless:

(1) the defendant and the attorney request the appointment on the record; and

(2) the court finds good cause to make the appointment.

(l) An attorney appointed under this article to represent a defendant at trial on or direct appeal is compensated as provided by Article 26.05 from county funds. Advance payment of expenses anticipated or reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

(m) The local selection committee shall annually review the list of attorneys posted under Subsection (d) to ensure that each listed attorney satisfies the requirements under this chapter.

(n) At the request of an attorney, the local selection committee shall make a determination under Subsection (d)(2)(C) or (3)(C), as applicable, regarding an attorney’s current ability to provide effective representation following a judicial finding that the attorney previously rendered ineffective assistance of counsel in a capital case.

(a) Prior to accepting a plea of guilty or a plea of nolo contendere, the court shall admonish the defendant of:

(1) the range of the punishment attached to the offense;

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of a plea bargain agreement between the state and the defendant and, if an agreement exists, the court shall inform the defendant whether it will follow or reject the agreement in open court and before any finding on the plea. Should the court reject the agreement, the defendant shall be permitted to withdraw the defendant’s plea of guilty or nolo contendere;

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and the defendant’s attorney, the trial court must give its permission to the defendant before the defendant may prosecute an ap-

peal on any matter in the case except for those matters raised by written motions filed prior to trial;

(4) the fact that if the defendant is not a citizen of the United States of America, a plea of guilty or nolo contendere for the offense charged may result in deportation, the exclusion from admission to this country, or the denial of naturalization under federal law;

(5) the fact that the defendant will be required to meet the registration requirements of Chapter 62, if the defendant is convicted of or placed on deferred adjudication for an offense for which a person is subject to registration under that chapter; and

(6) the fact that if the defendant is placed on community supervision, after satisfactorily fulfilling the conditions of community supervision and on expiration of the period of community supervision, the court is authorized to release the defendant from the penalties and disabilities resulting from the offense as provided by Article 42A.701(f).

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court.

(d) Except as provided by Subsection (d-1), the court may make the admonitions required by this article either orally or in writing. If the court makes the admonitions in writing, it must receive a statement signed by the defendant and the defendant’s attorney that the defendant understands the admonitions and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make the admonitions orally.

(d-1) The court shall make the admonition required by Subsection (a)(4) both orally and in writing. Unless the court has received the statement as described by Subsection (d), the court must receive a statement signed by the defendant and the defendant’s attorney that the defendant understands the admonition required by Subsection (a)(4) and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make a record of that fact.

(e) Before accepting a plea of guilty or a plea of nolo contendere, the court shall, as applicable in the case:

(1) inquire as to whether a victim impact statement has been returned to the attorney representing the state and ask for a copy of the statement if one has been returned; and

(2) inquire as to whether the attorney representing the state has given notice of the existence and terms of any plea bargain agreement to the victim, guardian of a victim, or close relative of a deceased victim, as those terms are defined by Article 56.01.

(f) The court must substantially comply with Subsection (e) of this article. The failure of the court to comply with Subsection (e) of this article is not grounds for the defendant to set aside the conviction, sentence, or plea.

(g) Before accepting a plea of guilty or a plea of nolo contendere and on the request of a victim of the offense,
the court may assist the victim and the defendant in participating in a victim-offender mediation program.

(b) The court must substantially comply with Subsection (a)(5). The failure of the court to comply with Subsection (a)(5) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(b-1) The court must substantially comply with Subsection (a)(6). The failure of the court to comply with Subsection (a)(6) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(i) Notwithstanding this article, a court shall not order the state or any of its prosecuting attorneys to participate in mediation, dispute resolution, arbitration, or other similar procedures in relation to a criminal prosecution unless written consent of the state.

(a) Prior to accepting a plea of guilty or a plea of nolo contendere, the court shall admonish the defendant of:

(1) the range of the punishment attached to the offense;

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of a plea bargain agreement between the state and the defendant and, if an agreement exists, the court shall inform the defendant whether it will follow or reject the agreement in open court and before any finding on the plea. Should the court reject the agreement, the defendant shall be permitted to withdraw the defendant's plea of guilty or nolo contendere;

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and the defendant's attorney, the trial court must give its permission to the defendant before the defendant may prosecute an appeal on any matter in the case except for those matters raised by written motions filed prior to trial;

(4) the fact that if the defendant is not a citizen of the United States of America, a plea of guilty or nolo contendere for the offense charged may result in deportation, the exclusion from admission to this country, or the denial of naturalization under federal law;

(5) the fact that the defendant will be required to meet the registration requirements of Chapter 62, if the defendant is convicted of or placed on deferred adjudication for an offense for which a person is subject to registration under that chapter; and

(6) the fact that if the defendant is placed on community supervision, after satisfactorily fulfilling the conditions of community supervision and on expiration of the period of community supervision, the court is authorized to release the defendant from the penalties and disabilities resulting from the offense as provided by Article 42A.701(f).

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court.

(d) Except as provided by Subsection (d-1), the court may make the admonitions required by this article either orally or in writing. If the court makes the admonitions in writing, it must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonitions and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make the admonitions orally.

(d-1) The court shall make the admonition required by Subsection (a)(4) both orally and in writing. Unless the court has received the statement as described by Subsection (d), the court must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonition required by Subsection (a)(4) and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make a record of that fact.

(e) Before accepting a plea of guilty or a plea of nolo contendere, the court shall, as applicable in the case:

(1) inquire as to whether a victim impact statement has been returned to the attorney representing the state and ask for a copy of the statement if one has been returned; and

(2) inquire as to whether the attorney representing the state has given notice of the existence and terms of any plea bargain agreement to the victim, guardian of a victim, or close relative of a deceased victim, as those terms are defined by Article 56A.001.

(f) The court must substantially comply with Subsection (e) of this article. The failure of the court to comply with Subsection (e) of this article is not grounds for the defendant to set aside the conviction, sentence, or plea.

(g) Before accepting a plea of guilty or a plea of nolo contendere and on the request of a victim of the offense, the court may assist the victim and the defendant in participating in a victim-offender mediation program.

(h) The court must substantially comply with Subsection (a)(5). The failure of the court to comply with Subsec-

(b) Unless extraordinary circumstances require otherwise, the trial of a criminal action in which the alleged victim is younger than 14 years of age shall be given preference over other matters before the court, whether civil or criminal.

(c) Except as provided by Subsection (b), the trial of a criminal action against a defendant who has been determined to be restored to competency under Article 46B.084 shall be given preference over other matters before the court, whether civil or criminal.

(a) A conviction under Chapter 21, Section 20A.02(a)(3), (4), (7), or (8), Section 22.011, or Section 22.021, Penal Code, is supportable on the uncorroborated testimony of the victim of the sexual offense if the victim informed any person, other than the defendant, of the alleged offense within one year after the date on which the offense is alleged to have occurred.

1. 17 years of age or younger;
2. 65 years of age or older; or
3. 18 years of age or older who by reason of age or physical or mental disease, defect, or injury was substantially unable to satisfy the person’s need for food, shelter, medical care, or protection from harm.

Sec. 1. This article applies to a proceeding in the prosecution of an offense under any of the following provisions of the Penal Code, if committed against a child younger than 14 years of age or a person with a disability:

(a) If the court is notified by a party that the defendant is deaf and will be present at an arraignment, hearing, examining trial, or trial, or that a witness is deaf and will be called at a hearing, examining trial, or trial, the court shall appoint a qualified interpreter to interpret the proceedings in any language that the deaf person can understand, including but not limited to sign language. On the court’s motion or the motion of a party, the court may order testimony of a deaf witness and the interpretation of that testimony by the interpreter visually, electronically recorded for use in verification of the transcription of the reporter’s notes. The clerk of the court shall include that recording in the appellate record if requested by a party under Article 40.09 of this Code.

(b) Following the filing of an indictment, information, or complaint against a deaf defendant, the court on the motion of the defendant shall appoint a qualified interpreter to interpret in a language that the defendant can understand, including but not limited to sign language, communications concerning the case between the defendant and defense counsel. The interpreter may not disclose a communication between the defendant and defense counsel or a fact that came to the attention of the interpreter while interpreting those communications if defense counsel may not disclose that communication or fact.

(c) In all cases where the mental condition of a person is being considered and where such person may be committed to a mental institution, and where such person is deaf, all of the court proceedings pertaining to him shall be interpreted by a qualified interpreter appointed by the court.

(d) A proceeding for which an interpreter is required to be appointed under this Article may not commence until the appointed interpreter is in a position not exceeding ten feet from and in full view of the deaf person.

(e) The interpreter appointed under the terms of this Article shall be required to take an oath that he will make a true interpretation to the person accused or being examined, which person is deaf, of all the proceedings of his case in a language that he understands; and that he will repeat said deaf person’s answer to questions to counsel, court, or jury, in the English language, in his best skill and judgment.

(f) Interpreters appointed under this Article are entitled to a reasonable fee determined by the court after considering the recommendations of the Texas Commission for the Deaf and Hard of Hearing. The court shall endorse on both the commitment and the mandate from the appellate court all credit given the defendant under this section, and the Texas Department of Criminal Justice shall grant the credit in computing the defendant’s eligibility for parole and discharge.

Sec. 4. When a defendant who has been sentenced to imprisonment in the Texas Department of Criminal Justice has spent time in jail pending trial and sentence or pending appeal, the judge of the sentences court shall direct the sheriff to attach to the commitment papers a statement assessing the defendant’s conduct while in jail.

Sec. 5. Except as otherwise provided by Article 42A.106(b), the court after pronouncing the sentence shall inform the defendant of the defendant’s right to petition the court for an order of nondisclosure of criminal history record information under Subchapter E-1, Chapter 411, Government Code, unless the defendant is ineligible to pursue that right because of the requirements that apply to obtaining the order in the defendant’s circumstances, such as:

(1) the nature of the offense for which the defendant is convicted; or

(2) the defendant’s criminal history.

(b) The court shall permit a victim, close relative of a deceased victim, or guardian of a victim, as defined by Article 56A.001, to appear in person to present to the court and to the defendant a statement of the person’s views about the offense, the defendant, and the effect of the offense on the victim. The victim, relative, or guardian may not direct questions to the defendant while making the statement. The court reporter may not transcribe the statement. The statement must be made:

(1) after punishment has been assessed and the court has determined whether or not to grant community supervision in the case;

(2) after the court has announced the terms and conditions of the sentence; and

(3) after sentence is pronounced.

(c) The court may not impose a limit on the number of victims, close relatives, or guardians who may appear and present statements under Subsection (b) unless the court finds that additional statements would unreasonably delay the proceeding.

Sec. 2. (a) In all criminal cases the judge of the court in which the defendant is convicted shall give the defendant credit on the defendant’s sentence for the time that the defendant has spent:

(1) in jail for the case, including confinement served as described by Article 46B.009 and excluding confinement served as a condition of community supervision, from the time of his arrest and confinement until his sentence by the trial court;

(2) in a substance abuse treatment facility operated by the Texas Department of Criminal Justice under Section 493.009, Government Code, or another court-ordered residential program or facility as a condition of deferred adjudication community supervision granted in the case if the defendant successfully completes the treatment program at that facility; or

(3) confined in a mental health facility or residential care facility as described by Article 46B.009.

(b) In all revocations of a suspension of the imposition of a sentence the judge shall enter the restitution due and owing on the date of the revocation.

Sec. 3. If a defendant appeals his conviction, is not released on bail, and is retained in a jail as provided in Section 7, Article 42.09, pending his appeal, the judge of the court in which the defendant was convicted shall give the defendant credit on his sentence for the time that the defendant has spent in jail pending disposition of his appeal. The court shall endorse on both the commitment and the mandate from the appellate court all credit given the defendant under this section, and the Texas Department of Criminal Justice shall grant the credit in computing the defendant’s eligibility for parole and discharge.

Sec. 4. When a defendant who has been sentenced to imprisonment in the Texas Department of Criminal Justice has spent time in jail pending trial and sentence or pending appeal, the judge of the sentencing court shall direct the sheriff to attach to the commitment papers a statement assessing the defendant’s conduct while in jail.

Sec. 5. Except as otherwise provided by Article 42A.106(b), the court after pronouncing the sentence shall inform the defendant of the defendant’s right to petition the court for an order of nondisclosure of criminal history record information under Subchapter E-1, Chapter 411, Government Code, unless the defendant is ineligible to pursue that right because of the requirements that apply to obtaining the order in the defendant’s circumstances, such as:

(1) the nature of the offense for which the defendant is convicted; or

(2) the defendant’s criminal history.

Art. 42.19. Interstate Corrections Compact.

ARTICLE I.

PURPOSE AND POLICY

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment, and rehabilitation of various types of offenders, declare
that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment, and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II.
DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(a) “State” means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the commonwealth of Puerto Rico.

(b) “Sending state” means a state party to this compact in which conviction or court commitment was had.

(c) “Receiving state” means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) “Inmate” means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) “Institution” means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates are confined.

(f) “Contract” means any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE III.
CONTRACTS

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.
4. Delivery and retaking of inmates.
5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities, and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV.
PROCEDURES AND RIGHTS

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, such official may direct that the confinement be within an institution within the territory of such other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state. However, the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state who are in institutions pursuant to this compact including a conduct record of each inmate and shall certify such record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of the inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which the inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearing as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made.
The record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this paragraph (f), the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate and the sending and receiving states shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to this compact shall have any rights and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V.

ACT NOT REVIEWABLE IN RECEIVING STATE: EXTRADITION

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, or detention for such offense. The duly accredited officer of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution escaped from is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI.

FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant thereto. Any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision. However, if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII.

ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of such states upon similar action by such state.

ARTICLE VIII.

WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in the statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawal state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX.

OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair an agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation, or treatment of inmates, nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X.

CONSTRUCTION AND SEVERABILITY

(a) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

5. A defendant who from age, disease, or other physical or mental disability is unable to do manual labor shall not be required to work. The defendant's inability to do manual labor may be determined by a physician appointed for that purpose by the county judge or the commissioners court, who shall be paid for such service such compensation as said court may allow; and

Art. 45.051. Suspension of Sentence and Deferral of Final Disposition. [Effective until January 1, 2020]

(a) On a plea of guilty or nolo contendere by a defendant or on a finding of guilt in a misdemeanor case punishable by fine only and payment of all court costs, the judge may defer further proceedings without entering an adjudication of guilt and place the defendant on probation for a period not to exceed 180 days. In issuing the order of deferral, the judge may impose a special expense fee on the defendant in an amount not to exceed the amount of the fine that could be imposed on the defendant as punishment for the offense. The special expense fee may be collected at any time before the date on which the period of probation ends. The judge may elect not to impose the special expense fee for good cause shown by the defendant. If the judge orders the collection of a special expense fee, the judge shall require that the amount of the special expense fee be credited toward the payment of the amount of the fine imposed by the judge. An order of deferral under this subsection terminates any liability under a bond given for the charge.

(2) require an eligible defendant to discharge all or part of those costs by performing community service or attending a tutoring program under Article 45.049 or 45.0492; or

(2) require an eligible defendant to discharge all or part of those costs by performing community service or attending a tutoring program under Article 45.049 or 45.0492; or

(9) present to the court satisfactory evidence that the defendant has complied with each requirement imposed by the judge under this article; and

(10) comply with any other reasonable condition.

(b-1) If the defendant is younger than 25 years of age and the offense committed by the defendant is a traffic offense classified as a moving violation:

(B) may require the defendant to complete an additional driving safety course designed for drivers younger than 25 years of age and approved under Section 1001.111, Education Code; and

(3) if the defendant holds a provisional license, during the deferral period the judge shall require that the defendant be examined by the Department of Public Safety as required by Section 521.161(b)(2), Transportation Code; a defendant is not exempt from the examination regardless of whether the defendant was examined previously.

(b-2) A person examined as required by Subsection (b-1)(3) must pay a $10 examination fee.

(b-3) The fee collected under Subsection (b-2) must be deposited to the credit of a special account in the general revenue fund and may be used only by the Department of Public Safety for the administration of Chapter 521, Transportation Code.

(c) On determining that the defendant has complied with the requirements imposed by the judge under this article, the judge shall dismiss the complaint, and it shall be clearly noted in the docket that the complaint is dismissed and that there is not a final conviction.

(c-1) If the defendant fails to present within the deferral period satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court shall:

(1) notify the defendant in writing, mailed to the address on file with the court or appearing on the notice to appear, of that failure; and
(2) require the defendant to appear at the time and place stated in the notice to show cause why the order of deferral should not be revoked.

(c-2) On the defendant’s showing of good cause for failure to present satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court may allow an additional period during which the defendant may present evidence of the defendant’s compliance with the requirements.

(d) If on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant complied with the requirements imposed, the judge may impose the fine assessed or impose a lesser fine. The imposition of the fine or lesser fine constitutes a final conviction of the defendant. This subsection does not apply to a defendant required under Subsection (b-1) to complete a driving safety course approved under Chapter 1001, Education Code, or an examination under Section 521.161(b)(2), Transportation Code.

(d-1) If the defendant was required to complete a driving safety course or an examination under Subsection (b-1) and on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant completed that course or examination, the judge shall impose the fine assessed. The imposition of the fine constitutes a final conviction of the defendant.

(e) Records relating to a complaint dismissed as provided by this article may be expunged under Article 55.01. If a complaint is dismissed under this article, there is not a final conviction and the complaint may not be used against the person for any purpose.

(f) This article does not apply to:

(1) an offense to which Section 542.404, Transportation Code, applies; or

The judge may allow the defendant to pay the cost of attending the program in installments during the deferral period.

Art. 45.051. Suspension of Sentence and Deferral of Final Disposition. [Effective January 1, 2020]

(4) take any combination of actions authorized by Subdivision (1), (2), or (3).

(b-1) If the defendant is younger than 25 years of age and the offense committed by the defendant is a traffic offense classified as a moving violation:

(2) during the deferral period, the judge:
   (A) shall require the defendant to complete a driving safety course approved under Chapter 1001, Education Code; and
   (B) may require the defendant to complete an additional driving safety course designed for drivers younger than 25 years of age and approved under Section 1001.111, Education Code; and
(3) if the defendant holds a provisional license, during the deferral period the judge shall require that the defendant be examined by the Department of Public Safety as required by Section 521.161(b)(2), Transportation Code; a defendant is not exempt from the examination regardless of whether the defendant was examined previously.
(b-2) A person examined as required by Subsection (b-1)(3) must pay a $10 reimbursement fee for the examination.
(b-3) The reimbursement fee collected under Subsection (b-2) must be deposited to the credit of a special account in the general revenue fund and may be used only by the Department of Public Safety for the administration of Chapter 521, Transportation Code.

(c) On determining that the defendant has complied with the requirements imposed by the judge under this article, the judge shall dismiss the complaint, and it shall be clearly noted in the docket that the complaint is dismissed and that there is not a final conviction.

(c-1) If the defendant fails to present within the deferral period satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court shall:

(1) notify the defendant in writing, mailed to the address on file with the court or appearing on the notice to appear, of that failure; and
(2) require the defendant to appear at the time and place stated in the notice to show cause why the order of deferral should not be revoked.

(c-2) On the defendant’s showing of good cause for failure to present satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court may allow an additional period during which the defendant may present evidence of the defendant’s compliance with the requirements.

(d) If on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant complied with the requirements imposed, the judge may impose the fine assessed or impose a lesser fine. The imposition of the fine or lesser fine constitutes a final conviction of the defendant. This subsection does not apply to a defendant required under Subsection (b-1) to complete a driving safety course approved under Chapter 1001, Education Code, or an examination under Section 521.161(b)(2), Transportation Code.

(d-1) If the defendant was required to complete a driving safety course or an examination under Subsection (b-1) and on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant completed that course or examination, the judge shall impose the fine assessed. The imposition of the fine constitutes a final conviction of the defendant.

(e) Records relating to a complaint dismissed as provided by this article may be expunged under Article 55.01. If a complaint is dismissed under this article, there is not a final conviction and the complaint may not be used against the person for any purpose.

(f) This article does not apply to:

(g) If a judge requires a defendant under Subsection (b) to attend an alcohol awareness program or drug education program as described by Subdivision (6) of that subsection, unless the judge determines that the defendant is indigent and unable to pay the cost, the judge shall require the defendant to pay a reimbursement fee for the cost of attending the program. The judge may allow the defendant to pay the fee in installments during the deferral period.

Art. 46.04. Transportation to a Mental Health Facility or Residential Care Facility.

Sec. 1. Persons Accompanying Transport.

(a) A patient transported from a jail or detention facility to a mental health facility or a residential care facility shall be transported by a special officer for mental health assignment certified under Section 1701.404, Occupations Code, or by a sheriff or constable.

(b) The court ordering the transport shall require appropriate medical personnel to accompany the person transporting the patient, at the expense of the county from which the patient is transported, if there is reasonable cause to believe the patient will require medical assistance or will require the administration of medication during the transportation.

(c) A female patient must be accompanied by a female attendant.

Sec. 2. Requirements for Transport. — The transportation of a patient from a jail or detention facility to a mental health facility or residential care facility must meet the following requirements:

1. The patient must be transported directly to the facility within a reasonable amount of time and without undue delay;
2. The vehicle used to transport the patient must be adequately heated in cold weather and adequately ventilated in warm weather;
3. A special diet or other medical precautions recommended by the patient’s physician must be followed;
4. The person transporting the patient shall give the patient reasonable opportunities to get food and water and to use a bathroom; and
5. The patient may not be transported with a state prisoner.
Art. 46.05. Competency to Be Executed.

(a) A person who is incompetent to be executed may not be executed.

(b) The trial court retains jurisdiction over motions filed by or for a defendant under this article.

(c) A motion filed under this article must identify the proceeding in which the defendant was convicted, give the date of the final judgment, set forth the fact that an execution date has been set if the date has been set, and clearly set forth alleged facts in support of the assertion that the defendant is presently incompetent to be executed. The defendant shall attach affidavits, records, or other evidence supporting the defendant's allegations or shall state why those items are not attached. The defendant shall file by or for a defendant under this article.

(d) On receipt of a motion filed under this article, the trial court shall determine whether the defendant has raised a substantial doubt of the defendant's competency to be executed on the basis of:

(1) the motion, any attached documents, and any responsive pleadings; and

(2) if applicable, the presumption of competency under Subsection (e).

(e) If a defendant is determined to have previously filed a motion under this article, and has previously been determined to be competent to be executed, the previous adjudication creates a presumption of competency and the defendant is not entitled to a hearing on the subsequent motion filed under this article, unless the defendant makes a prima facie showing of a substantial change in circumstances sufficient to raise a significant question as to the defendant's competency to be executed at the time of filing the subsequent motion under this article.

(f) If the trial court determines that the defendant has made a substantial showing of incompetency, the court shall order at least two mental health experts to examine the defendant using the standard described by Subsection (h) to determine whether the defendant is incompetent to be executed.

(g) If the trial court does not determine that the defendant has made a substantial showing of incompetency, the court shall deny the motion and may set an execution date as otherwise provided by law.

(h) A defendant is incompetent to be executed if the defendant does not understand:

(1) that he or she is to be executed and that the execution is imminent; and

(2) the reason he or she is being executed.

(i) Mental health experts who examine a defendant under this article shall provide within a time ordered by the trial court copies of their reports to the attorney representing the state, the attorney representing the defendant, and the court.

(j) By filing a motion under this article, the defendant waives any claim of privilege with respect to, and consents to the release of, all mental health and medical records relevant to whether the defendant is incompetent to be executed.

(k) The trial court shall determine whether, on the basis of reports provided under Subsection (i), the motion, any attached documents, any responsive pleadings, and any evidence introduced in the final competency hearing, the defendant has established by a preponderance of the evidence that the defendant is incompetent to be executed. If the court makes a finding that the defendant is not incompetent to be executed, the court may set an execution date as otherwise provided by law.

(l) Following the trial court's determination under Subsection (k) and on motion of a party, the clerk shall send immediately to the court of criminal appeals in accordance with Section 8(d), Article 11.071, the appropriate documents for that court's review and entry of a judgment of whether to adopt the trial court's order, findings, or recommendations issued under Subsection (g) or (k). The court of criminal appeals also shall determine whether any existing execution date should be withdrawn and a stay of execution issued while that court is conducting its review or, if a stay is not issued during the review, after entry of its judgment.

(l-1) Notwithstanding Subsection (l), the court of criminal appeals may not review any finding of the defendant's competency made by a trial court as a result of a motion filed under this article if the motion is filed on or after the 20th day before the defendant's scheduled execution date.

(m) If a stay of execution is issued by the court of criminal appeals, the trial court periodically shall order that the defendant be reexamined by mental health experts to determine whether the defendant is no longer incompetent to be executed.

(n) If the court of criminal appeals enters a judgment that a defendant is not incompetent to be executed, the court may withdraw any stay of execution issued under Subsection (l), and the trial court may set an execution date as otherwise provided by law.

HISTORY: Enacted by Acts 2019, 86th Leg., ch. 1276 (H.B. 601), § 6, effective September 1, 2019.

Art. 46B.003. Incompetency; Presumptions.

(a) A person is incompetent to stand trial if the person does not have:

(1) sufficient present ability to consult with the person’s lawyer with a reasonable degree of rational understanding; or

(2) a rational as well as factual understanding of the proceedings against the person.

(b) A defendant is presumed competent to stand trial and shall be found competent to stand trial unless proved incompetent by a preponderance of the evidence.

Art. 46B.004. Raising Issue of Incompetency to Stand Trial.

(a) Either party may suggest by motion, or the trial court may suggest on its own motion, that the defendant may be incompetent to stand trial. A motion suggesting that the defendant may be incompetent to stand trial may be supported by affidavits setting out the facts on which the suggestion is made.

(b) If evidence suggesting the defendant may be incompetent to stand trial comes to the attention of the court, the court on its own motion shall suggest that the defendant may be incompetent to stand trial.

(c) On suggestion that the defendant may be incompetent to stand trial, the court shall determine by informal inquiry whether there is some evidence from any source that would support a finding that the defendant may be incompetent to stand trial.

(c-1) A suggestion of incompetency is the threshold requirement for an informal inquiry under Subsection (c) and may consist solely of a representation from any credible source that the defendant may be incompetent. A further evidentiary showing is not required to initiate the inquiry, and the court is not required to have a bona fide doubt about the competency of the defendant. Evidence suggesting the need for an informal inquiry may be based on observations made in relation to one or more of the factors described by Article 46B.024 or on any other indication that the defendant is incompetent within the meaning of Article 46B.003.

(d) If the court determines there is evidence to support a finding of incompetency, the court, except as provided by Subsection (e) and Article 46B.005(d), shall stay all other proceedings in the case.

(e) At any time during the proceedings under this chapter after the issue of the defendant’s incompetency to stand trial is first raised, the court on the motion of the attorney representing the state may dismiss all charges pending against the defendant, regardless of whether there is any evidence to support a finding of the defendant’s incompetency under Subsection (d) or whether the court has made a finding of incompetency under this chapter. If the court dismisses the charges against the defendant, the court may not continue the proceedings under this chapter, except that, if there is evidence to support a finding of the defendant’s incompetency under Subsection (d), the court may proceed under Subchapter F. If the court does not elect to proceed under Subchapter F, the court shall discharge the defendant.

Art. 46B.005. Determining Incompetency to Stand Trial.

(a) If after an informal inquiry the court determines
that evidence exists to support a finding of incompetency, the court shall order an examination under Subchapter B to determine whether the defendant is incompetent to stand trial in a criminal case.

(b) Except as provided by Subsection (c), the court shall hold a trial under Subchapter C before determining whether the defendant is incompetent to stand trial on the merits.

(c) A trial under this chapter is not required if:
(1) neither party's counsel requests a trial on the issue of incompetency;
(2) neither party's counsel opposes a finding of incompetency; and
(3) the court does not, on its own motion, determine that a trial is necessary to determine incompetency.

(d) If the issue of the defendant's incompetency to stand trial is raised after the trial on the merits begins, the court may determine the issue at any time before the sentence is pronounced. If the determination is delayed until after the return of a verdict, the court shall make the determination as soon as reasonably possible after the return. If a verdict of not guilty is returned, the court may not determine the issue of incompetency.

Art. 46B.006. Appointment of and Representation by Counsel.

The court is not required to appoint the same expert or experts who performed the initial examination of the defendant under that subchapter.

The court shall provide to the attorney representing the defendant and the attorney representing the state copies of a report based on notice under this article, other than notice under Subsection (b)(1), to enable any objection to the findings of the report to be made in a timely manner as required under Article 46B.084(a-1).

(b) If the head of the facility, the jail-based competency restoration program provider, or the outpatient competency restoration program provider believes that the defendant is a person with an intellectual disability, the head of the facility or the program provider shall have submitted to the court an affidavit stating the conclusions reached as a result of the examination.

Art. 46B.084. Proceedings on Return of Defendant to Court.

(a) (1) Not later than the next business day following the return of a defendant to the court, the court shall notify the attorney representing the state and the attorney for the defendant regarding the return. Within three business days of the date that notice is received under this subsection or, on a showing of good cause, a later date specified by the court, the attorney for the defendant shall meet and confer with the defendant to evaluate whether there is any suggestion that the defendant has not yet regained competency.

(2) Notwithstanding Subdivision (1), in a county with a population of less than one million or in a county with a population of four million or more, as soon as practicable following the date of the defendant's return to the court, the court shall provide the notice required by that subdivision to the attorney representing the state and the attorney for the defendant, and the attorney for the defendant shall meet and confer with the defendant as soon as practicable after the date of receipt of that notice.

(a-1) (1) Following the defendant's return to the court, the court shall make a determination with regard to the defendant's competency to stand trial. The court may make the determination based only on the most recent report that is filed under Article 46B.079(c) and based on notice under that article, other than notice under Subsection (b)(1) of that article, and on other medical information or personal history information relating to the defendant. A party may object in writing or in open court to the findings of the most recent report not later than the 15th day after the date on which the court received the applicable notice under Article 46B.079.

The court shall make the determination not later than the 20th day after the date on which the court received the applicable notice under Article 46B.079, or not later than the fifth day after the date of the defendant's return to court, whichever occurs first, regardless of whether a party objects to the report as described by this subsection and the issue is set for hearing under Subsection (b).

(2) Notwithstanding Subdivision (1), in a county with a population of less than one million or in a county with a population of four million or more, the court shall make the determination described by that subdivision not later than the 20th day after the date on which the court received notification under Article 46B.079, regardless of whether a party objects to the report as described by that subdivision and the issue is set for a hearing under Subsection (b).

(b) If a party objects under Subsection (a-1), the issue shall be set for a hearing. The hearing is before the court, except that on motion by the defendant, the defense counsel, the prosecuting attorney, or the court, the hearing shall be held before a jury.

(b-1) If the hearing is before the court, the hearing may be conducted by means of an electronic broadcast system as provided by Article 46B.013. Notwithstanding any other provision of this chapter, the defendant is not required to be returned to the court with respect to any hearing that is conducted under this article in the manner described by this subsection.

(c) [Repealed by Acts 2007, 80th Leg., ch. 1307 (S.B. 867), § 21, effective September 1, 2007.]

(d) (1) If the defendant is found competent to stand trial, on the court's own motion criminal proceedings in the case against the defendant shall be resumed not later than the 14th day after the date of the court's determination under this article that the defendant's competency has been restored.

(d-1) This article does not require the criminal case to be finally resolved within any specific period.

(e) If the defendant is found incompetent to stand trial and if all charges pending against the defendant are not dismissed, the court shall proceed under Subchapter E.

(f) If the defendant is found incompetent to stand trial and if all charges pending against the defendant are dismissed, the court shall proceed under Subchapter F.

Art. 46B.085. Subsequent Restoration Periods and Extensions of Those Periods Prohibited.

(a) The court may order only one initial period of restoration and one extension under this subchapter in connection with the same offense.

(b) After an initial restoration period and an extension are ordered as described by Subsection (a), any subsequent court orders for treatment must be issued under Subchapter E or F.
Art. 46B.086. Court-Ordered Medications.

(a) This article applies only to a defendant:
(1) who is determined under this chapter to be incompetent to stand trial;
(2) who either:
   (A) remains confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer to an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program;
   (B) is committed to an inpatient mental health facility, a residential care facility, or a jail-based competency restoration program for the purpose of competency restoration;
   (C) is confined in a correctional facility while awaiting further criminal proceedings following competency restoration; or
   (D) is subject to Article 46B.072, if the court has made the determinations required by Subsection (a-1) of that article;
(3) for whom a correctional facility or jail-based competency restoration program that employs or contracts with a licensed psychiatrist, an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program provider has prepared a continuity of care plan that requires the defendant to take psychoactive medications; and
(4) who, after a hearing held under Section 574.106 or 592.156, Health and Safety Code, if applicable, has been found to not meet the criteria prescribed by Sections 574.106(a) and (a-1) or 592.156(a) and (b), Health and Safety Code, for court-ordered administration of psychoactive medications.

(b) If a defendant described by Subsection (a) refuses to take psychoactive medications as required by the defendant’s continuity of care plan, the director of the facility or the program provider, as applicable, shall notify the court in which the criminal proceedings are pending of that fact not later than the end of the next business day following the refusal. The court shall promptly notify the attorney representing the state and the attorney representing the defendant of the defendant’s refusal. The attorney representing the state may file a written motion to compel medication. The motion to compel medication must be filed not later than the 15th day after the date a judge issues an order stating that the defendant does not meet the criteria for court-ordered administration of psychoactive medications under Section 574.106 or 592.156, Health and Safety Code, except that, for a defendant in an outpatient competency restoration program, the motion may be filed at any time.

(c) The court, after notice and after a hearing held not later than the 10th day after the motion to compel medication is filed, may authorize the director of the facility or the program provider, as applicable, to have the medication administered to the defendant, by reasonable force if necessary. A hearing under this subsection may be conducted using an electronic broadcast system as provided by Article 46B.013.

(d) The court may issue an order under this article only if the order is supported by the testimony of two physicians, one of whom is the physician at or with the applicable facility or program who is prescribing the medication as a component of the defendant’s continuity of care plan and another who is not otherwise involved in proceedings against the defendant. The court may require either or both physicians to examine the defendant and report on the examination to the court.

(e) The court may issue an order under this article if the court finds by clear and convincing evidence that:
   (1) the prescribed medication is medically appropriate, is in the best medical interest of the defendant, and does not present side effects that cause harm to the defendant that is greater than the medical benefit to the defendant;
   (2) the state has a clear and compelling interest in the defendant obtaining and maintaining competency to stand trial;
   (3) no other less invasive means of obtaining and maintaining the defendant’s competency exists; and
   (4) the prescribed medication will not unduly prejudice the defendant’s rights or use of defensive theories at trial.

(f) A statement made by a defendant to a physician during an examination under Subsection (d) may not be admitted against the defendant in any criminal proceeding, other than at:
   (1) a hearing on the defendant’s incompetency; or
   (2) any proceeding at which the defendant first introduces into evidence the contents of the statement.

(g) For a defendant described by Subsection (a)(2)(A), an order issued under this article:
   (1) authorizes the initiation of any appropriate mental health treatment for the defendant awaiting transfer; and
   (2) does not constitute authorization to retain the defendant in a correctional facility for competency restoration treatment.

Art. 46B.090. Jail-Based Restoration of Competency Pilot Program.

(a-1) If the legislature appropriates to the department the funding necessary for the department to operate a jail-based restoration of competency pilot program as described by this article, the department shall develop and implement the pilot program in one or two counties in this state that choose to participate in the pilot program. In developing the pilot program, the department shall coordinate and allow for input from each participating county.

(g) A contract under Subsection (b) must require the designated provider to collect and submit to the department the information specified by rules adopted under Subsection (c).

The psychiatrist must conduct one evaluation not later than the 21st day and one evaluation not later than the 55th day after the date the defendant begins to participate in the pilot program. The psychiatrist shall submit to the court a report concerning each evaluation required under this subsection.

(j) If at any time during a defendant’s participation in the jail-based restoration of competency pilot program the psychiatrist for the provider determines that the defendant has attained competency to stand trial:

1. The psychiatrist for the provider shall promptly issue and send to the court a report demonstrating that fact; and
2. The court shall consider that report as the report of an expert stating an opinion that the defendant has been restored to competency for purposes of Article 46B.0755(a) or (b).

(k) If at any time during a defendant’s participation in the jail-based restoration of competency pilot program the psychiatrist for the provider determines that the defendant’s competency to stand trial is unlikely to be restored in the foreseeable future:

1. The psychiatrist for the provider shall promptly issue and send to the court a report demonstrating that fact; and

   B. Release the defendant on bail as permitted under Chapter 17.

(l) If the psychiatrist for the provider determines that a defendant ordered to participate in the pilot program has not been restored to competency by the end of the 60th day after the date the defendant began to receive services in the pilot program:

1. the defendant is charged with an offense listed in Article 17.032(a); or
2. the indictment charging the offense alleges an affirmative finding under Article 42A.054(c) or (d).

Art. 46B.105. Transfer Following Civil Commitment Placement.

1. a unit of an inpatient mental health facility other than a maximum security unit;

(b) The executive commissioner shall appoint a review board of five members, including one psychiatrist licensed to practice medicine in this state and two persons who work directly with persons with mental illness or an intellectual disability, to determine whether the defendant is manifestly dangerous and, as a result of the danger the defendant presents, requires continued placement in a maximum security unit.

(c) The review board may not make a determination as to the defendant’s need for treatment.

(d) A finding that the defendant is not manifestly dangerous is not a medical determination that the defendant no longer meets the criteria for involuntary civil commitment under Subtitle C or D, Title 7, Health and Safety Code.

(e) If the superintendent of the facility at which the maximum security unit is located disagrees with the determination, the matter shall be referred to the executive commissioner. The executive commissioner shall decide whether the defendant is manifestly dangerous.

(a) The release of a defendant committed under this chapter from the commission, an outpatient treatment program, or another facility is subject to disapproval by the committing court if the court or the attorney representing the state has notified the head of the facility or outpatient treatment provider, as applicable, to which the defendant has been committed that a criminal charge remains pending against the defendant.

(b) If the head of the facility or outpatient treatment provider to which a defendant has been committed under this chapter determines that the defendant should be released from the facility, the head of the facility or outpatient treatment provider shall notify the committing court and the sheriff of the county from which the defendant was committed in writing of the release not later than the 14th day before the date on which the facility or outpatient treatment provider intends to release the defendant.

(d) The court shall, on receiving notice from the head of a facility or outpatient treatment provider of intent to release the defendant under Subsection (b), hold a hearing to determine whether release is appropriate under the applicable criteria in Subtitle C or D, Title 7, Health and Safety Code. The court may, on motion of the attorney representing the state or on its own motion, hold a hearing to determine whether release is appropriate under the applicable criteria in Subtitle C or D, Title 7, Health and Safety Code, regardless of whether the court receives notice that the head of a facility or outpatient treatment provider provides notice of intent to release the defendant under Subsection (b). The court may conduct the hearing:

1. at the facility; or
2. by means of an electronic broadcast system as provided by Article 46B.013.

(e) If the court determines that release is not appropriate, the court shall enter an order directing the head of the facility or the outpatient treatment provider to not release the defendant.

(f) If an order is entered under Subsection (e), any subsequent proceeding to release the defendant is subject to this article.

Art. 46B.110. Motion by Defendant, Attorney Representing Defendant, or Attorney Representing State.

(a) The defendant, the attorney representing the defendant, or the attorney representing the state may move that the court determine that the defendant has been restored to competency.

(b) A motion for a determination of competency may be accompanied by affidavits supporting the moving party's assertion that the defendant is competent.

Art. 46B.111. Appointment of Examiners.

On the filing of a request or motion to determine that the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, the court may appoint disinterested experts to examine the defendant in accordance with Subchapter B.

Art. 46B.112. Determination of Restoration with Agreement.

On the filing of a request or motion to determine that the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, the court shall find the defendant competent to stand trial and proceed in the same manner as if the defendant had been found restored to competency at a hearing if:

1. both parties agree that the defendant is competent to stand trial; and
2. the court concurs.

Art. 46B.113. Determination of Restoration Without Agreement.

(a) The court shall hold a hearing on a request by the head of a facility or outpatient treatment provider to which a defendant has been committed as a result of a finding of incompetency to stand trial to determine whether the defendant has been restored to competency.

(b) The court may hold a hearing on a motion to determine whether the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, and shall hold a hearing if a motion and any supporting material establish good reason to believe the defendant may have been restored to competency.

(c) If a court holds a hearing under this article, on the request of the counsel for either party or the motion of the court, a jury shall make the competency determination. If the competency determination will be made by the court rather than a jury, the court may conduct the hearing:

1. at the facility; or
2. by means of an electronic broadcast system as provided by Article 46B.013.

(d) If the head of a facility or outpatient treatment provider to which the defendant was committed as a result of a finding of incompetency to stand trial has provided an opinion that the defendant has regained competency, competency is presumed at a hearing under this subchapter and continuing incompetency must be proved by a preponderance of the evidence.

(e) If the head of a facility or outpatient treatment provider has not provided an opinion described by Subsection (d), incompetency is presumed at a hearing under this subchapter and the defendant's competency must be proved by a preponderance of the evidence.

Art. 46B.114. Transportation of Defendant to Court.

If the hearing is not conducted at the facility to which the defendant has been committed under this chapter or conducted by means of an electronic broadcast system as
described by this subchapter, an order setting a hearing to determine whether the defendant has been restored to competency shall direct that, as soon as practicable but not earlier than 72 hours before the date the hearing is scheduled, the defendant be placed in the custody of the sheriff of the county in which the committing court is located or the sheriff's designee for transportation to the court. The sheriff or the sheriff's designee may not take custody of the defendant under this article until 72 hours before the date the hearing is scheduled.

Art. 46B.115. Subsequent Redeterminations of Competency.

(a) If the court has made a determination that a defendant has not been restored to competency under this subchapter, a subsequent request or motion for a redetermination of competency filed before the 91st day after the date of that determination must:

(1) explain why the person making the request or motion believes another inquiry into restoration is appropriate; and

(2) provide support for the belief.

(b) The court may hold a hearing on a request or motion under this article only if the court first finds reason to believe the defendant's condition has materially changed since the prior determination that the defendant was not restored to competency.

(c) If the competency determination will be made by the court, the court may conduct the hearing at the facility to which the defendant has been committed under this chapter or may conduct the hearing by means of an electronic broadcast system as provided by Article 46B.013.

Art. 46B.116. Disposition on Determination of Competency.

If the defendant is found competent to stand trial, the proceedings on the criminal charge may proceed.

Art. 46B.117. Disposition on Determination of Incompetency.

If a defendant under order of commitment to a facility or outpatient treatment program is found to not have been restored to competency to stand trial, the court shall remand the defendant pursuant to that order of commitment, and, if applicable, order the defendant placed in the custody of the sheriff or the sheriff's designee for transportation back to the facility or outpatient treatment program.

(b) If it appears to the court that there is evidence to support a finding of mental illness or an intellectual disability, the court shall enter an order transferring the defendant to the appropriate court for civil commitment proceedings and stating that all charges pending against the defendant in that court have been dismissed. The court may order the defendant:

(1) detained in jail or any other suitable place pending the prompt initiation and prosecution by the attorney for the state or other person designated by the court of appropriate civil proceedings to determine whether the defendant will be committed to a mental health facility or residential care facility; or

(c) Notwithstanding Subsection (b), a defendant placed in a facility of the commission pending civil hearing under this article may be detained in that facility only with the consent of the head of the facility and pursuant to an order of protective custody issued under Subtitle C, Title 7, Health and Safety Code.

(c) If the defendant was found not guilty by reason of insanity, the judgment must reflect the finding made under Article 46C.157.

If a defendant is found not guilty by reason of insanity, the court immediately shall determine whether the offense of which the person was acquitted involved conduct that:

If the court finds that the offense of which the person was acquitted involved conduct that caused serious bodily injury to another person, placed another person in imminent danger of serious bodily injury, or consisted of a threat of serious bodily injury to another person through the use of a deadly weapon, the court retains jurisdiction over the acquitted person until either:

(1) the court discharges the person and terminates its jurisdiction under Article 46C.268; or
(2) the cumulative total period of institutionalization and outpatient or community-based treatment and supervision under the court’s jurisdiction equals the maximum term provided by law for the offense of which the person was acquitted by reason of insanity and the court’s jurisdiction is automatically terminated under Article 46C.269.

If the court finds that the offense of which the person was acquitted did not involve conduct that caused serious bodily injury to another person, placed another person in imminent danger of serious bodily injury, or consisted of a threat of serious bodily injury to another person through the use of a deadly weapon, the court shall proceed under Subchapter E.

Art. 46C.160. Detention Pending Further Proceedings.

(b) If the court determines that there is evidence to support a finding of mental illness or mental retardation, the court shall enter an order transferring the person to the appropriate court for civil commitment proceedings to determine whether the person should receive court-ordered mental health services under Subtitle C, Title 7, Health and Safety Code, or be committed to a residential care facility to receive mental retardation services under Subtitle D, Title 7, Health and Safety Code. The court may also order the person:

(1) detained in jail or any other suitable place pending the prompt initiation and prosecution of appropriate civil proceedings by the attorney representing the state or other person designated by the court; or

   (b) The report in general terms must describe and explain the procedure, techniques, and tests used in the examination of the person.
   (c) The report must address:
      (1) whether the acquitted person has a mental illness or mental retardation and, if so, whether the mental illness or mental retardation is severe;
      (2) whether as a result of any severe mental illness or mental retardation the acquitted person is likely to cause serious harm to another;
      (3) whether as a result of any impairment the acquitted person is subject to commitment under Subtitle C or D, Title 7, Health and Safety Code;

   (a) The hearing on disposition shall be conducted in the same manner as a hearing on an application for involuntary commitment under Subtitle C or D, Title 7, Health and Safety Code, except that the use of a jury is governed by Article 46C.255.
   (b) At the hearing, the court shall address:
      (1) whether the person acquitted by reason of insanity has a severe mental illness or mental retardation;
      (2) whether as a result of any mental illness or mental retardation the person is likely to cause serious harm to another; and

   (d) The court shall order the acquitted person to receive outpatient or community-based treatment and supervision under Article 46C.257 if the grounds required for that order are established.
   (e) The court shall order the acquitted person transferred to an appropriate court for proceedings under Subtitle C or D, Title 7, Health and Safety Code, if the state fails to establish the grounds required for an order under Article 46C.256 or 46C.257 but the evidence provides a reasonable basis for believing the acquitted person is a proper subject for those proceedings.
   (f) The court shall order the acquitted person discharged and immediately released if the evidence fails to establish that disposition under Subsection (c), (d), or (e) is appropriate.

Art. 46C.254. Effect of Stabilization on Treatment Regimen.
   If an acquitted person is stabilized on a treatment regimen, including medication and other treatment modalities, rendering the person no longer likely to cause serious harm to another, inpatient treatment or residential care may be found necessary to protect the safety of others only if:
   (1) the person would become likely to cause serious harm to another if the person fails to follow the treatment regimen on an Order to Receive Outpatient or Community-Based Treatment and Supervision; and
   (2) under an Order to Receive Outpatient or Community-Based Treatment and Supervision either:
      (A) the person is likely to fail to comply with an available regimen of outpatient or community-based treatment, as determined by the person’s insight into the need for medication, the number, severity, and controllability of side effects, the availability of support and treatment programs for the person from community members, and other appropriate considerations; or
      (B) a regimen of outpatient or community-based treatment will not be available to the person.

Art. 46C.255. Trial by Jury.

Art. 46C.256. Order of Commitment to Inpatient Treatment or Residential Care. 
(a) The court shall order the acquitted person committed to a mental hospital or other appropriate facility for inpatient treatment or residential care if the state establishes by clear and convincing evidence that:

(3) inpatient treatment or residential care is necessary to protect the safety of others.
(b) In determining whether inpatient treatment or residential care has been proved necessary, the court shall consider whether the evidence shows both that:
(1) an adequate regimen of outpatient or community-based treatment will be available to the person; and
(2) the person will follow that regimen.
(c) The order of commitment to inpatient treatment or residential care expires on the 181st day following the date the order is issued but is subject to renewal as provided by Article 46C.261.

Art. 46C.257. Order to Receive Outpatient or Community-Based Treatment and Supervision.

Art. 46C.258. Responsibility of Inpatient or Residential Care Facility. 
(a) The head of the facility to which an acquitted person is committed has, during the commitment period, a continuing responsibility to determine:
(1) whether the acquitted person continues to have a severe mental illness or mental retardation and is likely to cause serious harm to another because of any severe mental illness or mental retardation; and
(2) if so, whether treatment and supervision cannot be safely and effectively provided as outpatient or community-based treatment and supervision.
(b) The head of the facility must notify the committing court and seek modification of the order of commitment if the head of the facility determines that an acquitted person no longer has a severe mental illness or mental retardation, is no longer likely to cause serious harm to another, or that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.
(c) Not later than the 60th day before the date of expiration of the order, the head of the facility shall transmit to the committing court a psychological evaluation of the acquitted person, a certificate of medical examination of the person, and any recommendation for further treatment of the person. The committing court shall make the documents available to the attorneys representing the state and the acquitted person.

If an acquitted person is committed under this subchapter, the person's status as a patient or resident is governed by Subtitle C or D, Title 7, Health and Safety Code, except that:
(1) transfer to a nonsecure unit is governed by Article 46C.260;
(2) modification of the order to direct outpatient or community-based treatment and supervision is governed by Article 46C.262; and
(3) discharge is governed by Article 46C.268.

(a) A person committed to a facility under this subchapter shall be committed to a facility designated by the commission.
(b) A person committed under this subchapter shall be transferred to the designated facility immediately on the entry of the order of commitment.

(c) Unless a person committed to a maximum security unit by the commission is determined to be manifestly dangerous by a review board under this article, not later than the 60th day following the date of the person’s arrival at the maximum security unit the person shall be transferred to a non-maximum security unit of a facility designated by the commission.

(d) The executive commissioner shall appoint a review board of five members, including one psychiatrist licensed to practice medicine in this state and two persons who work directly with persons with mental illnesses or with mental retardation, to determine whether the person is manifestly dangerous and, as a result of the danger the person presents, requires continued placement in a maximum security unit.

(e) If the head of the facility at which the maximum security unit is located disagrees with the determination, then the matter shall be referred to the executive commissioner. The executive commissioner shall decide whether the person is manifestly dangerous.

Art. 46C.261. Renewal of Orders for Inpatient Commitment or Outpatient or Community-Based Treatment and Supervision.

(a) A court that orders an acquitted person committed to inpatient treatment or orders outpatient or community-based treatment and supervision annually shall determine whether to renew the order.

(b) Not later than the 30th day before the date an order is scheduled to expire, the institution to which a person is committed, the person responsible for providing outpatient or community-based treatment and supervision, or the attorney representing the state may file a request that the order be renewed. The request must explain in detail why outpatient or community-based treatment and supervision if the court finds the acquitted person established by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

Art. 46C.262. Court-Ordered Outpatient or Community-Based Treatment and Supervision After Inpatient Commitment.

(a) An acquitted person, the head of the facility to which the acquitted person is committed, or the attorney representing the state may request that the court modify an order for inpatient treatment or residential care to order outpatient or community-based treatment and supervision.

(b) The court shall hold a hearing on a request made by the head of the facility to which the acquitted person is committed. A hearing under this subsection must be held not later than the 14th day after the date of the request.

(c) If a request is made by an acquitted person or the attorney representing the state, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material provide a basis for believing modification of the order may be appropriate.

(d) If a hearing is held, the person may be transferred from the facility to which the acquitted person was committed to a jail for purposes of participating in the hearing only if necessary but not earlier than 72 hours before the hearing begins. If the order is renewed, the person shall be transferred back to the facility immediately on renewal of the order.

(g) If no objection is made, the court may admit into evidence the certificate of medical examination for mental illness. Admitted certificates constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificate and the detailed request for renewal.

(h) A court shall renew the order only if the court finds that the party who requested the renewal has established by clear and convincing evidence that continued mandatory supervision and treatment are appropriate. A renewed order authorizes continued inpatient commitment or outpatient or community-based treatment and supervision for not more than one year.

(i) The court, on application for renewal of an order for inpatient or residential care services, may modify the order to provide for outpatient or community-based treatment and supervision if the court finds the acquitted person established by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.
Art. 46C.263. Court-Ordered Outpatient or Community-Based Treatment and Supervision.

(a) The court may order an acquitted person to participate in an outpatient or community-based regimen of treatment and supervision:

(2) on renewal of an order of commitment under Article 46C.261; or

(3) after a period of inpatient treatment or residential care under Article 46C.262.

(b) An acquitted person may be ordered to participate in an outpatient or community-based regimen of treatment and supervision only if:

(1) the court receives and approves an outpatient or community-based treatment plan that comprehensively provides for the outpatient or community-based treatment and supervision; and

(2) the court finds that the outpatient or community-based treatment and supervision provided for by the plan will be available to and provided to the acquitted person.

(c) The order may require the person to participate in a prescribed regimen of medical, psychiatric, or psychological care or treatment, and the regimen may include treatment with psychoactive medication.

(d) The court may order that supervision of the acquitted person be provided by the appropriate community supervision and corrections department or the facility administrator of a community center that provides mental health or mental retardation services.

(e) The court may order the acquitted person to participate in a supervision program funded by the Texas Correctional Office on Offenders with Medical or Mental Impairments.

(f) An order under this article must identify the person responsible for administering an ordered regimen of outpatient or community-based treatment and supervision.

(g) In determining whether an acquitted person should be ordered to receive outpatient or community-based treatment and supervision rather than inpatient care or residential treatment, the court shall have as its primary concern the protection of society.

Art. 46C.264. Location of Court-Ordered Outpatient or Community-Based Treatment and Supervision.

(a) The court may order the outpatient or community-based treatment and supervision to be provided in any appropriate county where the necessary resources are available.

Art. 46C.265. Supervisory Responsibility for Outpatient or Community-Based Treatment and Supervision.

(a) The person responsible for administering a regimen of outpatient or community-based treatment and supervision shall:

(2) becomes likely to cause serious harm to another.

Art. 46C.266. Modification or Revocation of Order for Outpatient or Community-Based Treatment and Supervision.

(a) The court, on its own motion or the motion of any interested person and after notice to the acquitted person and a hearing, may modify or revoke court-ordered outpatient or community-based treatment and supervision.

(b) At the hearing, the court without a jury shall determine whether the state has established clear and convincing evidence that:

(1) the acquitted person failed to comply with the regimen in a manner or under circumstances indicating the person will become likely to cause serious harm to another if the person is provided continued outpatient or community-based treatment and supervision; or

(2) the acquitted person has become likely to cause serious harm to another if provided continued outpatient or community-based treatment and supervision.

(c) On a determination under Subsection (b), the court may take any appropriate action, including:

(1) revoking court-ordered outpatient or community-based treatment and supervision and ordering the person committed for inpatient or residential care; or

(2) imposing additional or more stringent terms on continued outpatient or community-based treatment.

(d) An acquitted person who is subject of a proceeding under this article is entitled to representation by counsel in the proceeding.

(e) The court shall set a date for a hearing under this article that is not later than the seventh day after the applicable motion was filed. The court may grant one or more continuances of the hearing on the motion of a party or of the court and for good cause shown.

Art. 46C.267. Detention Pending Proceedings to Modify or Revoke Order for Outpatient or Community-Based Treatment and Supervision.

(a) The state or the head of the facility or other person responsible for administering a regimen of outpatient or
community-based treatment and supervision may file a sworn application with the court for the detention of an acquitted person receiving court-ordered outpatient or community-based treatment and supervision. The application must state that the person meets the criteria of Article 46C.266 and provide a detailed explanation of that statement.

(b) If the court determines that the application establishes probable cause to believe the order for outpatient or community-based treatment and supervision should be revoked, the court shall issue an order to an on-duty peace officer authorizing the acquitted person to be taken into custody and brought before the court.

(c) An acquitted person taken into custody under an order of detention shall be brought before the court without unnecessary delay.

(d) When an acquitted person is brought before the court, the court shall determine whether there is probable cause to believe that the order for outpatient or community-based treatment and supervision should be revoked. On a finding that probable cause for revocation exists, the court shall order the person held in protective custody pending a determination of whether the order should be revoked.

(e) An acquitted person may be detained under an order for protective custody for a period not to exceed 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b), Health and Safety Code, for an extreme emergency.

(f) This subchapter does not affect the power of a peace officer to take an acquitted person into custody under Section 573.001, Health and Safety Code.

Art. 46C.268. Advance Discharge of Acquitted Person and Termination of Jurisdiction.

(a) An acquitted person, the head of the facility to which the acquitted person is committed, the person responsible for providing the outpatient or community-based treatment and supervision, or the state may request that the court discharge an acquitted person from inpatient commitment or outpatient or community-based treatment and supervision.

(b) Not later than the 14th day after the date of the request, the court shall hold a hearing on a request made by the head of the facility to which the acquitted person is committed or the person responsible for providing the outpatient or community-based treatment and supervision.

(c) If a request is made by an acquitted person, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material indicate that modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

(e) The court shall rule on the request during or shortly after any hearing that is held and in any case not later than the 14th day after the date of the request.

(f) The court shall discharge the acquitted person from all court-ordered commitment and treatment and supervision and terminate the court's jurisdiction over the person if the court finds that the acquitted person has established by a preponderance of the evidence that:

(1) the acquitted person does not have a severe mental illness or mental retardation; or

(2) the acquitted person is not likely to cause serious harm to another because of any severe mental illness or mental retardation.

Art. 46C.269. Termination of Court's Jurisdiction.

(a) The jurisdiction of the court over a person covered by this subchapter automatically terminates on the date when the cumulative total period of institutionalization and outpatient or community-based treatment and supervision imposed under this subchapter equals the maximum term of imprisonment provided by law for the offense of which the person was acquitted by reason of insanity.

(b) On the termination of the court's jurisdiction under this article, the person must be discharged from any inpatient treatment or residential care or outpatient or community-based treatment and supervision ordered under this subchapter.

(c) An inpatient or residential care facility to which a person has been committed under this subchapter or a person responsible for administering a regimen of outpatient or community-based treatment and supervision under this subchapter must notify the court not later than the 30th day before the court's jurisdiction over the person ends under this article.

by Subsection (c); or

(B) convicted and subsequently:

(i) pardoned for a reason other than that de-

any, has not resulted in a final conviction and is no
longer pending and there was no court-ordered com-

unless the offense is a Class C misdemeanor, provided
that:

(A) regardless of whether any statute of limitations
exists for the offense and whether any limitations
period for the offense has expired, an indictment or

of a misdemeanor offense based on the person’s arrest
or charging the person with the commission of any
felony offense arising out of the same transaction for
which the person was arrested:

(B) prosecution of the person for the offense for
which the person was arrested is no longer possible
because the limitations period has expired.

article, a person may not expunge records and files relating
to an arrest that occurs pursuant to a warrant issued
under Article 42A.751(b).

(a-2) Notwithstanding any other provision of this
article, a person who intentionally or knowingly absconds
from the jurisdiction after being released under Chapter

expunction of the records and files relating to that arrest.

(a-3) A person is eligible under Subsection

(b-1) A justice court or a municipal court of record may only expunge records and files under Subsection (b) that relate to the arrest of a person for an offense punishable by fine only.

(c) A court may not order the expunction of records and files relating to an arrest for an offense for which a person is subsequently acquitted, whether by the trial court, a court of appeals, or the court of criminal appeals, if the offense for which the person was acquitted arose out of a criminal episode, as defined by Section 3.01, Penal Code, and the person was convicted of or remains subject to prosecution for at least one other offense occurring during the criminal episode.

(d) A person is entitled to obtain the expunction of any information that identifies the person, including the person's name, address, date of birth, driver's license number, and social security number, contained in records and files relating to the person's arrest or the arrest of another person if:

   (D) date of birth;
   (E) driver’s license number;
   (F) social security number;

(2) the offense charged against the person who is the subject of the expunction order;

(3) the date the person who is the subject of the expunction order was arrested;

(4) the case number and court of offense; and
(5) the tracking incident number (TRN) assigned to the individual incident of arrest under Article 66.251(b)(1) by the Department of Public Safety.

(c) When the order of expunction is final, the clerk of the court shall send a certified copy of the order to the Crime Records Service of the Department of Public Safety and to each official or agency or other governmental entity of this state or of any political subdivision of this state named in the order. The certified copy of the order must be sent by secure electronic mail, electronic transmission, or facsimile transmission or otherwise by certified mail, return receipt requested. In sending the order to a governmental entity named in the order, the clerk may elect to substitute hand delivery for certified mail under this subsection, but the clerk must receive a receipt for that hand-delivered order.

(c-1) The Department of Public Safety shall notify any central federal depository of criminal records by any means, including secure electronic mail, electronic transmission, or facsimile transmission, of the order with an explanation of the effect of the order and a request that the depository, as appropriate, either:

(1) destroy or return to the court the records in possession of the depository that are subject to the order, including any information with respect to the order; or

(2) comply with Section 5(f) pertaining to information contained in records and files of a person entitled to expunction under Article 55.01(d).

(c-2) The Department of Public Safety shall also provide, by secure electronic mail, electronic transmission, or facsimile transmission, notice of the order to any private entity that is named in the order or that purchases criminal history record information from the department. The notice must include an explanation of the effect of the order and a request that the entity destroy any information in the possession of the entity that is subject to the order. The department may charge to a private entity that purchases criminal history record information from the department a fee in an amount sufficient to recover costs incurred by the department in providing notice under this subsection to the entity.

(d) Any returned receipts received by the clerk from notices of the hearing and copies of the order shall be maintained in the file on the proceedings under this chapter.

Sec. 4. (a) If the state establishes that the person who is the subject of an expunction order is still subject to conviction for an offense arising out of the transaction for which the person was arrested because the statute of limitations has not run and there is reasonable cause to believe that the state may proceed against the person for the offense, the court may provide in its expunction order that the law enforcement agency and the prosecuting attorney responsible for investigating the offense may retain any records and files that are necessary to the investigation.

(a-1) The court shall provide in its expunction order that the applicable law enforcement agency and prosecuting attorney may retain the arrest records and files of any person who becomes entitled to an expunction of those records and files based on the expiration of a period described by Article 55.01(a)(2)(A)(i)(a), (b), or (c), but without the certification of the prosecuting attorney as described by Article 55.01(a)(2)(A)(i)(d).

(a-2) In the case of a person who is the subject of an expunction order, the state establishes that the person is the subject of the expunction order or the state establishes that the person is the subject of an acquittal, the court may provide in the expunction order that the law enforcement agency and the prosecuting attorney retain records and files:

(1) the records and files are necessary to conduct a subsequent investigation and prosecution of a person other than the person who is the subject of the expunction order; or

(2) the state establishes that the records and files are necessary for use in:

   (A) another criminal case, including a prosecution, motion to adjudicate or revoke community supervision, parole revocation hearing, mandatory supervision revocation hearing, punishment hearing, or bond hearing; or

   (B) a civil case, including a civil suit or suit for possession of or access to a child.

(b) Unless the person who is the subject of the expunction order is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Subsection (a-1) or (a-2), the provisions of Articles 55.03 and 55.04 apply to files and records retained under this section.

Sec. 5. (a) Except as provided by Subsections (f) and (g), on receipt of the order, each official or agency or other governmental entity named in the order shall:

(1) return all records and files that are subject to the expunction order to the court or in cases other than those described by Section 1a, if removal is impracticable, obliterate all portions of the record or file that identify the person who is the subject of the order and notify the court of its action; and

(2) delete from its public records all index references to the records and files that are subject to the expunction order.

(b) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d), the court may give the person who is the subject of the order all records and files returned to it pursuant to its order.

(c) Except in the case of a person who is the subject of an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), if an order of expunction is issued under this article, the court records concerning expunction proceedings are not open for inspection by anyone except the person who is the subject of the order unless the order permits retention of a record under Section 4 of this article and the person is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Section 4(a) of this article. The clerk of the court issuing the order shall obliterate all public references to the proceeding and maintain the files or other records in an area not open to inspection.
(d) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), the clerk of the court shall destroy all the files or other records maintained under Subsection (c) not earlier than the 60th day after the date the order of expunction is issued or later than the first anniversary of that date unless the records or files were released under Subsection (b).

(d-1) Not later than the 30th day before the date on which the clerk destroys files or other records under Subsection (d), the clerk shall provide notice by mail, electronic mail, or facsimile transmission to the attorney representing the state in the expunction proceeding. If the attorney representing the state in the expunction proceeding objects to the destruction not later than the 20th day after receiving notice under this subsection, the clerk may not destroy the files or other records until the first anniversary of the date the order of expunction is issued or the first business day after that date.

(e) The clerk shall certify to the court the destruction of files or other records under Subsection (d) of this section.

(f) On receipt of an order granting expunction to a person entitled to expunction under Article 55.01(d), each official, agency, or other governmental entity named in the order:

(1) shall:
   (A) obliterate all portions of the record or file that identify the petitioner; and
   (B) substitute for all obliterated portions of the record or file any available information that identifies the person arrested; and

(2) may not return the record or file or delete index references to the record or file.

(g) Notwithstanding any other provision in this section, an official, agency, court, or other entity may retain receipts, invoices, vouchers, or similar records of financial transactions that arose from the expunction proceeding or prosecution of the underlying criminal cause in accordance with internal financial control procedures. An official, agency, court, or other entity that retains records under this subsection shall obliterate all portions of the record or the file that identify the person who is the subject of the expunction order.

CHAPTER 59

Forfeiture of Contraband

Art. 59.06. Disposition of Forfeited Property. [Effective until January 1, 2021]

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be distributed as follows:

(1) to any interest holder to the extent of the interest holder's nonforfeitable interest;

(2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and

(3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f) and, after that deduction, the deduction of storage and disposal costs, to be deposited not later than the 30th day after the date of the sale in the state treasury to the credit of the general revenue fund.

(b) If a local agreement exists between the attorney representing the state and law enforcement agencies, the attorney representing the state may transfer the property to law enforcement agencies to maintain, repair, use, and operate the property for official purposes if the property is free of any interest of an interest holder. The agency receiving the forfeited property may purchase the interest of an interest holder so that the property can be released for use by the agency. The agency receiving the forfeited property may maintain, repair, use, and operate the property with money appropriated for current operations. If the property is a motor vehicle subject to registration under the motor vehicle registration laws of this state, the agency receiving the forfeited vehicle is considered to be
the purchaser and the certificate of title shall issue to the agency. A law enforcement agency to which property is transferred under this subsection at any time may transfer or loan the property to any other municipal or county agency, a groundwater conservation district governed by Chapter 36, Water Code, or a school district for the use of that agency or district. A municipal or county agency, a groundwater conservation district, or a school district to which a law enforcement agency loans a motor vehicle under this subsection shall maintain any automobile insurance coverage for the vehicle that is required by law.

(b-1) If a loan is made by a sheriff's office or by a municipal police department, the commissioners court of the county in which the sheriff has jurisdiction or the governing body of the municipality in which the department has jurisdiction, as applicable, may revoke the loan at any time by notifying the receiving agency or district, by mail, that the receiving agency or district must return the loaned vehicle to the loaning agency before the seventh day after the date the receiving agency or district receives the notice.

(b-2) An agency that loans property under this article shall:

(1) keep a record of the loan, including the name of the agency or district to which the vehicle was loaned, the fair market value of the vehicle, and where the receiving agency or district will use the vehicle; and
(2) update the record when the information relating to the vehicle changes.

(c) If a local agreement exists between the attorney representing the state and a law enforcement agency, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, shall be deposited, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

(1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;
(2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;
(3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or
(4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2.125 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.

(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or
(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, in the following proportions:

(A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;
(B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney's office; and
(C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the attorney or the attorney after a budget for the expenditure of the proceeds has been submitted to the commissioners court or governing body of the municipality. The budget must be detailed and clearly list and define the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;
(2) make a donation to any entity, except as provided by Subsection (d-2);
(3) pay expenses related to the training or education of any member of the judiciary;
(4) pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioners court or governing body of the municipality, as applicable;
(5) purchase alcoholic beverages;
(6) make any expenditure not approved by the commissioners court or governing body of the municipality, as applicable, if the head of a law enforcement agency or attorney representing the state holds an elective office and:
   (A) the deadline for filing an application for a place on the ballot as a candidate for reelection to that office in the general primary election has passed and the person did not file an application for a place on that ballot; or
   (B) during the person's current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or
(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.
(d-2) The head of a law enforcement agency or an attorney representing the state may use as an official purpose of an attorney or office of an attorney representing the state holds an elective office and:
(1) the detection, investigation, or prosecution of:
   (A) criminal offenses; or
   (B) instances of abuse, as defined by Section 261.001, Family Code;
(2) the provision of:
   (A) mental health, drug, or rehabilitation services; or
   (B) services for victims or witnesses of criminal offenses or instances of abuse described by Subdivision (1); or
(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).
(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:
(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;
(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;
(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;
(4) conferences and training expenses, including fees and materials;
(5) investigative costs, including payments to informants and lab expenses;
(6) crime prevention and treatment programs;
(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;
(8) witness-related costs, including travel and security; and
(9) audit costs and fees, including audit preparation and professional fees.
(d-4) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for an official purpose of an attorney's office if the expenditure is made for an activity of an attorney or office of an attorney representing the state that relates to the preservation, enforcement, or administration of the laws of this state, including an expenditure made for:
(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;
(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;
(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;
(4) conferences and training expenses, including fees and materials;
(5) investigative costs, including payments to informants and lab expenses;
(6) crime prevention and treatment programs;
(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;
(8) legal fees, including court costs, witness fees, and related costs, including travel and security, audit costs, and professional fees; and
(9) state bar and legal association dues.
(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.
(f) A final judgment of forfeiture under this chapter perfected the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.
(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the...
state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general. The law enforcement agency or attorney representing the state is liable to the comptroller for the costs of the comptroller in performing the audit.

(h) As a specific exception to the requirement of Subdivisions (1)—(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subdivision for:

(1) nonprofit programs for the prevention of drug abuse;
(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;
(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or
(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs or facilities listed under Subsections (h)(1)—(3) if an officer of or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, “victim” has the meaning assigned by Article 56B.003.

(l) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).
(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency's fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance, including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, "institution of higher education" has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state's ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vi). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multicounty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.

(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency's fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, "institution of higher education" and "private or independent institution of higher education" have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general's publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff’s sales. The proceeds of the sale shall be distributed as follows:

(1) to any interest holder to the extent of the interest holder’s nonforfeitable interest;

(2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and

(3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

(1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;

(2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;

(3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or

(4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2.125 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.
(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or
(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, in the following proportions:
   (A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;
   (B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney’s office; and
   (C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapters 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the agency or the attorney after a budget is approved by the commissioners court or governing body of the municipality. The budget must be detailed and clearly list the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;
(2) make a donation to any entity, except as provided by Subsection (d-2);

(3) pay expenses related to the training or education of any member of the judiciary;
(4) pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioners court or governing body of the municipality, as applicable;
(5) purchase alcoholic beverages;
(6) make any expenditure not approved by the commissioners court or governing body of the municipality, as applicable, if the head of a law enforcement agency or attorney representing the state holds an elective office and:

(A) the deadline for filing an application for a place on the ballot as a candidate for reelection to that office in the general primary election has passed and the person did not file an application for a place on that ballot; or
(B) during the person’s current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or
(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.

(d-2) The head of a law enforcement agency or an attorney representing the state may use as an official purpose of the agency or attorney proceeds or property received under this chapter to make a donation to an entity that assists in:

(1) the detection, investigation, or prosecution of:
   (A) criminal offenses; or
   (B) instances of abuse, as defined by Section 261.001, Family Code;
(2) the provision of:
   (A) mental health, drug, or rehabilitation services; or
   (B) services for victims or witnesses of criminal offenses or instances of abuse described by Subdivision (1); or
(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).

(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment;
(2) supplies, including office supplies, mobile phone and data account fees for employees, and Internet services;
(3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;
Sec. 59.06 TEXAS MENTAL HEALTH AND IDD LAWS

(4) conferences and training expenses, including fees and materials;

(d-4) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for an official purpose of an attorney or office of an attorney representing the state that relates to the preservation, enforcement, or administration of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;
(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;
(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;
(4) conferences and training expenses, including fees and materials;
(5) investigative costs, including payments to informants and lab expenses;

(9) state bar and legal association dues.

(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.

(f) A final judgment of forfeiture under this chapter perfects the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.

(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general.

(h) As a specific exception to the requirement of Subdivisions (1)—(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subsection for:

(1) nonprofit programs for the prevention of drug abuse;
(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;
(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or
(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs
or facilities listed under Subsections (h)(1)—(3) if an officer or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, “victim” has the meaning assigned by Article 56B.003.

(l) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).

(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency's fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, “institution of higher education” has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state's ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vii). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multiconty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of the contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.
(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency’s fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, “institution of higher education” and “private or independent institution of higher education” have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general’s publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

(b) The fees under Subsection (a) or the fee under Subsection (a-1), as applicable, shall be waived if the petitioner seeks expunction of a criminal record that relates to an arrest for an offense of which the person was acquitted, other than an acquittal for an offense described by Article 55.01(c), and the petition for expunction is filed not later than the 30th day after the date of the acquittal.
(b-1) The fees under Subsection (a) shall be waived if the petitioner is entitled to expunction:

Sec. 14.003. Dismissal of Claim.

(2) the claim has no arguable basis in law or in fact;
(3) it is clear that the party cannot prove facts in support of the claim; or

(d) On the filing of a motion under Subsection (c), the court shall suspend discovery relating to the claim pending the hearing.

(e) A court that dismisses a claim brought by a person housed in a facility operated by or under contract with the department may notify the department of the dismissal and, on the court's own motion or the motion of any party or the clerk of the court, may advise the department that a mental health evaluation of the inmate may be appropriate.

(a) The State Board of Education by rule shall determine curriculum requirements for the foundation high school program that are consistent with the required curriculum under Section 28.002. The State Board of Education shall designate the specific courses in the foundation curriculum under Section 28.002(a)(1) required under the foundation high school program. Except as provided by this section, the State Board of Education may not designate a specific course or a specific number of credits in the enrichment curriculum as requirements for the program.

(b) A school district shall ensure that each student, on entering ninth grade, indicates in writing an endorsement under Subsection (c-1) that the student intends to earn. A district shall permit a student to choose, at any time, to earn an endorsement other than the endorsement the student previously indicated. A student may graduate under the foundation high school program without earning an endorsement if, after the student's sophomore year:

(1) the student and the student's parent or person standing in parental relation to the student are advised by a school counselor of the specific benefits of graduating from high school with one or more endorsements; and

(2) the student's parent or person standing in parental relation to the student files with a school counselor written permission, on a form adopted by the agency, allowing the student to graduate under the foundation high school program without earning an endorsement.

(b-1) The State Board of Education by rule shall require that the curriculum requirements for the foundation high school program under Subsection (a) include a requirement that students successfully complete:

(1) four credits in English language arts under Section 28.002(a)(1)(A), including one credit in English I, one credit in English II, one credit in English III, and one credit in an advanced English course authorized under Subsection (b-2);

(2) three credits in mathematics under Section 28.002(a)(1)(B), including one credit in Algebra I, one credit in geometry, and one credit in any advanced mathematics course authorized under Subsection (b-2);

(3) three credits in science under Section 28.002(a)(1)(C), including one credit in biology, one credit in any advanced science course authorized under Subsection (b-2), and one credit in integrated physics and chemistry or in an additional advanced science course authorized under Subsection (b-2);

(4) four credits in social studies under Section 28.002(a)(1)(D), including one credit in United States history, at least one-half credit in government and at least one-half credit in economics, and one credit in world geography or world history;

(5) except as provided under Subsections (b-12), (b-13), and (b-14), two credits in the same language in a language other than English under Section 28.002(a)(2)(A);

(6) five elective credits;

(7) one credit in fine arts under Section 28.002(a)(2)(D); and

(8) except as provided by Subsection (b-1), one credit in physical education under Section 28.002(a)(2)(C).

(b-2) In adopting rules under Subsection (b-1), the State Board of Education shall:

(1) provide for a student to comply with the curriculum requirements for an advanced English course under Subsection (b-1)(1), for an advanced mathematics course under Subsection (b-1)(2), and for any advanced science course under Subsection (b-1)(3) by successfully completing a course in the appropriate content area that has been approved as an advanced course by board rule or that is offered as an advanced course for credit without board approval as provided by Section 28.002(g-1); and

(2) allow a student to comply with the curriculum requirements for the third and fourth mathematics credits under Subsection (b-1)(2) or the third and fourth science credits under Subsection (b-1)(3) by successfully completing an advanced career and technical course designated by the State Board of Education as containing substantively similar and rigorous academic content.

(b-3) In adopting rules for purposes of Subsection (b-2), the State Board of Education must approve a variety of advanced English, mathematics, and science courses that may be taken to comply with the foundation high school program requirements, provided that each approved course prepares students to enter the workforce successfully or postsecondary education without remediation.

(b-4) A school district may offer the curriculum described in Subsections (b-1)(1) through (4) in an applied manner. Courses delivered in an applied manner must cover the essential knowledge and skills, and the student shall be administered the applicable end-of-course assessment instrument as provided by Sections 39.023(c) and 39.025.

(b-5) A school district may offer a mathematics or science course to be taken by a student after completion of Algebra II and physics. A course approved under this subsection must be endorsed by an institution of higher
education as a course for which the institution would award course credit or as a prerequisite for a course for which the institution would award course credit.

(b-6) A school district may allow a student to enroll concurrently in Algebra I and geometry.

(b-7) The State Board of Education, in coordination with the Texas Higher Education Coordinating Board, shall adopt rules to ensure that a student may comply with the curriculum requirements under the foundation high school program or for an endorsement under Subsection (c-1) by successfully completing appropriate courses in the core curriculum of an institution of higher education under Section 61.822. Notwithstanding Subsection (b-15) or (c) of this section, Section 39.025, or any other provision of this code and notwithstanding any school district policy, a student who has completed the core curriculum of an institution of higher education under Section 61.822, as certified by the institution in accordance with commissioner rule, is considered to have earned a distinguished level of achievement under the foundation high school program and is entitled to receive a high school diploma from the appropriate high school as that high school is determined in accordance with commissioner rule. A student who is considered to have earned a distinguished level of achievement under the foundation high school program under subsection (b-15) by substituting for those credits the credits allowed to be substituted under Section 78(b)(3), effective September 1, 2014.

(b-8) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(b)(3), effective September 1, 2014.]

(b-9) A school district, with the approval of the commissioner, may allow a student to enroll in another appropriate course for the second credit in the same language in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages, including computer coding.

(b-10) A school district, with the approval of the commissioner, may allow a student to enroll in another appropriate course for the second credit in the same language in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages, including computer coding.

(b-12) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to enroll in another appropriate course for the second credit in the same language in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages, including computer coding.

(b-13) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to substitute credit in another appropriate course for the second credit in the same language in a language other than English otherwise required under Subsection (b-1)(5) if the student, in completing the first credit required under Subsection (b-1)(5), demonstrates that the student is unlikely to be able to complete the second credit. The board rules must establish:

(1) the standards and, as applicable, the appropriate substitute courses for purposes of this subsection;

(2) appropriate substitute courses for purposes of this subsection.

(b-14) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to enroll in another appropriate course for the second credit in the same language in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages, including computer coding.

(b-15) A student may earn a distinguished level of achievement under the foundation high school program by successfully completing:

(1) four credits in mathematics, which must include Algebra II and the courses described by Subsection (b-1)(2);
(2) four credits in science, which must include the courses described by Subsection (b-1)(3);
(3) the remaining curriculum requirements under Subsection (b-1); and
(4) the curriculum requirements for at least one endorsement under Subsection (c-1).

(b-16) A student may satisfy an elective credit required under Subsection (b-1)(6) with a credit earned to satisfy the additional curriculum requirements for the distinguished level of achievement under the foundation high school program or an endorsement under Subsection (c-1). This subsection may apply to more than one elective credit.

(b-17) The State Board of Education shall adopt rules to ensure that a student may comply with the curriculum requirements under Subsection (b-1)(6) by successfully completing an advanced career and technical course, including a course that may lead to an industry-recognized credential or certificate and an associate degree.

(b-18) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to comply with the curriculum requirements under Subsection (b-1) by successfully completing a dual credit course.

(b-19) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with curriculum requirements for the world geography or world history credit under Subsection (b-1)(4) by successfully completing a combined world history and world geography course developed by the State Board of Education.

(b-20) The State Board of Education shall adopt rules to include the instruction developed under Section 28.012 in one or more courses in the required curriculum for students in grade levels 9 through 12.

(b-21) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with the curriculum requirements for one credit under Subsection (b-1)(5) by successfully completing at an elementary school either a dual language immersion program under Section 28.0051 or a course in American Sign Language.

(c-1) A student may earn an endorsement on the student’s transcript by successfully completing curriculum requirements for that endorsement adopted by the State Board of Education by rule. The State Board of Education by rule shall provide students with multiple options for earning each endorsement, including, to the greatest extent possible, coherent sequences of courses. The State Board of Education by rule must permit a student to enroll in courses under more than one endorsement curriculum before the student’s junior year. An endorsement under this subsection may be earned in any of the following categories:

(1) science, technology, engineering, and mathematics (STEM), which includes courses directly related to science, including environmental science, technology, including computer science, cybersecurity, and computer coding, engineering, and advanced mathematics;
(2) business and industry, which includes courses directly related to database management, information technology, communications, accounting, finance, marketing, graphic design, architecture, construction, welding, logistics, automotive technology, agricultural science, and heating, ventilation, and air conditioning;

(4) arts and humanities, which includes courses directly related to political science, world languages, cultural studies, English literature, history, and fine arts; and
(5) multidisciplinary studies, which allows a student to:

(A) select courses from the curriculum of each endorsement area described by Subdivisions (1) through (4); and
(B) earn credits in a variety of advanced courses from multiple content areas sufficient to complete the distinguished level of achievement under the foundation high school program.

(c-2) In adopting rules under Subsection (c-1), the State Board of Education shall:

(1) require a student in order to earn any endorsement to successfully complete:

(A) four credits in mathematics, which must include:

(i) the courses described by Subsection (b-1)(2); and

(ii) an additional advanced mathematics course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education;

(B) four credits in science, which must include:

(i) the courses described by Subsection (b-1)(3); and

(ii) an additional advanced science course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education; and

(C) two elective credits in addition to the elective credits required under Subsection (b-1)(6); and

(2) develop additional curriculum requirements for each endorsement with the direct participation of educators and business, labor, and industry representatives, and shall require each school district to report to the agency the categories of endorsements under Subsection (c-1) for which the district offers all courses for curriculum requirements, as determined by board rule.

(c-3) In adopting rules under Subsection (c-1), the State Board of Education shall adopt criteria to allow a student participating in the arts and humanities endorsement under Subsection (c-1)(4), with the written permission of the student’s parent or a person standing in parental relation to the student, to comply with the curriculum
requirements for science required under Subsection (c-2)(1)(B)(ii) by substituting for an advanced course requirement a course related to that endorsement.

(c-4) Each school district must ensure that high school students courses that allow a student to complete the curriculum requirements for at least one endorsement under Subsection (c-1). A school district that offers only one endorsement curriculum must offer the multidisciplinary studies endorsement curriculum.

(c-5) A student may earn a performance acknowledgment on the student’s transcript by satisfying the requirements for that acknowledgment adopted by the State Board of Education by rule. An acknowledgment under this subsection may be earned:

1. for outstanding performance:
   (A) in a dual credit course;
   (B) in bilingualism and biliteracy;
   (C) on a college advanced placement test or international baccalaureate examination;
   (D) on an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument used to measure a student’s progress toward readiness for college and the workplace; or
   (E) on an established, valid, reliable, and nationally norm-referenced assessment instrument used by colleges and universities as part of their undergraduate admissions process; or
2. for earning a state recognized or nationally or internationally recognized business or industry certification or license.

(c-6) [Expires September 1, 2023] Notwithstanding Subsection (e), a person may receive a diploma if the person is eligible for a diploma under Section 28.0258. This subsection expires September 1, 2023.

(c-7) Subject to Subsection (c-8), a student who is enrolled in a special education program under Subchapter A, Chapter 29, may earn an endorsement on the student’s transcript by:

2. successfully completing all curriculum requirements for that endorsement adopted by the State Board of Education:
   (A) without modification of the curriculum; or
   (B) with modification of the curriculum, provided that the curriculum, as modified, is sufficiently rigorous as determined by the student’s admission, review, and dismissal committee.

(c-8) For purposes of Subsection (c-7), the admission, review, and dismissal committee of a student in a special education program under Subchapter A, Chapter 29, shall determine whether the student is required to achieve satisfactory performance on an end-of-course assessment instrument to earn an endorsement on the student’s transcript.

(c-10) In adopting rules under Subsection (c-1), the State Board of Education shall adopt or select five technology applications courses on cybersecurity to be included in a cybersecurity pathway for the science, technology, engineering, and mathematics endorsement.

(d) A school district may issue a certificate of coursework completion to a student who successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) but who fails to comply with Section 39.025. A school district may allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas.

(e) Each school district shall report the academic achievement record of students who have completed the foundation high school program on transcript forms adopted by the State Board of Education. The transcript forms adopted by the board must be designed to clearly identify whether a student received a diploma or a certificate of coursework completion.

(e-1) A school district shall clearly indicate a distinguished level of achievement under the foundation high school program as described by Subsection (b-15), an endorsement described by Subsection (c-1), and a performance acknowledgment described by Subsection (c-5) on the transcript of a student who satisfies the applicable requirements. The State Board of Education shall adopt rules as necessary to administer this subsection.

(e-2) At the end of each school year, each school district shall report through the Public Education Information Management System (PEIMS) the number of district students who, during that school year, were:

1. enrolled in the foundation high school program;
2. pursuing the distinguished level of achievement under the foundation high school program as provided by Subsection (b-15); and
3. enrolled in a program to earn an endorsement described by Subsection (c-1).

(e-3) Information reported under Subsection (e-2) must be disaggregated by all student groups served by the district, including categories of race, ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Subchapter A, Chapter 29.

(f) A school district shall issue a certificate of attendance to a student who receives special education services under Subchapter A, Chapter 29, and who has completed four years of high school but has not completed the student’s individualized education program. A school district shall allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas. A student may participate in only one graduation ceremony under this subsection. This subsection does not preclude a student from receiving a diploma under Subsection (c)(2).

(g) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(b)(3), effective September 1, 2014.]

(h) [Expired September 1, 2018]

(i) If an 11th or 12th grade student who is homeless or in the conservatorship of the Department of Family and Protective Services transfers to a different school district and the student is ineligible to graduate from the district to which the student transfers, the district from which the
student transferred shall award a diploma at the student’s request, if the student meets the graduation requirements of the district from which the student transferred.

(e) This section expires September 1, 2023.

Sec. 29.001. Statewide Plan.

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

(1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to students with disabilities;

(2) facilitate interagency coordination when other state agencies are involved in the delivery of instructional or related services to students with disabilities;

(3) periodically assess statewide personnel needs in all areas of specialization related to special education and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;

(4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of students with disabilities who cannot be appropriately served in their resident districts;

(5) allow the agency to effectively monitor and periodically conduct site visits of all school districts to ensure that rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts and not otherwise available through the Public Education Information Management System under Sections 48.008 and 48.009 are accurate and complete;

(6) ensure that appropriately trained personnel are involved in the diagnostic and evaluative procedures operating in all districts and that those personnel routinely serve on district admissions, review, and dismissal committees;

(7) ensure that an individualized education program for each student with a disability is properly developed, implemented, and maintained in the least restrictive environment that is appropriate to meet the student's educational needs;

(8) ensure that, when appropriate, each student with a disability is provided an opportunity to participate in career and technology and physical education classes, in addition to participating in regular or special classes;

(9) ensure that each student with a disability is provided necessary related services;

(10) ensure that an individual assigned to act as a surrogate parent for a child with a disability, as provided by 20 U.S.C. Section 1415(b), is required to:

(A) complete a training program that complies with minimum standards established by agency rule;

(B) visit the child and the child's school;

(C) consult with persons involved in the child's education, including teachers, caseworkers, court-appointed volunteers, guardians ad litem, attorneys ad litem, foster parents, and caretakers;

(D) review the child's educational records;

(E) attend meetings of the child's admission, review, and dismissal committee;

(F) exercise independent judgment in pursuing the child's interests; and

(G) exercise the child's due process rights under applicable state and federal law; and

(11) ensure that each district develops a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

(A) to request a review of the student's individualized education program;

(B) to provide input in the development of the student's individualized education program;

(C) that provides for a timely district response to the teacher's request; and

(D) that provides for notification to the student's parent or legal guardian of that response.

Sec. 29.0011. Prohibited Performance Indicator.

(a) Notwithstanding Section 29.001(5), Section 29.010, or any other provision of this code, the commissioner or agency may not adopt or implement a performance indicator in any agency monitoring system, including the performance-based monitoring analysis system, that solely measures a school district's or open-enrollment charter school's aggregated number or percentage of enrolled students who receive special education services.

(b) Subsection (a) does not prohibit or limit the commissioner or agency from meeting requirements under:

(1) 20 U.S.C. Section 1418(d) and its implementing regulations to collect and examine data to determine whether significant disproportionality based on race or ethnicity is occurring in the state and in the school
Sec. 29.002. Definition.
In this subchapter, “special services” means:

(1) special education instruction, which may be provided by professional and supported by paraprofessional personnel in the regular classroom or in an instructional arrangement described by Section 48.102; and

(2) related services, which are developmental, corrective, supportive, or evaluative services, not instructional in nature, that may be required for the student to benefit from special education instruction and for implementation of a student’s individualized education program.

Sec. 29.003. Eligibility Criteria.

(a) The agency shall develop specific eligibility criteria based on the general classifications established by this section with reference to contemporary diagnostic or evaluative terminologies and techniques. Eligible students with disabilities shall enjoy the right to a free appropriate public education, which may include instruction in the regular classroom, instruction through special teaching, or instruction through contracts approved under this subchapter. Instruction shall be supplemented by the provision of related services when appropriate.

(b) A student is eligible to participate in a school district’s special education program if the student:

(1) is not more than 21 years of age and has a visual or auditory impairment that prevents the student from being adequately or safely educated in public school without the provision of special services; or

(2) is at least three but not more than 21 years of age and has one or more of the following disabilities that prevents the student from being adequately or safely educated in public school without the provision of special services:

(A) physical disability;

(B) intellectual or developmental disability;

(C) emotional disturbance;

(D) learning disability;

(E) autism;

(F) speech disability; or

(G) traumatic brain injury.

Sec. 29.004. Full Individual and Initial Evaluation.

(a) A written report of a full individual and initial evaluation of a student for purposes of special education services shall be completed as follows, except as otherwise provided by this section:

(1) not later than the 45th school day following the date on which the school district, in accordance with 20 U.S.C. Section 1414(a), as amended, receives written consent for the evaluation, signed by the student’s parent or legal guardian, except that if a student has been absent from school during that period on three or more days, that period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent; or

(2) for students under five years of age by September 1 of the school year and not enrolled in public school and for students enrolled in a private or home school setting, not later than the 45th school day following the date on which the school district receives written consent for the evaluation, signed by a student’s parent or legal guardian.

(a-1) If a school district receives written consent signed by a student’s parent or legal guardian for a full individual and initial evaluation of a student at least 35 but less than 45 school days before the last instructional day of the school year, the evaluation must be completed and the written report of the evaluation must be provided to the parent or legal guardian no later than June 30 of that year. The student’s admission, review, and dismissal committee shall meet no later than the 15th school day of the following school year to consider the evaluation. If a district receives written consent signed by a student’s parent or legal guardian less than 35 school days before the last instructional day of the school year or if the district receives the written consent at least 35 but less than 45 school days before the last instructional day of the school year but the student is absent from school during that period on three or more days, Subsection (a)(1) applies to the date the written report of the full individual and initial evaluation is required.

(a-2) For purposes of this section, “school day” does not include a day that falls after the last instructional day of the spring school term and before the first instructional day of the subsequent fall school term. The commissioner by rule may determine days during which year-round schools are recessed that, consistent with this subsection, are not considered to be school days for purposes of this section.

(a-3) Subsection (a) does not impair any rights of an infant or toddler with a disability who is receiving early intervention services in accordance with 20 U.S.C. Section 1431.

(b) The evaluation shall be conducted using procedures that are appropriate for the student’s most proficient method of communication.
Sec. 29.0041. Information and Consent for Certain Psychological Examinations or Tests.

(a) On request of a child's parent, before obtaining the parent's consent under 20 U.S.C. Section 1414 for the administration of any psychological examination or test to the child that is included as part of the evaluation of the child's need for special education, a school district shall provide to the child's parent:

(1) the name and type of the examination or test; and

(2) an explanation of how the examination or test will be used to develop an appropriate individualized education program for the child.

(b) If the district determines that an additional examination or test is required for the evaluation of a child's need for special education after obtaining consent from the child's parent under Subsection (a), the district shall provide the information described by Subsections (a)(1) and (2) to the child's parent regarding the additional examination or test and shall obtain additional consent for the examination or test.

(c) The time required for the district to provide information and seek consent under Subsection (b) may not be counted toward the 60 calendar days for completion of an evaluation under Section 29.004. If a parent does not give consent under Subsection (b) within 20 calendar days after the date the district provided to the parent the information required by that subsection, the parent's consent is considered denied.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 1008 (H.B. 320), § 1, effective September 1, 2003.

Sec. 29.005. Individualized Education Program.

(a) Before a child is enrolled in a special education program of a school district, the district shall establish a committee composed of the persons required under 20 U.S.C. Section 1414(d) to develop the child's individualized education program. If a committee is required to include a regular education teacher, the regular education teacher included must, to the extent practicable, be a teacher who is responsible for implementing a portion of the child's individualized education program.

(b) The committee shall develop the individualized education program by agreement of the committee members or, if those persons cannot agree, by an alternate method provided by the agency. Majority vote may not be used to determine the individualized education program.

(b-1) The written statement of the individualized education program must document the decisions of the committee with respect to issues discussed at each committee meeting. The written statement must include:

(1) the date of the meeting;

(2) the name, position, and signature of each member participating in the meeting; and

(3) an indication of whether the child's parents, the adult student, if applicable, and the administrator agreed or disagreed with the decisions of the committee.

(c) If the individualized education program is not developed by agreement, the written statement of the program required under 20 U.S.C. Section 1414(d) must include the basis of the disagreement. Each member of the committee who disagrees with the individualized education program developed by the committee is entitled to include a statement of disagreement in the written statement of the program.

(d) If the child's parent is unable to speak English, the district shall:

(1) provide the parent with a written or audiotaped copy of the child's individualized education program translated into Spanish if Spanish is the parent's native language; or

(2) if the parent's native language is a language other than Spanish, make a good faith effort to provide the parent with a written or audiotaped copy of the child's individualized education program translated into the parent's native language.

(e) The commissioner by rule may require a school district to include in the individualized education program of a student with autism or another pervasive developmental disorder any information or requirement determined necessary to ensure the student receives a free appropriate public education as required under the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

(f) The written statement of a student's individualized education program may be required to include only information included in the model form developed under Section 29.0051(a).

(g) The committee may determine that a behavior improvement plan or a behavioral intervention plan is appropriate for a student for whom the committee has developed an individualized education program. If the committee makes that determination, the behavior improvement plan or the behavioral intervention plan shall be included as part of the student's individualized education program and provided to each teacher with responsibility for educating the student.

Sec. 29.0051. Model Form.

(a) The agency shall develop a model form for use in developing an individualized education program under
Section 29.005(b). The form must be clear, concise, well organized, and understandable to parents and educators and may include only:

1. the information included in the model form developed under 20 U.S.C. Section 1417(e)(1);
2. a state-imposed requirement relevant to an individualized education program not required under federal law; and
3. the requirements identified under 20 U.S.C. Section 1407(a)(2).

(b) The agency shall post on the agency’s Internet website the form developed under Subsection (a) to comply with the requirements for an individualized education program under 20 U.S.C. Section 1414(d).

HISTORY: Enacted by Acts 2011, 82nd Leg., ch. 1250 (S.B. 1788), § 2, effective June 17, 2011.

Sec. 29.006. Continuing Advisory Committee.

(a) The governor shall appoint a continuing advisory committee, composed of 17 members, under 20 U.S.C. Section 1412(a)(21). At least one member appointed under this subsection must be a director of special education programs for a school district.

(b) The appointments are not subject to confirmation by the senate.

(c) Members of the committee are appointed for staggered terms of four years with the terms of eight or nine members expiring on February 1 of each odd-numbered year.

(d) Committee meetings must be conducted in compliance with Chapter 551, Government Code.

(e) The committee shall provide a procedure for members of the public to speak at committee meetings. The procedure may not require a member of the public to register to speak earlier than the day of the meeting.

(f) The agency must post on the agency’s Internet website:

1. contact information for the committee, including an e-mail address;
2. notice of each open meeting of the committee;
3. minutes of each open meeting of the committee; and
4. guidance concerning how to submit public comments to the committee.

(g) The committee shall develop a policy to encourage public participation with the committee.

(h) Not later than January 1 of each odd-numbered year, the committee shall submit a report to the legislature with recommended changes to state law and agency rules relating to special education. The committee shall include the committee’s current policy on encouraging public participation, as required by Subsection (g), in the report.

Sec. 29.007. Shared Services Arrangements. [Repealed]

Sec. 29.008. Contracts for Services; Residential Placement.

(a) A school district, shared services arrangement unit, or regional education service center may contract with a public or private facility, institution, or agency inside or outside of this state for the provision of services to students with disabilities. Each contract for residential placement must be approved by the commissioner. The commissioner may approve a residential placement contract only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. The commissioner may approve either the whole or a part of a facility or program.

(b) Except as provided by Subsection (c), costs of an approved contract for residential placement may be paid from a combination of federal, state, and local funds. The local share of the total contract cost for each student is that portion of the local tax effort that exceeds the district’s local fund assignment under Section 48.256, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that amount remaining after subtracting the local share. If the contract involves a public facility, the state share is that amount remaining after subtracting the local share from the portion of the contract that involves the costs of instructional and related services. For purposes of this subsection, “local tax effort” means the total amount of money generated by taxes imposed for debt service and maintenance and operation less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(c) When a student, including one for whom the state is managing conservator, is placed primarily for care or treatment reasons in a private residential facility that operates its own private education program, none of the costs may be paid from public education funds. If a residential placement primarily for care or treatment reasons involves a private residential facility in which the education program is provided by the school district, the portion of the costs that includes appropriate education services, as determined by the school district’s admission, review, and dismissal committee, shall be paid from state and federal education funds.

(d) A district that contracts for services rather than providing the services itself shall oversee the implementation of the student’s individualized education program and shall annually reevaluate the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall periodically report to the district on the services the student has received or will receive in accordance with the contract as well as diagnostic or other evaluative information that the district requires in order to fulfill its obligations under this subchapter.

Sec. 29.009. Public Notice Concerning Preschool Programs for Students with Disabilities.

Each school district shall develop a system to notify the population in the district with children who are at least three years of age but younger than six years of age and who are eligible for enrollment in a special education program of the availability of the program.

Sec. 29.010. Compliance.

(a) The agency shall adopt and implement a comprehensive system for monitoring school district compliance with federal and state laws relating to special education. The monitoring system must provide for ongoing analysis of district special education data and of complaints filed with the agency concerning special education services and for inspections of school districts at district facilities. The agency shall use the information obtained through analysis of district data and from the complaints management system to determine the appropriate schedule for and extent of the inspection.

(b) To complete the inspection, the agency must obtain information from parents and teachers of students in special education programs in the district.

(c) The agency shall develop and implement a system of sanctions for school districts whose most recent monitoring visit shows a failure to comply with major requirements of the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.), federal regulations, state statutes, or agency requirements necessary to carry out federal law or regulations or state law relating to special education.

(d) For districts that remain in noncompliance for more than one year, the first stage of sanctions shall begin with annual or more frequent monitoring visits. Subsequent sanctions may range in severity up to the withholding of funds. If funds are withheld, the agency may use the funds to provide, through alternative arrangements, services to students and staff members in the district from which the funds are withheld.

(e) The agency’s complaint management division shall develop a system for expedited investigation and resolution of complaints concerning a district’s failure to provide special education or related services to a student eligible to participate in the district’s special education program.

(f) This section does not create an obligation for or impose a requirement on a school district or open-enrollment charter school that is not also created or imposed under another state law or a federal law.

Sec. 29.011. Transition Planning.

(a) The commissioner shall by rule adopt procedures for compliance with federal requirements relating to transition services for students who are enrolled in special education programs under this subchapter. The procedures must specify the manner in which a student’s admission, review, and dismissal committee must consider, and if appropriate, address the following issues in the student’s individualized education program:

1. appropriate student involvement in the student’s transition to life outside the public school system;
2. if the student is younger than 18 years of age, appropriate involvement in the student’s transition by the student’s parents and other persons invited to participate by:
   (A) the student’s parents; or
   (B) the school district in which the student is enrolled;
3. if the student is at least 18 years of age, involvement in the student’s transition and future by the student’s parents and other persons, if the parent or other person:
   (A) is invited to participate by the student or the school district in which the student is enrolled; or
   (B) has the student’s consent to participate pursuant to a supported decision-making agreement under Chapter 1357, Estates Code;
4. appropriate postsecondary education options, including preparation for postsecondary-level coursework;
5. an appropriate functional vocational evaluation;
6. appropriate employment goals and objectives;
7. if the student is at least 18 years of age, the availability of age-appropriate instructional environments, including community settings or environments that prepare the student for postsecondary education or training, competitive integrated employment, or independent living, in coordination with the student’s transition goals and objectives;
8. appropriate independent living goals and objectives;
9. appropriate circumstances for facilitating a referral of a student or the student’s parents to a governmental agency for services or public benefits, including a referral to a governmental agency to place the student on a waiting list for public benefits available to the student, such as a waiver program established under Section 1915(c), Social Security Act (42 U.S.C. Section 1396n(c)); and
10. the use and availability of appropriate:
   (A) supplementary aids, services, curricula, and other opportunities to assist the student in developing decision-making skills; and
   (B) supports and services to foster the student’s independence and self-determination, including a supported decision-making agreement under Chapter 1357, Estates Code.

(a-1) A student’s admission, review, and dismissal committee shall annually review the issues described by Subsection (a) and, if necessary, update the portions of the student’s individualized education program that address those issues.

(a-2) The commissioner shall develop and post on the agency’s Internet website a list of services and public benefits for which referral may be appropriate under Subsection (a)(9).

(b) The commissioner shall require each school district or shared services arrangement to designate at least one
employee to serve as the district’s or shared services arrangement’s designee on transition and employment services for students enrolled in special education programs under this subchapter. The commissioner shall develop minimum training guidelines for a district’s or shared services arrangement’s designee. An individual designated under this subsection must provide information and resources about effective transition planning and services, including each issue described by Subsection (a), and interagency coordination to ensure that local school staff communicate and collaborate with:

(1) students enrolled in special education programs under this subchapter and the parents of those students; and

(2) as appropriate, local and regional staff of the:
   (A) Health and Human Services Commission;
   (B) Texas Workforce Commission;
   (C) Department of State Health Services; and
   (D) Department of Family and Protective Services.

(c) The commissioner shall review and, if necessary, update the minimum training guidelines developed under Subsection (b) at least once every four years. In reviewing and updating the guidelines, the commissioner shall solicit input from stakeholders.

HISTORY: Enacted by Acts 2011, 82nd Leg., ch. 1250 (S.B. 1788), § 3, effective June 17, 2011.

Sec. 29.0112. Transition and Employment Guide. (a) The agency, with assistance from the Health and Human Services Commission, shall develop a transition and employment guide for students enrolled in special education programs and their parents to provide information on statewide services and programs that assist in the transition to life outside the public school system. The agency may contract with a private entity to prepare the guide.

(b) The transition and employment guide must be written in plain language and contain information specific to this state regarding:

(1) transition services;
(2) employment and supported employment services;
(3) social security programs;
(4) community and long-term services and support, including the option to place the student on a waiting list with a governmental agency for public benefits available to the student, such as a waiver program established under Section 1915(c), Social Security Act (42 U.S.C. Section 1396n(c));
(5) postsecondary educational programs and services, including the inventory maintained by the Texas Higher Education Coordinating Board under Section 61.0663;

(e) A school district shall:

(1) post the transition and employment guide on the district’s website if the district maintains a website;

(1) if the person is three years of age or older, notify the school district in which the facility is located, unless the facility is an open-enrollment charter school; or
(2) if the person is younger than three years of age, notify a local early intervention program in the area in which the facility is located.

(b) An agency or political subdivision that funds, licenses, certifies, contracts with, or regulates a residential facility must:

(1) require the facility to comply with Subsection (a) as a condition of the funding, licensing, certification, or contracting; or
(2) if the agency or political subdivision places a person in a residential facility, provide the notice under Subsection (a) for that person.

(d) The Texas Education Agency, the Health and Human Services Commission, the Department of Family and Protective Services, and the Texas Juvenile Justice Department by a cooperative effort shall develop and by rule adopt a memorandum of understanding. The memorandum must:

(1) establish the respective responsibilities of school districts and of residential facilities for the provision of a free, appropriate public education, as required by the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.) and its subsequent amendments, including each requirement for children with disabilities who reside in those facilities;

(a) The agency shall establish procedures and criteria for the allocation of funds appropriated under this section to school districts for the provision of noneducational community-based support services to certain students with disabilities and their families so that those students may receive an appropriate free public education in the least restrictive environment.

(b) The funds may be used only for eligible students with disabilities who would remain or would have to be placed in residential facilities primarily for educational reasons without the provision of noneducational community-based support services.

(c) The support services may include in-home family support, respite care, and case management for families with a student who otherwise would have been placed by a district in a private residential facility.

(d) The provision of services under this section does not supersede or limit the responsibility of other agencies to provide or pay for costs of noneducational community-based support services to enable any student with disabilities to receive a free appropriate public education in the least restrictive environment. Specifically, services provided under this section may not be used for a student with disabilities who is currently placed or who needs to be placed in a residential facility primarily for noneducational reasons.

Subchapter D

Protection of Buildings and Grounds

(a) Each school district or public junior college district shall adopt and implement a multihazard emergency
operations plan for use in the district's facilities. The plan must address prevention, mitigation, preparedness, response, and recovery as defined by the Texas School Safety Center in conjunction with the governor's office of homeland security and the commissioner of education or commissioner of higher education, as applicable. The plan must provide for:

(1) training in responding to an emergency for district employees, including substitute teachers;
(2) measures to ensure district employees, including substitute teachers, have classroom access to a telephone, including a cellular telephone, or another electronic communication device allowing for immediate contact with district emergency services or emergency services agencies, law enforcement agencies, health departments, and fire departments;
(3) measures to ensure district communications technology and infrastructure are adequate to allow for communication during an emergency;
(4) if the plan applies to a school district, mandatory school drills and exercises, including drills required under Section 37.114, to prepare district students and employees for responding to an emergency;
(5) measures to ensure coordination with the Department of State Health Services and local emergency management agencies, law enforcement, health departments, and fire departments in the event of an emergency; and
(6) the implementation of a safety and security audit as required by Subsection (b).

(b) At least once every three years, each school district or public junior college district shall conduct a safety and security audit of the district's facilities. To the extent possible, a district shall follow safety and security audit procedures developed by the Texas School Safety Center or a person included in the registry established by the Texas School Safety Center under Section 37.2091.

(b-1) In a school district's safety and security audit required under Subsection (b), the district must certify that the district used the funds provided to the district through the school safety allotment under Section 42.168 only for the purposes provided by that section.

(c) A school district or public junior college district shall report the results of the safety and security audit conducted under Subsection (b) to the district's board of trustees and, in the manner required by the Texas School Safety Center, to the Texas School Safety Center. The report provided to the Texas School Safety Center under this subsection must be signed by:

(1) for a school district, the district's board of trustees and superintendent; or
(2) for a public junior college district, the president of the junior college district.

(c-1) Except as provided by Subsection (c-2), any document or information collected, developed, or produced during a safety and security audit conducted under Subsection (b) is not subject to disclosure under Chapter 552, Government Code.

(c-2) A document relating to a school district's or public junior college district's multihazard emergency operations plan is subject to disclosure if the document enables a person to:

(1) verify that the district has established a plan and determine the agencies involved in the development of the plan and the agencies coordinating with the district to respond to an emergency, including the Department of State Health Services, local emergency services agencies, law enforcement agencies, health departments, and fire departments;
(2) verify that the district's plan was reviewed within the last 12 months and determine the specific review dates;
(3) verify that the plan addresses the four phases of emergency management under Subsection (a);
(4) verify that district employees have been trained to respond to an emergency and determine the types of training, the number of employees trained, and the person conducting the training;
(5) verify that each campus in the district has conducted mandatory emergency drills and exercises in accordance with the plan and determine the frequency of the drills;
(6) if the district is a school district, verify that the district has established a plan for responding to a train derailment if required under Subsection (d);

(9) if the district is a school district, verify that the district has established a visitor policy and identify the provisions governing access to a district building or other district property.

(d) A school district shall include in its multihazard emergency operations plan a policy for responding to a train derailment near a district school. A school district is only required to adopt the policy described by this subsection if a district school is located within 1,000 yards of a railroad track, as measured from any point on the school's real property boundary line. The school district may use any available community resources in developing the policy described by this subsection.

(e) A school district shall include in its multihazard emergency operations plan a policy for school district property selected for use as a polling place under Section 43.031, Election Code. In developing the policy under this subsection, the board of trustees may consult with the local law enforcement agency with jurisdiction over the school district property selected as a polling place regarding reasonable security accommodations that may be made to the property. This subsection may not be interpreted to require the board of trustees to obtain or contract for the presence of law enforcement or security personnel for the purpose of securing a polling place located on school district property. Failure to comply with this subsection does not affect the requirement of the board of trustees to make a school facility available for use as a polling place under Section 43.031, Election Code.

(f) A school district shall include in its multihazard emergency operations plan:
(1) a chain of command that designates the individual responsible for making final decisions during a disaster or emergency situation and identifies other individuals responsible for making those decisions if the designated person is unavailable;

   (A) are aligned with best practice-based programs and research-based practices recommended under Section 161.325, Health and Safety Code;
   (B) include strategies for ensuring any required professional development training for suicide prevention and grief-informed and trauma-informed care is provided to appropriate school personnel;
   (C) include training on integrating psychological safety and suicide prevention strategies into the district’s plan, such as psychological first aid for schools training, from an approved list of recommended training established by the commissioner and Texas School Safety Center, shall adopt rules to establish a safe and supportive School Program and Team.

Sec. 37.115. Threat Assessment and Safe and Supportive School Program and Team.

(a) In this section:
(1) “Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:
   (A) specific interventions, including mental health or behavioral supports;
   (B) in-school suspension;
   (C) out-of-school suspension; or
   (D) the student’s expulsion or removal to a disciplinary alternative education program or a juvenile justice alternative education program.
(2) “Team” means a threat assessment and safe and supportive school team established by the board of trustees of a school district under this section.
(b) The agency, in coordination with the Texas School Safety Center, shall adopt rules to establish a safe and supportive school program. The rules shall incorporate research-based best practices for school safety, including providing for:
(1) physical and psychological safety;
(2) a multiphase and multihazard approach to prevention, mitigation, preparedness, response, and recovery in a crisis situation;
(3) a systemic and coordinated multitiered support system that addresses school climate, the social and emotional domain, and behavioral and mental health; and
(4) multidisciplinary and multiagency collaboration to assess risks and threats in schools and provide appropriate interventions, including rules for the establishment and operation of teams.
(c) The board of trustees of each school district shall establish a threat assessment and safe and supportive school team to serve at each campus of the district and shall adopt policies and procedures for the teams. The team is responsible for developing and implementing the safe and supportive school program under Subsection (b) at the district campus served by the team. The policies and procedures adopted under this section must:
(1) be consistent with the model policies and procedures developed by the Texas School Safety Center;
(2) require each team to complete training provided by the Texas School Safety Center or a regional education service center regarding evidence-based threat assessment programs; and
(3) require each team established under this section to report the information required under Subsection (k) regarding the team’s activities to the agency.
(d) The superintendent of the district shall ensure that the members appointed to each team have expertise in counseling, behavior management, mental health and substance use, classroom instruction, special education, school administration, school safety and security, emergency management, and law enforcement. A team may serve more than one campus of a school district, provided that each district campus is assigned a team.

(g) A team may not provide a mental health care service to a student who is under 18 years of age unless the team obtains written consent from the parent or person standing in parental relation to the student before providing the mental health care service. The consent required by this subsection must be submitted on a form developed by the school district that complies with all applicable state and federal law. The student’s parent or person standing in parental relation to the student may give consent for a student to receive ongoing services or may limit consent to one or more services provided on a single occasion.

(h) On a determination that a student or other individual poses a serious risk of violence to self or others, a team shall immediately report the team’s determination to the superintendent. If the individual is a student, the superintendent shall immediately attempt to inform the parent or person standing in parental relation to the student. The requirements of this subsection do not prevent an employee of the school from acting immediately to prevent an imminent threat or respond to an emergency.

(i) A team identifying a student at risk of suicide shall act in accordance with the district’s suicide prevention program. If the student at risk of suicide also makes a threat of violence to others, the team shall conduct a threat assessment in addition to actions taken in accordance with the district’s suicide prevention program.

(j) A team identifying a student using or possessing tobacco, drugs, or alcohol shall act in accordance with district policies and procedures related to substance use prevention and intervention.

(2) compensation that is reasonable under the circumstances.

Subchapter A-2
Authority of Agent under Durable Power of Attorney

Sec. 751.031. Grants of Authority in General and Certain Limitations.
(a) Subject to Subsections (b), (c), and (d) and Section 751.032, if a durable power of attorney grants to an agent the authority to perform all acts that the principal could perform, the agent has the general authority conferred by Subchapter C, Chapter 752.

(b) An agent may take the following actions on the principal's behalf or with respect to the principal's property only if the durable power of attorney designating the agent expressly grants the agent the authority and the exercise of the authority is not otherwise prohibited by another agreement or instrument to which the authority or property is subject:
(1) create, amend, revoke, or terminate an inter vivos trust;
(2) make a gift;
(3) create or change rights of survivorship;
(4) create or change a beneficiary designation; or
(5) delegate authority granted under the power of attorney.

(c) Notwithstanding a grant of authority to perform an act described by Subsection (b), unless the durable power of attorney otherwise provides, an agent who is not an ancestor, spouse, or descendant of the principal may not exercise authority under the power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal's property, whether by gift, right of survivorship, beneficiary designation, disclaimer, or otherwise.

(d) Subject to Subsections (b) and (c) and Section 751.032, if the subjects over which authority is granted in a durable power of attorney are similar or overlap, the broadest authority controls.

(e) Authority granted in a durable power of attorney is exercisable with respect to property that the principal has when the power of attorney is executed or acquires later, regardless of whether:
(1) the property is located in this state; and
(2) the authority is exercised in this state or the power of attorney is executed in this state.

Sec. 751.032. Gift Authority.
(a) In this section, a gift for the benefit of a person includes a gift to:
(1) a trust;
(2) an account under the Texas Uniform Transfers to Minors Act (Chapter 141, Property Code) or a similar law of another state; and
(3) a qualified tuition program of any state that meets the requirements of Section 529, Internal Revenue Code of 1986.
(b) Unless the durable power of attorney otherwise provides, a grant of authority to make a gift is subject to the limitations prescribed by this section.
(c) Language in a durable power of attorney granting general authority with respect to gifts authorizes the agent to only:

1. make outright to, or for the benefit of, a person a gift of any of the principal’s property, including by the exercise of a presently exercisable general power of appointment held by the principal, in an amount per donee not to exceed:
   - the annual dollar limits of the federal gift tax exclusion under Section 2503(b), Internal Revenue Code of 1986, regardless of whether the federal gift tax exclusion applies to the gift; or
   - if the principal’s spouse agrees to consent to a split gift as provided by Section 2513, Internal Revenue Code of 1986, twice the annual federal gift tax exclusion limit; and

2. consent, as provided by Section 2513, Internal Revenue Code of 1986, to the splitting of a gift made by the principal’s spouse in an amount per donee not to exceed the aggregate annual federal gift tax exclusions for both spouses.

(d) An agent may make a gift of the principal’s property only as the agent determines is consistent with the principal’s objectives if the agent actually knows those objectives. If the agent does not know the principal’s objectives, the agent may make a gift of the principal’s property only as the agent determines is consistent with the principal’s best interest based on all relevant factors, including the factors listed in Section 751.122 and the principal’s personal history of making or joining in making gifts.

Sec. 751.033. Authority to Create or Change Certain Beneficiary Designations.

(a) Unless the durable power of attorney otherwise provides, and except as provided by Section 751.031(c), authority granted to an agent under Section 751.031(b)(4) empowers the agent to:

1. create or change a beneficiary designation under an account, contract, or another arrangement that authorizes the principal to designate a beneficiary, including an insurance or annuity contract, a qualified or nonqualified retirement plan, including a retirement plan as defined by Section 752.113, an employment agreement, including a deferred compensation agreement, and a residency agreement;

2. enter into or change a P.O.D. account or trust account under Chapter 113; or

3. create or change a nontestamentary payment or transfer under Chapter 111.

(b) If an agent is granted authority under Section 751.031(b)(4) and the durable power of attorney grants the authority to the agent described in Section 752.108 or 752.113, then, unless the power of attorney otherwise provides, the authority of the agent to designate the agent as a beneficiary is not subject to the limitations prescribed by Sections 752.108(b) and 752.113(c).

(c) If an agent is not granted authority under Section 751.031(b)(4) but the durable power of attorney grants the authority to the agent described in Section 752.108 or 752.113, then, unless the power of attorney otherwise provides and notwithstanding Section 751.031, the agent’s authority to designate the agent as a beneficiary is subject to the limitations prescribed by Sections 752.108(b) and 752.113(c).

Sec. 751.034. Incorporation of Authority.

(a) An agent has authority described in this chapter if the durable power of attorney refers to general authority with respect to the descriptive term for the subjects stated in Chapter 752 or cites the section in which the authority is described.

(b) A reference in a durable power of attorney to general authority with respect to the descriptive term for a subject in Chapter 752 or a citation to one of those sections incorporates the entire section as if the section were set out in its entirety in the power of attorney.

(c) A principal may modify authority incorporated by reference.

Subchapter B

Sec. 751.102. Duty to Timely Inform Principal.
(a) The agent shall timely inform the principal of each action taken under a durable power of attorney.

(a) The agent shall maintain records of each action taken or decision made by the agent.
(b) The agent shall maintain all records until delivered to the principal, released by the principal, or discharged by a court.

Subchapter C-1

Sec. 751.121. Duty to Notify of Breach of Fiduciary Duty by other Agent.
(a) An agent who has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall
notify the principal and, if the principal is incapacitated, take any action reasonably appropriate under the circumstances to safeguard the principal's best interest. (2) account to the guardian of the estate as the agent would account to the principal if the principal had terminated the powers of the agent.

(b) If, after execution of a durable power of attorney, a court of the principal's domicile appoints a temporary guardian of the estate of the principal, the court may suspend the powers of the agent on the qualification of the temporary guardian of the estate until the date the term of the temporary guardian expires. Sec. 751.134. Effect on Certain Persons of Termination of Durable Power of Attorney or Agent's Authority.

Termination of an agent's authority or of a durable power of attorney is not effective as to the agent or another person who, without actual knowledge of the termination, acts in good faith under or in reliance on the power of attorney. An act performed as described by this section, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

Sec. 751.135. Previous Durable Power of Attorney Continues in Effect Until Revoked.

The execution of a durable power of attorney does not revoke a durable power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other durable powers of attorney are revoked.

CHAPTER 1022

Jurisdiction

Section 1022.001. General Probate Court Jurisdiction in Guardianship Proceedings; Appeals.

(a) All guardianship proceedings must be filed and heard in a court exercising original probate jurisdiction. The court exercising original probate jurisdiction also has jurisdiction of all matters related to the guardianship proceeding as specified in Section 1021.001 for that type of court.

(b) A probate court may exercise pendent and ancillary jurisdiction as necessary to promote judicial efficiency and economy.

(c) A final order issued by a probate court is appealable to the court of appeals.

(a) In a county in which there is no statutory probate court or county court at law exercising original probate jurisdiction, the county court has original jurisdiction of guardianship proceedings.

(b) In a county in which there is no statutory probate court, but in which there is a county court at law exercising original probate jurisdiction, the county court at law exercising original probate jurisdiction and the county court have concurrent original jurisdiction of guardianship proceedings, unless otherwise provided by law. The judge of a county court may hear guardianship proceedings while sitting for the judge of any other county court.

(c) In a county in which there is a statutory probate court, the statutory probate court has original jurisdiction of guardianship proceedings.

(d) From the filing of the application for the appointment of a guardian of the estate or person, or both, until the guardianship is settled and closed under this chapter, the administration of the estate of a minor or other incapacitated person is one proceeding for purposes of jurisdiction and is a proceeding in rem.

Sec. 1022.003. Jurisdiction of Contested Guardianship Proceeding in County with No Statutory Probate Court or County Court at Law.

(a) In a county in which there is no statutory probate court or county court at law exercising original probate jurisdiction, when a matter in a guardianship proceeding is contested, the judge of the county court may, on the judge’s own motion, or shall, on the motion of any party to the proceeding, according to the motion:

(1) request the assignment of a statutory probate court judge to hear the contested matter, as provided by Section 25.0022, Government Code; or

(2) transfer the contested matter to the district court, which may then hear the contested matter as if originally filed in the district court.

(b) If a party to a guardianship proceeding files a motion for the assignment of a statutory probate court judge to hear a contested matter in the proceeding before the judge of the county court transfers the contested matter to a district court under this section, the county judge shall grant the motion for the assignment of a statutory probate court judge and may not transfer the matter to the district court unless the party withdraws the motion.

(c) If a judge of a county court requests the assignment of a statutory probate court judge to hear a contested matter in a guardianship proceeding on the judge’s own motion or on the motion of a party to the proceeding as provided by this section, the judge may request that the statutory probate court judge be assigned to the entire proceeding on the judge’s own motion or on the motion of a party.

(d) A party to a guardianship proceeding may file a motion for the assignment of a statutory probate court judge under this section before a matter in the proceeding becomes contested, and the motion is given effect as a motion for assignment of a statutory probate court judge under Subsection (a) if the matter later becomes contested.

(e) Notwithstanding any other law, a transfer of a contested matter in a guardianship proceeding to a district court under any authority other than the authority provided by this section:

(1) is disregarded for purposes of this section; and

(2) does not defeat the right of a party to the proceeding to have the matter assigned to a statutory probate court judge in accordance with this section.

(f) A statutory probate court judge assigned to a contested matter in a guardianship proceeding or to the entire proceeding under this section has the jurisdiction and authority granted to a statutory probate court by this code. A statutory probate court judge assigned to hear only the contested matter in a guardianship proceeding shall, on resolution of the matter, including any appeal of the matter, return the matter to the county court for further proceedings not inconsistent with the orders of the statutory probate court or court of appeals, as applicable. A statutory probate court judge assigned to the entire guardianship proceeding as provided by Subsection (c) shall, on resolution of the contested matter in the proceeding, including any appeal of the matter, return the entire proceeding to the county court for further proceedings not inconsistent with the orders of the statutory probate court or court of appeals, as applicable.

(g) A district court to which a contested matter in a guardianship proceeding is transferred under this section has the jurisdiction and authority granted to a statutory probate court by this code. On resolution of a contested matter transferred to the district court under this section, including any appeal of the matter, the district court shall return the matter to the county court for further proceedings not inconsistent with the orders of the district court or court of appeals, as applicable.

(b) If only the contested matter in a guardianship proceeding is assigned to a statutory probate court judge under this section, or if the contested matter in a guardianship proceeding is transferred to a district court under this section, the county court shall continue to exercise jurisdiction over the management of the guardianship, other than a contested matter, until final disposition of the contested matter is made in accordance with this section. Any matter related to a guardianship proceeding in which a contested matter is transferred to a district court may be brought in the district court. The district court in which a matter related to the proceeding is filed may, on the court’s own motion or on the motion of any party, find that the matter is not a contested matter and transfer the matter to the county court with jurisdiction of the management of the guardianship.

(i) If a contested matter in a guardianship proceeding is transferred to a district court under this section, the district court has jurisdiction of any contested matter in the proceeding that is subsequently filed, and the county court shall transfer those contested matters to the district court. If a statutory probate court judge is assigned under this section to hear a contested matter in a guardianship proceeding, the statutory probate court judge shall be assigned to hear any contested matter in the proceeding that is subsequently filed.

(j) The clerk of a district court to which a contested matter in a guardianship proceeding is transferred under this section may perform in relation to the transferred matter any function a county clerk may perform with respect to that type of matter.

Sec. 1022.004. Jurisdiction of Contested Guardianship Proceeding in County with No Statutory Probate Court.

(a) In a county in which there is no statutory probate court, but in which there is a county court at law exercising original probate jurisdiction, when a matter in a guardianship proceeding is contested, the judge of the county court may, on the judge’s own motion, or shall, on the motion of any party to the proceeding, transfer the contested matter to the county court at law. In addition, the judge of the county court, on the judge’s own motion or on the motion of a party to the proceeding, may transfer the entire proceeding to the county court at law.

(b) A county court at law to which a proceeding is transferred under this section may hear the proceeding as if originally filed in that court. If only a contested matter in the proceeding is transferred, on the resolution of the
matter, the matter shall be returned to the county court for further proceedings not inconsistent with the orders of the county court at law.

Sec. 1022.005. Exclusive Jurisdiction of Guardianship Proceeding in County with Statutory Probate Court.
(a) In a county in which there is a statutory probate court, the statutory probate court has exclusive jurisdiction of all guardianship proceedings, regardless of whether contested or uncontested.
(b) A cause of action related to a guardianship proceeding of which the statutory probate court has exclusive jurisdiction as provided by Subsection (a) must be brought in the statutory probate court unless the jurisdiction of the statutory probate court is concurrent with the jurisdiction of a district court as provided by Section 1022.006 or with the jurisdiction of any other court.

Sec. 1022.007. Transfer of Proceeding by Statutory Probate Court.
(a) A judge of a statutory probate court, on the motion of a party to the action or of a person interested in the guardianship, may:

(1) transfer to the judge's court from a district, county, or statutory court a cause of action that is a matter related to a guardianship proceeding pending in the statutory probate court, including a cause of action that is a matter related to a guardianship proceeding pending in the statutory probate court and in which the guardian, ward, or proposed ward in the pending guardianship proceeding is a party; and

(2) consolidate the transferred cause of action with the guardianship proceeding to which it relates and any other proceedings in the statutory probate court that are related to the guardianship proceeding.
(b) Notwithstanding any other provision of this title, the proper venue for an action by or against a guardian, ward, or proposed ward for personal injury, death, or property damages is determined under Section 15.007, Civil Practice and Remedies Code.

CHAPTER 1023
Venue

Sec. 1023.001. Venue for Appointment of Guardian.
(a) Except as otherwise authorized by this section, a proceeding for the appointment of a guardian for the person or estate, or both, of an incapacitated person shall be brought in the county in which the proposed ward resides or is located on the date the application is filed or in the county in which the principal estate of the proposed ward is located.
(b) A proceeding for the appointment of a guardian for the person or estate, or both, of a minor may be brought:
(1) in the county in which both the minor’s parents reside;
(2) if the parents do not reside in the same county, in the county in which the parent who is the sole managing conservator of the minor resides, or in the county in which the parent who is the joint managing conservator with the greater period of physical possession of and access to the minor resides;
(3) if only one parent is living and the parent has custody of the minor, in the county in which that parent resides;

Sec. 1023.002. Concurrent Venue and Transfer for Want of Venue.
(a) If two or more courts have concurrent venue of a guardianship proceeding, the court in which an application for a guardianship proceeding is initially filed has and retains jurisdiction of the proceeding. A proceeding is considered commenced by the filing of an application alleging facts sufficient to confer venue, and the proceeding initially legally commenced extends to all of the property of the guardianship estate.
(b) If a guardianship proceeding is commenced in more than one county, it shall be stayed except in the county in which it was initially commenced until final determination of proper venue is made by the court in the county in which it was initially commenced.
(c) If it appears to the court at any time before the guardianship is closed that the proceeding was commenced in a court that did not have venue over the proceeding, the court shall, on the application of any interested person, transfer the proceeding to the proper county.
(d) When a proceeding is transferred to another county under a provision of this chapter, all orders entered in
connection with the proceeding shall be valid and shall be recognized in the court to which the guardianship was ordered transferred, if the orders were made and entered in conformance with the procedures prescribed by this code.

(c) The relationship between an adult with a disability and the supporter with whom the adult enters into a supported decision-making agreement:

(1) is one of trust and confidence; and

(2) does not undermine the decision-making authority of the adult.

Sec. 1357.0525. Designation of Alternate Supporter in Certain Circumstances.
In order to prevent a conflict of interest, if a determination is made by an adult with a disability that the supporter with whom the adult entered into a supported decision-making agreement is the most appropriate person to provide to the adult supports and services for which the supporter will be compensated, the adult may amend the supported decision-making agreement to designate an alternate person to act as the adult’s supporter for the limited purpose of participating in person-centered planning as it relates to the provision of those supports and services.

(b) If a supporter assists an adult with a disability in accessing, collecting, or obtaining personal information, including protected health information under the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191) or educational records under the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), the supporter shall ensure the information is kept privileged and confidential, as applicable, and is not subject to unauthorized access, use, or disclosure.

Subchapter C

Child Unfit to Proceed As a Result of Mental Illness or Intellectual Disability

Sec. 55.31. Unfitness to Proceed Determination; Examination.

(a) A child alleged by petition or found to have engaged in delinquent conduct or conduct indicating a need for
supervision who as a result of mental illness or an intellectual disability lacks capacity to understand the proceedings in juvenile court or to assist in the child’s own defense is unfit to proceed and shall not be subjected to discretionary transfer to criminal court, adjudication, disposition, or modification of disposition as long as such incapacity endures.

(b) On a motion by a party, the juvenile court shall determine whether probable cause exists to believe that a child who is alleged by petition or who is found to have engaged in delinquent conduct or conduct indicating a need for supervision is unfit to proceed as a result of mental illness or an intellectual disability. In making its determination, the court may:

(1) consider the motion, supporting documents, professional statements of counsel, and witness testimony; and

(2) make its own observation of the child.

(c) If the court determines that probable cause exists to believe that the child is unfit to proceed, the court shall temporarily stay the juvenile court proceedings and immediately order the child to be examined under Section 51.20. The information obtained from the examination must include expert opinion as to whether the child is unfit to proceed as a result of mental illness or an intellectual disability.

(d) After considering all relevant information, including information obtained from an examination under Section 51.20, the court shall:

(1) if the court determines that evidence exists to support a finding that the child is unfit to proceed, proceed under Section 55.32; or

(2) if the court determines that evidence does not exist to support a finding that the child is unfit to proceed, dissolve the stay and continue the juvenile court proceedings.

Sec. 55.32. Hearing on Issue of Fitness to Proceed.

(a) If the juvenile court determines that evidence exists to support a finding that a child is unfit to proceed as a result of mental illness or an intellectual disability, the court shall set the case for a hearing on that issue.

(b) The issue of whether the child is unfit to proceed as a result of mental illness or an intellectual disability shall be determined at a hearing separate from any other hearing.

(c) The court shall determine the issue of whether the child is unfit to proceed unless the child or the attorney for the child demands a jury before the 10th day before the date of the hearing.

(d) Unfitness to proceed as a result of mental illness or an intellectual disability must be proved by a preponderance of the evidence.

(e) If the court or jury determines that the child is fit to proceed, the juvenile court shall continue with proceedings under this title as though no question of fitness to proceed had been raised.

(f) If the court or jury determines that the child is unfit to proceed as a result of mental illness or an intellectual disability, the court shall:

(1) stay the juvenile court proceedings for as long as that incapacity endures; and

(2) proceed under Section 55.33.

(g) The fact that the child is unfit to proceed as a result of mental illness or an intellectual disability does not preclude any legal objection to the juvenile court proceedings which is susceptible of fair determination prior to the adjudication hearing and without the personal participation of the child.

HISTORY: Enacted by Acts 1973, 63rd Leg., ch. 544 (S.B. 111), § 1, effective September 1, 1973; am. Acts 1995, 74th Leg., ch. 262 (H.B. 327), § 47, effective May 31, 1995; am. Acts 1999, 76th Leg., ch. 1477 (H.B. 3517), § 14, effective September 1, 1999 (renumbered from Sec. 55.04(c) to (f)); am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 1.007, effective April 2, 2015.

(a) If the juvenile court or jury determines under Section 55.32 that a child is unfit to proceed with the juvenile court proceedings for delinquent conduct, the court shall:

(1) if the unfitness to proceed is a result of mental illness or an intellectual disability:

(A) provided that the child meets the commitment criteria under Subtitle C or D, Title 7, Health and Safety Code, order the child placed with the Department of State Health Services or the Department of Aging and Disability Services, as appropriate, for a period of not more than 90 days, which order may not specify a shorter period, for placement in a facility designated by the department; or

(B) on application by the child’s parent, guardian, or guardian ad litem, order the child placed in a private psychiatric inpatient facility for a period of not more than 90 days, which order may not specify a shorter period, but only if the placement is agreed to in writing by the administrator of the facility; or

(2) if the unfitness to proceed is a result of mental illness and the court determines that the child may be adequately treated in an alternative setting, order the child to receive treatment for mental illness on an outpatient basis for a period of not more than 90 days, which order may not specify a shorter period.

(b) If the court orders a child placed in a private psychiatric inpatient facility under Subsection (a)(1)(B), the state or a political subdivision of the state may be ordered to pay any costs associated with the child’s placement, subject to an express appropriation of funds for the purpose.
