Judge Barbara Hervey, Texas Court of Criminal Appeals, Co-Chair

Kristi Taylor, Executive Director

Dear Judges and Stakeholders,

As gatekeepers for families and individuals in crisis, courts must make life-altering decisions that require knowledge of multiple complex issues. However, too often, courts lack the training and resources needed to make well-informed decisions. Recognizing that improving the lives of Texans who are affected by mental health issues and are involved in the justice system requires judicial leadership at the highest level, the Supreme Court of Texas and the Texas Court of Criminal Appeals sat as one court for a historic hearing on January 11, 2018. Together, they heard from people with lived experience with the mental health and criminal justice systems, judges, psychiatrists, psychologists, attorneys, and law enforcement. Following the historic joint hearing, the two highest courts in Texas established the Judicial Commission on Mental Health (JCMH) and appointed 33 commissioners from across the state in April 2018.

The mission of the JCMH is to engage and empower court systems through collaboration, education, and leadership, thereby improving the lives of individuals with mental health needs, substance use disorders, or intellectual and developmental disabilities (IDD). This book is intended to fulfill that mission in part by providing to judges and stakeholders a compendium of selected statutes and rules related to mental health and IDD from all relevant Texas codes in one publication.

The JCMH would like to recognize the leadership and support of Supreme Court of Texas Chief Justice Nathan Hecht; Texas Court of Criminal Appeals Presiding Judge Sharon Keller; Supreme Court Justice Jane Bland and Court of Criminal Appeals Judge Barbara Hervey, Co-Chairs of the JCMH; Supreme Court Justice Eva Guzman; Supreme Court Justice Jeff Brown; Justice Bill Boyce, Vice-Chair of the JCMH; Judge John Specia, JCMH Jurist in Residence; Tina Amberboy, Executive Director of the Supreme Court Children's Commission; the Supreme Court of Texas; and the Texas Court of Criminal Appeals.

The JCMH is indebted to Chris Lopez with the Texas Health and Human Services Commission, who faithfully compiled his publication, *Texas Laws Relating to Mental Health*, and continually updates it with legislative changes. Mental health practitioners and professionals across the state rely on his publication, which is currently in its 22nd edition. The laws reflected in *Texas Laws Relating to Mental Health* formed the starting point for developing this publication. Gratitude is also due to Hon. Nelda Cacciotti from Tarrant County and Hon. Dave Jahn from Denton County for their assistance with this project. Finally, special thanks to JCMH Staff Attorney Regan Metteauer for her meticulous review and compilation of the many codes to create this publication.

Thank you for your dedication to the fair administration of justice for all, especially individuals with mental illness and IDD.

Sincerely,

Kristi Taylor, Executive Director

ARTICLE I Bill of Rights

- Section
- 15. Right of Trial by Jury.
- 15-a. Commitment of Persons of Unsound Mind.

Preamble

That the general, great and essential principles of liberty and free government may be recognized and established, we declare:

Sec. 15. Right of Trial by Jury.

The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury.

Sec. 15-a. Commitment of Persons of Unsound Mind.

No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

- 49-h. Bond Issuance for Correctional and Statewide Law Enforcement Facilities and for Institutions for Persons with Intellectual and Developmental Disabilities .
- 50-f. General Obligation Bonds for Construction and Repair Projects and for Purchase of Equipment.
- 51-a. Assistance Grants, Medical Care and Certain Other Services for Needy Persons, Federal Matching Funds.

Sec. 49-h. Bond Issuance for Correctional and Statewide Law Enforcement Facilities and for Institutions for Persons with Intellectual and Developmental Disabilities .

(a) In amounts authorized by constitutional amendment or by a debt proposition under Section 49 of this article, the legislature may provide for the issuance of general obligation bonds and the use of the bond proceeds for acquiring, constructing, or equipping new facilities or for major repair or renovation of existing facilities of corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions. The legislature may require the review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds. Notwithstanding any other provision of this constitution, the issuer of the bonds or any entity created or directed to review and approve projects may include members or appointees of members of the executive, legislative, and judicial departments of state government.

(b) Bonds issued under this section constitute a general obligation of the state. While any of the bonds or interest on the bonds is outstanding and unpaid, there is appropriated out of the first money coming into the treasury in each fiscal year, not otherwise appropriated by this constitution, the amount sufficient to pay the principal of and interest on the bonds that mature or become due during the fiscal year, less any amount in any sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

(c) In addition to the purposes authorized under Subsection (a), the legislature may authorize the issuance of the general obligation bonds for acquiring, constructing, or equipping:

- (1) new statewide law enforcement facilities and for major repair or renovation of existing facilities; and
- (2) new prisons and substance abuse felony punishment facilities to confine criminals and major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or substance abuse felony punishment facilities.

Amendment proposed by 1999 76th Leg., H.J.R. No. 62, approved by electorate (Prop. 3) at the November 2, 1999 election.

Sec. 50-f. General Obligation Bonds for Construction and Repair Projects and for Purchase of Equipment.

(a) The legislature by general law may authorize the Texas Public Finance Authority to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$850 million and to enter into related credit agreements. The bonds shall be executed in the form, on the terms, and in the denominations, bear interest, and be issued in installments as prescribed by the Texas Public Finance Authority.

(b) Proceeds from the sale of the bonds shall be deposited in a separate fund or account within the state treasury created by the comptroller for this purpose. Money in the separate fund or account may be used only to pay for:

(1) construction and repair projects authorized by the legislature by general law or the General Appropriations Act and administered by or on behalf of the General Services Commission, the Texas Youth Commission, the Texas Department of Criminal Justice, the Texas Department of Mental Health and Mental Retardation, the Parks and Wildlife Department, the adjutant general's department, the Texas School for the Deaf, the Department of Agriculture, the Department of Public Safety of the State of Texas, the State Preservation Board, the Texas Department of Health, the Texas Historical Commission, or the Texas School for the Blind and Visually Impaired; or

(2) the purchase, as authorized by the legislature by general law or the General Appropriations Act, of needed equipment by or on behalf of a state agency listed in Subdivision (1) of this subsection.

(c) The maximum net effective interest rate to be borne by bonds issued under this section may be set by general law.

(d) While any of the bonds or interest on the bonds authorized by this section is outstanding and unpaid, from the first money coming into the state treasury in each fiscal year not otherwise appropriated by this constitution, an amount sufficient to pay the principal and interest on bonds that mature or become due during the fiscal year and to make payments that become due under a related credit agreement during the fiscal year is appropriated, less the amount in the sinking fund at the close of the previous fiscal year.

(e) Bonds issued under this section, after approval by the attorney general, registration by the comptroller of public accounts, and delivery to the purchasers, are incontestable and are general obligations of the State of Texas under this constitution.

Amendment proposed by 2001, 77th Leg., H.J.R. No. 97, approved by the electorate at the November 6, 2001 election.

Sec. 51-a. Assistance Grants, Medical Care and Certain Other Services for Needy Persons, Federal Matching Funds.

(a) The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to needy dependent children and the caretakers of such children, needy persons who are totally and permanently disabled because of a mental or physical handicap, needy aged persons and needy blind persons.

(b) The Legislature may provide by General Law for medical care, rehabilitation and other similar services for needy persons. The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate and may make appropriations out of state funds for such purposes. The maximum amount paid out of state funds for assistance grants to or

on behalf of needy dependent children and their caretakers shall not exceed one percent of the state budget. The Legislature by general statute shall provide for the means for determining the state budget amounts, including state and other funds appropriated by the Legislature, to be used in establishing the biennial limit.

(c) Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

(d) Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state.

Amendment proposed by 1999 76th Leg., H.J.R. No. 62, approved by electorate (Prop. 3) at the November 2, 1999 election.

Section

6. Appropriations for Private Purposes; Annual Accounting of Public Money; Acceptance and Expenditure of Certain Money for Persons with Disabilities.

Sec. 6. Appropriations for Private Purposes; Annual Accounting of Public Money; Acceptance and Expenditure of Certain Money for Persons with Disabilities.

(a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the

handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and non-profit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law.

(7) fails to submit a plan of correction within 10 days after receiving a statement of licensing violations; or

(8) fails to notify the commission of a change in ownership before the effective date of that change of ownership.

(b) The penalty for a facility with fewer than 60 beds shall be not less than \$100 or more than \$1,000 for each

violation. The penalty for a facility with 60 beds or more shall be not less than \$100 or more than \$5,000 for each violation. Each day a violation occurs or continues is a separate violation for purposes of imposing a penalty. The total amount of a penalty assessed under this subsection for each day a violation occurs or continues may not exceed:

(1) \$5,000 for a facility with fewer than 60 beds; and

(2) \$25,000 for a facility with 60 beds or more.

(c) The executive commissioner by rule shall specify each violation for which an administrative penalty may be assessed. In determining which violations warrant penalties, the executive commissioner shall consider:

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the violation and the hazard of the violation to the health or safety of clients; and

(2) whether the affected facility had identified the violation as a part of its internal quality assurance process and had made appropriate progress on correction.

(d) The executive commissioner by rule shall establish a specific and detailed schedule of appropriate and graduated penalties for each violation based on:

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the violation and the hazard of the violation to the health or safety of clients;

(2) the history of previous violations;

(3) whether the affected facility had identified the violation as a part of its internal quality assurance process and had made appropriate progress on correction;

(4) the amount necessary to deter future violations;

(5) efforts made to correct the violation;

(6) the size of the facility; and

(7) any other matters that justice may require.

(e) The executive commissioner by rule shall provide the facility with a reasonable period of time, not less than 45 days, following the first day of a violation to correct the violation before the commission may assess an administrative penalty if a plan of correction has been implemented. This subsection does not apply to a violation described by Subsections (a)(2)-(8) or to a violation that the commission determines:

(1) represents a pattern of violation that results in actual harm;

(2) is widespread in scope and results in actual harm;

(3) is widespread in scope, constitutes a potential for actual harm, and relates to:

(A) staff treatment of a resident;

(B) active treatment;

(C) client behavior and facility practices;

(D) health care services;

(E) drug administration;

(F) infection control;

(G) food and nutrition services; or

(H) emergency preparedness and response;

(4) constitutes an immediate threat to the health or safety of a resident; or

(f) The commission may not assess an administrative penalty for a minor violation if the person corrects the violation not later than the 46th day after the date the person receives notice of the violation.

(g) The executive commissioner shall establish a system to ensure standard and consistent application of penalties regardless of the facility location.

(h) All proceedings for the assessment of an administrative penalty under this chapter are subject to Chapter 2001, Government Code.

(i) The commission may not assess an administrative penalty against a state agency.

(j) Notwithstanding any other provision of this section, an administrative penalty ceases to be incurred on the date a violation is corrected. The administrative penalty ceases to be incurred only if the facility:

(1) notifies the commission in writing of the correction of the violation and of the date the violation was corrected; and

(2) shows later that the violation was corrected.

(k) Rules adopted under this section shall include specific, appropriate, and objective criteria that describe the scope and severity of a violation that results in a recommendation for each specific penalty.

(l) The commission shall develop and use a system to record and track the scope and severity of each violation of this chapter or a rule, standard, or order adopted under this chapter for the purpose of assessing an administrative penalty for the violation or taking some other enforcement action against the appropriate facility to deter future violations. The system:

(1) must be comparable to the system used by the Centers for Medicare and Medicaid Services to categorize the scope and severity of violations for nursing homes; and

(2) may be modified, as appropriate, to reflect changes in industry practice or changes made to the system used by the Centers for Medicare and Medicaid Services.

(m) In this section:

(1) "Actual harm" means a negative outcome that compromises a resident's physical, mental, or emotional well-being.

(2) "Immediate threat to the health or safety of a resident" means a situation that causes, or is likely to cause, serious injury, harm, or impairment to or the death of a resident.

(3) "Pattern of violation" means repeated, but not pervasive, failures of a facility to comply with this chapter or a rule, standard, or order adopted under this chapter that:

(A) result in a violation; and

(B) are found throughout the services provided by the facility or that affect or involve the same residents or facility employees.

(4) "Widespread in scope" means a violation of this chapter or a rule, standard, or order adopted under this chapter that:

The notice shall include:

(1) a brief summary of the alleged violation;

(2) a statement of the amount of the proposed penalty based on the factors listed in Section 252.065(d); and

(3) a statement of the person's right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(b) Not later than the 20th day after the date on which the notice is received, the person notified may accept the determination of the department made under this section, including the proposed penalty, or may make a written request for a hearing on that determination.

(c) If the person notified under this section of the violation accepts the determination of the department or if the person fails to respond in a timely manner to the notice, the department shall issue an order approving the determination and ordering that the person pay the proposed penalty.

HISTORY: Enacted by Acts 1997, 75th Leg., ch. 693 (S.B. 1248), § 1, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 534 (S.B. 196), § 5, effective September 1, 1999; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.0788, effective April 2, 2015.

Sec. 252.067. Hearing; Order.

(a) If the person notified under Section 252.066 requests a hearing, an administrative law judge shall set a hearing and the department shall give written notice of the hearing to the person.

(b) The administrative law judge shall make findings of fact and conclusions of law and shall promptly issue to the department a proposal for decision as to the occurrence of the violation and a recommendation as to the amount of the proposed penalty if a penalty is determined to be warranted.

(c) Based on the findings of fact and conclusions of law and the recommendations of the administrative law judge, the department by order may find that a violation has occurred and may assess a penalty or may find that no violation has occurred.

HISTORY: Enacted by Acts 1999, 76th Leg., ch. 534 (S.B. 196), § 6, effective September 1, 1999; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.0789, effective April 2, 2015.

(c) Within the 30-day period, a person who acts under Subsection (b)(2) may:

- (1) stay enforcement of the penalty by:
 - (A) paying the penalty to the court for placement in an escrow account; or
 - (B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the order becomes final; or
- (2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(d) If the department receives a copy of an affidavit under Subsection (c)(2), the department may file with the court, within 10 days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty and to give a supersedeas bond.

(e) If the person does not pay the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the penalty.

(f) Judicial review of the order:

- (1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
- (2) is under the substantial evidence rule.

(g) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(h) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty under Subsection (c)(1)(A) and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the penalty is not upheld by the court, the court shall order the release of the escrow account or bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

Sec. 252.071. Amelioration of Violation.

(a) In lieu of demanding payment of an administrative penalty authorized by this subchapter, the department may allow a person subject to the penalty to use, under the supervision of the department, all or part of the amount of the penalty to ameliorate the violation or to improve services, other than administrative services, in the facility affected by the violation.

(b) The department shall offer amelioration to a person for a charged violation if the department determines that the violation does not constitute immediate jeopardy to the health and safety of a facility resident.

(c) The department may not offer amelioration to a person if the department determines that the charged

violation constitutes immediate jeopardy to the health and safety of a facility resident.

(d) The department shall offer amelioration to a person under this section not later than the 10th day after the date the person receives from the department a final notification of assessment of administrative penalty that is sent to the person after an informal dispute resolution process but before an administrative hearing under Section 252.067.

(e) A person to whom amelioration has been offered must file a plan for amelioration not later than the 45th day after the date the person receives the offer of amelioration from the department. In submitting the plan, the person must agree to waive the person's right to an administrative hearing under Section 252.067 if the department approves the plan.

(f) At a minimum, a plan for amelioration must:

(1) propose changes to the management or operation of the facility that will improve services to or quality of care of residents of the facility;

(2) identify, through measurable outcomes, the ways in which and the extent to which the proposed changes will improve services to or quality of care of residents of the facility;

(3) establish clear goals to be achieved through the proposed changes;

(4) establish a timeline for implementing the proposed changes; and

(5) identify specific actions necessary to implement the proposed changes.

(g) The department may require that an amelioration plan propose changes that would result in conditions that exceed the requirements of this chapter or the rules adopted under this chapter.

(h) The department shall approve or deny an amelioration plan not later than the 45th day after the date the department receives the plan. On approval of a person's plan, the commission or the State Office of Administrative Hearings, as appropriate, shall deny a pending request for a hearing submitted by the person under Section 252.066(b).

(i) The department may not offer amelioration to a person:

(1) more than three times in a two-year period; or

(2) more than one time in a two-year period for the same or similar violation.

(j) In this section, "immediate jeopardy to health and safety" means a situation in which immediate corrective action is necessary because the facility's noncompliance with one or more requirements has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident receiving care in the facility.

(1) have an adverse effect on the facility's residents and their families; and

(2) result in a lack of readily available financial resources to meet the basic needs of the residents for food, shelter, medication, and personal services.

(b) The purpose of this subchapter is to provide for:

(1) the appointment of a trustee to assume the operations of the facility in a manner that emphasizes resident care and reduces resident trauma; and

(2) a fund to assist a court-appointed trustee in meeting the basic needs of the residents.

HISTORY: Enacted by Acts 1997, 75th Leg., ch. 693 (S.B. 1248), § 1, effective September 1, 1997.

(a) A person who holds a controlling interest in a facility may request the department to assume the operation of the facility through the appointment of a trustee under this subchapter.

(b) After receiving the request, the department may enter into an agreement providing for the appointment of a trustee to take charge of the facility under conditions both parties consider appropriate if the department considers the appointment desirable.

(c) An agreement under this section must:

(1) specify the terms and conditions of the trustee's appointment and authority; and

(2) preserve the rights of the residents as granted by law.

(d) The agreement terminates at the time:

(1) specified by the parties; or

(2) either party notifies the other in writing that the party is terminating the appointment agreement.

HISTORY: Enacted by Acts 1997, 75th Leg., ch. 693 (S.B. 1248), § 1, effective September 1, 1997.

Sec. 252.093. Involuntary Appointment.

(a) The department may request the attorney general to bring an action on behalf of the state for the appointment of a trustee to operate a facility if:

(1) the facility is operating without a license;

(2) the department has suspended or revoked the facility's license;

(3) license suspension or revocation procedures against the facility are pending and the department determines that an imminent threat to the health and safety of the residents exists;

(4) the department determines that an emergency exists that presents an immediate threat to the health and safety of the residents; or

(5) the facility is closing and arrangements for relocation of the residents to other licensed facilities have not been made before closure.

(b) A trustee appointed under Subsection (a)(5) may only ensure an orderly and safe relocation of the facility's residents as quickly as possible.

(c) After a hearing, a court shall appoint a trustee to take charge of a facility if the court finds that involuntary appointment of a trustee is necessary.

(d) If possible, the court shall appoint as trustee an individual whose background includes intellectual disability service administration.

(e) An action under this section must be brought in Travis County or the county in which the violation is alleged to have occurred.

Provisions Generally Applicable To Mental Health and Intellectual Disability Services

Section 531.001.	Purpose; Policy.
531.002.	Definitions.
531.0021.	Reference to State School, Superintendent, or Local Mental Retardation Authority.

Sec. 531.001. Purpose; Policy.

(a) It is the purpose of this subtitle to provide for the effective administration and coordination of mental health and intellectual disability services at the state and local levels.

(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:

(1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or

(2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.

(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care, treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other government-

tal entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds appropriated by the legislature for mental health and intellectual disability services may be spent only to provide services to the priority populations identified in the applicable department's long-range plan.

(g) It is the goal of this state to establish at least one special officer for mental health assignment in each county. To achieve this goal, the Department of State Health Services shall assist a local law enforcement agency that desires to have an officer certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State Health Services serves as the state's mental health authority and the Department of Aging and Disability Services serves as the state's intellectual disability authority. The executive commissioner is responsible for the planning, policy development, and resource development and allocation for and oversight of mental health and intellectual disability services in this state. It is the policy of this state that, when appropriate and feasible, the executive commissioner may delegate the executive commissioner's authority to a single entity in each region of the state that may function as the local mental health or intellectual and developmental disability authority for one or more service areas in the region.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1993, 73rd Leg., ch. 60 (H.B. 771), § 19, effective September 1, 1993; am. Sec. 533.038. Coordination of Benefits.

(a) In this section, "Medicaid wrap-around benefit" means a Medicaid-covered service, including a pharmacy or medical benefit, that is provided to a recipient with both Medicaid and primary health benefit plan coverage when the recipient has exceeded the primary health benefit plan coverage limit or when the service is not covered by the primary health benefit plan issuer.

(b) The commission, in coordination with Medicaid managed care organizations and in consultation with the STAR Kids Managed Care Advisory Committee described by Section 533.00254, shall develop and adopt a clear policy for a Medicaid managed care organization to ensure the coordination and timely delivery of Medicaid wrap-around benefits for recipients with both primary health benefit plan coverage and Medicaid coverage. In developing the policy, the commission shall consider requiring a Medicaid managed care organization to allow, notwithstanding Sections 531.073 and 533.005(a)(23) or any other law, a recipient using a prescription drug for which the recipient's primary health benefit plan issuer previously provided coverage to continue receiving the prescription drug without requiring additional prior authorization.

(c) If the commission determines that a recipient's primary health benefit plan issuer should have been the primary payor of a claim, the Medicaid managed care organization that paid the claim shall work with the commission on the recovery process and make every attempt to reduce health care provider and recipient abrasion.

(d) The executive commissioner may seek a waiver from the federal government as needed to:

- (1) address federal policies related to coordination of benefits and third-party liability; and
- (2) maximize federal financial participation for recipients with both primary health benefit plan coverage and Medicaid coverage.

(e) The commission may include in the Medicaid managed care eligibility files an indication of whether a recipient has primary health benefit plan coverage or is enrolled in a group health benefit plan for which the commission provides premium assistance under the health insurance premium payment program. For recipients with that coverage or for whom that premium assis-

- (1) the health benefit plan issuer's name and address and the recipient's policy number;
- (2) the primary health benefit plan coverage start and end dates; and
- (3) the primary health benefit plan coverage benefits, limits, copayment, and coinsurance information.

(f) To the extent allowed by federal law, the commission shall maintain processes and policies to allow a health care provider who is primarily providing services to a recipient through primary health benefit plan coverage to receive Medicaid reimbursement for services ordered, referred, or prescribed, regardless of whether the provider is enrolled as a Medicaid provider. The commission shall allow a provider who is not enrolled as a Medicaid provider to order, refer, or prescribe services to a recipient based on the provider's national provider identifier number and may not require an additional state provider identifier number to receive reimbursement for the services. The commission may seek a waiver of Medicaid provider enrollment requirements for providers of recipients with primary health benefit plan coverage to implement this subsection.

(g) The commission shall develop a clear and easy process, to be implemented through a contract, that allows a recipient with complex medical needs who has established a relationship with a specialty provider to continue receiving care from that provider.

(b) The amount of the reimbursement sought may not exceed:

- (1) the amount the department is authorized to charge under Subchapter D, Chapter 593, if the client received the services in a department facility; or
- (2) the amount the community center is authorized to charge under Section 534.017 if the client received the services in a community center.

- (1) all nonexempt real and personal property owned or later acquired by the client or by a person legally responsible for the client's support;
- (2) a judgment of a court in this state or a decision of a public agency in a proceeding brought by or on behalf of the client to recover damages for an injury for which the client was admitted to a department facility or community center; and
- (3) the proceeds of a settlement of a cause of action or a claim by the client for an injury for which the client was admitted to a department facility or community center.

(d) To secure the lien, the department or community center must file written notice of the lien with the county clerk of the county in which:

Each local intellectual and developmental disability authority shall undertake to maximize federal funding.

(b) A local service area plan must be consistent with the purposes, goals, and policies stated in Section 531.001 and the department's long-range plan developed under Section 533A.032.

(c) The department and a local intellectual and developmental disability authority shall use the local authority's local service plan as the basis for contracts between the department and the local authority and for establishing the local authority's responsibility for achieving outcomes related to the needs and characteristics of the authority's local service area.

(d) In developing the local service area plan, the local intellectual and developmental disability authority shall:

- (1) solicit information regarding community needs from:

(A) criteria for assuring accountability for, cost-effectiveness of, and relative value of service delivery options;

(B) goals to ensure a client with an intellectual disability is placed in the least restrictive environment appropriate to the person's care;

(C) opportunities for innovation to ensure that the local authority is communicating to all potential and incoming consumers about the availability of services of state supported living centers for persons with an intellectual disability in the local service area of the local authority;

(D) goals to divert consumers of services from the criminal justice system; and

(E) opportunities for innovation in services and service delivery.

Performance related to the specified outcomes must be verifiable by the department. The performance agreement must include measures related to the outputs, costs, and units of service delivered. (d) In establishing a local intellectual and developmental disability authority's role as a qualified service provider of ICF-IID and related waiver programs under Section 533A.035(e), the executive commissioner shall require the local intellectual and developmental disability authority to:

(1) base the local authority's provider capacity on the local authority's August 2004 enrollment levels for the waiver programs the local authority operates and, if the local authority's enrollment levels exceed those levels, to reduce the levels by attrition; and

(2) base any increase in the local authority's provider capacity on:

(A) the local authority's state-mandated conversion from an ICF-IID program to a Section 1915(c) waiver program allowing for a permanent increase in the local authority's provider capacity in accordance with the number of persons who choose the local authority as their provider;

(D) other extenuating circumstances that:

(i) are monitored and approved by the department;

(ii) do not include increases that unnecessarily promote the local authority's provider role over its role as a local intellectual and developmental disability authority; and

(iii) may include increases necessary to accommodate a family-specific or consumer-specific circumstance and choice.

(e) Any increase based on extenuating circumstances under Subsection (d)(2)(D) is considered a temporary increase in the local intellectual and developmental disability authority's provider capacity, to be reduced by attrition.

(f) At least biennially, the department shall review and determine the local intellectual and developmental disability authority's status as a qualified service provider in accordance with criteria that includes the consideration of the local authority's ability to assure the availability of services in its area, including:

(2) the number of other qualified service providers in the area; and

(3) the geographical area in which the local authority is located.

(g) The department shall ensure that local services delivered further the following goals:

(3) to integrate individuals with intellectual and developmental disabilities into the community in accordance with relevant independence initiatives and permanency planning laws.

(h) The department shall ensure that local intellectual and developmental disability authorities are informing and counseling individuals and their legally authorized representatives, if applicable, about all program and service options for which the individuals are eligible in accordance with Section 533A.038(d), including options such as the availability and types of ICF-IID placements for which an individual may be eligible while the individual is on a department interest list or other waiting list for other services.

(1) the patient's parent fails to pay child support as required by the order; or

(2) the patient's parent who receives child support fails to pay charges based on the amount of child support payments received.

The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the department :

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

(c) The assessment provided for by the rules may be conducted only by a professional who meets the qualifications prescribed by department rules.

(d) The rules governing the assessment process shall prescribe:

A person may not conduct intake or assessments without having completed the initial and applicable annual inservice training.

(f) A prospective voluntary patient may not be formally accepted for treatment in a facility unless:

(1) the facility has a physician's order admitting the prospective patient, which order may be issued orally, electronically, or in writing, signed by the physician, provided that, in the case of an oral order or an electronically transmitted unsigned order, a signed original is presented to the mental health facility within 24 hours of the initial order; the order must be from:

(1) "Admission" means the formal acceptance of a prospective patient to a facility.

(2) "Assessment" means the administrative process a facility uses to gather information from a prospective patient, including a medical history and the problem for which the patient is seeking treatment, to determine

(a) A person's voluntary admission to an inpatient mental health facility under this chapter does not affect the person's civil rights or legal capacity or affect the person's right to obtain a writ of habeas corpus.

(b) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under this chapter has the right:

- (1) to be reviewed periodically to determine the person's need for continued inpatient treatment; and
- (2) to have an application for court-ordered mental health services filed only as provided by Section 572.005.

(c) A person admitted to an inpatient mental health facility under this chapter shall be informed of the rights provided under this section and Section 572.004:

- (1) orally in simple, nontechnical terms, within 24 hours after the time the person is admitted, and in writing in the person's primary language, if possible; or
- (2) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable.

(d) The patient's parent, managing conservator, or guardian shall also be informed of the patient's rights as required by this section if the patient is a minor.

Sec. 572.004. Discharge.

(a) A voluntary patient is entitled to leave an inpatient mental health facility in accordance with this section after a written request for discharge is filed with the facility administrator or the administrator's designee. The request must be signed, timed, and dated by the patient or a person legally responsible for the patient and must be made a part of the patient's clinical record. If a patient

informs an employee of or person associated with the facility of the patient's desire to leave the facility, the employee or person shall, as soon as possible, assist the patient in creating the written request and present it to the patient for the patient's signature.

(b) The facility shall, within four hours after a request for discharge is filed, notify the physician responsible for the patient's treatment. If that physician is not available during that period, the facility shall notify any available physician of the request.

(c) The notified physician shall discharge the patient before the end of the four-hour period unless the physician has reasonable cause to believe that the patient might meet the criteria for court-ordered mental health services or emergency detention.

(d) A physician who has reasonable cause to believe that a patient might meet the criteria for court-ordered mental health services or emergency detention shall examine the patient as soon as possible within 24 hours after the time the request for discharge is filed. The physician shall discharge the patient on completion of the examination unless the physician determines that the person meets the criteria for court-ordered mental health services or emergency detention. If the physician makes a determination that the patient meets the criteria for court-ordered mental health services or emergency detention, the physician shall, not later than 4 p.m. on the next succeeding business day after the date on which the examination occurs, either discharge the patient or file an application for court-ordered mental health services or emergency detention and obtain a written order for further detention. The physician shall notify the patient if the physician intends to detain the patient under this subsection or intends to file an application for court-ordered mental health services or emergency detention. A decision to detain a patient under this subsection and the reasons for the decision shall be made a part of the patient's clinical record.

(e) If extremely hazardous weather conditions exist or a disaster occurs, the physician may request the judge of a court that has jurisdiction over proceedings brought under Chapter 574 to extend the period during which the patient may be detained. The judge or a magistrate appointed by the judge may by written order made each day extend the period during which the patient may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(f) The patient is not entitled to leave the facility if before the end of the period prescribed by this section:

- (1) a written withdrawal of the request for discharge is filed; or
- (2) an application for court-ordered mental health services or emergency detention is filed and the patient is detained in accordance with this subtitle.

(g) A plan for continuing care shall be prepared in accordance with Section 574.081 for each patient discharged. If sufficient time to prepare a continuing care plan before discharge is not available, the plan may be prepared and mailed to the appropriate person within 24 hours after the patient is discharged.

(h) The patient or other person who files a request for discharge of a patient shall be notified that the person

filing the request assumes all responsibility for the patient on discharge.

(i) On receipt of a written request for discharge from a patient admitted under Section 572.002(3)(B) who is younger than 18 years of age, a facility shall consult with the patient's parent, managing conservator, or guardian regarding the discharge. If the parent, managing conservator, or guardian objects in writing to the patient's discharge, the facility shall continue treatment of the patient as a voluntary patient.

(1) a request for release of the patient has been filed with the facility administrator; or

(2) in the opinion of the physician responsible for the patient's treatment, the patient meets the criteria for court-ordered mental health services and:

(A) is absent from the facility without authorization;

(B) is unable to consent to appropriate and necessary psychiatric treatment; or

Subchapter A

Application for Commitment and Prehearing Procedures

Sec. 574.001. Application for Court-Ordered Mental Health Services.

(a) A county or district attorney or other adult may file a sworn written application for court-ordered mental health services. Only the district or county attorney may file an application that is not accompanied by a certificate of medical examination.

(b) Except as provided by Subsection (f), the application must be filed with the county clerk in the county in which the proposed patient:

- (1) resides;
- (2) is found; or
- (3) is receiving mental health services by court order or under Subchapter A, Chapter 573.

(c) If the application is not filed in the county in which the proposed patient resides, the court may, on request of the proposed patient or the proposed patient's attorney and if good cause is shown, transfer the application to that county.

(d) An application may be transferred to the county in which the person is being detained under Subchapter B if the county to which the application is to be transferred approves such transfer. A transfer under this subsection does not preclude the proposed patient from filing a motion to transfer under Subsection (c).

(e) An order transferring a criminal defendant against whom all charges have been dismissed to the appropriate court for a hearing on court-ordered mental health services in accordance with Subchapter F, Chapter 46B, Code of Criminal Procedure, serves as an application under this section. The order must state that all charges have been dismissed.

(f) An application in which the proposed patient is a child in the custody of the Texas Juvenile Justice Department may be filed in the county in which the child's commitment to the Texas Juvenile Justice Department was ordered.

Sec. 574.002. Form of Application.

(a) An application for court-ordered mental health services must be styled using the proposed patient's initials and not the proposed patient's full name.

(b) The application must state whether the application is for temporary or extended mental health services. An application for extended inpatient mental health services must state that the person has received court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for at least 60 consecutive days during the preceding 12 months. An application for extended outpatient mental health services must state that the person has received:

(1) court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for a total of at least 60 days during the preceding 12 months; or

(2) court-ordered outpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, during the preceding 60 days.

(c) Any application must contain the following information according to the applicant's information and belief:

(4) whether the proposed patient is charged with a criminal offense.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 11, effective January 1, 2004; am. Acts 2011, 82nd Leg., ch. 166 (S.B. 118), § 2, effective September 1, 2011; am. Acts

Sec. 574.003. Appointment of Attorney.

(a) The judge shall appoint an attorney to represent a proposed patient within 24 hours after the time an application for court-ordered mental health services is filed if the proposed patient does not have an attorney. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient's primary language.

(b) The court shall inform the attorney in writing of the attorney's duties under Section 574.004.

(c) The proposed patient's attorney shall be furnished with all records and papers in the case and is entitled to have access to all hospital and physicians' records.

Sec. 574.004. Duties of Attorney.

(a) An attorney representing a proposed patient shall interview the proposed patient within a reasonable time before the date of the hearing on the application.

(b) The attorney shall thoroughly discuss with the proposed patient the law and facts of the case, the proposed patient's options, and the grounds on which the court-ordered mental health services are being sought. A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient's expense instead of accepting the court-appointed counsel.

(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney's personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient's right to avoid court-ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

(1) review the application, the certificates of medical examination for mental illness, and the proposed patient's relevant medical records;

(2) interview supporting witnesses and other witnesses who will testify at the hearing; and

(3) explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(e) The attorney shall advise the proposed patient of the proposed patient's right to attend a hearing or to waive the right to attend a hearing and shall inform the court why a proposed patient is absent from a hearing.

(f) The attorney shall discuss with the proposed patient:

(1) the procedures for appeal, release, and discharge if the court orders participation in mental health services; and

(2) other rights the proposed patient may have during the period of the court's order.

(g) To withdraw from a case after interviewing a proposed patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.

(h) The attorney is responsible for a person's legal representation until:

- (1) the application is dismissed;
- (2) an appeal from an order directing treatment is taken;
- (3) the time for giving notice of appeal expires by operation of law; or
- (4) another attorney assumes responsibility for the case.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.005. Setting on Application.

(a) The judge or a magistrate designated under Section 574.021(e) shall set a date for a hearing to be held within 14 days after the date on which the application is filed.

(b) The hearing may not be held during the first three days after the application is filed if the proposed patient or the proposed patient's attorney objects.

(c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

- (1) parent, if the proposed patient is a minor;
- (2) appointed guardian, if the proposed patient is the subject of a guardianship; or
- (3) each managing and possessory conservator that has been appointed for the proposed patient.

(c) Notice may be given to the proposed patient's next of kin if the relative is the applicant and the parent cannot be located and a guardian or conservator has not been appointed.

(d) Notice of the time and place of any hearing and of the name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that

person has evidence to present upon any material issue, without regard to whether such evidence is on behalf of the state or of the proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

(d) Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1995, 74th Leg., ch. 623 (H.B. 1495), § 1, effective August 28, 1995.

Sec. 574.007. Disclosure of Information.

(a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.

(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:

- (1) the provisions of this subtitle that will be relied on at the hearing to establish that the proposed patient requires court-ordered temporary or extended inpatient mental health services;
- (2) the reasons voluntary outpatient services are not considered appropriate for the proposed patient;
- (3) the name, address, and telephone number of each witness who may testify at the hearing;
- (4) a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and
- (5) a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The proposed patient, the proposed patient's attorney, and the county or district attorney may agree to waive the requirement of

this subsection. The waiver must be made by the proposed patient:

- (1) orally and in the presence of the court; or

(a) A proceeding under Subchapter C or E must be held in the statutory or constitutional county court that has the jurisdiction of a probate court in mental illness matters.

(b) If the hearing is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.

(c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended inpatient mental health services before the original order expires.

(d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the appropriate court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1995, 74th Leg., ch. 770 (S.B. 572), § 5, effective June 16, 1995.

Sec. 574.0085. Associate Judges.

(a) The county judge may appoint a full-time or a part-time associate judge to preside over the proceedings for court-ordered mental health services if the commissioners court of a county in which the court has jurisdiction authorizes the employment of an associate judge.

(c) An associate judge shall be paid as determined by the commissioners court of the county in which the associate judge serves. If an associate judge serves in more than one county, the associate judge shall be paid as determined by agreement of the commissioners courts of

the counties in which the associate judge serves. The associate judge may be paid from county funds available for payment of officers' salaries.

(d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.

(e) To refer cases to an associate judge, the referring court must issue an order of referral. The order of referral may limit the power or duties of an associate judge.

(f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.

(g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.

(h) A witness appearing before an associate judge is subject to the penalties for perjury provided by law. A referring court may issue attachment against and may fine or imprison a witness whose failure to appear before an associate judge after being summoned or whose refusal to answer questions has been certified to the court.

(i) At the conclusion of any hearing conducted by an associate judge and on the preparation of an associate judge's report, the associate judge shall transmit to the referring court all papers relating to the case, with the associate judge's signed and dated report. After the associate judge's report has been signed, the associate judge shall give to the parties participating in the hearing notice of the substance of the report. The associate judge's report may contain the associate judge's findings, conclusions, or recommendations. The associate judge's report must be in writing in a form as the referring court may direct. The form may be a notation on the referring court's docket sheet. After the associate judge's report is filed, the referring court may adopt, approve, or reject the associate judge's report, hear further evidence, or recommit the matter for further proceedings as the referring court considers proper and necessary in the particular circumstances of the case.

(j) If a jury trial is demanded or required, the associate judge shall refer the entire matter back to the referring court for trial.

(k) An associate judge appointed under this section has the judicial immunity of a county judge.

(l) An associate judge appointed in accordance with this section shall comply with the Code of Judicial Conduct in the same manner as the county judge.

(b) If the certificates are not filed with the application, the judge or magistrate designated under Section 574.021(e) may appoint the necessary physicians to examine the proposed patient and file the certificates.

(c) The judge or designated magistrate may order the proposed patient to submit to the examination and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examination.

(d) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for mental illness may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

- (1) the patient's behavior; or

(1) after a probable cause hearing held within 72 hours after the patient's detention begins; or

(2) after a modification hearing held within the period prescribed by Section 574.062.

(e) A patient released from an inpatient mental health facility under Subsection (a-2) or (d) continues to be subject to the order for court-ordered outpatient services, if the order has not expired.

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original order even if the criteria prescribed by Subsection (a) have been met.

(2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1997, 75th Leg., ch. 744 (H.B. 1039), § 8, effective September 1, 1997; am. Acts 2013, 83rd Leg., ch. 1170 (S.B. 646), § 6, effective September 1, 2013.

(a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient's attorney, or other individual may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a)(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.0665. Status Conference.

Sec. 574.067. Motion for Rehearing.

(a) The court may set aside an order requiring court-ordered mental health services and grant a motion for rehearing for good cause shown.

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.068. Request for Reexamination.

(a) A patient receiving court-ordered extended mental health services, or any interested person on the patient's behalf and with the patient's consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:

(1) require that the patient be reexamined;

(2) schedule a hearing on the request; and

(3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court's notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator's qualified authorized designee shall immediately discharge the patient if the facility administrator or designee determines that the patient no longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator's designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.069. Hearing on Request for Reexamination.

(a) A court that required a patient's reexamination under Section 574.068 may set a date and place for a

hearing on the request if, not later than the 10th day after the date on which the request is filed:

(1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or

(2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

(1) appoint an attorney to represent a patient who does not have an attorney; and

(2) give notice of the hearing to the patient, the patient's attorney, and the facility administrator.

(c) The judge shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient's choice and at the patient's own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 2019, 86th Leg., ch. 582 (S.B. 362), § 20, effective September 1, 2019.

Sec. 574.070. Appeal.

(a) An appeal from an order requiring court-ordered mental health services, or from a renewal or modification of an order, must be filed in the court of appeals for the county in which the order is entered.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.

(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may:

(1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

Subchapter F

Furlough, Discharge, and Termination of Court-ordered Mental Health Services

Sec. 574.081. Continuing Care Plan Before Furlough or Discharge.

(a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.

(a-1) Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:

(1) a state hospital; or

(2) any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.

(c) The plan must address the patient's mental health and physical needs, including, if appropriate:

(1) the need for outpatient mental health services following furlough or discharge; and

(2) the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoactive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:

(1) the services are provided by:

(A) a community center or other provider that serves the county in which the patient will reside and that has been designated by the commissioner to perform continuing care services; or

(B) any other provider that agrees to accept the referral; and

(2) the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the reasons for that belief.

(h) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1993, 73rd Leg., ch. 646 (S.B. 160), § 12, effective August 30, 1993; am. Acts 1993, 73rd Leg., ch. 705 (S.B. 205), §§ 4.04, 4.05, effective August 30, 1993; am. Acts 1995, 74th Leg., ch. 76 (S.B. 959), § 17.01(33), effective September 1, 1995; am. Acts 2001, 77th Leg., ch. 367 (S.B. 1386), § 14, effective September 1, 2001; am. Acts 2001, 77th Leg., ch. 1066 (H.B. 2004), § 1, effective June 15, 2001; am. Acts 2019, 86th Leg., ch. 582 (S.B. 362), § 21, effective September 1, 2019.

Sec. 574.082. Pass or Furlough from Inpatient Care.

(a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator shall notify the court that issued the commitment order.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.083. Return to Facility Under Certificate of Facility Administrator or Court Order.

(a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection (c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the

patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate issued or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

- (1) the patient is absent without authority from the facility;
- (2) the patient has violated the conditions of a pass or furlough; or
- (3) the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. The patient may not be detained in a nonmedical facility that is used to detain persons who are charged with or convicted of a crime unless detention in the facility is warranted by an extreme emergency. If the patient is detained at a nonmedical facility:

- (1) the patient:
 - (A) may not be detained in the facility for more than 24 hours; and
 - (B) must be isolated from all persons charged with or convicted of a crime; and
- (2) the facility must notify the county health authority of the detention.

(g) The local mental health authority shall ensure that a patient detained in a nonmedical facility under Subsection (f) receives proper care and medical attention.

(h) Notwithstanding other law regarding confidentiality of patient information, the facility administrator may release to a law enforcement official information about the patient if the administrator determines the information is needed to facilitate the return of the patient to the facility.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1999, 76th Leg., ch. 1016 (H.B. 2892), § 1, effective June 18, 1999; am. Sec. 574.084. Revocation of Furlough.

(a) A furlough may be revoked only after an administrative hearing held in accordance with department rules. The hearing must be held within 72 hours after the patient is returned to the facility.

(b) A hearing officer shall conduct the hearing. The hearing officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:

- (1) a written notation of the decision; and
- (2) a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

(a) The facility administrator of a facility to which a patient was committed for inpatient mental health services or the person responsible for providing outpatient mental health services may discharge the patient at any time before the court order expires if the facility administrator or person determines that the patient no longer meets the criteria for court-ordered mental health services.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:

- (1) a furlough under Section 574.082; or
- (2) a modified order under Section 574.061 that directs the patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

(b) In determining whether to grant relief, the court must hear and consider evidence about:

- (1) the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);
- (2) the person's mental history;
- (3) the person's criminal history; and
- (4) the person's reputation.

(c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:

- (1) the person is no longer likely to act in a manner dangerous to public safety; and
- (2) removing the person's disability to purchase a firearm is in the public interest.

HISTORY: Enacted by Acts 2009, 81st Leg., ch. 950 (H.B. 3352), § 2, effective September 1, 2009.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.08, effective August 30, 1993; am. Acts 1995, 74th Leg., ch. 770 (S.B. 572), § 11, effective June 16, 1995.

Sec. 574.106. Hearing and Order Authorizing Psychoactive Medication.

(a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a patient who:

- (1) is under a court order to receive inpatient mental health services; or
- (2) is in custody awaiting trial in a criminal proceeding and was ordered to receive inpatient mental health services in the six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

- (1) that the patient lacks the capacity to make a decision regarding the administration of the proposed medication and treatment with the proposed medication is in the best interest of the patient; or
- (2) if the patient was ordered to receive inpatient mental health services by a criminal court with jurisdiction over the patient, that treatment with the proposed medication is in the best interest of the patient and either:

- (A) the patient presents a danger to the patient or others in the inpatient mental health facility in which

the patient is being treated as a result of a mental disorder or mental defect as determined under Section 574.1065; or

(B) the patient:

(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

(ii) presents a danger to the patient or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

(1) the patient's expressed preferences regarding treatment with psychoactive medication;

(2) the patient's religious beliefs;

(3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;

(4) the consequences to the patient if the psychoactive medication is not administered;

(5) the prognosis for the patient if the patient is treated with psychoactive medication;

(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and

(7) less intrusive treatments likely to secure the patient's agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (d).

(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(h) An order entered under this section shall authorize the administration to a patient, regardless of the patient's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the patient's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(i) The classes of psychoactive medications in the order must conform to classes determined by the department.

(j) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(k) This section does not apply to a patient who receives services under an order of protective custody under Section 574.021.

(l) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient's self or to another while in the facility; and

Electroconvulsive and Other Therapies

Section	
578.001.	Application.
578.002.	Use of Electroconvulsive Therapy.
578.003.	Consent to Therapy.
578.004.	Withdrawal of Consent.
578.005.	Physician Requirement.
578.006.	Registration of Equipment.
578.007.	Reports.
578.008.	Use of Information; Report.

Sec. 578.001. Application.

This chapter applies to the use of electroconvulsive therapy by any person, including a private physician who uses the therapy on an outpatient basis.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993.

Sec. 578.002. Use of Electroconvulsive Therapy.

(a) Electroconvulsive therapy may not be used on a person who is younger than 16 years of age.

(b) Unless the person consents to the use of the therapy in accordance with Section 578.003, electroconvulsive therapy may not be used on:

- (1) a person who is 16 years of age or older and who is voluntarily receiving mental health services; or
- (2) an involuntary patient who is 16 years of age or older and who has not been adjudicated by an appropriate court of law as incompetent to manage the patient's personal affairs.

(c) Electroconvulsive therapy may not be used on an involuntary patient who is 16 years of age or older and who has been adjudicated incompetent to manage the patient's personal affairs unless the patient's guardian of the person consents to the treatment in accordance with Section 578.003. The decision of the guardian must be based on knowledge of what the patient would desire, if known.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective August 30, 1993.

Sec. 578.003. Consent to Therapy.

(a) The executive commissioner by rule shall adopt a standard written consent form to be used when electroconvulsive therapy is considered. The executive commissioner by rule shall also prescribe the information that must be contained in the written supplement required under Subsection (c). In addition to the information required under this section, the form must include the information required by the Texas Medical Disclosure Panel for electroconvulsive therapy. In developing the form, the executive commissioner shall consider recommendations of the panel. Use of the consent form prescribed by the executive commissioner in the manner prescribed by this section creates a rebuttable presumption that the disclosure requirements of Sections 74.104 and 74.105, Civil Practice and Remedies Code, have been met.

(b) The written consent form must clearly and explicitly state:

- (1) the nature and purpose of the procedure;
- (2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;
- (3) that there is a division of opinion as to the efficacy of the procedure; and
- (4) the probable degree and duration of improvement or remission expected with or without the procedure.

(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:

(1) the patient and the patient's guardian of the person, if any, receives a written copy of the consent form that is in the person's primary language, if possible;

(2) the patient and the patient's guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;

(3) the contents of the consent form and the written supplement are explained to the patient and the patient's guardian of the person, if any:

(A) orally, in simple, nontechnical terms in the person's primary language, if possible; or

(B) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable;

(4) the patient or the patient's guardian of the person, as appropriate, signs a copy of the consent form stating that the person has read the consent form and the written supplement and understands the information included in the documents; and

(5) the signed copy of the consent form is made a part of the patient's clinical record.

(d) Consent given under this section is not valid unless the person giving the consent understands the information presented and consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each treatment series begins, the hospital, facility, or physician administering the procedure shall:

(1) ensure that two physicians have signed an appropriate form that states the procedure is medically necessary;

(2) make the form described by Subdivision (1) available to the patient or the patient's guardian of the person; and

(3) inform the patient or the patient's guardian of the person of any known current medical condition that may increase the possibility of injury or death as a result of the treatment.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993; am. Acts 1997, 75th Leg., ch. 1323 (S.B. 1309), § 1, effective September 1, 1997; am. Acts 2005, 79th Leg., ch. 137 (H.B. 740), § 1, effective September 1, 2005; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1397, effective April 2, 2015.

Sec. 578.004. Withdrawal of Consent.

(a) A patient or guardian who consents to the administration of electroconvulsive therapy may revoke the consent for any reason and at any time.

(b) Revocation of consent is effective immediately.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993.

Sec. 578.005. Physician Requirement.

(a) Only a physician may administer electroconvulsive therapy.

(b) A physician may not delegate the act of administering the therapy. A nonphysician who administers electroconvulsive therapy is considered to be practicing medicine in violation of Subtitle B, Title 3, Occupations Code.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective August 30, 1993; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), § 14.805, effective September 1, 2001.

Sec. 578.006. Registration of Equipment.

(a) A person may not administer electroconvulsive therapy unless the equipment used to administer the therapy is registered with the department.

(b) A mental hospital or facility administering electroconvulsive therapy or a private physician administering the therapy on an outpatient basis must file an application for registration under this section. The applicant must submit the application to the department on a form prescribed by department rule.

(c) The application must be accompanied by a nonrefundable application fee. The executive commissioner by rule shall set the fee in a reasonable amount not to exceed the cost to the department to administer this section.

(d) The application must contain:

(1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and

(2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the executive commissioner determines is dangerous.

(g) The department may deny, suspend, or revoke a registration if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under Chapter 2001, Government Code.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993; am. Acts 1995, 74th Leg., ch. 76 (S.B. 959), § 5.95(49), effective September 1, 1995; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1398, effective April 2, 2015.

Sec. 578.007. Reports.

(a) A mental hospital or facility administering electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness or a physician administering the therapy on an outpatient basis shall submit to the department quarterly reports relating to the administration of the therapy in the hospital or facility or by the physician.

(b) A report must state for each quarter:

(1) the number of patients who received the therapy, including:

(A) the number of persons voluntarily receiving mental health services who consented to the therapy;

(B) the number of involuntary patients who consented to the therapy; and

(C) the number of involuntary patients for whom a guardian of the person consented to the therapy;

(2) the age, sex, and race of the persons receiving the therapy;

(3) the source of the treatment payment;

(4) the average number of nonelectroconvulsive treatments;

(5) the average number of electroconvulsive treatments administered for each complete series of treatments, but not including maintenance treatments;

(6) the average number of maintenance electroconvulsive treatments administered per month;

(7) the number of fractures, reported memory losses, incidents of apnea, and cardiac arrests without death;

(8) autopsy findings if death followed within 14 days after the date of the administration of the therapy; and

(9) any other information required by department rule.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1399, effective April 2, 2015.

Sec. 578.008. Use of Information; Report.

(a) The department shall use the information received under Sections 578.006 and 578.007 to analyze, audit, and monitor the use of electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness.

(b) The department shall file annually with the governor and the presiding officer of each house of the legislature a written report summarizing by facility the information received under Sections 578.006 and 578.007. If the therapy is administered by a private physician on an outpatient basis, the report must include that information but may not identify the physician. The department may not directly or indirectly identify in a report issued under this section a patient who received the therapy.

Subchapter A

General Provisions

Sec. 591.001. Short Title.

This subtitle may be cited as the Persons with an Intellectual Disability Act.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1401, effective April 2, 2015.

Sec. 591.002. Purpose.

(a) It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.

(b) It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.

(c) The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.

(d) It is desirable to preserve and promote living at home if feasible. If living at home is not possible and placement in a residential care facility is necessary, a

person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible. The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the person, and that enhances the person's ability to cope with the environment.

(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1402, effective April 2, 2015.

(1) has been committed to a residential care facility;
or

(2) is in custody awaiting trial in a criminal proceeding and was committed to a residential care facility in the six months preceding a hearing under this section.

(b) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

(1) that the client lacks the capacity to make a decision regarding the administration of the proposed medication and that treatment with the proposed medication is in the best interest of the client; or

(2) if the client was committed to a residential care facility by a criminal court with jurisdiction over the client, that treatment with the proposed medication is in the best interest of the client, and either:

(A) the client presents a danger to the client or others in the residential care facility in which the client is being treated as a result of a mental disorder or mental defect as determined under Section 592.157; or

(B) the client:

(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

(ii) presents a danger to the client or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 592.157.

(c) In making the finding that treatment with the proposed medication is in the best interest of the client, the court shall consider:

(1) the client's expressed preferences regarding treatment with psychoactive medication;

(2) the client's religious beliefs;

(3) the risks and benefits, from the perspective of the client, of taking psychoactive medication;

(4) the consequences to the client if the psychoactive medication is not administered;

(5) the prognosis for the client if the client is treated with psychoactive medication;

(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and

(7) less intrusive treatments likely to secure the client's consent to take the psychoactive medication.

(d) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (e).

(e) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required by this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(f) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court before the fourth day after the date the report is issued. The hearing de novo shall be held not later than the 30th day after the date the application for an order to authorize psychoactive medication was filed.

(g) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed client or the proposed client's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(h) As soon as practicable after the conclusion of the hearing, the client is entitled to have provided to the client and the client's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(i) An order entered under this section shall authorize the administration to a client, regardless of the client's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the client's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(j) The classes of psychoactive medications in the order must conform to classes determined by the department.

(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(l) For a client described by Subsection (b)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the client in a correctional facility for competency restoration treatment.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

Sec. 592.157. Finding That Client Presents a Danger.

In making a finding under Section 592.156(b)(2) that, as a result of a mental disorder or mental defect, the client presents a danger to the client or others in the residential care facility in which the client is being treated or in the correctional facility, as applicable, the court shall consider:

(1) an assessment of the client's present mental condition; and

(2) whether the client has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the client's self or to another while in the facility.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

of an order committing the client to a residential care facility.

(b) An order authorizing the administration of medication regardless of the refusal of the client is effective pending an appeal of the order.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

Sec. 592.159. Effect of Order.

(a) A person’s consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 592.156.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person’s rights as a citizen or the person’s property rights or legal capacity.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

(a) Communications between a patient and a professional, and records of the identity, diagnosis, evaluation, or treatment of a patient that are created or maintained by a professional, are confidential.

(b) Confidential communications or records may not be disclosed except as provided by Section 611.004 or 611.0045.

(c) This section applies regardless of when the patient received services from a professional.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.11, effective August 30, 1993.

Sec. 611.003. Persons Who May Claim Privilege of Confidentiality.

- (a) The privilege of confidentiality may be claimed by:
- (1) the patient;
 - (2) a person listed in Section 611.004(a)(4) or (a)(5) who is acting on the patient's behalf; or
 - (3) the professional, but only on behalf of the patient.

(b) The authority of a professional to claim the privilege of confidentiality on behalf of the patient is presumed in the absence of evidence to the contrary.

- (10) to an employee or agent of the professional who requires mental health care information to provide mental health care services or in complying with statutory, licensing, or accreditation requirements, if the professional has taken appropriate action to ensure that the employee or agent:

- (A) will not use or disclose the information for any other purposes; and
- (B) will take appropriate steps to protect the information; or

(11) to satisfy a request for medical records of a deceased or incompetent person pursuant to Section 74.051(e), Civil Practice and Remedies Code.

(b) Personnel who receive confidential information under Subsection (a)(3) may not directly or indirectly iden-

tify or otherwise disclose the identity of a patient in a report or in any other manner.

(c) The exception in Subsection (a)(8) applies only to records created by the state hospital or state school or by the employees of the hospital or school. Information or records that identify a patient may be released only with the patient's proper consent.

(d) A person who receives information from confidential communications or records may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the person first obtained the information. This subsection does not apply to a person listed in Subsection (a)(4) or (a)(5) who is acting on the patient's behalf.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1995, 74th Leg., ch. 856 (S.B. 667), § 8, effective September 1, 1995; am. (a) In this section:

- (1) "Patient" has the meaning assigned by Section 552.0011.
- (2) "State hospital" has the meaning assigned by Section 552.0011.

(b) To the extent permitted by federal law, a professional shall disclose confidential information to the descendant of a patient of a state hospital if:

- (1) the patient has been deceased for at least 50 years; and
- (2) the professional does not have information indicating that releasing the medical record is inconsistent with any prior expressed preference of the deceased patient or personal representatives of the deceased patient's estate.

(c) A person who receives information from confidential communications or records may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the person first obtained the information.

HISTORY: Enacted by Acts 2019, 86th Leg., ch. 1088 (H.B. 1901), § 1, effective September 1, 2019.

Sec. 611.0045. Right to Mental Health Record.

(a) Except as otherwise provided by this section, a patient is entitled to have access to the content of a confidential record made about the patient.

(b) The professional may deny access to any portion of a record if the professional determines that release of that portion would be harmful to the patient's physical, mental, or emotional health.

(c) If the professional denies access to any portion of a record, the professional shall give the patient a signed and dated written statement that having access to the record would be harmful to the patient's physical, mental, or emotional health and shall include a copy of the written statement in the patient's records. The statement must

specify the portion of the record to which access is denied, the reason for denial, and the duration of the denial.

(d) The professional who denies access to a portion of a record under this section shall redetermine the necessity for the denial at each time a request for the denied portion is made. If the professional again denies access, the professional shall notify the patient of the denial and document the denial as prescribed by Subsection (c).

(e) If a professional denies access to a portion of a confidential record, the professional shall allow examination and copying of the record by another professional if the patient selects the professional to treat the patient for the same or a related condition as the professional denying access.

(f) The content of a confidential record shall be made available to a person listed by Section 611.004(a)(4) or (5) who is acting on the patient's behalf.

(g) A professional shall delete confidential information about another person who has not consented to the release, but may not delete information relating to the patient that another person has provided, the identity of the person responsible for that information, or the identity of any person who provided information that resulted in the patient's commitment.

(h) If a summary or narrative of a confidential record is requested by the patient or other person requesting release under this section, the professional shall prepare the summary or narrative.

(i) The professional or other entity that has possession or control of the record shall grant access to any portion of the record to which access is not specifically denied under this section within a reasonable time and may charge a reasonable fee.

(j) Notwithstanding Section 159.002, Occupations Code, this section applies to the release of a confidential record created or maintained by a professional, including a physician, that relates to the diagnosis, evaluation, or treatment of a mental or emotional condition or disorder, including alcoholism or drug addiction.

(k) The denial of a patient's access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.12, effective August 30, 1993; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), § 14.806, effective September 1, 2001.

Sec. 611.005. Legal Remedies for Improper Disclosure or Failure to Disclose.

(a) A person aggrieved by the improper disclosure of or failure to disclose confidential communications or records in violation of this chapter may petition the district court of the county in which the person resides for appropriate relief, including injunctive relief. The person may petition a district court of Travis County if the person is not a resident of this state.

(b) In a suit contesting the denial of access under Section 611.0045, the burden of proving that the denial was proper is on the professional who denied the access.

(c) The aggrieved person also has a civil cause of action for damages.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.13, effective August 30, 1993.

Sec. 611.006. Authorized Disclosure of Confidential Information in Judicial or Administrative Proceeding.

(a) A professional may disclose confidential information in:

(2) a license revocation proceeding in which the patient is a complaining witness and in which disclosure is relevant to the claim or defense of a professional;

(3) a judicial or administrative proceeding in which the patient waives the patient's right in writing to the privilege of confidentiality of information or when a representative of the patient acting on the patient's behalf submits a written waiver to the confidentiality privilege;

(4) a judicial or administrative proceeding to substantiate and collect on a claim for mental or emotional health services rendered to the patient;

(5) a judicial proceeding if the judge finds that the patient, after having been informed that communications would not be privileged, has made communications to a professional in the course of a court-ordered examination relating to the patient's mental or emotional condition or disorder, except that those communications may be disclosed only with respect to issues involving the patient's mental or emotional health;

(6) a judicial proceeding affecting the parent-child relationship;

(8) a judicial or administrative proceeding regarding the abuse or neglect, or the cause of abuse or neglect, of a resident of an institution, as that term is defined by Chapter 242;

(9) a judicial proceeding relating to a will if the patient's physical or mental condition is relevant to the execution of the will;

(10) an involuntary commitment proceeding for court-ordered treatment or for a probable cause hearing under:

(A) Chapter 462;

(B) Chapter 574; or

(C) Chapter 593; or

(11) a judicial or administrative proceeding where the court or agency has issued an order or subpoena.

(b) On granting an order under Subsection (a)(5), the court, in determining the extent to which disclosure of all or any part of a communication is necessary, shall impose appropriate safeguards against unauthorized disclosure.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 856 (S.B. 667), § 9, effective September 1, 1995.

Sec. 611.007. Revocation of Consent.

(a) Except as provided by Subsection (b), a patient or a

patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

(c) A patient may not maintain an action against a professional for a disclosure made by the professional in good faith reliance on an authorization if the professional did not have notice of the revocation of the consent.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 856 (S.B. 667), § 9, effective September 1, 1995.

Sec. 611.008. Request by Patient.

(a) On receipt of a written request from a patient to examine or copy all or part of the patient's recorded mental health care information, a professional, as promptly as required under the circumstances but not later than the 15th day after the date of receiving the request, shall:

- (1) make the information available for examination during regular business hours and provide a copy to the patient, if requested; or
- (2) inform the patient if the information does not exist or cannot be found.

(b) Unless provided for by other state law, the professional may charge a reasonable fee for retrieving or copying mental health care information and is not required to permit examination or copying until the fee is paid unless there is a medical emergency.

(c) A professional may not charge a fee for copying mental health care information under Subsection (b) to the extent the fee is prohibited under Subchapter M, Chapter 161.

Sec. 612.001. Execution of Interstate Compact.

This state enters into a compact with all other states legally joining in the compact in substantially the following form:

“INTERSTATE COMPACT ON MENTAL HEALTH

“The contracting states solemnly agree that:

“ARTICLE I

“The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be

facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

“ARTICLE II

“As used in this compact:

“(a) ‘Sending state’ shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

“(b) ‘Receiving state’ shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

“(c) ‘Institution’ shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

“(d) ‘Patient’ shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

“(e) ‘After-care’ shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

“(f) ‘Mental illness’ shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

“(g) ‘Mental deficiency’ shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

“(h) ‘State’ shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

“ARTICLE III

“(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

“(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated

or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

"(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

"(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

"(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

"ARTICLE IV

"(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

"(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

"(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

"ARTICLE V

"Whenever a dangerous or potentially dangerous pa-

tient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

"ARTICLE VI

"The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

"ARTICLE VII

"(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

"(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

"(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

"(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

"(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

"ARTICLE VIII

"(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of

power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

“(b) The term guardian as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however designated who is charged by law with power to act for or responsibility for the person or property of a patient.

“ARTICLE IX

“(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

“(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

“ARTICLE X

“(a) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

“(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

“ARTICLE XI

“The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

“ARTICLE XII

“This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

“ARTICLE XIII

“(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

“(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

“ARTICLE XIV

“This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.”

Duties of Arresting Officer and Magistrate.

Art. 15.17. Duties of Arresting Officer and Magistrate.

(a) In each case enumerated in this Code, the person making the arrest or the person having custody of the person arrested shall without unnecessary delay, but not later than 48 hours after the person is arrested, take the person arrested or have him taken before some magistrate of the county where the accused was arrested or, to provide more expeditiously to the person arrested the warnings described by this article, before a magistrate in any other county of this state. The arrested person may be taken before the magistrate in person or the image of the arrested person may be presented to the magistrate by means of a videoconference. The magistrate shall inform in clear language the person arrested, either in person or through a videoconference, of the accusation against him and of any affidavit filed therewith, of his right to retain counsel, of his right to remain silent, of his right to have an attorney present during any interview with peace officers or attorneys representing the state, of his right to

terminate the interview at any time, and of his right to have an examining trial. The magistrate shall also inform the person arrested of the person's right to request the appointment of counsel if the person cannot afford counsel. The magistrate shall inform the person arrested of the procedures for requesting appointment of counsel. If the person does not speak and understand the English language or is deaf, the magistrate shall inform the person in a manner consistent with Articles 38.30 and 38.31, as appropriate. The magistrate shall ensure that reasonable assistance in completing the necessary forms for requesting appointment of counsel is provided to the person at the same time. If the person arrested is indigent and requests appointment of counsel and if the magistrate is authorized under Article 26.04 to appoint counsel for indigent defendants in the county, the magistrate shall appoint counsel in accordance with Article 1.051. If the magistrate is not authorized to appoint counsel, the magistrate shall without unnecessary delay, but not later than 24 hours after the person arrested requests appointment of counsel, transmit, or cause to be transmitted to the court or to the courts' designee authorized under Article 26.04 to appoint counsel in the county, the forms requesting the appointment of counsel. The magistrate shall also inform the person arrested that he is not required to make a statement and that any statement made by him may be used against him. The magistrate shall allow the person arrested reasonable time and opportunity to consult counsel and shall, after determining whether the person is currently on bail for a separate criminal offense, admit the person arrested to bail if allowed by law. A record of the communication between the arrested person and the magistrate shall be made. The record shall be preserved until the earlier of the following dates: (1) the date on which the pretrial hearing ends; or (2) the 91st day after the date on which the record is made if the person is charged with a misdemeanor or the 120th day after the date on which the record is made if the person is charged with a felony. For purposes of this subsection, "videoconference" means a two-way electronic communication of image and sound between the arrested person and the magistrate and includes secure Internet videoconferencing.

(a-1) If a magistrate is provided written or electronic notice of credible information that may establish reasonable cause to believe that a person brought before the magistrate has a mental illness or is a person with an intellectual disability, the magistrate shall conduct the proceedings described by Article 16.22 or 17.032, as appropriate.

(b) After an accused charged with a misdemeanor punishable by fine only is taken before a magistrate under Subsection (a) and the magistrate has identified the accused with certainty, the magistrate may release the accused without bond and order the accused to appear at a later date for arraignment in the applicable justice court or municipal court. The order must state in writing the time, date, and place of the arraignment, and the magistrate must sign the order. The accused shall receive a copy of the order on release. If an accused fails to appear as required by the order, the judge of the court in which the accused is required to appear shall issue a warrant for the arrest of the accused. If the accused is arrested and

brought before the judge, the judge may admit the accused to bail, and in admitting the accused to bail, the judge should set as the amount of bail an amount double that generally set for the offense for which the accused was arrested. This subsection does not apply to an accused who has previously been convicted of a felony or a misdemeanor other than a misdemeanor punishable by fine only.

(c) When a deaf accused is taken before a magistrate under this article or Article 14.06 of this Code, an interpreter appointed by the magistrate qualified and sworn as provided in Article 38.31 of this Code shall interpret the warning required by those articles in a language that the accused can understand, including but not limited to sign language.

(d) If a magistrate determines that a person brought before the magistrate after an arrest authorized by Article 14.051 of this code was arrested unlawfully, the magistrate shall release the person from custody. If the magistrate determines that the arrest was lawful, the person arrested is considered a fugitive from justice for the purposes of Article 51.13 of this code, and the disposition of the person is controlled by that article.

(e) In each case in which a person arrested is taken before a magistrate as required by Subsection (a) or Article 15.18(a), a record shall be made of:

- (1) the magistrate informing the person of the person's right to request appointment of counsel;
- (2) the magistrate asking the person whether the person wants to request appointment of counsel; and
- (3) whether the person requested appointment of counsel.

(f) A record required under Subsection (a) or (e) may consist of written forms, electronic recordings, or other documentation as authorized by procedures adopted in the county under Article 26.04(a). CHAPTER 16

The Commitment or Discharge of the Accused

- Article 16.22. Early Identification of Defendant Suspected of Having Mental Illness or Intellectual Disability.
- 16.23. Diversion of Persons Suffering Mental Health Crisis or Substance Abuse Issue.

Art. 16.22. Early Identification of Defendant Suspected of Having Mental Illness or Intellectual Disability.

(a) (1) Not later than 12 hours after the sheriff or municipal jailer having custody of a defendant for an offense punishable as a Class B misdemeanor or any higher category of offense receives credible information that may establish reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the sheriff or municipal jailer shall provide written or electronic notice to the magistrate. The notice must include any information related to the sheriff's or municipal jailer's determination, such as information regarding the defendant's behavior immediately before, during, and after the defendant's arrest and, if applicable, the results of any previous assessment of the defendant. On a determination that there is reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the magistrate, except as provided by Subdivision (2), shall order the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to:

- (A) interview the defendant if the defendant has not previously been interviewed by a qualified mental health or intellectual and developmental disability expert on or after the date the defendant was arrested for the offense for which the defendant is in custody and otherwise collect information regarding whether the defendant has a mental illness as defined by Section 571.003, Health and Safety Code, or is a person with an intellectual disability as defined by Section 591.003, Health and Safety Code, including, if applicable, information obtained from any previous assessment of the defendant and information regarding any previously recommended treatment or service; and
- (B) provide to the magistrate a written report of an interview described by Paragraph (A) and the other

information collected under that paragraph on the form approved by the Texas Correctional Office on Offenders with Medical or Mental Impairments under Section 614.0032(c), Health and Safety Code.

(2) The magistrate is not required to order the interview and collection of other information under Subdivision (1) if the defendant in the year preceding the defendant's applicable date of arrest has been determined to have a mental illness or to be a person with an intellectual disability by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another mental health or intellectual and developmental disability expert described by Subdivision (1). A court that elects to use the results of that previous determination may proceed under Subsection (c).

(3) If the defendant fails or refuses to submit to the interview and collection of other information regarding the defendant as required under Subdivision (1), the magistrate may order the defendant to submit to an examination in a jail, or in another place determined to be appropriate by the local mental health authority or local intellectual and developmental disability authority, for a reasonable period not to exceed 72 hours. If applicable, the county in which the committing court is located shall reimburse the local mental health authority or local intellectual and developmental disability authority for the mileage and per diem expenses of the personnel required to transport the defendant, calculated in accordance with the state travel regulations in effect at the time.

(a-1) If a magistrate orders a local mental health authority, a local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to conduct an interview or collect information under Subsection (a)(1), the commissioners court for the county in which the magistrate is located shall reimburse the local mental health authority, local intellectual and developmental disability authority, or qualified mental health or intellectual and developmental disability expert for the cost of performing those duties in the amount provided by the fee schedule adopted under Subsection (a-2) or in the amount determined by the judge under Subsection (a-3), as applicable.

(a-2) The commissioners court for a county may adopt a fee schedule to pay for the costs to conduct an interview and collect information under Subsection (a)(1). In developing the fee schedule, the commissioners court shall consider the generally accepted reasonable cost in that county of performing the duties described by Subsection (a)(1). A fee schedule described by this subsection must be adopted in a public hearing and must be periodically reviewed by the commissioners court.

(a-3) If the cost of performing the duties described by Subsection (a)(1) exceeds the amount provided by the applicable fee schedule or if the commissioners court for the applicable county has not adopted a fee schedule, the authority or expert who performed the duties may request that the judge who has jurisdiction over the underlying

offense determine the reasonable amount for which the authority or expert is entitled to be reimbursed under Subsection (a-1). The amount determined under this subsection may not be less than the amount provided by the fee schedule, if applicable. The judge shall determine the amount not later than the 45th day after the date the request is made. The judge is not required to hold a hearing before making a determination under this subsection.

(a-4) An interview under Subsection (a)(1) may be conducted in person in the jail, by telephone, or through a telemedicine medical service or telehealth service.

(b) Except as otherwise permitted by the magistrate for good cause shown, a written report of an interview described by Subsection (a)(1)(A) and the other information collected under that paragraph shall be provided to the magistrate:

(1) for a defendant held in custody, not later than 96 hours after the time an order was issued under Subsection (a); or

(2) for a defendant released from custody, not later than the 30th day after the date an order was issued under Subsection (a).

(b-1) The magistrate shall provide copies of the written report to the defense counsel, the attorney representing the state, and the trial court. The written report must include a description of the procedures used in the interview and collection of other information under Subsection (a)(1)(A) and the applicable expert's observations and findings pertaining to:

(1) whether the defendant is a person who has a mental illness or is a person with an intellectual disability;

(2) whether there is clinical evidence to support a belief that the defendant may be incompetent to stand trial and should undergo a complete competency examination under Subchapter B, Chapter 46B; and

(3) any appropriate or recommended treatment or service.

(c) [2 Versions: As amended by Acts 2019, 86th Leg., ch. 1276 (H.B. 601)] After the trial court receives the applicable expert's written report relating to the defendant under Subsection (b-1) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032 if the defendant is being held in custody;

(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B or other proceedings affecting the defendant's receipt of appropriate court-ordered mental health or intellectual and developmental disability services, including proceedings related to the defendant's receipt of outpatient mental health services under Section 574.034, Health and Safety Code;

(3) consider the written report during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community

supervision, including deferred adjudication community supervision; or

(4) refer the defendant to an appropriate specialty court established or operated under Subtitle K, Title 2, Government Code.

(c) [2 Versions: As amended by Acts 2019, 86th Leg., ch. 582 (SB 362)] After the trial court receives the applicable expert's written assessment relating to the defendant under Subsection (b-1) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032 if the defendant is being held in custody;

(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B;

(3) consider the written assessment during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community supervision, including deferred adjudication community supervision;

(4) refer the defendant to an appropriate specialty court established or operated under Subtitle K, Title 2, Government Code; or

(5) if the offense charged does not involve an act, attempt, or threat of serious bodily injury to another person, release the defendant on bail while charges against the defendant remain pending and enter an order transferring the defendant to the appropriate court for court-ordered outpatient mental health services under Chapter 574, Health and Safety Code.

(c-1) If an order is entered under Subsection (c)(5), an attorney representing the state shall file the application for court-ordered outpatient services under Chapter 574, Health and Safety Code.

(c-2) On the motion of an attorney representing the state, if the court determines the defendant has complied with appropriate court-ordered outpatient treatment, the court may dismiss the charges pending against the defendant and discharge the defendant.

(c-3) On the motion of an attorney representing the state, if the court determines the defendant has failed to comply with appropriate court-ordered outpatient treatment, the court shall proceed under this chapter or with the trial of the offense.

(d) This article does not prevent the applicable court from, before, during, or after the interview and collection of other information regarding the defendant as described by this article:

(1) releasing a defendant who has a mental illness or is a person with an intellectual disability from custody on personal or surety bond, including imposing as a condition of release that the defendant submit to an examination or other assessment; or

(2) ordering an examination regarding the defendant's competency to stand trial.

(e) The Texas Judicial Council shall adopt rules to require the reporting of the number of written reports provided to a court under Subsection (a)(1)(B). The rules

must require submission of the reports to the Office of Court Administration of the Texas Judicial System on a monthly basis.

(f) A written report submitted to a magistrate under Subsection (a)(1)(B) is confidential and not subject to disclosure under Chapter 552, Government Code, but may be used or disclosed as provided by this article.

The personal bond may not be revoked by the judge of the court issuing the warrant for arrest except for good cause shown.

(B) recommends mental health treatment or intellectual and developmental disability services for the defendant, as applicable;

(5) the magistrate finds, after considering all the circumstances, a pretrial risk assessment, if applicable, and any other credible information provided by the attorney representing the state or the defendant, that release on personal bond would reasonably ensure the defendant’s appearance in court as required and the safety of the community and the victim of the alleged offense.

(c) The magistrate, unless good cause is shown for not requiring treatment or services, shall require as a condition of release on personal bond under this article that the defendant submit to outpatient or inpatient mental health treatment or intellectual and developmental disability services as recommended by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert if the defendant’s:

(d) In addition to a condition of release imposed under Subsection (c), the magistrate may require the defendant to comply with other conditions that are reasonably necessary to ensure the defendant’s appearance in court as required and the safety of the community and the victim of the alleged offense.

(e) In this article, a person is considered to have been convicted of an offense if:

- (1) a sentence is imposed;
- (2) the person is placed on community supervision or receives deferred adjudication; or

(e) Not later than the 30th day after the date the clerk of the court informs a law enforcement agency holding a firearm subject to disposition under this article that the person taken into custody was ordered to receive inpatient mental health services under Section 574.034 or 574.035, Health and Safety Code, the law enforcement agency shall provide written notice to the person by certified mail that the person:

 - (B) the person provides to the law enforcement agency a copy of a notarized statement releasing the firearm to the designee; and
 - (C) the designee provides to the law enforcement agency an affidavit confirming that the designee:

(g) If a firearm subject to disposition under this article is wholly or partly owned by a person other than the person taken into custody under Section 573.001, Health and Safety Code, the law enforcement agency holding the firearm shall release the firearm to the person claiming a right to or interest in the firearm after:

(1) the person provides an affidavit confirming that the person:

(A) wholly or partly owns the firearm;

(B) will not allow access to the firearm by the person who was taken into custody under Section 573.001, Health and Safety Code, at any time during which that person may not lawfully possess a firearm under 18 U.S.C. Section 922(g); and

(C) acknowledges the responsibility of the person and no other person to verify whether the person who was taken into custody under Section 573.001, Health and Safety Code, has reestablished the person's eligibility to lawfully possess a firearm under 18 U.S.C. Section 922(g); and

Art. 26.04. Procedures for Appointing Counsel.

(a) The judges of the county courts, statutory county courts, and district courts trying criminal cases in each county, by local rule, shall adopt and publish written countywide procedures for timely and fairly appointing counsel for an indigent defendant in the county arrested for, charged with, or taking an appeal from a conviction of a misdemeanor punishable by confinement or a felony. The procedures must be consistent with this article and Articles 1.051, 15.17, 15.18, 26.05, and 26.052 and must provide for the priority appointment of a public defender's office as described by Subsection (f). A court shall appoint an attorney from a public appointment list using a system of rotation, unless the court appoints an attorney under Subsection (f), (f-1), (h), or (i). The court shall appoint attorneys from among the next five names on the appointment list in the order in which the attorneys' names appear on the list, unless the court makes a finding of good cause on the record for appointing an attorney out of order. An attorney who is not appointed in the order in which the attorney's name appears on the list shall remain next in order on the list.

(b) Procedures adopted under Subsection (a) shall:

(1) authorize only the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county, or the judges' designee, to appoint counsel for indigent defendants in the county;

(2) apply to each appointment of counsel made by a judge or the judges' designee in the county;

(3) ensure that each indigent defendant in the county who is charged with a misdemeanor punishable by confinement or with a felony and who appears in court without counsel has an opportunity to confer with appointed counsel before the commencement of judicial proceedings;

(4) require appointments for defendants in capital cases in which the death penalty is sought to comply with any applicable requirements under Articles 11.071 and 26.052;

(5) ensure that each attorney appointed from a public appointment list to represent an indigent defendant perform the attorney's duty owed to the defendant in accordance with the adopted procedures, the requirements of this code, and applicable rules of ethics; and

(6) ensure that appointments are allocated among qualified attorneys in a manner that is fair, neutral, and nondiscriminatory.

(c) Whenever a court or the courts' designee authorized under Subsection (b) to appoint counsel for indigent defendants in the county determines for purposes of a criminal proceeding that a defendant charged with or appealing a conviction of a felony or a misdemeanor punishable by confinement is indigent or that the interests of justice require representation of a defendant in the proceeding, the court or the courts' designee shall appoint

one or more practicing attorneys to represent the defendant in accordance with this subsection and the procedures adopted under Subsection (a). If the court or the courts' designee determines that the defendant does not speak and understand the English language or that the defendant is deaf, the court or the courts' designee shall make an effort to appoint an attorney who is capable of communicating in a language understood by the defendant.

(d) A public appointment list from which an attorney is appointed as required by Subsection (a) shall contain the names of qualified attorneys, each of whom:

- (1) applies to be included on the list;
- (2) meets the objective qualifications specified by the judges under Subsection (e);
- (3) meets any applicable qualifications specified by the Texas Indigent Defense Commission; and
- (4) is approved by a majority of the judges who established the appointment list under Subsection (e).

(e) In a county in which a court is required under Subsection (a) to appoint an attorney from a public appointment list:

(1) the judges of the county courts and statutory county courts trying misdemeanor cases in the county, by formal action:

(A) shall:

(i) establish a public appointment list of attorneys qualified to provide representation in the county in misdemeanor cases punishable by confinement; and

(ii) specify the objective qualifications necessary for an attorney to be included on the list; and

(B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys' qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(2) the judges of the district courts trying felony cases in the county, by formal action:

(A) shall:

(i) establish a public appointment list of attorneys qualified to provide representation in felony cases in the county; and

(ii) specify the objective qualifications necessary for an attorney to be included on the list; and

(B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys' qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both.

(f) In a county with a public defender's office, the court or the courts' designee shall give priority in appointing that office to represent the defendant in the criminal proceeding, including a proceeding in a capital murder case. However, the court is not required to appoint the public defender's office if:

(1) the court makes a finding of good cause for appointing other counsel, provided that in a capital murder case, the court makes a finding of good cause on the record for appointing that counsel;

(2) the appointment would be contrary to the office's written plan under Article 26.044;

(3) the office is prohibited from accepting the appointment under Article 26.044(j); or

(4) a managed assigned counsel program also exists in the county and an attorney will be appointed under that program.

(f-1) In a county in which a managed assigned counsel program is operated in accordance with Article 26.047, the managed assigned counsel program may appoint counsel to represent the defendant in accordance with the guidelines established for the program.

(g) A countywide alternative program for appointing counsel for indigent defendants in criminal cases is established by a formal action in which two-thirds of the judges of the courts designated under this subsection vote to establish the alternative program. An alternative program for appointing counsel in misdemeanor and felony cases may be established in the manner provided by this subsection by the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county. An alternative program for appointing counsel in misdemeanor cases may be established in the manner provided by this subsection by the judges of the county courts and statutory county courts trying criminal cases in the county. An alternative program for appointing counsel in felony cases may be established in the manner provided by this subsection by the judges of the district courts trying criminal cases in the county. In a county in which an alternative program is established:

(1) the alternative program may:

(A) use a single method for appointing counsel or a combination of methods; and

(B) use a multicounty appointment list using a system of rotation; and

(2) the procedures adopted under Subsection (a) must ensure that:

(A) attorneys appointed using the alternative program to represent defendants in misdemeanor cases punishable by confinement:

(i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(ii) are approved by a majority of the judges of the county courts and statutory county courts trying misdemeanor cases in the county;

(B) attorneys appointed using the alternative program to represent defendants in felony cases:

(i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(ii) are approved by a majority of the judges of the district courts trying felony cases in the county;

(C) appointments for defendants in capital cases in which the death penalty is sought comply with the requirements of Article 26.052; and

(D) appointments are reasonably and impartially allocated among qualified attorneys.

(h) Subject to Subsection (f), in a county in which an alternative program for appointing counsel is established as provided by Subsection (g) and is approved by the presiding judge of the administrative judicial region, a court or the courts' designee may appoint an attorney to represent an indigent defendant by using the alternative program. In establishing an alternative program under Subsection (g), the judges of the courts establishing the program may not, without the approval of the commissioners court, obligate the county by contract or by the creation of new positions that cause an increase in expenditure of county funds.

(i) Subject to Subsection (f), a court or the courts' designee required under Subsection (c) to appoint an attorney to represent a defendant accused or convicted of a felony may appoint an attorney from any county located in the court's administrative judicial region.

(j) An attorney appointed under this article shall:

(1) make every reasonable effort to contact the defendant not later than the end of the first working day after the date on which the attorney is appointed and to interview the defendant as soon as practicable after the attorney is appointed;

(2) represent the defendant until charges are dismissed, the defendant is acquitted, appeals are exhausted, or the attorney is permitted or ordered by the court to withdraw as counsel for the defendant after a finding of good cause is entered on the record;

(3) with respect to a defendant not represented by other counsel, before withdrawing as counsel for the defendant after a trial or the entry of a plea of guilty:

(A) advise the defendant of the defendant's right to file a motion for new trial and a notice of appeal;

(B) if the defendant wishes to pursue either or both remedies described by Paragraph (A), assist the defendant in requesting the prompt appointment of replacement counsel; and

(C) if replacement counsel is not appointed promptly and the defendant wishes to pursue an appeal, file a timely notice of appeal; and

(4) not later than October 15 of each year and on a form prescribed by the Texas Indigent Defense Commission, submit to the county information, for the preceding fiscal year, that describes the percentage of the attorney's practice time that was dedicated to work based on appointments accepted in the county under this article and Title 3, Family Code.

(k) A court may replace an attorney who violates Subsection (j)(1) with other counsel. A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove from consideration for appointment an attorney who intentionally or repeatedly violates Subsection (j)(1).

(l) Procedures adopted under Subsection (a) must include procedures and financial standards for determining whether a defendant is indigent. The procedures and standards shall apply to each defendant in the county equally, regardless of whether the defendant is in custody or has been released on bail.

(m) In determining whether a defendant is indigent, the court or the courts' designee may consider the defendant's income, source of income, assets, property owned, outstanding obligations, necessary expenses, the number and ages of dependents, and spousal income that is available to the defendant. The court or the courts' designee may not consider whether the defendant has posted or is capable of posting bail, except to the extent that it reflects the defendant's financial circumstances as measured by the considerations listed in this subsection.

(n) A defendant who requests a determination of indigency and appointment of counsel shall:

(1) complete under oath a questionnaire concerning his financial resources;

(2) respond under oath to an examination regarding his financial resources by the judge or magistrate responsible for determining whether the defendant is indigent; or

(3) complete the questionnaire and respond to examination by the judge or magistrate.

(o) Before making a determination of whether a defendant is indigent, the court shall request the defendant to sign under oath a statement substantially in the following form: "On this ___ day of _____, 20 ____, I have been advised by the (name of the court) Court of my right to representation by counsel in connection with the charge pending against me. I am without means to employ counsel of my own choosing and I hereby request the court to appoint counsel for me. (signature of the defendant)"

(p) A defendant who is determined by the court to be indigent is presumed to remain indigent for the remainder of the proceedings in the case unless a material change in the defendant's financial circumstances occurs. If there is a material change in financial circumstances after a determination of indigency or nonindigency is made, the defendant, the defendant's counsel, or the attorney representing the state may move for reconsideration of the determination.

(q) A written or oral statement elicited under this article or evidence derived from the statement may not be used for any purpose, except to determine the defendant's indigency or to impeach the direct testimony of the defendant. This subsection does not prohibit prosecution of the defendant under Chapter 37, Penal Code.

(r) A court may not threaten to arrest or incarcerate a person solely because the person requests the assistance of counsel.

Art. 26.047. Managed Assigned Counsel Program.

(a) In this article:

(1) "Governmental entity" has the meaning assigned by Article 26.044.

(2) “Managed assigned counsel program” or “program” means a program operated with public funds:

(A) by a governmental entity, nonprofit corporation, or bar association under a written agreement with a governmental entity, other than an individual judge or court; and

(B) for the purpose of appointing counsel under Article 26.04 of this code or Section 51.10, Family Code.

(b) The commissioners court of any county, on written approval of a judge of the juvenile court of a county or a county court, statutory county court, or district court trying criminal cases in the county, may appoint a governmental entity, nonprofit corporation, or bar association to operate a managed assigned counsel program. The commissioners courts of two or more counties may enter into a written agreement to jointly appoint and fund a governmental entity, nonprofit corporation, or bar association to operate a managed assigned counsel program. In appointing an entity to operate a managed assigned counsel program under this subsection, the commissioners court shall specify or the commissioners courts shall jointly specify:

(1) the types of cases in which the program may appoint counsel under Article 26.04 of this code or Section 51.10, Family Code, and the courts in which the counsel appointed by the program may be required to appear; and

(2) the term of any agreement establishing a program and how the agreement may be terminated or renewed.

(c) The commissioners court or commissioners courts shall require a written plan of operation from an entity operating a program under this article. The plan of operation must include:

(1) a budget for the program, including salaries;

(2) a description of each personnel position, including the program’s director;

(3) the maximum allowable caseload for each attorney appointed by the program;

(8) a policy to ensure that an attorney appointed under the program does not accept appointment in a case that involves a conflict of interest for the attorney that has not been waived by all affected clients.

(d) A program under this article must have a director. Unless the program uses a review committee appointed under Subsection (e), a program under this article must be directed by a person who:

(1) is a member of the State Bar of Texas;

(2) has practiced law for at least three years; and

(3) has substantial experience in the practice of criminal law.

(e) The governmental entity, nonprofit corporation, or bar association operating the program may appoint a

HISTORY: Enacted by Acts 2011, 82nd Leg., ch. 984 (H.B. 1754), § 11, effective September 1, 2011.

Art. 26.05. Compensation of Counsel Appointed to Defend. [Effective until January 1, 2020]

(a) A counsel, other than an attorney with a public defender’s office or an attorney employed by the office of capital and forensic writs, appointed to represent a defendant in a criminal proceeding, including a habeas corpus hearing, shall be paid a reasonable attorney’s fee for performing the following services, based on the time and labor required, the complexity of the case, and the experience and ability of the appointed counsel:

(1) time spent in court making an appearance on behalf of the defendant as evidenced by a docket entry, time spent in trial, and time spent in a proceeding in which sworn oral testimony is elicited;

(2) reasonable and necessary time spent out of court on the case, supported by any documentation that the court requires;

(3) preparation of an appellate brief and preparation and presentation of oral argument to a court of appeals or the Court of Criminal Appeals; and

(4) preparation of a motion for rehearing.

(b) All payments made under this article shall be paid in accordance with a schedule of fees adopted by formal action of the judges of the county courts, statutory county courts, and district courts trying criminal cases in each county. On adoption of a schedule of fees as provided by

this subsection, a copy of the schedule shall be sent to the commissioners court of the county.

(c) Each fee schedule adopted shall state reasonable fixed rates or minimum and maximum hourly rates, taking into consideration reasonable and necessary overhead costs and the availability of qualified attorneys willing to accept the stated rates, and shall provide a form for the appointed counsel to itemize the types of services performed. No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable, approves the payment. If the judge or director disapproves the requested amount of payment, the judge or director shall make written findings stating the amount of payment that the judge or director approves and each reason for approving an amount different from the requested amount. An attorney whose request for payment is disapproved or is not otherwise acted on by the 60th day after the date the request for payment is submitted may appeal the disapproval or failure to act by filing a motion with the presiding judge of the administrative judicial region. On the filing of a motion, the presiding judge of the administrative judicial region shall review the disapproval of payment or failure to act and determine the appropriate amount of payment. In reviewing the disapproval or failure to act, the presiding judge of the administrative judicial region may conduct a hearing. Not later than the 45th day after the date an application for payment of a fee is submitted under this article, the commissioners court shall pay to the appointed counsel the amount that is approved by the presiding judge of the administrative judicial region and that is in accordance with the fee schedule for that county.

(d) A counsel in a noncapital case, other than an attorney with a public defender's office, appointed to represent a defendant under this code shall be reimbursed for reasonable and necessary expenses, including expenses for investigation and for mental health and other experts. Expenses incurred with prior court approval shall be reimbursed in the same manner provided for capital cases by Articles 26.052(f) and (g), and expenses incurred without prior court approval shall be reimbursed in the manner provided for capital cases by Article 26.052(h).

(e) A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove an attorney from consideration for appointment if, after a hearing, it is shown that the attorney submitted a claim for legal services not performed by the attorney.

(f) All payments made under this article shall be paid from the general fund of the county in which the prosecution was instituted or habeas corpus hearing held and may be included as costs of court.

(g) If the judge determines that a defendant has financial resources that enable the defendant to offset in part or in whole the costs of the legal services provided to the defendant in accordance with Article 1.051(c) or (d), including any expenses and costs, the judge shall order the defendant to pay during the pendency of the charges or, if

convicted, as court costs the amount that the judge finds the defendant is able to pay. The defendant may not be ordered to pay an amount that exceeds:

(1) the actual costs, including any expenses and costs, paid by the county for the legal services provided by an appointed attorney; or

(2) if the defendant was represented by a public defender's office, the actual amount, including any expenses and costs, that would have otherwise been paid to an appointed attorney had the county not had a public defender's office.

(g-1) (1) This subsection applies only to a defendant who at the time of sentencing to confinement or placement on community supervision, including deferred adjudication community supervision, did not have the financial resources to pay the maximum amount described by Subsection (g)(1) or (2), as applicable, for legal services provided to the defendant.

(2) At any time during a defendant's sentence of confinement or period of community supervision, the judge, after providing written notice to the defendant and an opportunity for the defendant to present information relevant to the defendant's ability to pay, may order a defendant to whom this subsection applies to pay any unpaid portion of the amount described by Subsection (g)(1) or (2), as applicable, if the judge determines that the defendant has the financial resources to pay the additional portion.

(3) The judge may amend an order entered under Subdivision (2) if, subsequent to the judge's determination under that subdivision, the judge determines that the defendant is indigent or demonstrates an inability to pay the amount ordered.

(4) In making a determination under this subsection, the judge may only consider the information a court or courts' designee is authorized to consider in making an indigency determination under Article 26.04(m).

(5) Notwithstanding any other law, the judge may not revoke or extend the defendant's period of community supervision solely to collect the amount the defendant has been ordered to pay under this subsection.

(h) Reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

- (1) time spent in court making an appearance on behalf of the defendant as evidenced by a docket entry, time spent in trial, and time spent in a proceeding in which sworn oral testimony is elicited;
- (2) reasonable and necessary time spent out of court on the case, supported by any documentation that the court requires;
- (3) preparation of an appellate brief and preparation and presentation of oral argument to a court of appeals or the Court of Criminal Appeals; and
- (4) preparation of a motion for rehearing.

(b) All payments made under this article shall be paid in accordance with a schedule of fees adopted by formal action of the judges of the county courts, statutory county courts, and district courts trying criminal cases in each county. On adoption of a schedule of fees as provided by this subsection, a copy of the schedule shall be sent to the commissioners court of the county.

(c) Each fee schedule adopted shall state reasonable fixed rates or minimum and maximum hourly rates, taking into consideration reasonable and necessary overhead costs and the availability of qualified attorneys willing to accept the stated rates, and shall provide a form for the appointed counsel to itemize the types of services performed. No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable, approves the payment. If the judge or director disapproves the requested amount of payment, the judge or director shall make written findings stating the amount of payment that the judge or director approves and each reason for approving an amount different from the requested amount. An attorney whose request for payment is disapproved or is not otherwise acted on by the 60th day after the date the request for payment is submitted may appeal the disapproval or failure to act by filing a motion with the presiding judge of the administrative judicial region. On the filing of a motion, the presiding judge of the administrative judicial region shall review the disapproval of payment or failure to act and determine the appropriate amount of payment. In reviewing the disapproval or failure to act, the presiding judge of the administrative judicial region may conduct a hearing. Not later than the 45th day after the date an application for payment of a fee is submitted under this article, the commissioners court

shall pay to the appointed counsel the amount that is approved by the presiding judge of the administrative judicial region and that is in accordance with the fee schedule for that county.

(d) A counsel in a noncapital case, other than an attorney with a public defender's office, appointed to represent a defendant under this code shall be reimbursed for reasonable and necessary expenses, including expenses for investigation and for mental health and other experts. Expenses incurred with prior court approval shall be reimbursed in the same manner provided for capital cases by Articles 26.052(f) and (g), and expenses incurred without prior court approval shall be reimbursed in the manner provided for capital cases by Article 26.052(h).

(e) A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove an attorney from consideration for appointment if, after a hearing, it is shown that the attorney submitted a claim for legal services not performed by the attorney.

(f) All payments made under this article shall be paid from the general fund of the county in which the prosecution was instituted or habeas corpus hearing held and may be included as reimbursement fees.

(g) If the judge determines that a defendant has financial resources that enable the defendant to offset in part or in whole the costs of the legal services provided to the defendant in accordance with Article 1.051(c) or (d), including any expenses and costs, the judge shall order the defendant to pay during the pendency of the charges or, if convicted, as a reimbursement fee the amount that the judge finds the defendant is able to pay. The defendant may not be ordered to pay an amount that exceeds:

- (1) the actual costs, including any expenses and costs, paid by the county for the legal services provided by an appointed attorney; or
- (2) if the defendant was represented by a public defender's office, the actual amount, including any expenses and costs, that would have otherwise been paid to an appointed attorney had the county not had a public defender's office.

(g-1) (1) This subsection applies only to a defendant who at the time of sentencing to confinement or placement on community supervision, including deferred adjudication community supervision, did not have the financial resources to pay the maximum amount described by Subsection (g)(1) or (2), as applicable, for legal services provided to the defendant.

(2) At any time during a defendant's sentence of confinement or period of community supervision, the judge, after providing written notice to the defendant and an opportunity for the defendant to present information relevant to the defendant's ability to pay, may order a defendant to whom this subsection applies to pay any unpaid portion of the amount described by Subsection (g)(1) or (2), as applicable, if the judge determines that the defendant has the financial resources to pay the additional portion.

(3) The judge may amend an order entered under Subdivision (2) if, subsequent to the judge's determination under that subdivision, the judge determines that the defendant is indigent or demonstrates an inability to pay the amount ordered.

(4) In making a determination under this subsection, the judge may only consider the information a court or courts' designee is authorized to consider in making an indigency determination under Article 26.04(m).

(5) Notwithstanding any other law, the judge may not revoke or extend the defendant's period of community supervision solely to collect the amount the defendant has been ordered to pay under this subsection.

(h) Reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

Art. 26.051. Indigent Inmate Defense.

(a) In this article:

(1) "Board" means the Texas Board of Criminal Justice.

(2) "Correctional institutions division" means the correctional institutions division of the Texas Department of Criminal Justice.

(b), (c) [Repealed by Acts 2007, 80th Leg., ch. 1014 (H.B. 1267), § 7, effective September 1, 2007.]

(d) A court shall:

(1) notify the board if it determines that a defendant before the court is indigent and is an inmate charged with an offense committed while in the custody of the correctional institutions division or a correctional facility authorized by Section 495.001, Government Code; and

(2) request that the board provide legal representation for the inmate.

(e) The board shall provide legal representation for inmates described by Subsection (d) of this section. The board may employ attorneys, support staff, and any other personnel required to provide legal representation for those inmates. All personnel employed under this article are directly responsible to the board in the performance of their duties. The board shall pay all fees and costs associated with providing legal representation for those inmates.

(f) [Repealed by Acts 1993, 73rd Leg., ch. 988 (S.B. 532), § 7.02, effective September 1, 1993.]

(g) The court shall appoint an attorney other than an attorney provided by the board if the court determines for any of the following reasons that a conflict of interest could arise from the use of an attorney provided by the board under Subsection (e) of this article:

(1) the case involves more than one inmate and the representation of more than one inmate could impair the attorney's effectiveness;

(2) the case is appealed and the court is satisfied that conflict of interest would prevent the presentation of a good faith allegation of ineffective assistance of counsel by a trial attorney provided by the board; or

(3) any conflict of interest exists under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas that precludes representation by an attorney appointed by the board.

(h) When the court appoints an attorney other than an attorney provided by the board:

(1) except as otherwise provided by this article, the inmate's legal defense is subject to Articles 1.051, 26.04, 26.05, and 26.052, as applicable; and

(2) the county in which a facility of the correctional institutions division or a correctional facility authorized by Section 495.001, Government Code, is located shall pay from its general fund the total costs of the aggregate amount allowed and awarded by the court for attorney compensation and expenses under Article 26.05 or 26.052, as applicable.

(i) The state shall reimburse a county for attorney compensation and expenses awarded under Subsection (h). A court seeking reimbursement for a county shall certify to the comptroller of public accounts the amount of compensation and expenses for which the county is entitled to be reimbursed under this article. Not later than the 60th day after the date the comptroller receives from the court the request for reimbursement, the comptroller shall issue a warrant to the county in the amount certified by the court.

Art. 26.052. Appointment of Counsel in Death Penalty Case; Reimbursement of Investigative Expenses.

(a) Notwithstanding any other provision of this chapter, this article establishes procedures in death penalty cases for appointment and payment of counsel to represent indigent defendants at trial and on direct appeal and to apply for writ of certiorari in the United States Supreme Court.

(b) If a county is served by a public defender's office, trial counsel and counsel for direct appeal or to apply for a writ of certiorari may be appointed as provided by the guidelines established by the public defender's office. In all other cases in which the death penalty is sought, counsel shall be appointed as provided by this article.

(c) A local selection committee is created in each administrative judicial region created under Section 74.042, Government Code. The administrative judge of the judicial region shall appoint the members of the committee. A committee shall have not less than four members, including:

- (1) the administrative judge of the judicial region;
- (2) at least one district judge;
- (3) a representative from the local bar association; and
- (4) at least one practitioner who is board certified by the State Bar of Texas in criminal law.

(d) (1) The committee shall adopt standards for the qualification of attorneys to be appointed to represent indigent defendants in capital cases in which the death penalty is sought.

(2) The standards must require that a trial attorney appointed as lead counsel to a capital case:

- (A) be a member of the State Bar of Texas;
- (B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;
- (C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney's ability to provide effective representation;
- (D) have at least five years of criminal law experience;
- (E) have tried to a verdict as lead defense counsel a significant number of felony cases, including homicide trials and other trials for offenses punishable as second or first degree felonies or capital felonies;
- (F) have trial experience in:
 - (i) the use of and challenges to mental health or forensic expert witnesses; and
 - (ii) investigating and presenting mitigating evidence at the penalty phase of a death penalty trial; and
- (G) have participated in continuing legal education courses or other training relating to criminal defense in death penalty cases.

(3) The standards must require that an attorney appointed as lead appellate counsel in the direct appeal of a capital case:

- (A) be a member of the State Bar of Texas;
- (B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;
- (C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney's ability to provide effective representation;
- (D) have at least five years of criminal law experience;
- (E) have authored a significant number of appellate briefs, including appellate briefs for homicide

cases and other cases involving an offense punishable as a capital felony or a felony of the first degree or an offense described by Article 42A.054(a);

(F) have trial or appellate experience in:

- (i) the use of and challenges to mental health or forensic expert witnesses; and
- (ii) the use of mitigating evidence at the penalty phase of a death penalty trial; and

(G) have participated in continuing legal education courses or other training relating to criminal defense in appealing death penalty cases.

(4) The committee shall prominently post the standards in each district clerk's office in the region with a list of attorneys qualified for appointment.

(5) Not later than the second anniversary of the date an attorney is placed on the list of attorneys qualified for appointment in death penalty cases and each year following the second anniversary, the attorney must present proof to the committee that the attorney has successfully completed the minimum continuing legal education requirements of the State Bar of Texas, including a course or other form of training relating to criminal defense in death penalty cases or in appealing death penalty cases, as applicable. The committee shall remove the attorney's name from the list of qualified attorneys if the attorney fails to provide the committee with proof of completion of the continuing legal education requirements.

(e) The presiding judge of the district court in which a capital felony case is filed shall appoint two attorneys, at least one of whom must be qualified under this chapter, to represent an indigent defendant as soon as practicable after charges are filed, unless the state gives notice in writing that the state will not seek the death penalty.

(f) Appointed counsel may file with the trial court a pretrial ex parte confidential request for advance payment of expenses to investigate potential defenses. The request for expenses must state:

- (1) the type of investigation to be conducted;
- (2) specific facts that suggest the investigation will result in admissible evidence; and
- (3) an itemized list of anticipated expenses for each investigation.

(g) The court shall grant the request for advance payment of expenses in whole or in part if the request is reasonable. If the court denies in whole or in part the request for expenses, the court shall:

- (1) state the reasons for the denial in writing;
- (2) attach the denial to the confidential request; and
- (3) submit the request and denial as a sealed exhibit to the record.

(h) Counsel may incur expenses without prior approval of the court. On presentation of a claim for reimbursement, the court shall order reimbursement of counsel for the expenses, if the expenses are reasonably necessary and reasonably incurred.

(i) If the indigent defendant is convicted of a capital felony and sentenced to death, the defendant is entitled to be represented by competent counsel on appeal and to apply for a writ of certiorari to the United States Supreme Court.

(j) As soon as practicable after a death sentence is imposed in a capital felony case, the presiding judge of the

convicting court shall appoint counsel to represent an indigent defendant on appeal and to apply for a writ of certiorari, if appropriate.

(k) The court may not appoint an attorney as counsel on appeal if the attorney represented the defendant at trial, unless:

(1) the defendant and the attorney request the appointment on the record; and

(2) the court finds good cause to make the appointment.

(l) An attorney appointed under this article to represent a defendant at trial or on direct appeal is compensated as provided by Article 26.05 from county funds. Advance payment of expenses anticipated or reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

(m) The local selection committee shall annually review the list of attorneys posted under Subsection (d) to ensure that each listed attorney satisfies the requirements under this chapter.

(n) At the request of an attorney, the local selection committee shall make a determination under Subsection (d)(2)(C) or (3)(C), as applicable, regarding an attorney's current ability to provide effective representation following a judicial finding that the attorney previously rendered ineffective assistance of counsel in a capital case.

Art. 26.13. Plea of Guilty. [Effective until January 1, 2021]

(a) Prior to accepting a plea of guilty or a plea of nolo contendere, the court shall admonish the defendant of:

(1) the range of the punishment attached to the offense;

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of a plea bargain agreement between the state and the defendant and, if an agreement exists, the court shall inform the defendant whether it will follow or reject the agreement in open court and before any finding on the plea. Should the court reject the agreement, the defendant shall be permitted to withdraw the defendant's plea of guilty or nolo contendere;

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and the defendant's attorney, the trial court must give its permission to the defendant before the defendant may prosecute an ap-

peal on any matter in the case except for those matters raised by written motions filed prior to trial;

(4) the fact that if the defendant is not a citizen of the United States of America, a plea of guilty or nolo contendere for the offense charged may result in deportation, the exclusion from admission to this country, or the denial of naturalization under federal law;

(5) the fact that the defendant will be required to meet the registration requirements of Chapter 62, if the defendant is convicted of or placed on deferred adjudication for an offense for which a person is subject to registration under that chapter; and

(6) the fact that if the defendant is placed on community supervision, after satisfactorily fulfilling the conditions of community supervision and on expiration of the period of community supervision, the court is authorized to release the defendant from the penalties and disabilities resulting from the offense as provided by Article 42A.701(f).

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court.

(d) Except as provided by Subsection (d-1), the court may make the admonitions required by this article either orally or in writing. If the court makes the admonitions in writing, it must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonitions and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make the admonitions orally.

(d-1) The court shall make the admonition required by Subsection (a)(4) both orally and in writing. Unless the court has received the statement as described by Subsection (d), the court must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonition required by Subsection (a)(4) and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make a record of that fact.

(e) Before accepting a plea of guilty or a plea of nolo contendere, the court shall, as applicable in the case:

(1) inquire as to whether a victim impact statement has been returned to the attorney representing the state and ask for a copy of the statement if one has been returned; and

(2) inquire as to whether the attorney representing the state has given notice of the existence and terms of any plea bargain agreement to the victim, guardian of a victim, or close relative of a deceased victim, as those terms are defined by Article 56.01.

(f) The court must substantially comply with Subsection (e) of this article. The failure of the court to comply with Subsection (e) of this article is not grounds for the defendant to set aside the conviction, sentence, or plea.

(g) Before accepting a plea of guilty or a plea of nolo contendere and on the request of a victim of the offense,

the court may assist the victim and the defendant in participating in a victim-offender mediation program.

(h) The court must substantially comply with Subsection (a)(5). The failure of the court to comply with Subsection (a)(5) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(h-1) The court must substantially comply with Subsection (a)(6). The failure of the court to comply with Subsection (a)(6) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(i) Notwithstanding this article, a court shall not order the state or any of its prosecuting attorneys to participate in mediation, dispute resolution, arbitration, or other similar procedures in relation to a criminal prosecution unless upon written consent of the state.

Art. 26.13. Plea of Guilty. [Effective January 1, 2021]

(1) the range of the punishment attached to the offense;

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of a plea bargain agreement between the state and the defendant and, if an agreement exists, the court shall inform the defendant whether it will follow or reject the agreement in open court and before any finding on the plea. Should the court reject the agreement, the defendant shall be permitted to withdraw the defendant's plea of guilty or nolo contendere;

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and the defendant's attorney, the trial court must give its permission to the defendant before the defendant may prosecute an appeal on any matter in the case except for those matters raised by written motions filed prior to trial;

(4) the fact that if the defendant is not a citizen of the United States of America, a plea of guilty or nolo

contendere for the offense charged may result in deportation, the exclusion from admission to this country, or the denial of naturalization under federal law;

(5) the fact that the defendant will be required to meet the registration requirements of Chapter 62, if the defendant is convicted of or placed on deferred adjudication for an offense for which a person is subject to registration under that chapter; and

(6) the fact that if the defendant is placed on community supervision, after satisfactorily fulfilling the conditions of community supervision and on expiration of the period of community supervision, the court is authorized to release the defendant from the penalties and disabilities resulting from the offense as provided by Article 42A.701(f).

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court.

(d) Except as provided by Subsection (d-1), the court may make the admonitions required by this article either orally or in writing. If the court makes the admonitions in writing, it must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonitions and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make the admonitions orally.

(d-1) The court shall make the admonition required by Subsection (a)(4) both orally and in writing. Unless the court has received the statement as described by Subsection (d), the court must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonition required by Subsection (a)(4) and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make a record of that fact.

(e) Before accepting a plea of guilty or a plea of nolo contendere, the court shall, as applicable in the case:

(1) inquire as to whether a victim impact statement has been returned to the attorney representing the state and ask for a copy of the statement if one has been returned; and

CHAPTER 35

Formation of the Jury

Article	
35.16.	Reasons for Challenge for Cause.

Art. 35.16. Reasons for Challenge for Cause.

(a) A challenge for cause is an objection made to a particular juror, alleging some fact which renders the juror incapable or unfit to serve on the jury. A challenge for cause may be made by either the state or the defense for any one of the following reasons:

1. That the juror is not a qualified voter in the state and county under the Constitution and laws of the state; provided, however, the failure to register to vote shall not be a disqualification;
2. That the juror has been convicted of misdemeanor theft or a felony;
3. That the juror is under indictment or other legal accusation for misdemeanor theft or a felony;
4. That the juror is insane;
5. That the juror has such defect in the organs of feeling or hearing, or such bodily or mental defect or disease as to render the juror unfit for jury service, or that the juror is legally blind and the court in its discretion is not satisfied that the juror is fit for jury service in that particular case;
6. That the juror is a witness in the case;
7. That the juror served on the grand jury which found the indictment;
8. That the juror served on a petit jury in a former trial of the same case;
9. That the juror has a bias or prejudice in favor of or against the defendant;

10. That from hearsay, or otherwise, there is established in the mind of the juror such a conclusion as to the guilt or innocence of the defendant as would influence the juror in finding a verdict. To ascertain whether this cause of challenge exists, the juror shall first be asked whether, in the juror's opinion, the conclusion so established will influence the juror's verdict. If the juror answers in the affirmative, the juror shall be discharged without further interrogation by either party or the court. If the juror answers in the negative, the juror shall be further examined as to how the juror's conclusion was formed, and the extent to which it will affect the juror's action; and, if it appears to have been formed from reading newspaper accounts, communications, statements or reports or mere rumor or hearsay, and if

the juror states that the juror feels able, notwithstanding such opinion, to render an impartial verdict upon the law and the evidence, the court, if satisfied that the juror is impartial and will render such verdict, may, in its discretion, admit the juror as competent to serve in such case. If the court, in its discretion, is not satisfied that the juror is impartial, the juror shall be discharged;

11. That the juror cannot read or write.

No juror shall be impaneled when it appears that the juror is subject to the second, third or fourth grounds of challenge for cause set forth above, although both parties may consent. All other grounds for challenge may be waived by the party or parties in whose favor such grounds of challenge exist.

In this subsection "legally blind" shall mean having not more than 20/200 of visual acuity in the better eye with correcting lenses, or visual acuity greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(b) A challenge for cause may be made by the State for any of the following reasons:

1. That the juror has conscientious scruples in regard to the infliction of the punishment of death for crime, in a capital case, where the State is seeking the death penalty;

2. That he is related within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code, to the defendant; and

3. That he has a bias or prejudice against any phase of the law upon which the State is entitled to rely for conviction or punishment.

(c) A challenge for cause may be made by the defense for any of the following reasons:

1. That he is related within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code, to the person injured by the commission of the offense, or to any prosecutor in the case; and

2. That he has a bias or prejudice against any of the law applicable to the case upon which the defense is entitled to rely, either as a defense to some phase of the offense for which the defendant is being prosecuted or as a mitigation thereof or of the punishment therefor.

Sec. 3. In this article, "person with a disability" means a person 13 years of age or older who because of age or physical or mental disease, disability, or injury is substantially unable to protect the person's self from harm or to provide food, shelter, or medical care for the person's self.

(a) If the court is notified by a party that the defendant is deaf and will be present at an arraignment, hearing, examining trial, or trial, or that a witness is deaf and will be called at a hearing, examining trial, or trial, the court shall appoint a qualified interpreter to interpret the proceedings in any language that the deaf person can understand, including but not limited to sign language. On the court's motion or the motion of a party, the court may order testimony of a deaf witness and the interpretation of that testimony by the interpreter visually, electronically recorded for use in verification of the transcrip-

tion of the reporter's notes. The clerk of the court shall include that recording in the appellate record if requested by a party under Article 40.09 of this Code.

(b) Following the filing of an indictment, information, or complaint against a deaf defendant, the court on the motion of the defendant shall appoint a qualified interpreter to interpret in a language that the defendant can understand, including but not limited to sign language, communications concerning the case between the defendant and defense counsel. The interpreter may not disclose a communication between the defendant and defense counsel or a fact that came to the attention of the interpreter while interpreting those communications if defense counsel may not disclose that communication or fact.

Art. 42.03. Pronouncing Sentence; Time; Credit for Time Spent in Jail Between Arrest and Sentence or Pending Appeal. [Effective until January 1, 2021]

Sec. 1. (a) Except as provided in Article 42.14, sentence shall be pronounced in the defendant's presence.

(b) The court shall permit a victim, close relative of a deceased victim, or guardian of a victim, as defined by Article 56.01 of this code, to appear in person to present to the court and to the defendant a statement of the person's views about the offense, the defendant, and the effect of the offense on the victim. The victim, relative, or guardian may not direct questions to the defendant while making the statement. The court reporter may not transcribe the statement. The statement must be made:

- (1) after punishment has been assessed and the court has determined whether or not to grant community supervision in the case;
- (2) after the court has announced the terms and conditions of the sentence; and
- (3) after sentence is pronounced.

(c) The court may not impose a limit on the number of victims, close relatives, or guardians who may appear and present statements under Subsection (b) unless the court finds that additional statements would unreasonably delay the proceeding.

Sec. 2. (a) In all criminal cases the judge of the court in which the defendant is convicted shall give the defendant credit on the defendant's sentence for the time that the defendant has spent:

- (1) in jail for the case, including confinement served as described by Article 46B.009 and excluding confinement served as a condition of community supervision, from the time of his arrest and confinement until his sentence by the trial court;

(b) In all revocations of a suspension of the imposition of a sentence the judge shall enter the restitution due and owing on the date of the revocation.

Sec. 3. If a defendant appeals his conviction, is not released on bail, and is retained in a jail as provided in Section 7, Article 42.09, pending his appeal, the judge of the court in which the defendant was convicted shall give the defendant credit on his sentence for the time that the defendant has spent in jail pending disposition of his appeal. The court shall endorse on both the commitment and the mandate from the appellate court all credit given the defendant under this section, and the Texas Department of Criminal Justice shall grant the credit in computing the defendant's eligibility for parole and discharge.

Sec. 4. When a defendant who has been sentenced to imprisonment in the Texas Department of Criminal Justice has spent time in jail pending trial and sentence or pending appeal, the judge of the sentencing court shall direct the sheriff to attach to the commitment papers a statement assessing the defendant's conduct while in jail.

Sec. 5. Except as otherwise provided by Article 42A.106(b), the court after pronouncing the sentence shall inform the defendant of the defendant's right to petition the court for an order of nondisclosure of criminal history record information under Subchapter E-1, Chapter 411, Government Code, unless the defendant is ineligible to pursue that right because of the requirements that apply to obtaining the order in the defendant's circumstances, such as:

- (1) the nature of the offense for which the defendant is convicted; or
- (2) the defendant's criminal history.

Sec. 1. (a) Except as provided in Article 42.14, sentence shall be pronounced in the defendant's presence.

(b) The court shall permit a victim, close relative of a deceased victim, or guardian of a victim, as defined by Article 56A.001, to appear in person to present to the court and to the defendant a statement of the person's views about the offense, the defendant, and the effect of the offense on the victim. The victim, relative, or guardian may not direct questions to the defendant while making the statement. The court reporter may not transcribe the statement. The statement must be made:

- (1) after punishment has been assessed and the court has determined whether or not to grant community supervision in the case;
- (2) after the court has announced the terms and conditions of the sentence; and
- (3) after sentence is pronounced.

(c) The court may not impose a limit on the number of victims, close relatives, or guardians who may appear and present statements under Subsection (b) unless the court finds that additional statements would unreasonably delay the proceeding.

Sec. 2. (a) In all criminal cases the judge of the court in which the defendant is convicted shall give the defendant credit on the defendant's sentence for the time that the defendant has spent:

- (1) in jail for the case, including confinement served as described by Article 46B.009 and excluding confinement served as a condition of community supervision, from the time of his arrest and confinement until his sentence by the trial court;
- (2) in a substance abuse treatment facility operated by the Texas Department of Criminal Justice under Section 493.009, Government Code, or another court-ordered residential program or facility as a condition of deferred adjudication community supervision granted in the case if the defendant successfully completes the treatment program at that facility; or
- (3) confined in a mental health facility or residential care facility as described by Article 46B.009.

(b) In all revocations of a suspension of the imposition of a sentence the judge shall enter the restitution due and owing on the date of the revocation.

Sec. 3. If a defendant appeals his conviction, is not released on bail, and is retained in a jail as provided in

Section 7, Article 42.09, pending his appeal, the judge of the court in which the defendant was convicted shall give the defendant credit on his sentence for the time that the defendant has spent in jail pending disposition of his appeal. The court shall endorse on both the commitment and the mandate from the appellate court all credit given the defendant under this section, and the Texas Department of Criminal Justice shall grant the credit in computing the defendant's eligibility for parole and discharge.

Sec. 4. When a defendant who has been sentenced to imprisonment in the Texas Department of Criminal Justice has spent time in jail pending trial and sentence or pending appeal, the judge of the sentencing court shall direct the sheriff to attach to the commitment papers a statement assessing the defendant's conduct while in jail.

Sec. 5. Except as otherwise provided by Article 42A.106(b), the court after pronouncing the sentence shall inform the defendant of the defendant's right to petition the court for an order of nondisclosure of criminal history record information under Subchapter E-1, Chapter 411, Government Code, unless the defendant is ineligible to pursue that right because of the requirements that apply to obtaining the order in the defendant's circumstances, such as:

- (1) the nature of the offense for which the defendant is convicted; or
- (2) the defendant's criminal history.

Sec. 1. Except as provided in Sections 2 and 3, a defendant shall be delivered to a jail or to the Texas Department of Criminal Justice when his sentence is pronounced, or his sentence to death is announced, by the court. The defendant's sentence begins to run on the day it is pronounced, but with all credits, if any, allowed by Article 42.03.

Upon a valid transfer to the department under this section, the defendant may not thereafter be released on bail pending his appeal.

Sec. 5. If a defendant is transferred to the Texas Department of Criminal Justice pending appeal under Section 3 or 4, his sentence shall be computed as if no appeal had been taken if the appeal is affirmed.

Sec. 6. All defendants who have been transferred to the Texas Department of Criminal Justice pending the appeal of their convictions under this article shall be under the control and authority of the department for all purposes as if no appeal were pending.

Sec. 7. If a defendant is sentenced to a term of imprisonment in the Texas Department of Criminal Justice but is not transferred to the department under Section 3 or 4, the court, before the date on which it would lose jurisdiction under Article 42A.202(a), shall send to the department a document containing a statement of the date on which the defendant's sentence was pronounced and credits earned by the defendant under Article 42.03 as of the date of the statement.

Sec. 8. (a) A county that transfers a defendant to the Texas Department of Criminal Justice under this article shall deliver to an officer designated by the department:

(6) if requested, information regarding the criminal history of the defendant, including the defendant's state identification number if the number has been issued;

(7) a copy of the indictment or information for each offense;

(8) a checklist sent by the department to the county and completed by the county in a manner indicating that the documents required by this subsection and Subsection (c) accompany the defendant;

(10) a copy of any detainer, issued by an agency of the federal government, that is in the possession of the county and that has been placed on the defendant;

The summary shall include a current photograph of the defendant and a complete set of the defendant's fingerprints. Upon written request from the county sheriff, the photograph and fingerprints shall be filed with the sheriff of the county to which the parolee is assigned if that county is not the county from which the parolee was sentenced.

The designated officer shall certify under the seal of the department the documents received under Subsections (a) and (c) of this section. A document certified under this subsection is self-authenticated for the purposes of Rules 901 and 902, Texas Rules of Evidence.

(c) A county that transfers a defendant to the Texas Department of Criminal Justice under this article shall also deliver to the designated officer any presentence or postsentence investigation report, revocation report, psychological or psychiatric evaluation of the defendant, including a written report provided to a court under Article 16.22(a)(1)(B) or an evaluation prepared for the juvenile court before transferring the defendant to criminal court and contained in the criminal prosecutor's file, and available social or psychological background information relating to the defendant and may

deliver to the designated officer any additional information upon which the judge or jury bases the punishment decision.

(d) The correctional institutions division of the Texas Department of Criminal Justice shall make documents received under Subsections (a) and (c) available to the parole division on the request of the parole division and shall, on release of a defendant on parole or to mandatory supervision, immediately provide the parole division with copies of documents received under Subsection (a). The parole division shall provide to the parole officer appointed to supervise the defendant a comprehensive summary of the information contained in the documents referenced in this section not later than the 14th day after the date of the defendant's release. The summary shall include a current photograph of the defendant and a complete set of the defendant's fingerprints. Upon written request from the county sheriff, the photograph and fingerprints shall be filed with the sheriff of the county to which the parolee is assigned if that county is not the county from which the parolee was sentenced.

(e) A county is not required to deliver separate documents containing information relating to citations to provisions of the Penal Code or other law and to changes of venue, as otherwise required by Subsections (a)(3) and (a)(5) of this article, if the standardized felony judgment form described by Section 4, Article 42.01, of this code is modified to require that information.

(f) Except as provided by Subsection (g) of this section, the county sheriff is responsible for ensuring that documents and information required by this section accompany defendants sentenced by district courts in the county to the Texas Department of Criminal Justice.

(g) If the presiding judge of the administrative judicial region in which the county is located determines that the county sheriff is unable to perform the duties required by Subsection (f) of this section, the presiding judge may impose those duties on:

- (1) the district clerk; or
- (2) the prosecutor of each district court in the county.

(h) If a parole panel releases on parole a person who is confined in a jail in this state, a federal correctional institution, or a correctional institution in another state, the Texas Department of Criminal Justice shall request the sheriff who would otherwise be required to transfer the person to the department to forward to the department the information described by Subsections (a) and (c) of this section. The sheriff shall comply with the request of the department. The department shall determine whether the information forwarded by the sheriff under this subsection contains a thumbprint taken from the person in the manner provided by Article 38.33 of this code and, if not, the department shall obtain a thumbprint taken in the manner provided by that article and shall forward the thumbprint to the department for inclusion with the information sent by the sheriff.

(i) A county may deliver the documents required under Subsections (a) and (c) of this section to the Texas Department of Criminal Justice by electronic means.

For purposes of this subsection, "electronic means" means the transmission of data between word processors, data processors, or similar automated information equipment over dedicated cables, commercial lines, or other similar methods of transmission.

(j) If after a county transfers a defendant or inmate to the Texas Department of Criminal Justice the charges on which the defendant or inmate was convicted and for which the defendant or inmate was transferred are dismissed, the county shall immediately notify an officer designated by the department of the dismissal.

Sec. 9. A county that transfers a defendant to the Texas Department of Criminal Justice under this article may deliver to an officer designated by the department a certified copy of a final order of a state or federal court that dismisses as frivolous or malicious a lawsuit brought by the inmate while the inmate was confined in the county jail awaiting transfer to the department following conviction of a felony or revocation of community supervision, parole, or mandatory supervision. The county may deliver the copy to the department at the time of the transfer of the inmate or at any time after the transfer of the inmate.

Art. 42.19. Interstate Corrections Compact.

ARTICLE I.

PURPOSE AND POLICY

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment, and rehabilitation of various types of offenders, declare

that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment, and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II.

DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in (d) above may lawfully be confined.

ARTICLE III.

CONTRACTS

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities, and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV.

PROCEDURES AND RIGHTS

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, such official may direct that the confinement be within an institution within the territory of such other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state. However, the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state who are in institutions pursuant to this compact including a conduct record of each inmate and shall certify such record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of the inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which the inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearing as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made.

The record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this paragraph (f), the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate and the sending and receiving states shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to this compact shall have any rights and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V.

ACT NOT REVIEWABLE IN RECEIVING STATE: EXTRADITION

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, or detention for such offense. The duly accredited officer of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution escaped from is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI.

FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the

use of which is or may be affected by this compact or any contract pursuant thereto. Any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision. However, if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII.

ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of such states upon similar action by such state.

ARTICLE VIII.

WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in the statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawal state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX.

OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair an agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation, or treatment of inmates, nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X.

CONSTRUCTION AND SEVERABILITY

(a) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

A defendant who participates in an electronic monitoring program under this subsection discharges fines and costs in the same manner as if the defendant were confined in county jail.

(f) A court may require a defendant who is unable to pay a fine or costs to discharge all or part of the fine or costs by performing community service.

Subsection (f) unless the court determines that requiring the defendant to perform additional hours does not impose an undue hardship on the defendant or the defendant's dependents.

(k) A defendant is considered to have discharged \$100 of fines or costs for each eight hours of community service performed under Subsection (f) of this article.

(l) A sheriff, employee of a sheriff's department, county commissioner, county employee, county judge, an employee of a community corrections and supervision department, restitution center, or officer or employee of a political subdivision other than a county or an entity that accepts a defendant under this article to perform community service is not liable for damages arising from an act or failure to act in connection with manual labor performed by an inmate or community service performed by a defendant under this article if the act or failure to act:

(a) On a plea of guilty or nolo contendere by a defendant or on a finding of guilt in a misdemeanor case punishable by fine only and payment of all court costs, the judge may defer further proceedings without entering an adjudication of guilt and place the defendant on probation for a period not to exceed 180 days. - (1) allow the defendant to enter into an agreement for payment of those costs in installments during the defendant's period of probation;
- (2) require an eligible defendant to discharge all or part of those costs by performing community service under Article 45.049 or 45.0492; or
- (3) take any combination of actions authorized by Subdivision (1) or (2).

(b) During the deferral period, the judge may require the defendant to:

(10) comply with any other reasonable condition.

(b-1) If the defendant is younger than 25 years of age and the offense committed by the defendant is a traffic offense classified as a moving violation:

(3) if the defendant holds a provisional license, during the deferral period the judge shall require that the defendant be examined by the Department of Public Safety as required by Section 521.161(b)(2), Transportation Code; a defendant is not exempt from the examination regardless of whether the defendant was examined previously.

(b-2) A person examined as required by Subsection (b-1)(3) must pay a \$10 examination fee.

(b-3) The fee collected under Subsection (b-2) must be deposited to the credit of a special account in the general revenue fund and may be used only by the Department of Public Safety for the administration of Chapter 521, Transportation Code.

(d) If on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant complied with the requirements imposed, the judge may impose the fine assessed or impose a lesser fine. The imposition of the fine or lesser fine constitutes a final conviction of the defendant. This subsection does not apply to a defendant required under Subsection (b-1) to complete a driving safety course approved under Chapter 1001, Education Code, or an examination under Section 521.161(b)(2), Transportation Code.

(d-1) If the defendant was required to complete a driving safety course or an examination under Subsection (b-1) and on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant completed that course or examination, the judge shall impose the fine assessed. The imposition of the fine constitutes a final conviction of the defendant.

(e) Records relating to a complaint dismissed as provided by this article may be expunged under Article 55.01. If a complaint is dismissed under this article, there is not a final conviction and the complaint may not be used against the person for any purpose.

(B) held a commercial driver's license when the offense was committed.

(g) If a judge requires a defendant under Subsection (b) to attend an alcohol awareness program or drug education program as described by Subdivision (6) of that subsection, unless the judge determines that the defendant is indigent and unable to pay the cost, the judge shall require the defendant to pay the cost of attending the program. The judge may allow the defendant to pay the cost of attending the program in installments during the deferral period.

Art. 46.05. Competency to Be Executed.

(a) A person who is incompetent to be executed may not be executed.

(b) The trial court retains jurisdiction over motions filed by or for a defendant under this article.

(c) A motion filed under this article must identify the proceeding in which the defendant was convicted, give the date of the final judgment, set forth the fact that an execution date has been set if the date has been set, and clearly set forth alleged facts in support of the assertion that the defendant is presently incompetent to be executed. The defendant shall attach affidavits, records, or other evidence supporting the defendant’s allegations or shall state why those items are not attached. The defendant shall identify any previous proceedings in which the defendant challenged the defendant’s competency in relation to the conviction and sentence in question, including any challenge to the defendant’s competency to be executed, competency to stand trial, or sanity at the time of the offense. The motion must be verified by the oath of some person on the defendant’s behalf.

(d) On receipt of a motion filed under this article, the trial court shall determine whether the defendant has raised a substantial doubt of the defendant’s competency to be executed on the basis of:

(1) the motion, any attached documents, and any responsive pleadings; and

(2) if applicable, the presumption of competency under Subsection (e).

(e) If a defendant is determined to have previously filed a motion under this article, and has previously been determined to be competent to be executed, the previous adjudication creates a presumption of competency and the defendant is not entitled to a hearing on the subsequent motion filed under this article, unless the defendant makes a prima facie showing of a substantial change in circumstances sufficient to raise a significant question as to the defendant’s competency to be executed at the time of filing the subsequent motion under this article.

(f) If the trial court determines that the defendant has made a substantial showing of incompetency, the court shall order at least two mental health experts to examine the defendant using the standard described by Subsection (h) to determine whether the defendant is incompetent to be executed.

(g) If the trial court does not determine that the defendant has made a substantial showing of incompetency, the court shall deny the motion and may set an execution date as otherwise provided by law.

(h) A defendant is incompetent to be executed if the defendant does not understand:

(1) that he or she is to be executed and that the execution is imminent; and

(2) the reason he or she is being executed.

(i) Mental health experts who examine a defendant under this article shall provide within a time ordered by the trial court copies of their reports to the attorney representing the state, the attorney representing the defendant, and the court.

(j) By filing a motion under this article, the defendant waives any claim of privilege with respect to, and consents to the release of, all mental health and medical records relevant to whether the defendant is incompetent to be executed.

(k) The trial court shall determine whether, on the basis of reports provided under Subsection (i), the motion, any attached documents, any responsive pleadings, and any evidence introduced in the final competency hearing, the defendant has established by a preponderance of the evidence that the defendant is incompetent to be executed. If the court makes a finding that the defendant is not incompetent to be executed, the court may set an execution date as otherwise provided by law.

(l) Following the trial court’s determination under Subsection (k) and on motion of a party, the clerk shall send immediately to the court of criminal appeals in accordance with Section 8(d), Article 11.071, the appropriate documents for that court’s review and entry of a judgment of whether to adopt the trial court’s order, findings, or recommendations issued under Subsection (g) or (k). The court of criminal appeals also shall determine whether any existing execution date should be withdrawn and a stay of execution issued while that court is conducting its review or, if a stay is not issued during the review, after entry of its judgment.

(l-1) Notwithstanding Subsection (l), the court of criminal appeals may not review any finding of the defendant’s competency made by a trial court as a result of a motion filed under this article if the motion is filed on or after the 20th day before the defendant’s scheduled execution date.

(m) If a stay of execution is issued by the court of criminal appeals, the trial court periodically shall order that the defendant be reexamined by mental health experts to determine whether the defendant is no longer incompetent to be executed.

(n) If the court of criminal appeals enters a judgment that a defendant is not incompetent to be executed, the court may withdraw any stay of execution issued under Subsection (l), and the trial court may set an execution date as otherwise provided by law.

(2) a rational as well as factual understanding of the proceedings against the person.

(b) A defendant is presumed competent to stand trial and shall be found competent to stand trial unless proved incompetent by a preponderance of the evidence.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004.

Art. 46B.004. Raising Issue of Incompetency to Stand Trial.

(a) Either party may suggest by motion, or the trial court may suggest on its own motion, that the defendant may be incompetent to stand trial. A motion suggesting that the defendant may be incompetent to stand trial may be supported by affidavits setting out the facts on which the suggestion is made.

(b) If evidence suggesting the defendant may be incompetent to stand trial comes to the attention of the court, the court on its own motion shall suggest that the defendant may be incompetent to stand trial.

(c) On suggestion that the defendant may be incompetent to stand trial, the court shall determine by informal inquiry whether there is some evidence from any source that would support a finding that the defendant may be incompetent to stand trial.

(c-1) A suggestion of incompetency is the threshold requirement for an informal inquiry under Subsection (c) and may consist solely of a representation from any credible source that the defendant may be incompetent. A further evidentiary showing is not required to initiate the inquiry, and the court is not required to have a bona fide doubt about the competency of the defendant. Evidence suggesting the need for an informal inquiry may be based on observations made in relation to one or more of the factors described by Article 46B.024 or on any other indication that the defendant is incompetent within the meaning of Article 46B.003.

(e) At any time during the proceedings under this chapter after the issue of the defendant’s incompetency to stand trial is first raised, the court on the motion of the attorney representing the state may dismiss all charges pending against the defendant, regardless of whether there is any evidence to support a finding of the defendant’s incompetency under Subsection (d) or whether the court has made a finding of incompetency under this chapter. If the court dismisses the charges against the defendant, the court may not continue the proceedings under this chapter, except that, if there is evidence to support a finding of the defendant’s incompetency under Subsection (d), the court may proceed under Subchapter F. If the court does not elect to proceed under Subchapter F, the court shall discharge the defendant.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 2, effective September 1, 2005; am. Acts 2011, 82nd Leg., ch. 822 (H.B. 2725), § 2, effective September 1, 2011.

Art. 46B.005. Determining Incompetency to Stand Trial.

(a) If after an informal inquiry the court determines

that evidence exists to support a finding of incompetency, the court shall order an examination under Subchapter B to determine whether the defendant is incompetent to stand trial in a criminal case.

(b) Except as provided by Subsection (c), the court shall hold a trial under Subchapter C before determining whether the defendant is incompetent to stand trial on the merits.

(c) A trial under this chapter is not required if:

(1) neither party's counsel requests a trial on the issue of incompetency;

(2) neither party's counsel opposes a finding of incompetency; and

(3) the court does not, on its own motion, determine that a trial is necessary to determine incompetency.

(d) If the issue of the defendant's incompetency to stand trial is raised after the trial on the merits begins, the court may determine the issue at any time before the sentence is pronounced. If the determination is delayed until after the return of a verdict, the court shall make the determination as soon as reasonably possible after the return. If a verdict of not guilty is returned, the court may not determine the issue of incompetency.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005.

(a) A defendant is entitled to representation by counsel before any court-ordered competency evaluation and during any proceeding at which it is suggested that the defendant may be incompetent to stand trial.

(b) If the defendant is indigent and the court has not appointed counsel to represent the defendant, the court shall appoint counsel as necessary to comply with Subsection (a).

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004.

(1) a trial on the defendant's incompetency; or

(2) any proceeding at which the defendant first introduces into evidence a statement, testimony, or evidence described by this article.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005.

A court sentencing a person convicted of a criminal offense shall credit to the term of the person's sentence each of the following periods for which the person may be confined in a mental health facility, residential care facility, or jail:

(1) any period of confinement that occurs pending a determination under Subchapter C as to the defendant's competency to stand trial; and

(2) any period of confinement that occurs between the date of any initial determination of the defendant's incompetency under that subchapter and the date the person is transported to jail following a final judicial determination that the person has been restored to competency.

The court is not required to appoint the same expert or experts who performed the initial examination of the defendant under that subchapter.

Art. 46B.086. Court-Ordered Medications.

(a) This article applies only to a defendant:

(1) who is determined under this chapter to be incompetent to stand trial;

(2) who either:

(B) is committed to an inpatient mental health facility, a residential care facility, or a jail-based competency restoration program for the purpose of competency restoration;

(C) is confined in a correctional facility while awaiting further criminal proceedings following competency restoration; or

(D) is subject to Article 46B.072, if the court has made the determinations required by Subsection (a-1) of that article;

(3) for whom a correctional facility or jail-based competency restoration program that employs or contracts with a licensed psychiatrist, an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program provider has prepared a continuity of care plan that requires the defendant to take psychoactive medications; and

(4) who, after a hearing held under Section 574.106 or 592.156, Health and Safety Code, if applicable, has been found to not meet the criteria prescribed by Sections 574.106(a) and (a-1) or 592.156(a) and (b), Health and Safety Code, for court-ordered administration of psychoactive medications.

(b) If a defendant described by Subsection (a) refuses to take psychoactive medications as required by the defendant's continuity of care plan, the director of the facility or the program provider, as applicable, shall notify the court in which the criminal proceedings are pending of that fact not later than the end of the next business day following the refusal. The court shall promptly notify the attorney representing the state and the attorney representing the defendant of the defendant's refusal. The attorney representing the state may file a written motion to compel medication. The motion to compel medication must be filed not later than the 15th day after the date a judge issues an order stating that the defendant does not meet the criteria for court-ordered administration of psychoactive medications under Section 574.106 or 592.156, Health and Safety Code, except that, for a defendant in an outpatient competency restoration program, the motion may be filed at any time.

(c) The court, after notice and after a hearing held not later than the 10th day after the motion to compel medication is filed, may authorize the director of the facility or the program provider, as applicable, to have the medication administered to the defendant, by reasonable force if necessary. A hearing under this subsection may be

conducted using an electronic broadcast system as provided by Article 46B.013.

The court may require either or both physicians to examine the defendant and report on the examination to the court.

(e) The court may issue an order under this article if the court finds by clear and convincing evidence that:

(1) the prescribed medication is medically appropriate, is in the best medical interest of the defendant, and does not present side effects that cause harm to the defendant that is greater than the medical benefit to the defendant;

(2) the state has a clear and compelling interest in the defendant obtaining and maintaining competency to stand trial;

(3) no other less invasive means of obtaining and maintaining the defendant's competency exists; and

(4) the prescribed medication will not unduly prejudice the defendant's rights or use of defensive theories at trial.

(f) A statement made by a defendant to a physician during an examination under Subsection (d) may not be admitted against the defendant in any criminal proceeding, other than at:

(1) a hearing on the defendant's incompetency; or

(2) any proceeding at which the defendant first introduces into evidence the contents of the statement.

(g) For a defendant described by Subsection (a)(2)(A), an order issued under this article:

(1) authorizes the initiation of any appropriate mental health treatment for the defendant awaiting transfer; and

(2) does not constitute authorization to retain the defendant in a correctional facility for competency restoration treatment.

(d) The executive commissioner shall appoint a review board of five members, including one psychiatrist licensed to practice medicine in this state and two persons who work directly with persons with mental illnesses or with mental retardation, to determine whether the person is manifestly dangerous and, as a result of the danger the person presents, requires continued placement in a maximum security unit.

(e) If the head of the facility at which the maximum security unit is located disagrees with the determination, then the matter shall be referred to the executive commissioner. The executive commissioner shall decide whether the person is manifestly dangerous.

HISTORY: Enacted by Acts 2005, 79th Leg., ch. 831 (S.B. 837), § 2, effective September 1, 2005; am. Acts 2019, 86th Leg., ch. 1212 (S.B. 562), § 18, effective June 14, 2019; am. Acts 2019, 86th Leg., ch. 1276 (H.B. 601), § 21, effective September 1, 2019.

(b) Not later than the 30th day before the date an order is scheduled to expire, the institution to which a person is committed, the person responsible for providing outpatient or community-based treatment and supervision, or the attorney representing the state may file a request that the order be renewed. The request must explain in detail the reasons why the person requests renewal under this article. A request to renew an order committing the person to inpatient treatment must also explain in detail why outpatient or community-based treatment and supervision is not appropriate.

(c) The request for renewal must be accompanied by a certificate of medical examination for mental illness signed by a physician who examined the person during the 30-day period preceding the date on which the request is filed.

(d) On the filing of a request for renewal under this article, the court shall:

- (1) set the matter for a hearing; and

transferred back to the facility immediately on renewal of the order.

(g) If no objection is made, the court may admit into evidence the certificate of medical examination for mental illness. Admitted certificates constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificate and the detailed request for renewal.

(h) A court shall renew the order only if the court finds that the party who requested the renewal has established by clear and convincing evidence that continued mandatory supervision and treatment are appropriate. A renewed order authorizes continued inpatient commitment or outpatient or community-based treatment and supervision for not more than one year.

(i) The court, on application for renewal of an order for inpatient or residential care services, may modify the order to provide for outpatient or community-based treatment and supervision if the court finds the acquitted person has established by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

(c) If a request is made by an acquitted person or the attorney representing the state, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material provide a basis for believing modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

Procedure for Expunction.

Art. 55.01. Right to Expunction.

(a) A person who has been placed under a custodial or noncustodial arrest for commission of either a felony or misdemeanor is entitled to have all records and files relating to the arrest expunged if:

(1) the person is tried for the offense for which the person was arrested and is:

(A) acquitted by the trial court, except as provided by Subsection (c); or

(B) convicted and subsequently:

(i) pardoned for a reason other than that described by Subparagraph (ii); or

(ii) pardoned or otherwise granted relief on the basis of actual innocence with respect to that offense, if the applicable pardon or court order clearly indicates on its face that the pardon or order was granted or rendered on the basis of the person's actual innocence; or

(2) the person has been released and the charge, if any, has not resulted in a final conviction and is no longer pending and there was no court-ordered community supervision under Chapter 42A for the offense, unless the offense is a Class C misdemeanor, provided that:

(A) regardless of whether any statute of limitations exists for the offense and whether any limitations period for the offense has expired, an indictment or information charging the person with the commission of a misdemeanor offense based on the person's arrest or charging the person with the commission of any felony offense arising out of the same transaction for which the person was arrested:

(i) has not been presented against the person at any time following the arrest, and:

(a) at least 180 days have elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a Class C misdemeanor and if there was no felony charge arising out of the same transaction for which the person was arrested;

(b) at least one year has elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a Class B or A misdemeanor and if there was no felony charge arising out of the same transaction for which the person was arrested;

(c) at least three years have elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a felony or if there was a felony charge arising out of the same transaction for which the person was arrested; or

(d) the attorney representing the state certifies that the applicable arrest records and files are not needed for use in any criminal investigation or prosecution, including an investigation or prosecution of another person; or

(ii) if presented at any time following the arrest, was dismissed or quashed, and the court finds that the indictment or information was dismissed or quashed because:

(a) the person completed a veterans treatment court program created under Chapter 124, Government Code, or former law, subject to Subsection (a-3);

(b) the person completed a mental health court program created under Chapter 125, Government Code, or former law, subject to Subsection (a-4);

(c) the person completed a pretrial intervention program authorized under Section 76.011, Government Code, other than a veterans treatment court program created under Chapter 124, Government Code, or former law, or a mental health court program created under Chapter 125, Government Code, or former law;

(d) the presentment had been made because of mistake, false information, or other similar reason indicating absence of probable cause at the time of the dismissal to believe the person committed the offense; or

(e) the indictment or information was void; or
(B) prosecution of the person for the offense for which the person was arrested is no longer possible because the limitations period has expired.

(a-1) Notwithstanding any other provision of this article, a person may not expunge records and files relating to an arrest that occurs pursuant to a warrant issued under Article 42A.751(b).

(a-2) Notwithstanding any other provision of this article, a person who intentionally or knowingly absconds from the jurisdiction after being released under Chapter 17 following an arrest is not eligible under Subsection (a)(2)(A)(i)(a), (b), or (c) or Subsection (a)(2)(B) for an expunction of the records and files relating to that arrest.

(a-3) A person is eligible under Subsection (a)(2)(A)(ii)(a) for an expunction of arrest records and files only if:

(1) the person has not previously received an expunction of arrest records and files under that sub-subparagraph; and

(2) the person submits to the court an affidavit attesting to that fact.

(a-4) A person is eligible under Subsection (a)(2)(A)(ii)(b) for an expunction of arrest records and files only if:

(1) the person has not previously received an expunction of arrest records and files under that sub-subparagraph; and

(2) the person submits to the court an affidavit attesting to that fact.

(b) Except as provided by Subsection (c) and subject to Subsection (b-1), a district court, a justice court, or a municipal court of record may expunge all records and files relating to the arrest of a person under the procedure established under Article 55.02 if:

(1) the person is:

(A) tried for the offense for which the person was arrested;

(B) convicted of the offense; and

(C) acquitted by the court of criminal appeals or, if the period for granting a petition for discretionary review has expired, by a court of appeals; or

(2) an office of the attorney representing the state authorized by law to prosecute the offense for which the person was arrested recommends the expunction to the court before the person is tried for the offense, regardless of whether an indictment or information has been presented against the person in relation to the offense.

(b-1) A justice court or a municipal court of record may only expunge records and files under Subsection (b) that relate to the arrest of a person for an offense punishable by fine only.

(c) A court may not order the expunction of records and files relating to an arrest for an offense for which a person is subsequently acquitted, whether by the trial court, a court of appeals, or the court of criminal appeals, if the offense for which the person was acquitted arose out of a criminal episode, as defined by Section 3.01, Penal Code, and the person was convicted of or remains subject to prosecution for at least one other offense occurring during the criminal episode.

(d) A person is entitled to obtain the expunction of any information that identifies the person, including the person's name, address, date of birth, driver's license number, and social security number, contained in records and files relating to the person's arrest or the arrest of another person if:

(1) the expunction of identifying information is sought with respect to the arrest of the person asserting the entitlement and the person was arrested solely as a result of identifying information that was inaccurate due to a clerical error; or

(2) the expunction of identifying information is sought with respect to the arrest of a person other than the person asserting the entitlement and:

(A) the information identifying the person asserting the entitlement was falsely given by the arrested person as the arrested person's identifying information without the consent of the person asserting the entitlement; and

(B) the only reason why the identifying information of the person asserting the entitlement is contained in the applicable arrest records and files is because of the deception of the arrested person.

(d) On receipt of a request under Subsection (c), the court shall, without holding a hearing on the matter, enter a final order directing expunction.

Sec. 3. (a) In an order of expunction issued under this article, the court shall require any state agency that sent information concerning the arrest to a central federal depository to request the depository to return all records and files subject to the order of expunction. The person who is the subject of the expunction order or an agency protesting the expunction may appeal the court's decision in the same manner as in other civil cases.

(b) The order of expunction entered by the court shall have attached and incorporate by reference a copy of the judgment of acquittal and shall include:

(1) the following information on the person who is the subject of the expunction order:

- (A) full name;
- (B) sex;
- (C) race;
- (D) date of birth;
- (E) driver's license number; and
- (F) social security number;

(2) the offense charged against the person who is the subject of the expunction order;

(3) the date the person who is the subject of the expunction order was arrested;

(4) the case number and court of offense; and

(5) the tracking incident number (TRN) assigned to the individual incident of arrest under Article 66.251(b)(1) by the Department of Public Safety.

(c) When the order of expunction is final, the clerk of the court shall send a certified copy of the order to the Crime Records Service of the Department of Public Safety and to each official or agency or other governmental entity of this state or of any political subdivision of this state named in the order. The certified copy of the order must be sent by secure electronic mail, electronic transmission, or facsimile transmission or otherwise by certified mail, return receipt requested. In sending the order to a governmental entity named in the order, the clerk may elect to substitute hand delivery for certified mail under this subsection, but the clerk must receive a receipt for that hand-delivered order.

(c-1) The Department of Public Safety shall notify any central federal depository of criminal records by any means, including secure electronic mail, electronic transmission, or facsimile transmission, of the order with an explanation of the effect of the order and a request that the depository, as appropriate, either:

(1) destroy or return to the court the records in possession of the depository that are subject to the order, including any information with respect to the order; or

(2) comply with Section 5(f) pertaining to information contained in records and files of a person entitled to expunction under Article 55.01(d).

(c-2) The Department of Public Safety shall also provide, by secure electronic mail, electronic transmission, or facsimile transmission, notice of the order to any private entity that is named in the order or that purchases criminal history record information from the department. The notice must include an explanation of the effect of the order and a request that the entity destroy any information in the possession of the entity that is subject to the order. The department may charge to a private entity that purchases criminal history record information from the department a fee in an amount sufficient to recover costs incurred by the department in providing notice under this subsection to the entity.

(d) Any returned receipts received by the clerk from notices of the hearing and copies of the order shall be maintained in the file on the proceedings under this chapter.

Sec. 4. (a) If the state establishes that the person who is the subject of an expunction order is still subject to conviction for an offense arising out of the transaction for which the person was arrested because the statute of limitations has not run and there is reasonable cause to believe that the state may proceed against the person for the offense, the court may provide in its expunction order that the law enforcement agency and the prosecuting attorney responsible for investigating the offense may retain any records and files that are necessary to the investigation.

(a-1) The court shall provide in its expunction order that the applicable law enforcement agency and prosecuting attorney may retain the arrest records and files of any person who becomes entitled to an expunction of

those records and files based on the expiration of a period described by Article 55.01(a)(2)(A)(i)(a), (b), or (c), but without the certification of the prosecuting attorney as described by Article 55.01(a)(2)(A)(i)(d).

(a-2) In the case of a person who is the subject of an expunction order on the basis of an acquittal, the court may provide in the expunction order that the law enforcement agency and the prosecuting attorney retain records and files if:

(1) the records and files are necessary to conduct a subsequent investigation and prosecution of a person other than the person who is the subject of the expunction order; or

(2) the state establishes that the records and files are necessary for use in:

(A) another criminal case, including a prosecution, motion to adjudicate or revoke community supervision, parole revocation hearing, mandatory supervision revocation hearing, punishment hearing, or bond hearing; or

(B) a civil case, including a civil suit or suit for possession of or access to a child.

(b) Unless the person who is the subject of the expunction order is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Subsection (a-1) or (a-2), the provisions of Articles 55.03 and 55.04 apply to files and records retained under this section.

Sec. 5. (a) Except as provided by Subsections (f) and (g), on receipt of the order, each official or agency or other governmental entity named in the order shall:

(1) return all records and files that are subject to the expunction order to the court or in cases other than those described by Section 1a, if removal is impracticable, obliterate all portions of the record or file that identify the person who is the subject of the order and notify the court of its action; and

(2) delete from its public records all index references to the records and files that are subject to the expunction order.

(b) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d), the court may give the person who is the subject of the order all records and files returned to it pursuant to its order.

(c) Except in the case of a person who is the subject of an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), if an order of expunction is issued under this article, the court records concerning expunction proceedings are not open for inspection by anyone except the person who is the subject of the order unless the order permits retention of a record under Section 4 of this article and the person is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Section 4(a) of this article. The clerk of the court issuing the order shall obliterate all public references to the proceeding and maintain the files or other records in an area not open to inspection.

(d) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), the clerk of the court shall destroy all the files or other records maintained under Subsection (c) not earlier than the 60th day after the date the order of expunction is issued or later than the first anniversary of that date unless the records or files were released under Subsection (b).

(d-1) Not later than the 30th day before the date on which the clerk destroys files or other records under Subsection (d), the clerk shall provide notice by mail, electronic mail, or facsimile transmission to the attorney representing the state in the expunction proceeding. If the attorney representing the state in the expunction proceeding objects to the destruction not later than the 20th day after receiving notice under this subsection, the clerk may not destroy the files or other records until the first anniversary of the date the order of expunction is issued or the first business day after that date.

(e) The clerk shall certify to the court the destruction of files or other records under Subsection (d) of this section.

(f) On receipt of an order granting expunction to a person entitled to expunction under Article 55.01(d), each official, agency, or other governmental entity named in the order:

(1) shall:

(A) obliterate all portions of the record or file that identify the petitioner; and

(B) substitute for all obliterated portions of the record or file any available information that identifies the person arrested; and

(2) may not return the record or file or delete index references to the record or file.

(g) Notwithstanding any other provision in this section, an official, agency, court, or other entity may retain receipts, invoices, vouchers, or similar records of financial transactions that arose from the expunction proceeding or prosecution of the underlying criminal cause in accordance with internal financial control procedures. An official, agency, court, or other entity that retains records under this subsection shall obliterate all portions of the record or the file that identify the person who is the subject of the expunction order.

CHAPTER 59

Forfeiture of Contraband

Article 59.06.	Disposition of Forfeited Property. [Effective until January 1, 2021]
59.06.	Disposition of Forfeited Property. [Effective January 1, 2021]

Art. 59.06. Disposition of Forfeited Property. [Effective until January 1, 2021]

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be distributed as follows:

(1) to any interest holder to the extent of the interest holder's nonforfeitable interest;

(2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and

(3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f) and, after that deduction, the deduction of storage and disposal costs, to be deposited not later than the 30th day after the date of the sale in the state treasury to the credit of the general revenue fund.

(b) If a local agreement exists between the attorney representing the state and law enforcement agencies, the attorney representing the state may transfer the property to law enforcement agencies to maintain, repair, use, and operate the property for official purposes if the property is free of any interest of an interest holder. The agency receiving the forfeited property may purchase the interest of an interest holder so that the property can be released for use by the agency. The agency receiving the forfeited property may maintain, repair, use, and operate the property with money appropriated for current operations. If the property is a motor vehicle subject to registration under the motor vehicle registration laws of this state, the agency receiving the forfeited vehicle is considered to be

the purchaser and the certificate of title shall issue to the agency. A law enforcement agency to which property is transferred under this subsection at any time may transfer or loan the property to any other municipal or county agency, a groundwater conservation district governed by Chapter 36, Water Code, or a school district for the use of that agency or district. A municipal or county agency, a groundwater conservation district, or a school district to which a law enforcement agency loans a motor vehicle under this subsection shall maintain any automobile insurance coverage for the vehicle that is required by law.

(b-1) If a loan is made by a sheriff's office or by a municipal police department, the commissioners court of the county in which the sheriff has jurisdiction or the governing body of the municipality in which the department has jurisdiction, as applicable, may revoke the loan at any time by notifying the receiving agency or district, by mail, that the receiving agency or district must return the loaned vehicle to the loaning agency before the seventh day after the date the receiving agency or district receives the notice.

(b-2) An agency that loans property under this article shall:

- (1) keep a record of the loan, including the name of the agency or district to which the vehicle was loaned, the fair market value of the vehicle, and where the receiving agency or district will use the vehicle; and
- (2) update the record when the information relating to the vehicle changes.

(c) If a local agreement exists between the attorney representing the state and law enforcement agencies, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, shall be deposited, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

- (1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;
- (2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;
- (3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or
- (4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2.125 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.

(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or

(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, in the following proportions:

(A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;

(B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney's office; and

(C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the agency or the attorney after a budget for the expenditure of the proceeds has been submitted to the commissioners court or governing body of the municipality. The budget must be detailed and clearly list and define the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;

(2) make a donation to any entity, except as provided by Subsection (d-2);

(3) pay expenses related to the training or education of any member of the judiciary;

(4) pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioners court or governing body of the municipality, as applicable;

(5) purchase alcoholic beverages;

(6) make any expenditure not approved by the commissioners court or governing body of the municipality, as applicable, if the head of a law enforcement agency or attorney representing the state holds an elective office and:

(A) the deadline for filing an application for a place on the ballot as a candidate for reelection to that office in the general primary election has passed and the person did not file an application for a place on that ballot; or

(B) during the person's current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or

(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.

(d-2) The head of a law enforcement agency or an attorney representing the state may use as an official purpose of the agency or attorney proceeds or property received under this chapter to make a donation to an entity that assists in:

(1) the detection, investigation, or prosecution of:

(A) criminal offenses; or

(B) instances of abuse, as defined by Section 261.001, Family Code;

(2) the provision of:

(A) mental health, drug, or rehabilitation services; or

(B) services for victims or witnesses of criminal offenses or instances of abuse described by Subdivision (1); or

(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).

(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment;

(2) supplies, including office supplies, mobile phone and data account fees for employees, and Internet services;

(3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) witness-related costs, including travel and security; and

(9) audit costs and fees, including audit preparation and professional fees.

(d-4) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for an official purpose of an attorney's office if the expenditure is made for an activity of an attorney or office of an attorney representing the state that relates to the preservation, enforcement, or administration of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;

(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;

(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) legal fees, including court costs, witness fees, and related costs, including travel and security, audit costs, and professional fees; and

(9) state bar and legal association dues.

(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.

(f) A final judgment of forfeiture under this chapter perfects the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.

(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the

state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general. The law enforcement agency or attorney representing the state is liable to the comptroller for the costs of the comptroller in performing the audit.

(h) As a specific exception to the requirement of Subdivisions (1)—(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subsection for:

(1) nonprofit programs for the prevention of drug abuse;

(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;

(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or

(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs

or facilities listed under Subsections (h)(1)—(3) if an officer of or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, "victim" has the meaning assigned by Article 56B.003.

(l) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).

(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency's fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance, including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, "institution of higher education" has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state's ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vi). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multicounty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of the contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.

(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency's fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, "institution of higher education" and "private or independent institution of higher education" have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general's publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

Art. 59.06. Disposition of Forfeited Property. [Effective January 1, 2021]

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be distributed as follows:

- (1) to any interest holder to the extent of the interest holder's nonforfeitable interest;
- (2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and
- (3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f) and, after that deduction, the deduction of storage and disposal costs, to be deposited not later than the 30th day after the date of the sale in the state treasury to the credit of the general revenue fund.

(b) If a local agreement exists between the attorney representing the state and law enforcement agencies, the attorney representing the state may transfer the property to law enforcement agencies to maintain, repair, use, and operate the property for official purposes if the property is free of any interest of an interest holder. The agency receiving the forfeited property may purchase the interest of an interest holder so that the property can be released for use by the agency. The agency receiving the forfeited property may maintain, repair, use, and operate the property with money appropriated for current operations. If the property is a motor vehicle subject to registration under the motor vehicle registration laws of this state, the agency receiving the forfeited vehicle is considered to be the purchaser and the certificate of title shall issue to the

agency. A law enforcement agency to which property is transferred under this subsection at any time may transfer or loan the property to any other municipal or county agency, a groundwater conservation district governed by Chapter 36, Water Code, or a school district for the use of that agency or district. A municipal or county agency, a groundwater conservation district, or a school district to which a law enforcement agency loans a motor vehicle under this subsection shall maintain any automobile insurance coverage for the vehicle that is required by law.

(b-1) If a loan is made by a sheriff's office or by a municipal police department, the commissioners court of the county in which the sheriff has jurisdiction or the governing body of the municipality in which the department has jurisdiction, as applicable, may revoke the loan at any time by notifying the receiving agency or district, by mail, that the receiving agency or district must return the loaned vehicle to the loaning agency before the seventh day after the date the receiving agency or district receives the notice.

(b-2) An agency that loans property under this article shall:

- (1) keep a record of the loan, including the name of the agency or district to which the vehicle was loaned, the fair market value of the vehicle, and where the receiving agency or district will use the vehicle; and
- (2) update the record when the information relating to the vehicle changes.

(c) If a local agreement exists between the attorney representing the state and law enforcement agencies, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, shall be deposited, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

- (1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;
- (2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;
- (3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or
- (4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2.125 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.

(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or

(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, in the following proportions:

(A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;

(B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney's office; and

(C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the agency or the attorney after a budget for the expenditure of the proceeds has been submitted to the commissioners court or governing body of the municipality. The budget must be detailed and clearly list and define the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;

(2) make a donation to any entity, except as provided by Subsection (d-2);

(3) pay expenses related to the training or education of any member of the judiciary;

(4) pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioners court or governing body of the municipality, as applicable;

(5) purchase alcoholic beverages;

(6) make any expenditure not approved by the commissioners court or governing body of the municipality, as applicable, if the head of a law enforcement agency or attorney representing the state holds an elective office and:

(A) the deadline for filing an application for a place on the ballot as a candidate for reelection to that office in the general primary election has passed and the person did not file an application for a place on that ballot; or

(B) during the person's current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or

(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.

(d-2) The head of a law enforcement agency or an attorney representing the state may use as an official purpose of the agency or attorney proceeds or property received under this chapter to make a donation to an entity that assists in:

(1) the detection, investigation, or prosecution of:

(A) criminal offenses; or

(B) instances of abuse, as defined by Section 261.001, Family Code;

(2) the provision of:

(A) mental health, drug, or rehabilitation services; or

(B) services for victims or witnesses of criminal offenses or instances of abuse described by Subdivision (1); or

(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).

(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment;

(2) supplies, including office supplies, mobile phone and data account fees for employees, and Internet services;

(3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) witness-related costs, including travel and security; and

(9) audit costs and fees, including audit preparation and professional fees.

(d-4) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for an official purpose of an attorney's office if the expenditure is made for an activity of an attorney or office of an attorney representing the state that relates to the preservation, enforcement, or administration of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;

(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;

(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) legal fees, including court costs, witness fees, and related costs, including travel and security, audit costs, and professional fees; and

(9) state bar and legal association dues.

(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.

(f) A final judgment of forfeiture under this chapter perfects the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.

(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the

state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general. The law enforcement agency or attorney representing the state is liable to the comptroller for the costs of the comptroller in performing the audit.

(h) As a specific exception to the requirement of Subdivisions (1)–(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subsection for:

(1) nonprofit programs for the prevention of drug abuse;

(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;

(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or

(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs

or facilities listed under Subsections (h)(1)—(3) if an officer of or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, “victim” has the meaning assigned by Article 56B.003.

(l) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).

(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency’s fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance, including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, “institution of higher education” has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state’s ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vi). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multicounty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of the contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.

(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency's fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, "institution of higher education" and "private or independent institution of higher education" have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general's publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

This is an important legal document. It creates a declaration for mental health treatment. Before signing this document, you should know these important facts:

This document allows you to make decisions in advance about mental health treatment and specifically three types of mental health treatment: psychoactive medication, convulsive therapy, and emergency mental health treatment. The instructions that you include in this declaration will be followed only if a court believes that you are incapacitated to make treatment decisions. Otherwise, you will be considered able to give or withhold consent for the treatments.

This document will continue in effect for a period of three years unless you become incapacitated to participate in mental health treatment decisions. If this occurs, the directive will continue in effect until you are no longer incapacitated.

You have the right to revoke this document in whole or in part at any time you have not been determined to be incapacitated. **YOU MAY NOT REVOKE THIS DECLARATION WHEN YOU ARE CONSIDERED BY A COURT TO BE INCAPACITATED.** A revocation is effective when it is communicated to your attending physician or other health care provider.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you. This declaration is not valid unless it is either acknowledged before a notary public or signed by two qualified witnesses who are personally known to you and who are present when you sign or acknowledge your signature.

(C) an apprenticeship training program; or

(D) an internship required as part of accreditation toward an industry-recognized credential or certificate for course credit.

(g-2) Each school district shall annually report to the agency the names of the courses, programs, institutions of higher education, and internships in which the district's students have enrolled under Subsection (g-1) and the names of the courses and institutions of higher education in which the district's students have enrolled under Subsection (g-3). The agency shall make available information provided under this subsection to other districts.

(g-3) A district may also offer a course in cybersecurity that is approved by the board of trustees for credit without obtaining State Board of Education approval if the district partners with a public or private institution of higher education that offers an undergraduate degree program in cybersecurity to develop and provide the course.

(h) The State Board of Education and each school district shall foster the continuation of the tradition of teaching United States and Texas history and the free enterprise system in regular subject matter and in reading courses and in the adoption of instructional materials. A primary purpose of the public school curriculum is to prepare thoughtful, active citizens who understand the importance of patriotism and can function productively in a free enterprise society with appreciation for the basic democratic values of our state and national heritage.

(i) The State Board of Education shall adopt rules for the implementation of this subchapter. Except as provided by Subsection (j), the board may not adopt rules that designate the methodology used by a teacher or the time spent by a teacher or a student on a particular task or subject.

(j) The State Board of Education by rule may require laboratory instruction in secondary science courses and may require a specific amount or percentage of time in a secondary science course that must be laboratory instruction.

(k) The State Board of Education, in consultation with the Department of State Health Services and the Texas Diabetes Council, shall develop a diabetes education program that a school district may use in the health curriculum under Subsection (a)(2)(B).

(l) A school district shall require a student enrolled in full-day prekindergarten, in kindergarten, or in a grade level below grade six to participate in moderate or vigorous daily physical activity for at least 30 minutes throughout the school year as part of the district's physical education curriculum or through structured activity during a school campus's daily recess. To the extent practicable, a school district shall require a student enrolled in prekindergarten on less than a full-day basis to participate in the same type and amount of physical activity as a student enrolled in full-day prekindergarten. A school district shall require students enrolled in grade levels six, seven, and eight to participate in moderate or vigorous daily physical activity for at least 30 minutes for at least four semesters during those grade levels as part of the district's physical education curriculum. If a school dis-

Additionally, a school district may as an alternative require a student enrolled in a grade level for which the district uses block scheduling to participate in moderate or vigorous physical activity for at least 225 minutes during each period of two school weeks. A school district must provide for an exemption for:

(1) any student who is unable to participate in the required physical activity because of illness or disability; and

(2) a middle school or junior high school student who participates in an extracurricular activity with a moderate or vigorous physical activity component that is considered a structured activity under rules adopted by the commissioner.

(l-1) In adopting rules relating to an activity described by Subsection (l)(2), the commissioner may permit an exemption for a student who participates in a school-related activity or an activity sponsored by a private league or club only if the student provides proof of participation in the activity.

(l-2) To encourage school districts to promote physical activity for children through classroom curricula for health and physical education, the agency, in consultation with the Department of State Health Services, shall designate nationally recognized health and physical education program guidelines that a school district may use in the health curriculum under Subsection (a)(2)(B) or the physical education curriculum under Subsection (a)(2)(C).

(l-3) (1) This subsection may be cited as "Lauren's Law."

(2) The State Board of Education, the Department of State Health Services, or a school district may not adopt any rule, policy, or program under Subsections (a), (k), (l), (l-1), or (l-2) that would prohibit a parent or grandparent of a student from providing any food product of the parent's or grandparent's choice to:

(A) children in the classroom of the child of the parent or grandparent on the occasion of the child's birthday; or

(B) children at a school-designated function.

(m) Section 2001.039, Government Code, as added by Chapter 1499, Acts of the 76th Legislature, Regular Session, 1999, does not apply to a rule adopted by the State Board of Education under Subsection (c) or (d).

(n) The State Board of Education may by rule develop and implement a plan designed to incorporate foundation curriculum requirements into the career and technology education curriculum under Subsection (a)(2)(E).

(o) In approving career and technology courses, the State Board of Education must determine that at least 50 percent of the approved courses are cost-effective for a school district to implement.

(p) The State Board of Education, in conjunction with the office of the attorney general, shall develop a parenting and paternity awareness program that a school district shall use in the district's high school health curricu-

(1) child development;

(2) parenting skills, including child abuse and neglect prevention; and

(3) assertiveness skills to prevent teenage pregnancy, abusive relationships, and family violence.

(p-3) The agency shall evaluate programs and curriculum materials developed under Subsection (p-2) and distribute to other school districts information regarding those programs and materials.

(q) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(b)(1), effective September 1, 2014.]

(r) In adopting the essential knowledge and skills for the health curriculum under Subsection (a)(2)(B), the State Board of Education shall adopt essential knowledge and skills that address the science, risk factors, causes, dangers, consequences, signs, symptoms, and treatment of substance abuse, including the use of illegal drugs, abuse of prescription drugs, abuse of alcohol such as by binge drinking or other excessive drinking resulting in alcohol poisoning, inhaling solvents, and other forms of substance abuse. In this subsection, "evidence-based substance abuse awareness program" means a program, practice, or strategy that has been proven to effectively prevent substance abuse among students, as determined by evaluations that are evidence-based.

(s) In this subsection, "bullying" has the meaning assigned by Section 37.0832 and "harassment" has the meaning assigned by Section 37.001. In addition to any other essential knowledge and skills the State Board of Education adopts for the health curriculum under Subsection (a)(2)(B), the board shall adopt for the health curriculum, in consultation with the Texas School Safety Center, essential knowledge and skills that include evidence-

based practices that will effectively address awareness, prevention, identification, self-defense in response to, and resolution of and intervention in bullying and harassment.

(t) The State Board of Education, in consultation with the commissioner of higher education and business and industry leaders, shall develop an advanced language course that a school district may use in the curriculum under Subsection (a)(2)(A) to provide students with instruction in industry-related terminology that prepares students to communicate in a language other than English in a specific professional, business, or industry environment.

(w) [Repealed.]

(z) The State Board of Education by rule shall require each school district to incorporate instruction in digital citizenship into the district's curriculum, including information regarding the potential criminal consequences of cyberbullying. In this subsection:

(2) the student's parent or person standing in parental relation to the student files with a school counselor written permission, on a form adopted by the agency, allowing the student to graduate under the foundation high school program without earning an endorsement.

(b-1) The State Board of Education by rule shall require that the curriculum requirements for the foundation high school program under Subsection (a) include a requirement that students successfully complete:

(1) four credits in English language arts under Section 28.002(a)(1)(A), including one credit in English I, one credit in English II, one credit in English III, and one credit in an advanced English course authorized under Subsection (b-2);

(7) one credit in fine arts under Section 28.002(a)(2)(D); and

(8) except as provided by Subsection (b-11), one credit in physical education under Section 28.002(a)(2)(C).

(b-2) In adopting rules under Subsection (b-1), the State Board of Education shall:

(1) provide for a student to comply with the curriculum requirements for an advanced English course under Subsection (b-1)(1), for an advanced mathematics course under Subsection (b-1)(2), and for any advanced science course under Subsection (b-1)(3) by successfully completing a course in the appropriate content area that has been approved as an advanced course by board rule or that is offered as an advanced course for credit without board approval as provided by Section 28.002(g-1); and

(2) allow a student to comply with the curriculum requirements for the third and fourth mathematics credits under Subsection (b-1)(2) or the third and fourth science credits under Subsection (b-1)(3) by successfully completing an advanced career and technical course designated by the State Board of Education as containing substantively similar and rigorous academic content.

(b-4) A school district may offer the curriculum described in Subsections (b-1)(1) through (4) in an applied manner. Courses delivered in an applied manner must cover the essential knowledge and skills, and the student shall be administered the applicable end-of-course assessment instrument as provided by Sections 39.023(c) and 39.025.

(b-5) A school district may offer a mathematics or science course to be taken by a student after completion of Algebra II and physics. A course approved under this subsection must be endorsed by an institution of higher

education as a course for which the institution would award course credit or as a prerequisite for a course for which the institution would award course credit.

(b-6) A school district may allow a student to enroll concurrently in Algebra I and geometry.

(b-7) The State Board of Education, in coordination with the Texas Higher Education Coordinating Board, shall adopt rules to ensure that a student may comply with the curriculum requirements under the foundation high school program or for an endorsement under Subsection (c-1) by successfully completing appropriate courses in the core curriculum of an institution of higher education under Section 61.822. Notwithstanding Subsection (b-15) or (c) of this section, Section 39.025, or any other provision of this code and notwithstanding any school district policy, a student who has completed the core curriculum of an institution of higher education under Section 61.822, as certified by the institution in accordance with commissioner rule, is considered to have earned a distinguished level of achievement under the foundation high school program and is entitled to receive a high school diploma from the appropriate high school as that high school is determined in accordance with commissioner rule. A student who is considered to have earned a distinguished level of achievement under the foundation high school program under this subsection may apply for admission to an institution of higher education for the first semester or other academic term after the semester or other academic term in which the student completes the core curriculum.

(b-8) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(b)(3), effective September 1, 2014.]

(b-9) A school district, with the approval of the commissioner, may allow a student to satisfy the fine arts credit required under Subsection (b-1)(7) by participating in a community-based fine arts program not provided by the school district in which the student is enrolled. The fine arts program must provide instruction in the essential knowledge and skills identified for fine arts by the State Board of Education under Section 28.002(c). The fine arts program may be provided on or off a school campus and outside the regular school day.

(b-10) A school district, with the approval of the commissioner, may allow a student to comply with the curriculum requirements for the physical education credit required under Subsection (b-1)(8) by participating in a private or commercially sponsored physical activity program provided on or off a school campus and outside the regular school day.

(b-11) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student who is unable to participate in physical activity due to disability or illness to substitute one credit in English language arts, mathematics, science, or social studies, one credit in a course that is offered for credit as provided by Section 28.002(g-1), or one academic elective credit for the physical education credit required under Subsection (b-1)(8). A credit allowed to be substituted under this subsection may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The rules must provide that the determination regarding a student's ability to participate in physical activity will be made by:

(1) if the student receives special education services under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee;

(2) if the student does not receive special education services under Subchapter A, Chapter 29, but is covered by Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), the committee established for the student under that Act; or

(3) if each of the committees described by Subdivisions (1) and (2) is inapplicable, a committee established by the school district of persons with appropriate knowledge regarding the student.

(b-12) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with the curriculum requirements for the two credits in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages, including computer coding.

(b-13) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to substitute credit in another appropriate course for the second credit in the same language in a language other than English otherwise required by Subsection (b-1)(5) if the student, in completing the first credit required under Subsection (b-1)(5), demonstrates that the student is unlikely to be able to complete the second credit. The board rules must establish:

(1) the standards and, as applicable, the appropriate school personnel for making a determination under this subsection; and

(2) appropriate substitute courses for purposes of this subsection.

(b-14) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student who, due to disability, is unable to complete two courses in the same language in a language other than English, as provided under Subsection (b-1)(5), to substitute for those credits two credits in English language arts, mathematics, science, or social studies or two credits in career and technology education, technology applications, or other academic electives. A credit allowed to be substituted under this subsection may not also be used by the student to satisfy a graduation credit requirement other than credit for completion of a language other than English. The rules must provide that the determination regarding a student's ability to participate in language-other-than-English courses will be made by:

(1) if the student receives special education services under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee; or

(2) if the student does not receive special education services under Subchapter A, Chapter 29, but is covered by Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), the committee established for the student under that Act.

(b-15) A student may earn a distinguished level of achievement under the foundation high school program by successfully completing:

(1) four credits in mathematics, which must include Algebra II and the courses described by Subsection (b-1)(2);

(2) four credits in science, which must include the courses described by Subsection (b-1)(3);

(3) the remaining curriculum requirements under Subsection (b-1); and

(4) the curriculum requirements for at least one endorsement under Subsection (c-1).

(b-16) A student may satisfy an elective credit required under Subsection (b-1)(6) with a credit earned to satisfy the additional curriculum requirements for the distinguished level of achievement under the foundation high school program or an endorsement under Subsection (c-1). This subsection may apply to more than one elective credit.

(b-17) The State Board of Education shall adopt rules to ensure that a student may comply with the curriculum requirements under Subsection (b-1)(6) by successfully completing an advanced career and technical course, including a course that may lead to an industry-recognized credential or certificate or an associate degree.

(b-18) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to comply with the curriculum requirements under Subsection (b-1) by successfully completing a dual credit course.

(b-19) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with curriculum requirements for the world geography or world history credit under Subsection (b-1)(4) by successfully completing a combined world history and world geography course developed by the State Board of Education.

(b-20) The State Board of Education shall adopt rules to include the instruction developed under Section 28.012 in one or more courses in the required curriculum for students in grade levels 9 through 12.

(b-21) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with the curriculum requirement for one credit under Subsection (b-1)(5) by successfully completing at an elementary school either a dual language immersion program under Section 28.0051 or a course in American Sign Language.

(c) A person may receive a diploma if the person is eligible for a diploma under Section 28.0251. In other cases, a student may graduate and receive a diploma only if:

(1) the student successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) and complies with Sections 28.0256 and 39.025; or

(2) the student successfully completes an individualized education program developed under Section 29.005.

(c-1) A student may earn an endorsement on the student's transcript by successfully completing curriculum requirements for that endorsement adopted by the State Board of Education by rule. The State Board of Education by rule shall provide students with multiple options for earning each endorsement, including, to the greatest extent possible, coherent sequences of courses. The State Board of Education by rule must permit a student to enroll in courses under more than one endorsement curriculum before the student's junior year. An endorsement under this subsection may be earned in any of the following categories:

(1) science, technology, engineering, and mathematics (STEM), which includes courses directly related to science, including environmental science, technology, including computer science, cybersecurity, and computer coding, engineering, and advanced mathematics;

(2) business and industry, which includes courses directly related to database management, information technology, communications, accounting, finance, marketing, graphic design, architecture, construction, welding, logistics, automotive technology, agricultural science, and heating, ventilation, and air conditioning;

(3) public services, which includes courses directly related to health sciences and occupations, mental health, education and training, law enforcement, and culinary arts and hospitality;

(4) arts and humanities, which includes courses directly related to political science, world languages, cultural studies, English literature, history, and fine arts; and

(5) multidisciplinary studies, which allows a student to:

(A) select courses from the curriculum of each endorsement area described by Subdivisions (1) through (4); and

(B) earn credits in a variety of advanced courses from multiple content areas sufficient to complete the distinguished level of achievement under the foundation high school program.

(c-2) In adopting rules under Subsection (c-1), the State Board of Education shall:

(1) require a student in order to earn any endorsement to successfully complete:

(A) four credits in mathematics, which must include:

(i) the courses described by Subsection (b-1)(2); and

(ii) an additional advanced mathematics course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education;

(B) four credits in science, which must include:

(i) the courses described by Subsection (b-1)(3); and

(ii) an additional advanced science course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education; and

(C) two elective credits in addition to the elective credits required under Subsection (b-1)(6); and

(2) develop additional curriculum requirements for each endorsement with the direct participation of educators and business, labor, and industry representatives, and shall require each school district to report to the agency the categories of endorsements under Subsection (c-1) for which the district offers all courses for curriculum requirements, as determined by board rule.

(c-3) In adopting rules under Subsection (c-1), the State Board of Education shall adopt criteria to allow a student participating in the arts and humanities endorsement under Subsection (c-1)(4), with the written permission of the student's parent or a person standing in parental relation to the student, to comply with the curriculum

requirements for science required under Subsection (c-2)(1)(B)(ii) by substituting for an advanced course requirement a course related to that endorsement.

(c-4) Each school district must make available to high school students courses that allow a student to complete the curriculum requirements for at least one endorsement under Subsection (c-1). A school district that offers only one endorsement curriculum must offer the multidisciplinary studies endorsement curriculum.

(c-5) A student may earn a performance acknowledgment on the student's transcript by satisfying the requirements for that acknowledgment adopted by the State Board of Education by rule. An acknowledgment under this subsection may be earned:

- (1) for outstanding performance:

 - (B) in bilingualism and biliteracy;
 - (C) on a college advanced placement test or international baccalaureate examination;
 - (D) on an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument used to measure a student's progress toward readiness for college and the workplace; or
 - (E) on an established, valid, reliable, and nationally norm-referenced assessment instrument used by colleges and universities as part of their undergraduate admissions process; or
- (2) for earning a state recognized or nationally or internationally recognized business or industry certification or license.

(c-6) **[Expires September 1, 2023]** Notwithstanding Subsection (c), a person may receive a diploma if the person is eligible for a diploma under Section 28.0258. This subsection expires September 1, 2023.

(c-7) Subject to Subsection (c-8), a student who is enrolled in a special education program under Subchapter A, Chapter 29, may earn an endorsement on the student's transcript by:

- (1) successfully completing, with or without modification of the curriculum:

- (2) successfully completing all curriculum requirements for that endorsement adopted by the State Board of Education:
 - (A) without modification of the curriculum; or
 - (B) with modification of the curriculum, provided that the curriculum, as modified, is sufficiently rigorous as determined by the student's admission, review, and dismissal committee.

(c-8) For purposes of Subsection (c-7), the admission, review, and dismissal committee of a student in a special education program under Subchapter A, Chapter 29, shall determine whether the student is required to achieve satisfactory performance on an end-of-course assessment instrument to earn an endorsement on the student's transcript.

(c-10) In adopting rules under Subsection (c-1), the State Board of Education shall adopt or select five tech-

nology applications courses on cybersecurity to be included in a cybersecurity pathway for the science, technology, engineering, and mathematics endorsement.

(d) A school district may issue a certificate of coursework completion to a student who successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) but who fails to comply with Section 39.025. A school district may allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas.

(e) Each school district shall report the academic achievement record of students who have completed the foundation high school program on transcript forms adopted by the State Board of Education. The transcript forms adopted by the board must be designed to clearly identify whether a student received a diploma or a certificate of coursework completion.

(e-1) A school district shall clearly indicate a distinguished level of achievement under the foundation high school program as described by Subsection (b-15), an endorsement described by Subsection (c-1), and a performance acknowledgment described by Subsection (c-5) on the transcript of a student who satisfies the applicable requirements. The State Board of Education shall adopt rules as necessary to administer this subsection.

(e-2) At the end of each school year, each school district shall report through the Public Education Information Management System (PEIMS) the number of district students who, during that school year, were:

- (1) enrolled in the foundation high school program;
- (2) pursuing the distinguished level of achievement under the foundation high school program as provided by Subsection (b-15); and
- (3) enrolled in a program to earn an endorsement described by Subsection (c-1).

(e-3) Information reported under Subsection (e-2) must be disaggregated by all student groups served by the district, including categories of race, ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Subchapter A, Chapter 29.

(f) A school district shall issue a certificate of attendance to a student who receives special education services under Subchapter A, Chapter 29, and who has completed four years of high school but has not completed the student's individualized education program. A school district shall allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas. A student may participate in only one graduation ceremony under this subsection. This subsection does not preclude a student from receiving a diploma under Subsection (c)(2).

Subchapter A

Special Education Program

Sec. 29.001. Statewide Plan.

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

- (1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to students with disabilities;
- (2) facilitate interagency coordination when other state agencies are involved in the delivery of instructional or related services to students with disabilities;
- (3) periodically assess statewide personnel needs in all areas of specialization related to special education and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;
- (4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of students with disabilities who cannot be appropriately served in their resident districts;
- (5) allow the agency to effectively monitor and periodically conduct site visits of all school districts to ensure that rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts and not otherwise available through the Public Education Information Management System under Sections 48.008 and 48.009 are accurate and complete;
- (6) ensure that appropriately trained personnel are involved in the diagnostic and evaluative procedures operating in all districts and that those personnel routinely serve on district admissions, review, and dismissal committees;

(7) ensure that an individualized education program for each student with a disability is properly developed, implemented, and maintained in the least restrictive environment that is appropriate to meet the student's educational needs;

(8) ensure that, when appropriate, each student with a disability is provided an opportunity to participate in career and technology and physical education classes, in addition to participating in regular or special classes;

(9) ensure that each student with a disability is provided necessary related services;

(10) ensure that an individual assigned to act as a surrogate parent for a child with a disability, as provided by 20 U.S.C. Section 1415(b), is required to:

- (A) complete a training program that complies with minimum standards established by agency rule;
- (B) visit the child and the child's school;
- (C) consult with persons involved in the child's education, including teachers, caseworkers, court-appointed volunteers, guardians ad litem, attorneys ad litem, foster parents, and caretakers;
- (D) review the child's educational records;
- (E) attend meetings of the child's admission, review, and dismissal committee;
- (F) exercise independent judgment in pursuing the child's interests; and
- (G) exercise the child's due process rights under applicable state and federal law; and

(11) ensure that each district develops a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

- (A) to request a review of the student's individualized education program;
- (B) to provide input in the development of the student's individualized education program;
- (C) that provides for a timely district response to the teacher's request; and
- (D) that provides for notification to the student's parent or legal guardian of that response.

(a) A written report of a full individual and initial evaluation of a student for purposes of special education services shall be completed as follows, except as otherwise provided by this section:

(1) not later than the 45th school day following the date on which the school district, in accordance with 20 U.S.C.
